# QIDA

## SC Quality Improvement Data Aggregator system

- Standardized data
- Freedom to select what to work on
- Develop run charts, examine data and develop quality projects
- “Real time” data pulled by you (10 charts/topic)

Rate of patients who have had at least one HPV shot

### REMEMBER....

QIDA and HEDIS data are different

QIDA can show you where you have the **most** room for the **most** improvement, where you could benefit to take a deeper dive and initiate a QI project

# QIDA Highlights
