

Replacement MMIS Notification #3

May 31, 2011

1 Purpose

The purpose of this notification is to provide a schedule update for the South Carolina Department of Health and Human Services (SCDHHS) Replacement Medicaid Management Information System (MMIS) project.

This document serves only to provide preliminary information to vendors and is not an authoritative source for procurement, budget, or planning information. The document and information contained herein is provided as is and without any warranty. Potential solicitations described in this document may not be published, competitive procurement strategies may be changed, and the State shall not compensate any party for any action taken as a result of the publication of this document or information contained in it.

This document is not an RFP. The State is not seeking proposals at this time.

2 Schedule Update

The State's internal review of the draft RFP has taken longer than expected, but this extra effort is producing a higher quality document. The general guidance provided in Notification #2, published in February 2011, remains the same.

At this time, the State cannot commit to a publication date for the RFI containing the draft RFP; however, it is making efforts to publish this document in June 2011 with a face-to-face vendor review session likely to be in July.

The State thanks the vendors that provided indication of interest to attend the face-to-face review of the draft RFP. Additional information on the date, time, and location of the review will be published in the RFI containing the draft RFP. The State is making all reasonable efforts to ensure that the review location will be large enough to accommodate all of the attendee requests received in February. Any additional space will be available to other organizations wishing to attend based on the order of receiving requests.

3 Vendor Questions

As the State plans to publish a draft RFP in the near future on which vendors will be encouraged to submit questions and recommendations, the State is not accepting questions at this time.

Thank you for your interest in the State of South Carolina
