Re: South Carolina State Plan Amendment 11-004

Dear Mr. Keck:

We have reviewed the proposed South Carolina State plan amendment (SPA) 11-004, which was submitted to the Atlanta Regional Office on March 31, 2011. The effective date of this SPA is January 9, 2011.

This SPA outlines the agreed-upon Tribal Consultation process between the South Carolina Department of Health and Human Services and the Catawba Indian Nation. Specifically, the State and the Tribe will consult during monthly Tribal Advisory Group meetings held on a monthly basis, and Medical Care Advisory Committee meetings held on a quarterly basis. This Tribal Consultation SPA process complies with Section 5006 of the American Recovery and Reinvestment Act of 2009 (ARRA). ARRA provides protections for Indians in Medicaid and the Children's Health Insurance Program.

South Carolina State plan amendment 11-004 was approved on May 23, 2011. The signed CMS-179 and the approved plan pages are enclosed.

Tribal Consultation Requirements:

Section 1902(a)(73) of the Social Security Act (the Act) requires a State in which one or more Indian Health Programs or Urban Indian Organizations furnish health care services to establish a process for the State Medicaid agency to seek advice on a regular, ongoing basis from designees of Indian health programs, whether operated by the Indian Health Service (IHS), Tribes or Tribal organizations under the Indian Self-Determination and Education Assistance Act (ISDEAA), or Urban Indian Organizations under the Indian Health Care Improvement Act (IHCIA). Section 2107(e)(1) of the Act was also amended to apply these requirements to the Children's Health Insurance Program (CHIP). Consultation is required concerning Medicaid and CHIP matters having a direct impact on Indian health programs and Urban Indian organizations.

X The State seeks the advice on an ongoing basis from federally recognized tribes, Indian health programs and Urban Indian organizations on matters related to Medicaid and CHIP programs. There are tribal designees who attend quarterly Medical Care Advisory Committee meetings to gain firsthand knowledge of any policy changes, State Plan Amendments, waiver proposals, waiver extensions, waiver amendments or renewals prior to submission to CMS. All committee members receive written Advisements prior to each meeting. There is opportunity for discussion at each meeting. Minutes are recorded and distributed. Written documents of advisement and draft bulletins or notices are reviewed face-to-face. Minutes are recorded and

distributed to all attendees for comment and review. The State seeks to continue consulting on an ongoing basis through monthly meetings with the federally-recognized tribes, Indian Health Programs and Urban Indian organizations via video conference and calls. These calls are scheduled for 12 month periods. Minutes of the monthly calls are recorded and distributed to all attendees for comment and review. Tribal attendees include representatives from the Catawba Service Unit, including HIS staff and the Chief of the Catawba Indian Nation. The State will conduct an on-site visit with the tribal designees whenever new policy or amendments are introduced that would greatly affect a tribal member's eligibility or when tribal representatives express concerns on the conference call.

This coordination was officially established on December 9, 2010 at a joint meeting at the Catawba Service Unit. The first monthly conference call was held January 19, 2011.
