For a complete listing of all requirements go to <https://msp.scdhhs.gov/qtip/site-page/quality-improvement>

**NOTES:** Credits will be issued/overseen by the SC AAP. To receive credit:

- You must be a member of the SC Chapter of the AAP or a QTIP practice
- The chief clinician at the practice is responsible for certifying in writing each pediatrician requesting credit has met the criteria set forth under the specific area.
- At a minimum, to earn credit, data must be shared/reviewed at least 3 times.
- The AAP wants QI efforts coordinated; therefore, it will be helpful to have a QI project for the practice and each pediatrician participate on the QI project.
