MEDICAID BULLETIN

TO: Providers Indicated
SUBJECTS: Transparency Website

Transparency Website

Under the direction of Gov. Mark Sanford, SC DHHS is adding a new tool to its website that will allow the public to view total Medicaid payments made to individual Medicaid providers and the number of beneficiaries they served. Searchable providers include physicians, dentists, nursing homes, hospitals, managed care organizations and others. The goal of this project is to offer greater transparency regarding how public Medicaid funds are spent. The information contained on the site will not include identifying beneficiary information, but will list enrolled Medicaid providers by name. In addition, SC DHHS web site features a tool that allows the public to search detailed agency spending reports on non-claim related activity.

Questions regarding this bulletin should be directed to the Office of Public Information at (803) 898-2584.
