What are Rehabilitative Behavioral Health Services (RBHS) Community Support Services? Services include Psychosocial Rehabilitation Services (PRS), Behavior Modification (B-Mod), Family Support (FS), and Therapeutic Child Care (TCC). These services are for youth with mental health and/or substance use disorders. Services are not for summer camps, after-school programs, recreation or mentoring services.

The child has been diagnosed with the following mental health and/or substance use disorder(s). Please list both code and description (*your provider is <u>required</u> to explain the diagnoses to you*):

The provider has recommended the following services (check all that apply):

☐ <u>Psychosocial Rehabilitation Services (PRS)</u>: PRS helps the child build skills to successfully live in the home and community, succeed in school and/or work and build healthy relationships with family, friends and others.

☐ <u>Behavior Modification (B-Mod)</u>: B-Mod helps the child to reduce undesirable behaviors. You and the child will receive training in managing these behaviors. This training will help the child replace undesired behaviors with suitable ones, during and after treatment.

☐ <u>Family Support (FS)</u>: FS helps you to serve as an active member of the child's treatment team and improve your ability to care for the child's behavioral health needs. FS can connect you to groups that support youth with mental health needs. FS may also encourage you to participate in other types of groups which may be helpful to you.

☐ <u>Therapeutic Child Care (TCC)</u>: TCC helps children with severe emotional and/or behavioral problems. You and your child will work on your relationship in order to reduce the impact of traumatic experiences. TCC helps children to gain social and emotional skills needed to interact well with parents, adults, and playmates.
