MEDICAID BULLETIN

CLTC 05-01

TO: **Community Long Term Care (CLTC) Providers**

SUBJECT: **Medicaid Policy Manual for Community Long Term Care Providers**

The enclosed revised Community Long Term Care Medicaid Provider Manual is effective February 1, 2005, and includes all previous HIPAA changes and Medicaid policy bulletins.

This manual is to be used for program information and requirements, billing procedures, and provider services guidelines. **Due to several substantial changes in policy, providers are urged to carefully review this revision.**

In addition to inclusion of policy changes specific to the CLTC program area, the new provider manuals for all Medicaid programs have been reformatted to give them a more consistent, standardized layout and to improve navigation and readability. Headings for each subsection appear on the left side of the page, with the corresponding information on the right. "Chapters" are now called "Sections," and the numbering system has been simplified.

The new manual is organized generally as follows, with each section having its own Table of Contents:

Section 1, **General Information and Administration,** contains an overview of the South Carolina Medicaid program, as well as information about record retention, documentation requirements, utilization review, program integrity, and other general Medicaid policies.

Section 2, **Policies and Procedures,** describes policies and procedures specific to the CLTC program.

Section 3, **Billing Procedures,** contains billing information that is common to all South Carolina Medicaid programs, as well as program-specific guidelines for claim filing and processing.

Section 4 contains procedure codes.

Section 5, **Administrative Services,** contains contact information for the Department of Health and Human Services' (DHHS) state and county offices, examples of all forms referenced throughout the manual (as well as some generic forms), and contacts for claim form suppliers/vendors.

The **appendices** include the following:

- Edit Codes, CARCs & RARCs, and Resolutions
- Carrier Codes

The enclosed compact disc contains a copy of the manual in Portable Document Format (pdf). To access the file, you will need Adobe Acrobat Reader software, which is pre-installed on most computers and also available for free download at **www.adobe.com/support**. The manual is also available on the DHHS Web site.

The manual is not subject to copyright regulations and may be reproduced in its entirety.

If you have any questions regarding this provider manual, please contact your program coordinator in the Division of Community Long Term care at (803) 898-2590. Thank you for your continued support of the South Carolina Medicaid program.

SOUTH CAROLINA MEDICAID PROGRAM

PROGRAM DESCRIPTION

The Medicaid program, as established by Title XIX of the Social Security Act, as amended, provides quality health care to low income, disabled, and elderly individuals by utilizing state and federal funds to reimburse providers for approved medical services. This care includes the diagnosis, treatment, and management of illnesses and disabilities.

The South Carolina Department of Health and Human Services (SCDHHS) is the single state agency designated to administer the South Carolina Medicaid program in compliance with state and federal laws and regulations and the South Carolina State Plan.

SCDHHS offers a fully capitated Managed Care Program through Managed Care Organizations. A Primary Care Case Management/Medical Home Network model is only available for participants that qualify for the Medically Complex Children's Waiver. For more information regarding this care model, please see the Managed Care Supplement included with this manual.

The Medicaid Managed Care Organization (MCO) program consists of contracted MCOs that, through a developed network of providers, provide, at a minimum, all services outlined in the core benefit package described in the MCO contract and MCO Policies and Procedure guide, for certain eligibility categories. SCDHHS pays MCOs a per member per month capitated rate, primarily according to age, gender, and category of eligibility. Payments for core services provided to MCO members are the responsibility of MCOs, not the Fee-for-Service Medicaid program.

MCOs may elect to provide their members enhanced services beyond what is offered under traditional fee-for-service Medicaid.

ELIGIBILITY DETERMINATION

Applications for Medicaid eligibility may be submitted online at apply.scdhhs.gov. The application is also

SECTION 1 GENERAL INFORMATION AND ADMINISTRATION

SOUTH CAROLINA MEDICAID PROGRAM

ELIGIBILITY DETERMINATION (CONT'D.)

available for download on the SCDHHS website at http://www.scdhhs.gov and can be returned by mail, fax, or in person. Individuals can continue to apply for Medicaid at out-stationed locations such as county health departments, some federally qualified health centers, most hospitals, and SCDHHS county eligibility offices.

Individuals who apply for SSI through the Social Security Administration and are determined eligible are automatically eligible for Medicaid.

For certain programs, Medicaid eligibility may be retroactive for a maximum of three months prior to the month of application when the applicant received medical services of the type covered by Medicaid and the applicant would have met all eligibility criteria had the application been filed at the time. A child born to a woman eligible for Medicaid due to pregnancy is automatically entitled to Medicaid benefits for one year provided that the child continues to reside in South Carolina.

Not all Medicaid beneficiaries receive full coverage. Some beneficiaries may qualify under the categories of limited benefits or emergency services only. Questions regarding coverage for these categories should be directed to the SCDHHS Provider Service Center (PSC) at 1-888-289-0709. Providers can also submit an online inquiry at http://scdhhs.gov/contact-us. A provider service representative will then respond to you directly with additional information about these categories.

Providers may verify a beneficiary's eligibility for Medicaid benefits by utilizing the South Carolina Medicaid Web-based Claims Submission Tool or an eligibility verification vendor. Additional information on these options is detailed later in this section.

Certain services will require prior approval and/or coordination through the managed care provider. For questions regarding the Managed Care program, please visit the SCDHHS website at http://scdhhs.gov to view the MCO Policy and Procedure Guide.

More information about managed care can also be found in the Managed Care Supplement included with all provider manuals.

SOUTH CAROLINA MEDICAID PROGRAM

ENROLLMENT COUNSELING SERVICES

SCDHHS provides enrollment counseling services to Medicaid beneficiaries through a contract with a private vendor. Services are provided under the program name "South Carolina Healthy Connections Choices." The function of the enrollment counselor is to assist Medicaid-eligible members in the selection of the best Medicaid health plan to suit individual/family needs. For additional information, visit http://www.SCchoices.com or contact South Carolina Healthy Connections Choices at (877) 552-4642.

MEDICARE / MEDICAID ELIGIBILITY

Medicaid beneficiaries who are also eligible for Medicare benefits are commonly referred to as "dually eligible." Providers may bill SC Medicaid for Medicare cost sharing for Medicaid-covered services for dually eligible beneficiaries. Some dual eligibles are also Qualified Medicare Beneficiaries (QMB). If the dually eligible beneficiary is also a QMB, providers may bill SC Medicaid for Medicare cost sharing, for services that are covered by Medicare without regard to whether the service is covered by SC Medicaid. Reimbursement for these services will be consistent with the SC State Medicaid Plan.

Please refer to Section 3 of this manual for instructions regarding billing procedures for dually eligible beneficiaries. For instructions on how to access beneficiary information, including QMB status, refer to the Medicaid Web-Based Claims Submission Tool (the Web Tool), explained later in this section.

In the Web Tool, the Eligibility or Beneficiary Information section will indicate "Yes" if the beneficiary is a Qualified Medicare Beneficiary.

Note: Pharmacy providers should refer to Section 2 of the Pharmacy Services Provider Manual for more information on coverage for dually eligible beneficiaries.

SECTION 1 GENERAL INFORMATION AND ADMINISTRATION

SOUTH CAROLINA MEDICAID PROGRAM

SOUTH CAROLINA HEALTHY CONNECTIONS MEDICAID CARD

Medicaid beneficiaries are issued a plastic South Carolina Healthy Connections Medicaid card. Only one person's name appears on each card. If more than one family member is eligible for Medicaid, the family receives a card for each eligible member. In addition to the member's name, the front of the card includes the member's date of birth and Medicaid Member Number. Possession of the plastic card does not guarantee Medicaid coverage. Failure to verify eligibility prior to providing a service leaves the provider at risk of providing services to an ineligible individual.

As of August 1, 2016, SCDHHS announced the release of a new South Carolina Healthy Connections Medicaid card. The new card will no longer contain a magnetic data strip. The new cards will be issued to newly enrolled beneficiaries and current beneficiaries who request replacement cards. All active beneficiaries prior to August 1, 2016, will continue to use their current Medicaid card until further notice.

Providers shall accept all versions of the existing cards: cards with a magnetic data strip and the blue Healthy Connections Checkup card. All providers are encouraged to use the Web Tool to check eligibility. For additional information about the Web Tool, please refer to South Carolina Medicaid Web-Based Claims Submissions Tool (Web Tool) later in this section.

The following are examples of valid South Carolina Healthy Connections Medicaid cards:

Providers are urged to report inappropriate use of a Medicaid card by a beneficiary (such as abuse, card-sharing, etc.) to the Division of Program Integrity's toll-free Fraud and Abuse Hotline at 1-888-364-3224.

Beneficiaries who are enrolled with a MCO will also be issued an identification card by the MCO. This MCO-issued card contains phone numbers for member services and provider billing issues specific to the managed care plan. Please see the Managed Care Supplement for samples of cards from the various managed care plans.

SOUTH CAROLINA MEDICAID WEB-BASED CLAIMS SUBMISSION TOOL (WEB TOOL)

SCDHHS provides a free tool, accessible through an Internet browser, which allows providers to submit claims (UB and CMS-1500), attach supporting documentation, query Medicaid eligibility, check claim status, offers providers electronic access to their remittance advice, and the ability to change their own passwords.

Providers interested in using this tool must complete a SC Medicaid Trading Partner Agreement (TPA) with SCDHHS and return the signed SC Medicaid TPA Enrollment Form. Once received, the provider will be contacted with the website address and Web Tool User ID(s). If a provider utilizes a billing agent and elects to have the billing agent access their electronic remittance advice, both the provider and the billing agent must have a TPA on file. The provider's TPA must name their billing agent. The billing agent's TPA must include the provider's name and Medicaid number. For more information regarding the TPA, refer to Section 3 of this manual.

To learn more about this tool and how to access it, visit the SC Medicaid Provider Education website at: http://medicaidelearning.com/ or contact the SC Medicaid EDI Support Center via the SCDHHS PSC at 1-888-289-0709. A listing of training opportunities is also located on the website.

Note: Dental claims cannot be submitted on the Web Tool. Please contact the dental services vendor at 1-888-307-6553 for billing instructions.

SECTION 1 GENERAL INFORMATION AND ADMINISTRATION

PROVIDER ENROLLMENT

PROVIDER PARTICIPATION

The Medicaid program administered by the South Carolina Department of Health and Human Services (SCDHHS) is considered to be a covered entity under the Health Insurance Portability and Accountability Act of 1996 (HIPAA), Public Law 104-191.

Provider participation in the Medicaid program is voluntary. To participate in the Medicaid program, a provider must meet the following requirements:

- Complete an online provider enrollment application and agreement and submit any necessary supporting documentation. Certain provider types, depending on the type of service provided, are required to sign a contractual agreement in addition to the provider enrollment agreement.
- Accept the terms and conditions of the online application by electronic signature, indicating the provider's agreement to the contents of the participation agreement, the Electronic Funds Transfer Agreement, W-9 and Trading Partner Agreement.
- Be licensed by the appropriate licensing body, certified by the standard-setting agency, and/or other pre-contractual approval processes established by SCDHHS.
- If eligible, obtain a National Provider Identifier (NPI) and share it with SCDHHS. Refer to https:// nppes.cms.hhs.gov for additional information about obtaining an NPI.
- Be enrolled in the South Carolina Medicaid program and receive official notification of enrollment. This also applies to providers wanting to contract with one or all of the South Carolina Medicaid MCO.
- Continuously meet South Carolina licensure and/or certification requirements of their respective professions or boards in order to maintain Medicaid enrollment.

SECTION 1 GENERAL INFORMATION AND ADMINISTRATION

PROVIDER ENROLLMENT

PROVIDER PARTICIPATION (CONT'D.)

- Comply with all federal and state laws and regulations currently in effect as well as all policies, procedures, and standards required by the Medicaid program.
- Medicaid will not provide any payments for items or services provided under the State Plan or under a waiver to any financial institution or entity located outside the United States.

All rendering providers must be enrolled in the Medicaid program. Enrolled providers are prohibited from allowing non-enrolled providers use of their Medicaid ID number/NPI number in order for non-participating providers to be reimbursed for services. Claims for Medicaid reimbursement submitted under a Medicaid ID number or NPI number other than that of the ordering, referring or rendering provider will be considered invalid and may result in a program integrity investigation and/or recoupment of the Medicaid payment. As required by 42 CFR 455.440, all claims submitted for payment for items and services that were ordered or referred must contain the NPI of the physician or other professional who ordered or referred such items or services.

A provider must immediately report any change in enrollment or contractual information (*e.g.*, mailing or payment address, physical location, telephone number, specialty information, change in group affiliation, ownership, etc.) to SCDHHS PSC within 30 days of the change. Failure to report this change of information promptly could result in delay of payment and/or termination of enrollment. Provider Enrollment inquiries to South Carolina Medicaid should be directed as follows:

Mail: Medicaid Provider Enrollment
PO Box 8809
Columbia, SC 29202-8809
Phone: 1-888-289-0709, Option 4
Fax: 803-870-9022

Extent of Provider Participation

Providers have the right to limit the number of Medicaid patients they are willing to treat within their practice; however, providers may not discriminate in selecting the Medicaid beneficiaries they will treat or services they will render. A provider may not refuse to furnish services

SECTION 1 GENERAL INFORMATION AND ADMINISTRATION

PROVIDER ENROLLMENT

Extent of Provider Participation (Cont'd.)

covered under Medicaid to an eligible individual because of a third party's potential liability for the service(s). A provider who is not a part of a MCO's network may refuse service to a Medicaid MCO member.

A provider and a beneficiary (or the beneficiary's guardian or representative) should determine before treatment is rendered whether the provider is willing to accept the beneficiary as a Medicaid patient. In an emergency, or if a provider cannot determine that a patient is Medicaid-eligible at the time service is rendered, the provider should meet with the beneficiary (or the beneficiary's legal guardian or representative) at the earliest possible date to determine whether the provider is willing to accept the beneficiary as a Medicaid patient for the previously rendered service. To avoid disputes or misunderstandings, providers are encouraged to document the details of their provider-patient agreement in the patient's record.

In furnishing care to beneficiaries who are participating in a Medicaid managed care option, all providers are required to comply with the benefit requirements specified by the applicable managed care program with respect to issues such as the extent of approvals for referrals, etc. Specific questions may be addressed directly with the MCO.

Once a provider has accepted a beneficiary as a Medicaid patient, it is the responsibility of the provider to deliver all Medicaid-covered services throughout the course of treatment. The policy section of this manual may include clarification of specific program policies.

Non-Discrimination

All Medicaid providers are required to comply with the following laws and regulations:

- Title VI of the Civil Rights Act of 1964 that prohibits any discrimination due to race, color, or national origin (45 CFR Part 80)
- Title V, Section 504 of the Rehabilitation Act of 1973, 29 U.S.C. 794 that prohibits discrimination on the basis of handicap (45 CFR Part 84)
- The Americans with Disabilities Act of 1990 that prohibits discrimination on the basis of disability (28 CFR Parts 35 & 36)

SECTION 1 GENERAL INFORMATION AND ADMINISTRATION

PROVIDER ENROLLMENT

Non-Discrimination (Cont'd.)

- The Age Discrimination Act of 1975 that prohibits discrimination on the basis of age (45 CFR Parts 90 and 91)

Service Delivery

Freedom of Choice

Except as otherwise specified in this manual, a Medicaid beneficiary has the right to choose any provider who is both a participant in the Medicaid program and willing to accept the beneficiary as a patient.

However, once a beneficiary exercises his or her freedom of choice by enrolling in a Medicaid MCO, the beneficiary is required to follow that MCO's requirements (*e.g.*, use of designated primary and specialist providers, precertification of services, etc.) for the time period during which the beneficiary is enrolled in the MCO.

Medical Necessity

Medicaid will pay for a service when the service is covered under the South Carolina State Plan and is medically necessary. "Medically necessary" means that the service (the provision of which may be limited by specific manual provisions, bulletins, and other directives) is directed toward the maintenance, improvement, or protection of health or toward the diagnosis and treatment of illness or disability. A provider's medical records or other appropriate documentation for each beneficiary must substantiate the need for services, must include all findings and information supporting medical necessity and justification for services, and must detail all treatment provided. Medicaid will not provide any payments for items or services provided under the State Plan or under a waiver to any financial institution or entity located outside of the United States.

SECTION 1 GENERAL INFORMATION AND ADMINISTRATION

RECORDS/ DOCUMENTATION REQUIREMENTS

GENERAL INFORMATION

As a condition of participation in the Medicaid program, providers are required to maintain and provide immediate access to original and electronic medical records, including associated audit trails. Record means any document or electronically stored information including writings, drawings, graphs, charts, photographs, sound recordings, images, and other data or data compilations, stored in any medium from which information can be obtained either directly or, if necessary, after translation by the provider into a reasonably usable form that allows the ability to review the record.

SCDHHS does not have requirements for the media formats for medical records. Providers must have and maintain a medical record system that insures that the record may be accessed and retrieved immediately. That, for the purposes of reviewing, copying, and reproducing documents, access shall be allowed to all records concerning services and payment to SCDHHS, the State Auditor's Office (SAO), the South Carolina Attorney General's Office (SCAG), the United States Department of Health and Human Services (HHS), Government Accountability Office (GAO), and/or their designee during normal business hours.

SCDHHS will accept electronic records and clinical notes in accordance with the Uniform Electronic Transactions Act (S.C. Code Ann. §§ 26-6-10 et seq.) and the Health Insurance Portability and Accountability Act (HIPAA) electronic health record requirements. Furthermore, providers must comply with the provisions of the Health Insurance Portability and Accountability Act of 1996 (HIPAA), Public Law 104-191.

A provider is defined as an individual, firm, corporation, association or institution which is providing, or has been approved to provide, medical assistance to a beneficiary pursuant to the State Medical Assistance Plan and in accord with Title XIX of the Social Security Act of 1932, as amended.

SECTION 1 GENERAL INFORMATION AND ADMINISTRATION

RECORDS / DOCUMENTATION REQUIREMENTS

GENERAL INFORMATION (CONT'D.)

Records are considered to be maintained when:

- They fully disclose the medical necessity for treatment and the extent of services provided to Medicaid beneficiaries
- All required documentation is present in beneficiaries' records before the provider files claims for reimbursement, unless program policy otherwise states
- Beneficiary medical, fiscal and other required records and supporting documentation must be legible

A provider record or any part thereof will be considered illegible if at least three (3) medical or other professionals in any combination, who regularly perform post payment reviews, are unable to read the record or determine the extent of services provided. An illegible record will be subject to recoupment.

Medicaid providers must make records immediately accessible and available for review during a provider's normal business hours or as otherwise directed, with or without advance notice by authorized entities and staff as described in this section. An authorized entity may either copy, accept a copy, or may request original records. Any requested record(s) is deemed inaccessible if not immediately available when requested by an authorized entity. Unless otherwise indicated, the medical record shall be accessible at the provider's service address as documented by the SCDHHS provider enrollment record. If the requested records are not available, they must be made available within two (2) hours of the authorized entity's request, or are otherwise deemed inaccessible. It is the responsibility of the provider to transport/send records to the place of service location as documented by the SCDHHS provider enrollment record.

The following requirements apply to retention of records for Medicaid purposes only; other state or federal rules may require longer retention periods. That for Medicaid purposes all fiscal and medical records shall be retained for a minimum period of five (5) years after last payment was made for services rendered, except that hospitals and nursing homes are required to retain such records for six (6) years after last payment was made for services

SECTION 1 GENERAL INFORMATION AND ADMINISTRATION

rendered. If any litigation, claim, audit, or other action involving the records has been initiated prior to the expiration of the appropriate retention period the records shall be retained until completion of the action and resolution of all issues which arise from it or until the end of the appropriate retention period, whichever is later.

Providers may contact the PSC or submit an online inquiry at http://scdhhs.gov/contact-us for specific information regarding documentation requirements for services provided.

Signature Policy

For medical review purposes, Medicaid requires that services provided/ordered be authenticated by the author. Medical documentation must be signed by the author of the documentation except when otherwise specified within this policy. The signature may be handwritten, electronic, or digital. Stamped signatures are unacceptable.

Handwritten Signature

A handwritten signature is a mark or sign by an individual on a document signifying knowledge, approval, acceptance or obligation.

- If the signature is illegible, SCDHHS shall consider evidence in a signature log to determine the identity of the author of a medical record entry.
- An order must have a signature which meets the signature requirements outlined in this section. Failure to satisfy these signature requirements will result in denial of related claims.
- A stamped signature is unacceptable.

Signature Log

Providers may include a signature log in the documentation they submit. This log lists the typed or printed name of the author associated with the illegible initials or signature.

Electronic Signatures

Providers using electronic signatures need to realize that there is a potential for misuse with alternative signature methods. The system needs to have software products that are protected against modification and that apply adequate administrative procedures that correspond to recognized standards and laws. The individual whose name is on the alternate signature method and the provider are responsible for the authenticity of the information for which an attestation has been provided.

SECTION 1 GENERAL INFORMATION AND ADMINISTRATION

RECORDS / DOCUMENTATION REQUIREMENTS

Electronic Signatures (Cont'd.)

Acceptable Electronic Signature Examples:

- Chart 'Accepted By' with provider's name
- 'Electronically signed by' with provider's name
- 'Verified by' with provider's name
- 'Reviewed by' with provider's name
- 'Released by' with provider's name
- 'Signed by' with provider's name
- 'Signed before import by' with provider's name
- 'Signed: John Smith, M.D.' with provider's name
- Digitized signature: Handwritten and scanned into the computer
- 'This is an electronically verified report by John Smith, M.D.'
- 'Authenticated by John Smith, M.D'
- 'Authorized by: John Smith, M.D'
- 'Digital Signature: John Smith, M.D'
- 'Confirmed by' with provider's name
- 'Closed by' with provider's name
- 'Finalized by' with provider's name
- 'Electronically approved by' with provider's name
- 'Signature Derived from Controlled Access Password'

Date

The signature should be dated. However, for review purposes, if there is sufficient documentation for SCDHHS to determine the date on which the service was performed/ordered then SCDHHS may accept the signature without a date.

The only time it is acceptable for an entry to not be signed at the time of the entry is in the case of medical transcription.

Exceptions

There are some circumstances for which an order does not need to be signed. For example, orders for clinical diagnostic tests are not required to be signed. The rules in 42 CFR 410 and Pub. 100-02, chapter 15, section 80.6.1,

SECTION 1 GENERAL INFORMATION AND ADMINISTRATION

RECORDS / DOCUMENTATION REQUIREMENTS

Exceptions (Cont'd.)

state that if the order for the clinical diagnostic test is unsigned, there must be medical documentation by the treating physician (*e.g.,* a progress note) that he/she intended the clinical diagnostic test be performed. This documentation showing the intent that the test be performed must be authenticated by the author via a handwritten or electronic signature.

DISCLOSURE OF INFORMATION BY PROVIDER

As of April 14, 2003, for most covered entities, health care providers are required to comply with privacy standards of the Health Insurance Portability and Accountability Act of 1996 (HIPAA), Public Law 104-191, which includes providing all patients and/or clients with a Notice of Privacy Practices. The Notice should include sufficient information to disclose to each Medicaid patient/client the provider's intent to release any medical information necessary for processing claims, including Medicaid claims. Providers who have not issued their patients/clients a Notice of Privacy Practices should obtain authorization to release such information to SCDHHS. The authorization must be signed and dated by the beneficiary and must be maintained in the patient's/client's record.

Once a Notice of Privacy Practices is acknowledged by the Medicaid beneficiary, or the beneficiary's authorization to release information is obtained, a provider who uses hard-copy claim forms that require the patient's signature is no longer required to have each claim form signed by the beneficiary. Providers who file claims electronically are required under their Trading Partner Agreement (TPA) to ensure ready association of electronic claims with an acknowledged Notice of Privacy Practices or a signed statement from the beneficiary consenting to the release of information necessary to process claims.

Certain medical services may be subject to more stringent rules or regulations governing the disclosure of information than others. However, if a provider is unable to release information necessary for Medicaid claims processing due to the lack of proper Notice or authorization from the beneficiary, payment may be denied and/or previous payments may be recouped. Consequently, providers who are concerned about releasing patient information to SCDHHS are advised to obtain specific written authorization from the Medicaid patient/client.

SECTION 1 GENERAL INFORMATION AND ADMINISTRATION

RECORDS / DOCUMENTATION REQUIREMENTS

SAFEGUARDING BENEFICIARY INFORMATION

Federal regulations at 42 CFR Part 431, Subpart F, and South Carolina Regulations at Chapter 126, Article 1, Subarticle 4, require that certain information concerning Medicaid applicants and beneficiaries be protected. As a condition of participation in the Medicaid program, all providers must agree to comply with the federal laws and regulations regarding this protection, by execution of either a contract or a provider enrollment agreement. Questions regarding access to protected information should be referred to the PSC. Provider can also submit an online inquiry at http://scdhhs.gov/contact-us to request additional information.

Beneficiary information that must be protected includes but is not limited to the following:

- Name and address
- Medical services provided
- Social and economic circumstances
- Medical data, including diagnosis and past history of disease or disability
- Any information involving the identification of legally liable third-party resources
- Any information verifying income eligibility and the amount of medical assistance payments

This information may generally be used or disclosed only for the following purposes:

- Establishing eligibility
- Determining the amount of medical assistance
- Providing services for beneficiaries
- Assisting in a Medicaid-related investigation, prosecution, or civil or criminal proceeding

Regarding the release of beneficiary information to billing/collection agencies, the Centers for Medicare and Medicaid Services (CMS) has instructed the states that the requirements for the release of beneficiary information should parallel the limitations on payments. Agents to whom payments could be made are allowed to obtain relevant beneficiary information, since the sharing of that information is for a purpose directly connected with Medicaid administration. However, if no payment could be

SECTION 1 GENERAL INFORMATION AND ADMINISTRATION

RECORDS / DOCUMENTATION REQUIREMENTS

SAFEGUARDING BENEFICIARY INFORMATION (CONT'D.)

made to the agent because the agent's compensation is tied to the amount billed or collected, or is dependent upon the collection of the payment, then Medicaid is not allowed to release beneficiary information to that agent.

Note: The manner in which the Medicaid program deals with the agent is determined primarily by the terms of the agent's compensation, not by the designation attributed to the agent by the provider. Agents or providers who furnish inaccurate, incomplete, or misleading information to SCDHHS regarding agent compensation issues may face sanctions.

Confidentiality of Alcohol and Drug Abuse Case Records

Federal law requires providers to observe more stringent rules when disclosing medical information from the records of alcohol and drug abuse patients than when disclosing information concerning other Medicaid beneficiaries. Federal regulations govern the information that must be protected in such cases and the circumstances under which this information may be disclosed. These regulations may be found at 42 CFR Part 2.

SPECIAL / PRIOR AUTHORIZATION

Certain medical services must be authorized by SCDHHS (or its designee) prior to delivery in order to be reimbursable by Medicaid. Some of the services that are specifically subject to prior authorization and approval are as follows:

- Services provided outside of the South Carolina Medicaid Service Area (SCMSA). The SCMSA is South Carolina and adjacent areas within 25 miles of its borders. Providers should contact the PSC or submit an online inquiry for prior authorization guidelines.
- Services not routinely covered by Medicaid, or other services that require prior approval before payment or before service delivery as a matter of policy. Please refer to the appropriate section of this manual, contact the PSC, or submit an online inquiry for prior authorization guidelines.
- Services for which prepayment review is required.

Refer to program-specific sections of this manual for other services that must be authorized prior to delivery.

CHARGE LIMITS

Except as described below for free care, providers may not charge Medicaid more for services to a beneficiary than they would customarily charge the general public. Providers should bill their usual and customary charges and not the Medicaid reimbursement rate. Retroactive adjustments can only be made up to the billed amount. Medicaid will generally pay the lower of the established Medicaid reimbursement rate or the provider's billed amount. Medicaid reimbursement is available for covered services under the State Medicaid Plan that are provided to Medicaid beneficiaries, regardless of whether there is any charge for the service to the beneficiary or the community at large.

BROKEN, MISSED, OR CANCELLED APPOINTMENTS

CMS prohibits billing Medicaid beneficiaries for broken, missed, or cancelled appointments. Medicaid programs are state-designed and administered with federal policy established by CMS. Federal requirements mandate that providers participating in the Medicaid program must accept the agency's payment as payment in full. Providers cannot bill for scheduling appointments or holding appointment blocks. According to CMS Program Issuance Transmittal Notice MCD-43-94, broken or missed appointments are considered part of the overall cost of doing business.

NATIONAL CORRECT CODING INITIATIVE (NCCI)

The South Carolina Medicaid program utilizes National Correct Coding Initiative (NCCI) edits and its related coding policy to control improper coding.

The CMS developed the NCCI to promote national correct coding methodologies and to control improper coding leading to inappropriate payment. The purpose of the NCCI edits are to prevent improper payment when incorrect code combinations or units of service are reported exceeding what is normally considered to be medically necessary. NCCI edits identify procedures/services performed by the same provider for the same beneficiary on the same date of service.

NCCI consist of two types of edits:

1) NCCI Procedure to Procedure (PTP) edits: These edits define pairs of HCPCS/CPT codes that

SECTION 1 GENERAL INFORMATION AND ADMINISTRATION

REIMBURSEMENT

NATIONAL CORRECT CODING INITIATIVE (NCCI) (CONT'D.)

should not be reported together for a variety of reasons. These edits consist of a column one code and a column two code. If both codes are reported, the column one code is eligible for payment and the column two code is denied. In some instances an appropriate modifier may be added to one or both codes of an edit pair to make the code combination eligible for payment.

2) Medically Unlikely Edits (MUE): These edits define for each HCPCS/CPT code the number of units of service that is unlikely to be correct. The units of service that exceed what is considered medically necessary will be denied.

It is important to understand, however, that the NCCI does not include all possible combinations of correct coding edits or types of unbundling that exist. Providers are obligated to code correctly even if edits do not exist to prevent use of an inappropriate code combination.

Services denied based on NCCI code pair edits or MUEs may not be billed to patients.

The CMS web page https://www.cms.gov/Medicare/Coding/NationalCorrectCodInitEd/index.html provides overview information to providers on Medicaid's NCCI edits and links for additional information.

MEDICAID AS PAYMENT IN FULL

Once a provider has accepted a beneficiary as a Medicaid patient, the provider must accept the amount established and paid by the Medicaid program (or paid by a third party, if equal or greater) as payment in full. Neither the beneficiary, beneficiary's family, guardian, or legal representative may be billed for any difference between the Medicaid allowable amount for a covered service and the provider's actual charge, or for any coinsurance or deductible not paid by a third party. In addition to not charging the patient for any coinsurance or deductible amounts, providers may not charge the patient for the primary insurance carrier's copayment. Only applicable Medicaid copayments and services not covered by Medicaid may be billed to the beneficiary.

For beneficiaries enrolled in a Medicaid managed care option, the managed care entity must accept SCDHHS' capitated payment as payment in full for all services

SECTION 1 GENERAL INFORMATION AND ADMINISTRATION

REIMBURSEMENT

MEDICAID AS PAYMENT IN FULL (CONT'D.)

covered by the capitation arrangement. Managed care network providers must accept their reimbursement from the managed care entity as payment in full. Only services not included in the specified benefits package or not otherwise covered by Medicaid may be billed to a beneficiary enrolled in a managed care option.

PAYMENTS LIMITATION

Medicaid payments may be made only to a provider, to a provider's employer, or to an authorized billing entity. **There is no option for reimbursement to a beneficiary.** Likewise, seeking or receiving payment from a beneficiary pending receipt of payment from the Medicaid program is not allowed, except where a copayment is applicable. By virtue of submitting a claim to Medicaid, a provider is agreeing to accept Medicaid as the payer.

REASSIGNMENT OF CLAIMS

In general, Medicaid payments are to be made only to the enrolled practitioner. However, in certain circumstances payment may be made to the following:

1. The employer of the practitioner, if the practitioner is required as a condition of employment to turn over fees to the employer
2. The facility in which the service is provided, if the practitioner has a contract under which the facility submits the claim
3. A foundation, plan, or similar organization operating an organized health care delivery system, if the practitioner has a contract under which the organization submits the claim
4. A business agent. Regulations found at 42 CFR Part 447, Subpart A, allow Medicaid to make payment for services to a provider's "business agent" such as a billing service or an accounting firm, only if the agent's compensation is:
   a) Related to the cost of processing the billing
   b) Not related on a percentage or other basis to the amount that is billed or collected
   c) Not dependent upon the collection of the payment

SECTION 1 GENERAL INFORMATION AND ADMINISTRATION

REIMBURSEMENT

REASSIGNMENT OF CLAIMS (CONT'D.)

If the agent's compensation is tied to the amount billed or collected or is dependent upon the collection of the payment, Medicaid is not allowed to make payment to the agent. Furthermore, providers are urged to seek advice regarding the HIPAA (Public Law 104-191) provisions when entering into such an agreement.

THIRD-PARTY LIABILITY

As a condition of eligibility for Medicaid, federal regulations at 42 CFR Part 433, Subpart D, require individuals to assign any rights to medical support or other third-party payment to the Medicaid agency (SCDHHS) and cooperate with the agency in obtaining such payments. The South Carolina Code §43-7-420 makes this assignment effective automatically upon application for Medicaid.

Medicaid providers may obtain information regarding third-party resources that are known to SCDHHS by utilizing the South Carolina Medicaid Web-based Claims Submission Tool. Third-party resources include but are not limited to health benefits under commercial health insurance plans, indemnity contracts, school insurance, Workers' Compensation, and other casualty plans that may provide health insurance benefits under automobile or homeowner's coverages.

For Medicaid purposes, third-party resources are divided into two general categories: Health Insurance and Casualty Insurance.

Health Insurance

In general, health insurance may include any individual accident and health policy or group policy that provides payment for health care costs. Unless otherwise permitted, a provider who accepts a Medicaid beneficiary as a patient is required to request payment from all available third-party resources prior to billing Medicaid. All third-party claims filed must be assigned to the provider.

Should the third-party carrier deny payment or reduce payment to less than the Medicaid approved amount, the provider may then submit the claim to Medicaid. The claim filed to Medicaid must be properly completed with all applicable third-party information entered in the appropriate fields (see Section 3 or other appropriate

SECTION 1 GENERAL INFORMATION AND ADMINISTRATION

REIMBURSEMENT

Health Insurance (Cont'd.)

materials for billing instructions). Under the federally mandated Cost Avoidance program, 42 CFR §433.139, claims for certain services to beneficiaries who have health insurance coverage may automatically reject if the third-party carrier has not been billed first.

If a claim is rejected for failure to bill third-party coverage, the provider must submit a new claim with the correctly coded information that documents payment or denial of payment by the third-party carrier.

While most claims are subject to coordination of benefits to ensure Medicaid is the payer of last resort, federal regulations exempt claims submitted for physicians' services under the Early & Periodic Screening, Diagnosis, and Treatment (EPSDT) program, Maternal Health, Title IV – Child Support Enforcement, and certain Department of Health and Environmental Control (DHEC) services under Title V. While providers are encouraged to file with any liable third party for these claim types, if they choose not to do so, SCDHHS will pay the claims and bill liable third parties directly through the Benefit Recovery program.

Premium Payment Project

Through the Premium Payment Project, SCDHHS is able to pay private health insurance premiums for Medicaid beneficiaries who are subject to losing coverage due to non-payment. SCDHHS will pay these premiums when said payment is determined to be cost effective.

Premium payment is usually cost effective for Medicaid beneficiaries with chronic medical conditions requiring long-term treatment such as cancer, end stage renal disease, chronic heart problems, congenital birth defects, and AIDS. Depending on the amount of the premium, the program may also be appropriate for beneficiaries with short-term costly health needs, such as pregnancy.

Providers of services to participating beneficiaries should consider Medicaid the payer of last resort and bill any liable third-party insurance plan prior to billing Medicaid.

Questions regarding the Premium Payment Project or referrals for beneficiary participation in this project should be directed to the Third-Party Liability– Medicaid Insurance Verification Services (MIVS) department by calling 1-888-289-0709 option 5, then option 4.

SECTION 1 GENERAL INFORMATION AND ADMINISTRATION

REIMBURSEMENT

Casualty Insurance

Casualty insurance includes policies that provide payment for treatment related to an accident or injury. This type of coverage is most commonly related to incidents such as auto accidents, and in these cases the injured party is frequently represented by an attorney.

Unlike health insurance claims, claims involving casualty insurance are not subject to review under the Cost Avoidance program. The accident questionnaire is the primary referral source and is generated by the Medicaid claims processing system. At times, it is the provider who identifies a potentially liable third party. If there is casualty insurance coverage, the provider may pursue the claim directly with either the beneficiary's attorney or the casualty insurance carrier, or file a claim with Medicaid (provided that the one-year time limit for submission of claims has not been exceeded).

If the provider files a claim with Medicaid and the claim is paid, then SCDHHS will pursue reimbursement from any liable third party.

Provider Responsibilities – TPL

A provider who has been paid by Medicaid and **subsequently** receives reimbursement from a third party must repay to SCDHHS either the full amount paid by Medicaid or the full amount paid by the third party, whichever is less. Some providers may choose to submit a repayment check accompanied by a completed Form for Medicaid Refunds (DHHS Form 205) identifying the third-party payer. Others providers may decide to submit a Claim Adjustment Form 130, which will allow them to void and/or replace a claim that resulted in under or overpayment. Examples of these forms can be found in the Forms section of this manual. For detailed information regarding both of these adjustment processes, please refer to Section 3 of this manual.

The Medicaid program makes payments to providers on behalf of beneficiaries for medical services rendered, but only to the extent that the beneficiary has a legal obligation to pay. If the beneficiary does not have a legal obligation to pay, then Medicaid will not make a payment. This means that if a beneficiary has third party insurance, including Medicare, SCDHHS's payment will be limited to the patient's responsibility (usually the deductible, co-

pay and/or coinsurance.) The Medicaid reimbursement and third party payment cannot exceed the amount the provider has agreed to accept as payment in full from the third party payer. A provider must not bill Medicaid for the difference between the payment received from a third party and the actual charges if the provider's third-party payment was determined under a "preferred provider" agreement. A "preferred provider" agreement is an agreement between the provider and the third party payer that establishes an amount that the provider is agreeing to accept as payment in full on its claims. Where such an agreement exists, Medicaid may only coordinate payment up to the lesser of the Medicaid allowed amount or the amount the provider has agreed to accept as payment in full from the third party payer.

The South Carolina Code §43-7-440(B) requires Medicaid providers to cooperate with SCDHHS in the identification of any third-party resource that may be responsible for payment of all or part of the cost of medical services provided to a Medicaid beneficiary. Upon receiving knowledge of third-party coverage that is not verified via the SCDHHS Web Tool, a provider is encouraged to notify SCDHHS's Division of Third-Party Liability of said coverage. The Health Insurance Information Referral Form may be used for this purpose. This form can be found in the Forms section of this manual.

The Division of Third-Party Liability must also be notified in writing if copies of claims submitted to Medicaid are released to anyone, including the beneficiary or the beneficiary's attorney. Before being released, the documents must clearly indicate that third-party benefits are assigned to SCDHHS pursuant to state law.

Providers should be aware that in no instance will SCDHHS pay any amount that is the responsibility of a third-party resource. If a provider releases copies of claims submitted to Medicaid and the release of those documents results in third-party payment being made to the beneficiary rather than to the provider, SCDHHS will not reimburse the provider for the amount of the third-party payment made to the beneficiary.

SECTION 1 GENERAL INFORMATION AND ADMINISTRATION

REIMBURSEMENT

TIME LIMIT FOR SUBMITTING CLAIMS

SCDHHS requires that only "clean" claims received and entered into the claims processing system within one year from the date of service (or date of discharge for hospital claims) be considered for payment. A "clean" claim is one that is edit and error-free and can be processed without obtaining additional information from the provider or from another third party. This time limit will not be extended on the basis of third-party liability requirements. However, the one-year time limit does not apply to Medicare cost sharing claims or to claims involving retroactive eligibility.

Medicare Cost Sharing Claims

Claims for payment of Medicare cost sharing amounts must be received and entered into the claims processing system within two years from the date of service or date of discharge, or up to six months following the date of Medicare payment, whichever is later.

Retroactive Eligibility

Claims involving retroactive eligibility must meet both of the following criteria to be considered for payment:

- Be received and entered into the claims processing system within **six months** of the beneficiary's eligibility being added to the Medicaid eligibility system **AND**
- Be received within **three years** from the date of service or date of discharge (for hospital claims). Claims for dates of service that are more than three years old will not be considered for payment.

To document retroactive eligibility, the provider is responsible for submitting one of the following documents with each claim within the above time frames:

- DHHS Form 945, which is a statement verifying the retroactive determination furnished by the eligibility worker, or
- The computer-generated Medicaid eligibility approval letter notifying the beneficiary that Medicaid benefits have been approved. This can be furnished by the beneficiary or the eligibility worker. (This is different from the Certificate of Creditable Coverage.)

SECTION 1 GENERAL INFORMATION AND ADMINISTRATION

REIMBURSEMENT

Retroactive Eligibility (Cont'd.)

SCDHHS will no longer consider claims that exceed the timely filing limits due to the provider being unaware of the beneficiary's coverage.

Please refer to Section 2 of the provider manual for any additional Retroactive Eligibility criteria that may apply.

Payment Information

SCDHHS establishes reimbursement rates for each Medicaid-covered service. Providers should contact the PSC or submit an online inquiry for additional information.

SECTION 1 GENERAL INFORMATION AND ADMINISTRATION

MEDICAID PROGRAM INTEGRITY

The South Carolina Department of Health and Human Services ensures the integrity of the Medicaid Program and seeks to identify and reduce waste, fraud, and abuse in the use of Medicaid funds through the activities carried out by the Division of Program Integrity and the Division of Audits. The purposes of program oversight are to safeguard against unnecessary, inappropriate, and/or fraudulent use of Medicaid services, identify excessive or inaccurate payments to providers, and ensure compliance with the applicable Medicaid laws, regulations, and policies.

PROGRAM INTEGRITY

The Division of Program Integrity conducts post-payment reviews of all health care provider types including but not limited to hospitals (inpatient and outpatient) rural health clinics, Federally-qualified health clinics, pharmacies, ASCs, ESRD clinics, physicians, dentists, other health care professionals, speech, PT and OT therapists, CLTC providers, durable medical equipment providers, transportation providers, and behavioral and mental health care providers. Program Integrity uses several methods to identify areas for review:

- The toll-free Fraud and Abuse Hotline and the Fraud and Abuse email for complaints of provider and beneficiary fraud and abuse. The hotline number is 1-888-364-3224, and the email address is fraudres@scdhhs.gov.
- Each complaint received from the hotline or email is reviewed, and if the complaint is determined to involve either a Medicaid beneficiary or provider, a preliminary investigation is conducted to identify any indications of fraud and abuse.
- Referrals from other sources as well as ongoing provider monitoring that identify aberrant or excessive billing practices.
- The automated Surveillance and Utilization Review System (SURS) to create provider profiles and exception reports that identify excessive or aberrant billing practices.

SECTION 1 GENERAL INFORMATION AND ADMINISTRATION

MEDICAID PROGRAM INTEGRITY

PROGRAM INTEGRITY (CONT'D.)

A Program Integrity review can cover several years' worth of paid claims data. (See "Records/Documentation Requirements" in this section for the policy on Medicaid record retention.) The Division conducts payment reviews, analysis of provider payments, and review of provider records, using statistical sampling and overpayment estimation when feasible, to determine the following:

- Medical reasonableness and necessity of the service provided
- Indications of fraud or abuse in billing the Medicaid program
- Compliance with Medicaid program coverage and payment policies
- Compliance with state and federal Medicaid laws and regulations
- Compliance with accepted medical coding conventions, procedures, and standards
- Whether the amount, scope, and duration of the services billed to Medicaid are fully documented in the provider's records

The Division of Program Integrity ("Program Integrity") or its authorized entities, as described under Records Documentation/Requirements, General Information of Section 1, conduct both announced and unannounced desk and field reviews, on-site inspections, and/or investigations of providers to determine whether the provider is complying with all applicable laws, rules, regulations, and agreements. Program Integrity may conduct reviews, investigations, or inspections of any current or former enrolled provider, agency-contracted provider, or agent thereof, at any time and/or for any time period. During such reviews, Program Integrity staff will request medical records and related documents ("the documentation"). Record means any document or electronically stored information including writings, drawings, graphs, charts, photographs, sound recordings, images, and other data or data compilations, stored in any medium from which information can be obtained either directly or, if necessary, after translation by the entity into a usable form that allows authorized entities, described under Records Documentation/Requirements, General Information of

SECTION 1 GENERAL INFORMATION AND ADMINISTRATION

MEDICAID PROGRAM INTEGRITY

PROGRAM INTEGRITY (CONT'D.)

Section 1, the ability to review the record. Program Integrity or its designee(s) may either copy, accept a copy or may request original records. Program Integrity may evaluate any information relevant to validating that the provider received only those funds to which it is legally entitled. This includes interviewing any person Program Integrity believes has information pertinent to its review, investigation or inspection. Interviews may consist of one or more visits.

Program Integrity staff will thoroughly review the records to determine whether the documentation accurately represents paid claims and rendered services, and whether the provider is in compliance with its obligations to the state Medicaid program. The documentation must sufficiently disclose the extent of services delivered, medical necessity, appropriateness of treatment, quality of care, and the documentation adheres to all applicable policy requirements. The provider, therefore, must submit a copy of all requested records by the date requested by Program Integrity. Providers must not void, replace, or tamper with any claim records or documentation selected for a Program Integrity review activity, until the activity is finalized.

An overpayment arises when Program Integrity denies the appropriateness or accuracy of a claim. Reasons for which Program Integrity may deny a claim include, but are not limited to the following:

- The Program Integrity review finds excessive, improper, or unnecessary payments have been made to a provider
- The Provider fails to provide medical records as requested
- The provider refuses to allow access to records

In each scenario Medicaid must be refunded for the denied claims.

The provider is notified via certified letter of the post-payment review results, including any overpayment findings. If the Provider disagrees with the findings, the provider will have the opportunity to discuss and/or present evidence to Program Integrity to support any disallowed payment amounts. If the parties remain in disagreement

SECTION 1 GENERAL INFORMATION AND ADMINISTRATION

MEDICAID PROGRAM INTEGRITY

PROGRAM INTEGRITY (CONT'D.)

following these discussions, the Provider may exercise its right to appeal to the Division of Appeals and Hearings.

If the provider does not contest Program Integrity's finding, or the appeal process has concluded, the provider will be required to refund the overpayment by issuing payment to SCDHHS or by having the overpayment amount deducted from future Medicaid payments. Termination of the provider enrollment agreement or contract with SCDHHS does not absolve the provider of liability for any penalties or overpayments identified by a Program Integrity review or audit.

Sanctions including but not limited to suspension, termination, or exclusion from the Medicaid program may result upon the failure of the provider to:

- Allow immediate access to records
- Repay in full the identified overpayment
- Make arrangements for the repayment of identified overpayments
- Abide by repayment terms
- Make payments which are sufficient to remedy the established overpayment

In addition, failure to provide requested records may result in one or more of the following actions by SCDHHS:

- Immediate suspension of future payments
- Denial of future claims
- Recoupment of previously paid claims

Any provider terminated for cause, suspended, or excluded will be reported to the Centers for Medicare and Medicaid Services (CMS) and U.S. Department of Health and Human (HHS) Office of Inspector General (OIG).

PREPAYMENT REVIEW

In order to ensure that claims presented by a provider for payment meet the requirements of federal and state laws and regulations, a provider may be required to undergo prepayment claims review. Grounds for being placed on prepayment claims review shall include, but shall not be limited to identification of aberrant billing practices as a result of reviews, investigations, or data analysis performed by Program Integrity/SUR, or other grounds as determined by Program Integrity/SUR.

SECTION 1 GENERAL INFORMATION AND ADMINISTRATION

MEDICAID PROGRAM INTEGRITY

PREPAYMENT REVIEW (CONT'D.)

Parameters are developed for prepayment review based on the specific areas of concern identified in each case. As part of the prepayment review process, providers may be required to submit paper claims, rather than electronic claims, along with supporting medical record documentation (*e.g.,* clinical notes, progress notes, diagnostic testing results, other reports, superbills, X-rays, and any related medical record documentation) attached to each claim for all services billed. This documentation is used to ascertain that the services billed were billed appropriately, and according to South Carolina Medicaid policies and procedures. Services inconsistent with South Carolina Medicaid policies and procedures are adjudicated accordingly. Claims submitted initially without the supporting medical record documentation will be denied.

Additional medical record documentation submitted by the provider for claims denied as a result of the prepayment review process is not considered at a later time. A provider is removed from prepayment review only when determined appropriate by Program Integrity/SUR. Once removed from prepayment review, a follow-up assessment of the provider's subsequent practice patterns may be performed to monitor and ensure continued appropriate use of resources. Noncompliant providers are subject to administrative sanctions as defined in the rules in South Carolina Regulations at Chapter 126, Article 4, Subarticle 1.

RECOVERY AUDIT CONTRACTOR

The South Carolina Department of Health and Human Services, Division of Program Integrity, has contracted with a Recovery Audit Contractor to assist in identifying and collecting improper payments paid to providers as a result of billing errors as referenced in 42 CFR 476.71. Section 6411(a) of the Affordable Care Act, Expansion of the Recovery Audit Contractor (RAC) Program amends section 1902(a) (42) of the Social Security Act and requires States to establish a RAC program to enable the auditing of claims for services furnished by Medicaid providers. Pursuant to the statute, these Medicaid RACs must: (1) identify overpayments; (2) recoup overpayments; and (3) identify underpayments. The Centers for Medicare & Medicaid Services (CMS) published the final rule implementing this provision, with an effective date of

SECTION 1 GENERAL INFORMATION AND ADMINISTRATION

RECOVERY AUDIT CONTRACTOR (CONT'D.)

January 1, 2012. States are required to contract with Medicaid RACs "in the same manner as the Secretary enters into contracts" with the Medicare Recovery Auditors. For example, the contingency fee paid to the Medicaid RAC may not exceed that of the highest fee paid to a Medicare Recovery Auditor.

Under this rule, State contracts with Medicaid Recovery Audit Contractors must include the following requirements (or the State must obtain an exemption from CMS for the requirement):

- That each Medicaid RAC hires a minimum of 1.0 FTE Contractor Medical Director who is a Doctor of Medicine or Doctor of Osteopathy licensed to practice in that State.

  Note: SCDHHS has an approved State Plan Amendment to allow the RAC to have a part-time, in-state medical director who is also a practicing physician, in lieu of a 1.0 FTE medical director.

- That each Medicaid RAC also hires certified coders (unless the State determines that certified coders are not required for the effective review of Medicaid claims)
- An education and outreach program for providers, including notification of audit policies and protocols
- Minimum customer service measures such as a toll-free telephone number for providers and mandatory acceptance of provider submissions of electronic medical records on CD/DVD or via facsimile at the providers' request
- Notifying providers of overpayment findings within 60 calendar days
- A 3 year maximum claims look-back period and
- A State-established limit on the number and frequency of medical records requested by a RAC.

  Note: SCDHHS has an approved State Plan Amendment to allow the RAC to review claims that are older than three years. The RAC will only be allowed to review claims older than three years upon written permission of the agency.

HMS (Health Management Systems, Inc.) is the current Recovery Audit Contractor for the SCDHHS Division of Program Integrity.

BENEFICIARY EXPLANATION OF MEDICAL BENEFITS PROGRAM

The Beneficiary Explanation of Medical Benefits Program allows Medicaid beneficiaries the opportunity to participate in the detection of fraud and abuse. Each month the Division of Program Integrity randomly selects several hundred beneficiaries for whom claims for services were paid. These beneficiaries are provided with an Explanation of Medical Benefits that lists all non-confidential services that were billed as having been delivered to them and which were paid during the previous 45-day period. Beneficiaries are requested to verify that they received the services listed. The Division of Program Integrity investigates any provider when the beneficiary denies having received the services.

BENEFICIARY OVERSIGHT

The Division of Program Integrity performs preliminary investigations on allegations of beneficiary fraud and abuse. This includes, but is not limited to, beneficiaries who are alleged to have:

- Submitted a false application for Medicaid
- Provided false or misleading information about family group, income, assets, and/or resources and/or any other information used to determine eligibility for Medicaid benefits
- Shared or lent their Medicaid card to other individuals
- Sold or bought a Medicaid card
- Diverted for re-sale prescription drugs, medical supplies, or other benefits
- Obtained Medicaid benefits that they were not entitled to through other fraudulent means
- Other fraudulent or abusive use of Medicaid services

Program Integrity reviews the initial application and other information used to determine Medicaid eligibility, and makes a fraud referral to the State Attorney General's Office or other law enforcement agencies for investigation

as appropriate. Beneficiary cases will also be reviewed for periods of ineligibility not due to fraud but which still may result in the unnecessary payment of benefits. In these cases the beneficiary may be required to repay the Medicaid services received during a period of ineligibility.

Complaints pertaining to beneficiaries' misuse of Medicaid services can be reported using the Fraud and Abuse Hotline (1-888-364-3224) or fraud email at fraudres@scdhhs.gov.

MEDICAID BENEFICIARY LOCK-IN PROGRAM

The Division of Program Integrity manages a Beneficiary Lock-In Program that screens all Medicaid members against clinically-vetted criteria designed to identify drug-seeking behavior and inappropriate use of prescription drugs. The Beneficiary Lock-In Program addresses issues such as coordination of care, patient safety, quality of care, improper or excessive utilization of benefits, and potential fraud and abuse associated with the use of multiple pharmacies and prescribers. The policy implements SC Code of Regulations R 126-425. The Division of Program Integrity reviews beneficiary claims data in order to identify patterns of inappropriate, excessive, or duplicative use of pharmacy services. If beneficiaries meet the lock-in criteria established by SCDHHS, they will be placed in the Medicaid Lock-In Program to monitor their drug utilization and to require them to utilize one designated pharmacy. Beneficiaries who are enrolled in the Lock-In Program with an effective date of October 1, 2014 and forward will remain in the program for two years. The beneficiary has the opportunity to select a pharmacy and has the right to appeal. The program also has provisions that allow the beneficiary to obtain emergency medication and/or go to another pharmacy should the first pharmacy provider be unable to provide the needed services.

DIVISION OF AUDITS

Medicaid providers, who contract with SCDHHS for services, including state agencies, may be audited by the SCDHHS Division of Audits. The SCDHHS Division of Audits was formed to assist the agency in the management, assessment, and improvement of agency programs, services, and operations. The Division of Audits accomplishes these goals by reviewing and evaluating programs administered by SCDHHS to determine the extent to which fiscal, administrative, and programmatic objectives are met in a cost-effective manner.

SECTION 1 GENERAL INFORMATION AND ADMINISTRATION

MEDICAID PROGRAM INTEGRITY

DIVISION OF AUDITS (CONT'D.)

In performing its audits, the Division of Audits follows generally accepted auditing standards (GAGAS). The Division of Audits performs different types of audits of Medicaid providers and programs, including:

- Performance audits that provide an independent assessment of the program outcomes and the management of resources. These audits address the effectiveness, efficiency, and adequacy of program results.
- Audits of contracts with health care providers and other state agencies to ensure compliance with contract terms and conditions for Medicaid service delivery and administration
- Audits to confirm the accuracy and allowability of costs and other financial information reported to SCDHHS.

PAYMENT ERROR RATE MEASUREMENT

The South Carolina Medicaid program, along with the Medicaid programs in other states, is required to comply with the CMS Payment Error Rate Measurement (PERM) program, which was implemented in federal fiscal year 2007. Each state will be reviewed every three years. PERM requires states to submit a statistically valid sample of paid Medicaid claims to a federal contractor, which will review for compliance with payment rates and state Medicaid policies, and will determine whether medical necessity for the service is adequately documented in the medical record. Providers who are chosen for the sample will be required to submit all applicable medical records for review; however, for most providers only one claim will be chosen for the sample. Providers who fail to send in the requested documentation will face recoupment of the Medicaid payment for the claim in question. In addition if the CMS PERM contractor determines that a Medicaid claim was paid in error, SCDHHS will be required to recoup the payment for that claim. PERM will combine the errors found in each state in order to establish a national Medicaid error rate.

SECTION 1 GENERAL INFORMATION AND ADMINISTRATION

MEDICAID ANTI-FRAUD PROVISIONS / PAYMENT SUSPENSIONS / PROVIDER EXCLUSIONS / TERMINATIONS

FRAUD

The South Carolina Medicaid program operates under the anti-fraud provisions of 42 US Code §1320a-7b. This federal law relates to both fraud and abuse of the program and identifies illegal acts, penalties for violations, and the individuals and/or entities liable under this section.

The Division of Program Integrity carries out SCDHHS responsibilities concerning suspected Medicaid fraud as required by 42 CFR Part 455, Subpart A. Program Integrity will conduct a preliminary investigation and cooperate with the state and federal authorities in the referral, investigation, and prosecution of suspected fraud in the Medicaid program. Suspicion of fraud can arise from any means, including but not limited to fraud hotline tips, provider audits and program integrity reviews, RAC audits, data mining, and other surveillance activities. SCDHHS refers suspected cases of Medicaid fraud by health care providers to the Medicaid Fraud Control Unit (MFCU) of the State Attorney General's Office for investigation and possible prosecution. SCDHHS also makes referrals to the Bureau of Drug Control for suspected misuse or overprescribing of prescription drugs, especially controlled substances. If a provider suspected of fraud or abuse is also enrolled in a Medicaid Managed Care Organization (MCO), Program Integrity will coordinate the investigation with the MCO(s) involved. Suspected Medicaid fraud on the part of a beneficiary is referred to a Medicaid Recipient Fraud Unit in the State Attorney General's Office for investigation.

PAYMENT SUSPENSIONS

Medicaid payments to a provider may be withheld upon credible allegation of fraud, in accordance with the requirements in 42 CFR §455.23.

SECTION 1 GENERAL INFORMATION AND ADMINISTRATION

MEDICAID ANTI-FRAUD PROVISIONS / PAYMENT SUSPENSION / PROVIDER EXCLUSIONS /TERMINATIONS

Suspension of Provider Payments for Credible Allegation of Fraud

SCDHHS will suspend payments in cases of a credible allegation of fraud. A "credible allegation of fraud" is an allegation that has been verified by SCDHHS and that comes from any source, including but not limited to the following:

- Fraud hotline complaints
- Claims data mining
- Patterns identified through provider audits, civil false claims cases, and law enforcement investigations

SCDHHS has flexibility in determining what constitutes a "credible allegation of fraud." Allegations are considered to be credible when they have indications of reliability based upon SCDHHS' review of the allegations, facts, and evidence on a case-by-case basis.

Notice of Suspension

SCDHHS will suspend all Medicaid payments to a provider after the agency determines there is a credible allegation of fraud for which an investigation is pending under the Medicaid program against an individual or entity. Payments may be suspended without first notifying the provider of the intention to suspend payments. SCDHHS will send notice of its suspension of program payments within the following timeframes:

- Within five business days of suspending the payment, unless requested in writing by a law enforcement agency to temporarily withhold such notice
- Within 30 calendar days of suspending the payment, if requested by law enforcement in writing to delay sending such notice

The Notice of Payment Suspension will include all information required to be provided in accordance with 42 CFR §455.23.

All suspension of payment actions will be temporary and will not continue after either of the following:

- SCDHHS or the prosecuting authorities determine that there is insufficient evidence of fraud by the provider
- Legal proceedings related to the provider's alleged fraud are completed

SECTION 1 GENERAL INFORMATION AND ADMINISTRATION

MEDICAID ANTI-FRAUD PROVISIONS / PAYMENT SUSPENSION / PROVIDER EXCLUSIONS /TERMINATIONS

Referrals to the Medicaid Fraud Control Unit

Whenever an investigation leads to the initiation of a payment suspension in whole or part, SCDHHS will make a fraud referral to the South Carolina Medicaid Fraud Control Unit.

Good Cause not to Suspend Payments or to Suspend Only in Part

SCDHHS may find that good cause exists not to suspend payments, or not to continue a payment suspension previously imposed on an individual or entity regarding a credible allegation of fraud, if any of the following are applicable:

- Law enforcement officials have specifically requested that a payment suspension not be imposed because such a payment suspension may compromise or jeopardize an investigation;
- Other available remedies implemented by SCDHHS will more effectively or quickly protect Medicaid funds;
- SCDHHS determines, based upon the submission of written evidence by the individual or entity that is the subject of the payment suspension, that the suspension should be removed;
- SCDHHS determines that beneficiary access to items or services would be jeopardized by a payment suspension for either of the following reasons:
    - An individual or entity is the sole community physician or the sole source of essential specialized services in a community;
    - The individual or entity serves a large number of beneficiaries within a medically underserved area, as designated by the Health Resources and Services Administration of the U.S. Department of Health and Human Services.
- Law enforcement declines to certify that a matter continues to be under investigation;
- SCDHHS determines that payment suspension is not in the best interests of the Medicaid program.

SCDHHS may also find that good cause exists to suspend payments in part, or to convert a payment suspension previously imposed in whole to one only in part, on any

SECTION 1 GENERAL INFORMATION AND ADMINISTRATION

individual or entity regarding a credible allegation of fraud, if any of the following are applicable:

- SCDHHS determines that beneficiary access to items or services would be jeopardized by a payment suspension for either of the following reasons:
  - An individual or entity is the sole community physician or the sole source of essential specialized services in a community;
  - The individual or entity serves beneficiaries within a medically underserved area, as designated by the Health Resources and Services Administration of the U.S. Department of Health and Human Services.
- SCDHHS determines, based upon the submission of written evidence by the individual or entity that is the subject of a whole payment suspension, that such suspension should be imposed only in part.
- SCDHHS determines the following:
  - The credible allegation focuses solely and definitively on only a specific type of claim or arises from only a specific business unit of a provider; and
  - A payment suspension in part would effectively ensure that potentially fraudulent claims were not continuing to be paid. If this determination is made by SCDHHS, it will be documented in writing.
- Law enforcement declines to certify that a matter continues to be under investigation.
- SCDHHS determines that payment suspension is not in the best interest of the Medicaid program.

Even if SCDHHS exercises the good cause exceptions set forth above, this does not relieve the agency of its obligation to refer a credible allegation of fraud to the Medicaid Fraud Control Unit.

SECTION 1 GENERAL INFORMATION AND ADMINISTRATION

MEDICAID ANTI-FRAUD PROVISIONS / PAYMENT SUSPENSION / PROVIDER EXCLUSIONS /TERMINATIONS

PROVIDER EXCLUSIONS

Federal regulations that give States the authority to exclude providers for fraud and abuse in the Medicaid program are found at 42 CFR Part 1002, Subparts A and B. Exclusion means that a health care provider, either an individual practitioner or facility, organization, institution, business, or other type of entity, cannot receive Medicaid payment for any health care services rendered. Exclusions from Medicaid, as well as the State Children's Health Insurance Program (SCHIP), may be the result of:

- Conviction of a criminal offense related to delivery of services in a health care program
- Conviction of health care fraud under either Federal or State laws
- Conviction of the patient neglect or abuse in connection with delivery of health care
- Excessive claims or furnishing of unnecessary or substandard items and services
- Failure to comply with financial responsibilities and obligations
- Adverse action by a licensing board

Exclusions can be initiated by either federal authorities such as the U.S. Department of Health and Human Services, Office of Inspector General (HHS-OIG) or by the State Medicaid agency. An excluded individual may be a licensed medical professional, such as a physician, dentist, or nurse, but exclusion is not limited to these types of individuals. The ban on Medicaid funding can extend to any individual or entity providing services that are related to and reimbursed, directly or indirectly, by a Medicaid program.

In addition, the HHS-OIG and/or SCDHHS may exclude an entity, including managed care organizations, if someone who is an owner, an officer, an agent, a director, a partner, or a managing employee of the entity has been excluded.

Any medical provider, organization, or entity that accepts Medicaid funding, or that is involved in administering the Medicaid program, should screen all employees and contractors to determine whether any of them have been excluded. Any individual or entity which employs or contracts with an excluded provider cannot claim Medicaid

PROVIDER EXCLUSIONS (CONT'D.)

reimbursement for any items or services furnished, authorized, or prescribed by the excluded provider.

Federal regulations further require that any party who is excluded from participation in Medicare under 42 CFR Part 1001 must also be excluded from the Medicaid program. Medicaid payment is not available for services furnished directly by, or under the supervision of, an excluded party.

The HHS-OIG maintains the LEIE (List of Excluded Individuals and Entities), a database accessible to the general public that provides information about parties excluded from participation in Medicare, Medicaid, and all other Federal health care programs. Visit the HHS-OIG website at http://www.oig.hhs.gov/fraud/exclusions.asp to search and/or download the LEIE.

SCDHHS also maintains its own list of excluded, South Carolina-only Medicaid providers (or those with a South Carolina connection) on our website. Visit the Provider Information page at http://provider.scdhhs.gov for the most current list of individuals or entities excluded from South Carolina Medicaid.

PROVIDER TERMINATIONS

"Termination" means that the SCDHHS has taken an action to revoke a provider's Medicaid billing privileges, the provider has exhausted all applicable appeal rights or the timeline for appeal has expired, and there is no expectation on the part of the provider or SCDHHS that the revocation is temporary. Under Federal regulations established by the Affordable Care Act, SCDHHS has established the reasons under which a provider can be terminated from the Medicaid program "for cause"; see SCDHHS PE Policy-03, Terminations.

ADMINISTRATIVE SANCTIONS

State regulations concerning administrative sanctions in the Medicaid program are found in South Carolina Regulations at Chapter 126, Article 4, Subarticle 1. SCDHHS may impose one or more of the following sanctions against a provider who has been determined to have abused the program:

- Educational intervention
- Post payment review
- Prepayment review

SECTION 1 GENERAL INFORMATION AND ADMINISTRATION

MEDICAID ANTI-FRAUD PROVISIONS / PAYMENT SUSPENSION / PROVIDER EXCLUSIONS /TERMINATIONS

ADMINISTRATIVE SANCTIONS (CONT'D.)

- Peer review
- Financial sanctions, including recoupment of overpayment or inappropriate payment
- Termination or exclusion
- Referral to licensing/certifying boards or agencies

OTHER FINANCIAL PENALTIES

The State Attorney General's Office may also impose financial penalties and damages against a provider who has been determined to be guilty of fraud or convicted of a crime related to participation in the Medicaid or Medicare programs.

The HHS-OIG may also impose civil money penalties and assessments under the provisions of 42 CFR Part 1003.

FAIR HEARINGS

Proposed South Carolina initiated exclusion or termination from the Medicaid program, as well as recoupment of an overpayment identified by Program Integrity, may be appealed within 30 days of imposition of the sanction. (See "Appeals Procedures" elsewhere in this section.)

Any party who has been excluded or terminated from the Medicaid program as a result of a similar action by Medicare may exercise appeal rights as set forth in the written notice from the HHS-OIG. Appeals to the HHS-OIG shall be processed in accordance with 42 CFR 1001.2007. A party so excluded shall have no right to separate appeal before SCDHHS.

REINSTATEMENT

Re-enrollment in Medicaid by formerly excluded providers is not automatic. The CFR [42 CFR 1002.215(a)] gives states the right to review requests for reinstatement and to grant or deny the requests.

Before a request for re-enrollment in Medicaid will be considered, the provider must have an active, valid license to practice and must not be excluded from Medicaid or Medicare by the HHS-OIG.

It is the provider's responsibility to satisfy these requirements. If the individual was excluded by the HHS-OIG, then the individual must first apply to HHS-OIG for reinstatement and follow any federal requirements.

SECTION 1 GENERAL INFORMATION AND ADMINISTRATION

MEDICAID ANTI-FRAUD PROVISIONS / PAYMENT SUSPENSION / PROVIDER EXCLUSIONS /TERMINATIONS

REINSTATEMENT (CONT'D.)

SCDHHS may deny reinstatement to the Medicaid program based on, but not limited to, any one or a combination of the following:

1. The likelihood that the events that led to exclusion will re-occur.
2. If, since the date of the original exclusion, the provider has been convicted of fraud related to the delivery of services in a healthcare program, or has been convicted or had his license suspended or revoked due to failure to follow standards of care and/or patient harm or abuse.
3. If new information is provided that such conduct (as described above) occurred prior to the date of the exclusion but was not known to SCDHHS at the time.
4. If the provider has been excluded or had billing privileges terminated from Medicaid and/or Medicare by any state or by the HHS-OIG.
5. Any terms or conditions associated with reinstatement by the appropriate licensing board or regulatory agency, or by the HHS-OIG.
6. Whether all fines, overpayments, or any other debts owed to the Medicaid program have been paid or arrangements have been made to fulfill these obligations.

All requests for re-enrollment in Medicaid will be considered by SCDHHS on an individual basis and on their own merit.

Any appeal of a denial of reinstatement will be in accordance with SCDHHS appeals policies and procedures as provided by South Carolina Code of Laws R. 126-150.

A terminated provider will also be required to reapply and be reenrolled with the Medicaid program if they wish billing privileges to be reinstated.

SECTION 1 GENERAL INFORMATION AND ADMINISTRATION

APPEALS

SCDHHS maintains procedures ensuring that all Medicaid providers will be granted an opportunity for a fair hearing. These procedures may be found in South Carolina Regulations at Chapter 126, Article 1, Subarticle 3. An appeal hearing may be requested by a provider when a request for payment for services is denied or when the amount of such payment is in controversy.

The South Carolina Medicaid appeals process is not a reconsideration or claims review process. It is a formal process that should be considered as an avenue of last resort to be used in attempting to resolve or settle a dispute(s). Providers should contact the PSC or submit an online inquiry for assistance to resolve or settle a dispute(s) before requesting an administrative hearing.

In accordance with regulations of SCDHHS, a provider wishing to file an appeal must request a hearing in writing and submit a copy of the notice of adverse action or the remittance advice reflecting the denial in question. Appeals may be filed:

Online: www.scdhhs.gov/appeals

By Fax: (803) 255-8206

By Mail to:

Division of Appeals and Hearings
Department of Health and Human Services
PO Box 8206
Columbia, SC 29202-8206

The request for an appeal hearing must be made within 30 days of the date of receipt of the notice of adverse action or 30 days from receipt of the remittance advice reflecting the denial, whichever is later. Hearings will be held in Columbia unless otherwise arranged. The appellant or appellant's representative must be present at the appeal hearing.

PROGRAM OVERVIEW

COMMUNITY LONG-TERM CARE (CLTC)

The mission of Community Long-Term Care (CLTC) is to provide a cost-effective alternative to institutional placement for eligible clients with long-term care needs, if they choose, allowing them to remain in a community environment. The South Carolina Department of Health and Human Services (SCDHHS) Division of Community Long-Term Care operates several waiver programs, as well as two Department of Disabilities and Special Needs (DDSN) waivers. CLTC also administers the Palmetto SeniorCare program.

The following timeline denotes the services provided by the CLTC program and when they were enacted:

- In December 1984, the Centers for Medicare and Medicaid Services (CMS) approved South Carolina's request for a home- and community- based waiver for the elderly and disabled.
- In 1988, CMS authorized South Carolina to provide services under a Human Immunodeficiency Virus/Acquired Immune Deficiency Syndrome (HIV/AIDS) waiver to eligible persons with HIV/AIDS.
- In 1989, CMS authorized Palmetto SeniorCare. In 2003, this became a State Plan service.
- In January 1990, the Children's Personal Care Aide (PCA) service was approved as a part of the Medicaid State Plan to provide PCA to children under the Early and Periodic Screening, Diagnosis, and Treatment (EPSDT) program.
- In October 1991, CMS authorized South Carolina to provide services under a Intellectually Disabled/Related Disabilities (ID/RD)/Related Disabilities (ID/RD) waiver to eligible persons.
- In December 1994, CMS authorized South Carolina to provide services under a Mechanical Ventilator Dependent waiver to eligible persons

- In April 1995, CMS authorized South Carolina to provide services to eligible persons with head and spinal cord injuries (HASCI).

SECTION 2 POLICIES AND PROCEDURES

PROGRAM REQUIREMENTS

PROVIDER QUALIFICATIONS

All CLTC services have prerequisites for participation and require enrollment/contracts with SCDHHS. Certain licensing requirements may also exist. Please see Section 1 of this manual for general Medicaid enrollment and licensing requirements.

Enrollment

CLTC providers are required to complete and sign an individual enrollment form (DHHS 219-CLTCIC or CLTCI-NC) before submitting claims to Medicaid. Group providers must complete a separate form (DHHS 219-CLTCGC or CLTCG-NC). The Forms section of this manual contains copies of the enrollment forms.

Contracted Provider

Providers must have a contract with SCDHHS to provide CLTC Medicaid services requiring a contract.

Cost Reports

With the exception of respite care, all contracted providers are required to submit a final cost report for each service. The final cost report must cover the entire contract period and be filed no later than 90 days after the end of the reporting period. The cost report shall include the actual cost and service delivery information for the reporting period. If the provider fails to file the cost report within the specified time, all funds due the provider shall be withheld by SCDHHS until the report is filed. All cost reports should be mailed to:

Department of Health and Human Services
Division of Ancillary Reimbursements
Post Office Box 8206
Columbia, SC 29202-8206

If you have any questions regarding cost reports, contact the SCDHHS Medicaid Provider Service Center at 1-888-289-0709 or submit an online inquiry at http://www.scdhhs.gov/contact-us.

Non-Contracted Provider

As a condition of participation and payment, CLTC non-contracted providers must complete and sign a Medicaid Enrollment Agreement with SCDHHS to provide CLTC Medicaid services.

SECTION 2 POLICIES AND PROCEDURES

PROGRAM REQUIREMENTS

Compliance Review

Before entering into any contractual arrangement with a provider, SCDHHS will have the Division of Community Long-Term Care conduct a compliance review of the prospective provider. The purpose of this review is to establish that the prospective provider meets the requirements outlined in the applicable Scope of Services. If the provider satisfactorily meets the precontractual compliance review requirements, the contract process will continue.

Compliance reviews are completed approximately 90 days after initiation of services with CLTC. Unannounced reviews are conducted thereafter. At the sole discretion of SCDHHS/CLTC, special reviews may be conducted at any time.

Field Service Representatives

After enrollment, visits are made to providers periodically and upon request. The purpose of each visit is to coordinate information concerning the Medicaid program and provide technical assistance as required.

Workshops are conducted on a periodic basis to acquaint providers with current Medicaid policy and regulations, changes, or amendments.

Requests for Field Service assistance and questions regarding manuals, bulletins, or workshops should be directed to the SCDHHS Medicaid Provider Service Center at 1-888-289-0709 or submit an online inquiry at http://www.scdhhs.gov/contact-us.

COMMUNITY LONG-TERM CARE (CLTC) FUNCTIONS

Intake

The intake process in the CLTC area office ensures that all persons with perceived long-term care needs receive every opportunity for exposure to the CLTC program. The process identifies persons who may be eligible for the program and serves as an information and referral source for those who do not meet intake criteria.

Assessment

Assessment uses a comprehensive standard instrument to determine a client's current long-term care needs. Information obtained during the assessment process will assist staff in making a level-of-care decision and initiating a plan of service for discussion with the client and/or family.

SECTION 2 POLICIES AND PROCEDURES

PROGRAM REQUIREMENTS

Level-of-Care Determination

Level-of-care determination is the process of identifying the extent of a person's medical, psychobehavioral, and functional disability in keeping with the South Carolina Level-of-Care Criteria for Medicaid-Sponsored Long-Term Care. To be eligible for CLTC services, a person must be determined to meet either skilled or intermediate level-of-care criteria, or, in the case of persons with HIV/AIDS, be at risk for hospitalization. These criteria help determine a client's requirement for care.

Service Planning

Service planning encompasses a comprehensive review of the client's problems and strengths. Mutually agreed-upon goals are set based on identified needs. This service planning process allows for participation of the client and/or family, physician, service providers, and the CLTC case management team. Service planning provides involved persons with information necessary to make an informed choice regarding the location of care and services to be utilized. The outcome of this process is a written plan of service.

Service Authorization

A service authorization is a written document that enables contracted/enrolled service providers to initiate CLTC services for Medicaid-eligible clients. The service authorization is based on the CLTC plan of service for individual CLTC clients. With the exception of case management, prior authorizations are required for all CLTC services.

Case Management

CLTC case management is a vital part of the long-term care program that is provided for all waiver clients. (Case management for HASCI and ID/RD waiver clients is provided by DDSN.)

Case management ensures continued access to the long-term care program. It also enables case managers to advise, support, and assist clients and their families in coping with changing needs and in making decisions regarding long-term care.

Case management includes the following five activities: service counseling, service planning, service coordination, monitoring, and re-evaluating.

SECTION 2 POLICIES AND PROCEDURES

PROGRAM REQUIREMENTS

Prior Authorization of CLTC Services

Client Choice of Providers

CLTC clients are required to choose a service provider from a Client Choice of Provider(s) Form, which lists available providers of each service for the client's waiver of participation. The Client Choice of Provider(s) Form will identify the referring entity and CLTC provider(s) already involved in the care of the client. Any service requiring a referred provider to participate in a bid process is excluded from this policy. For bid process services, the provider submitting the lowest bid will be awarded the referral. If the provider submitting the lowest bid cannot provide the service, the referral will be awarded to the next lowest bidder.

Authorization of Services

Services must be pre-authorized by the CLTC case manager based on the client's plan of service. Authorization will be transmitted to the provider by the completion of a CLTC Service Provision Form (DHHS Form 175). (For an example of this form, please see the Forms section.) Accompanying the authorization will be a copy of the plan of service and, if appropriate, a copy of the physician's order.

Authorization Periods

Authorizations will be issued for all CLTC services indicating the beginning date of the service, the days of the week that the service will be provided, and the number of units of service to be provided. The hours of service will be indicated only if specific times are essential to meeting the client's service needs. For some services, the authorization will designate that the service is to be provided during the morning, afternoon, or evening. The authorization period ending date may or may not be indicated on the Service Provision Form. Authorizations without an ending date will be valid until a revised Service Provision Form is issued to the provider.

Changes in Services Within an Authorization Period

Should the client's needs change during an authorization period, a revised Service Provision Form will be sent to the provider. Changes in frequency of a particular service do not require a new physician's order.

SECTION 2 POLICIES AND PROCEDURES

PROGRAM REQUIREMENTS

Interruption of Services

Previously authorized Personal Care Aide (PCA) services will be interrupted if the client enters a hospital or institution for a temporary stay or temporarily chooses not to receive services. The interruption of PCA services does not require a revised Service Provision Form, unless the service is to be interrupted for an extended time.

Termination of Authorized Services

Service must be officially terminated whenever it is determined that the client no longer requires an authorized service or becomes either medically or financially ineligible. Both the client and the provider must be notified of the termination of services by personal contact. This verbal notification must be followed with a written confirmation of termination of the service.

DDSN SERVICE COORDINATION FUNCTIONS

Intake

The intake process at the local DDSN board ensures that all persons with perceived long-term care needs receive every opportunity for exposure to their programs. The process identifies persons who are eligible for programs and serves as an information and referral source for those who do not meet intake criteria. For all Head and Spinal Cord Injury client referrals, call 1-866-867-3864.

Assessment

Assessment is a method of determining a client's current long-term care needs. Information obtained during the assessment process will assist the service coordinator in initiating a plan of service for discussion with clients and/or their families.

Service Planning

Service planning encompasses a comprehensive review of the client's problems and strengths. Mutually agreed-upon goals are set based on identified needs. This service planning process allows for participation of the client and/or family, physician, service providers, and the service coordinator. Service planning provides information necessary to make an informed choice regarding the location of care and service to be used to the people involved. The outcome of this process is a written plan of service.

SECTION 2 POLICIES AND PROCEDURES

PROGRAM REQUIREMENTS

Service Coordination

Service coordination is a vital part of the DDSN programs and is provided for all service beneficiaries. This process ensures continued access to DDSN programs and enables service coordinators to continue advising, supporting, and assisting clients and their families in coping with changing needs and in making decisions regarding DDSN programs.

Service coordination includes the following five activities: service planning, coordinating service, service authorization, monitoring, and re-evaluating.

Prior Authorization of DDSN Services

Based on the client's plan of service, services will be authorized by DDSN's service coordinator and transmitted to the provider on an Authorization Form. Please see the Forms section for copies of ID/RD and HASCI Waiver authorization forms.

Authorization Periods

Authorizations shall be issued for all DDSN services indicating the beginning date and the number of units of service to be provided.

Changes in Services Within an Authorization Period

Should a client's needs change during an authorization period, a revised authorization form shall be sent to the provider.

Termination of Authorized Services

The service coordinator will terminate services when a client no longer requires an authorized service. Providers receive written notice of termination.

PRIOR AUTHORIZATION FOR HOSPICE PARTICIPANTS

In certain situations, Medicaid beneficiaries receiving the State Plan hospice benefit may receive waiver services. Prior authorization by the hospice provider is required in cases where waiver services are authorized for Medicaid hospice beneficiaries. The prior authorization number must be placed on the claim in order for the provider to receive reimbursement. The case manager obtains the prior authorization number from the hospice provider and gives it to the provider of the authorized service. Providers submitting hard copy CMS-1500 claims must place the prior authorization number in field 19. Providers submitting claims electronically by diskette or magnetic tapes will place the prior authorization number in field 10. Providers who receive the 976 edit (hospice beneficiary/service requires prior approval) may resolve

CLTC WAIVER SUPPLY PROVIDERS

HOME AND COMMUNITY BASED WAIVER PROGRAMS

Home and Community Based Waivers (HCBW) are programs that allow individuals who meet an institutional level of care to receive items and services not covered through the South Carolina Medicaid State Plan. These items and services are allowed through the waiver programs to assist individuals in remaining in their own home or other community setting and avoiding institutional placement.

South Carolina currently administers seven waivers that allow for the provision of supplies. The Community Choices, HIV/AIDS, Mechanical Ventilation, and Medically Complex Children waivers are operated by the Department of Health and Human Services. Authorizations for these waivers will be made through the SCDHHS Phoenix web-based case management and authorization system. This system notifies the provider with an email directing the provider to a secure website. The provider will accept authorizations at this website. All providers requesting enrollment as a CLTC provider to distribute waiver supplies must be trained and utilize the Phoenix web-based case management and authorization system.

For waivers operated by the Department of Disabilities and Special Needs (DDSN), which include the Intellectually Disabled/Related Disabilities (ID/RD)/Related Disabilities, the Head and Spinal Cord Injury and Community Supports waivers, all authorizations will be faxed to the provider.

Providers of waiver supplies must verify Medicaid eligibility of each participant prior to rendering services and at least one business day prior to transmitting the order. To verify Medicaid eligibility, the provider can, utilize the South Carolina Medicaid Web-Based Claim Submission Tool or by utilizing other point of sale devices.

SECTION 2 POLICIES AND PROCEDURES

CLTC WAIVER SUPPLY PROVIDERS

AUTHORIZATIONS FOR INCONTINENCE PRODUCTS

Providers must deliver products based on authorizations received from case managers/nurses and service coordinators/early interventionists working with participants. SCDHHS/SCDDSN will not authorize or pay for incontinence products for children under age 4.

The authorizations will provide the frequency of delivery and the participant information necessary to provide the incontinence products. Authorizations may provide for monthly, bi-monthly, or other frequency arrangements. However, incontinence products will not be delivered more frequently than monthly for each authorized participant. For authorizations that indicate an amount on a per case basis, the case quantity is as listed on the following table:

The provider is expected to package these items in accordance with the quantity authorized in the table above, even if repackaging is required. After the initial delivery to the participant, future deliveries of the product to the participant must be at the same time of the month as the first delivery and at the frequency established by the authorization.

For any new initial authorizations, the supplies must be shipped within three business days of the provider receiving the authorization and must be received by the participant within one week of the provider's receipt of the authorization.

The provider shall not charge participants additional fees or surcharges; the unit rate reflected in the table above is the price reimbursed to Medicaid providers for incontinence products.

If the provider is unable to provide products as scheduled, the provider must contact the participant by telephone no less than five business days before the scheduled delivery

date to inform him/her of the delay in shipment. The provider must offer the participant the option to wait on the product or choose another product that may be delivered on schedule.

- If the provider has made three unsuccessful attempts to contact the participant by telephone, the provider shall send a backorder notification to the participant. The backorder notification must give the participant the option to wait on the product or to choose an alternate product.
- If the provider attempts a delivery and the participant refuses to accept delivery, the provider will provide instructions to the participant on how to obtain the package. The provider must notify the Case Manager/Nurses/Service Coordinator/Early Interventionists if this becomes an issue.

Providers are allowed to ship more than a single months' worth of product to a participant. Providers electing to ship product in advance to a participant's place of residence may not ship more than a full quarters worth of product on any single delivery. Providers opting to ship in this manner accept the risk that the participant may lose Medicaid eligibility prior to the provider being able to bill for a second or third month of product. Authorizations from case managers and service coordinators will still reflect the normal shipment pattern that was originally authorized. The case manager and/or service coordinator will not add comments approving this shipment method. Providers must bill each month of product separately on the first day of the month if they elect to deliver multiple months of product in one shipment.

Incontinence products will be shipped or delivered to participants residing in community residential care facilities, community training homes, supervised living placements, and individual homes (houses, apartments, trailers, rental properties, etc.)

INCONTINENCE PRODUCT QUALITY

All products distributed to home and community based waiver (HCBW) participants must be latex-free and hypoallergenic. Products will not be kept in inventory long enough for the quality to degrade, i.e. adhesives drying out. No damaged or rejected products will be provided to

- Protective underwear must have banding to indicate front and back, contain an absorbent polymer core, have elastic leg gatherings and tear away sides, and be embossed to help with the wicking of liquids away from the skin. See the chart entitled, "Protective Underwear," for additional specifications. The provider's products must meet or exceed the requirements of the Standard Product and Universal Requirements.

- A case of medium size underpads must have a minimum count of 200 (minimum size 22"-23"), and a case of large size underpads must have a minimum count of 150 (minimum size 22"-35"). SECTION 2 POLICIES AND PROCEDURES

CLTC WAIVER SUPPLY PROVIDERS

AUTHORIZATIONS FOR ORAL NUTRITIONAL SUPPLEMENTS

Providers must deliver products based on authorizations received from case managers/nurses and service coordinators/early interventionists working with participants. The authorizations will provide the frequency of delivery and the participant information necessary to provide the oral nutritional supplements, including the correct procedure code and amount to bill for DDSN participants. Each can of nutrient must have a minimum of 225 cals/250 ml and come in a 24-count case in order to qualify for Medicaid reimbursement.

A Physician's Order is required for this service. The SCDHHS Physician's Order Form must be completed by the participant's physician in order for this service to be authorized. The physician must indicate the needs for the supplement, recommend the quantity, and indicate at least one of the qualifying conditions:

1. Wasting (loss of ten percent (10%)) body mass in the last sixty (60) days.
2. Severe dental or gum problems that prevent the participant from chewing.
3. Has a condition that requires a protein supplement.
4. Has a swallowing problem that prevents the participant from achieving adequate weight.
5. Due to a medical condition, the participant cannot maintain adequate weight.

   Note: Nutritional Supplements must not be authorized for those with adequate weight unless the participant has dental or swallowing problems.

AUTHORIZATIONS FOR MISCELLANEOUS SUPPLIES AND EQUIPMENT

Providers must deliver products based on authorizations received from case managers/nurses and service coordinators/early interventionists working with participants. The authorizations will provide the frequency of delivery and the participant information necessary to provide the supplies and equipment, including the correct procedure code and amount authorized to bill for DDSN participants. When billing for DDSN participants, all supplies and equipment delivered and authorized on the same date of service, under the miscellaneous procedure code should be combined and billed as a single line item when filing the claim for payment.

SECTION 2 POLICIES AND PROCEDURES

CLTC WAIVER SUPPLY PROVIDERS

STAFFING AND OPERATING PROCEDURES

The provider shall employ staff to receive authorizations electronically via secure website, fax, or mail. The provider must maintain all authorizations for products on file for audit purposes. The provider must have adequate staff to:

- Contact participants to coordinate service delivery
- Package or repackage products to coordinate precisely with authorizations
- Handle complaints and grievances received from participants, case managers/nurses, and service coordinators/early interventionists
- Obtain authorizations from the secure website, fax, or mail
- Input product shipment and billing information into SCDHHS' Care Call system for the waivers operated by SCDHHS. For those waivers operated by SCDDSN product information and billing will be done via the South Carolina Medicaid Web-Based Submission Tool, tape, diskette, or hard copy.

Providers must fill orders from its own inventory, or must contract with other companies for the purchase of items necessary to fill the order. A provider must not contract with any entity currently excluded from any state or federal health care programs.

Providers must notify beneficiaries of warranty coverage and honor all warranties under applicable state law, and repair or replace free of charge Medicaid-covered items that are under warranty.

Providers cannot initiate telephone contact with participants, CLTC staff, or case management providers in order to solicit new business. The Provider shall not market directly to potential or current Medicaid waiver participants (including direct mail advertising, door-to-door, telephonic, or other "cold-call" marketing).

Cold-call marketing is any unsolicited personal contact by the Provider with a potential or current Medicaid waiver participant.

Marketing is any communication from the Provider to a potential or current participant that can reasonably be

interpreted as intended to influence the participant to choose to receive services from the Provider or to not receive services from another Provider.

The Provider is prohibited from giving anything of value to a state employee or contract employee associated with the CLTC program. Providers may be suspended, terminated, or otherwise sanctioned for violating this requirement.

Providers must answer questions, respond to complaints from participants, and maintain documentation of contacts in response to complaints. Complaint records must include the name, address, telephone number, and Medicaid number of the participant, a summary of the complaint and any actions taken to resolve it.

Providers are responsible for delivery and must instruct beneficiaries on use of Medicaid-covered items, and maintain proof of delivery. Please see the section labeled documentation requirements for more information regarding proof of delivery.

Providers must accept returns of substandard (less than full quality for the particular item) or unsuitable items (inappropriate for the participant at the time it was fitted or sold) from participants.

Providers must disclose to SCDHHS any person having ownership, financial, or control interest in the agency. A provider must not convey or reassign a provider number (i.e., the provider may not sell or allow another entity to use its Medicaid billing number).

DOCUMENTATION REQUIREMENTS

Providers of waiver supplies are responsible for delivery. The provider may deliver directly to the participant or a designee. Noted the relationship of the designee to the beneficiary on the delivery slip and the signature should be legible. Providers, their employees, and others with a financial interest in the delivery of the item are prohibited from signing and accepting an item on behalf of the participant (i.e., acting as a designee on behalf of the participant).

Providers must maintain proof of the delivery of supplies (i.e., return receipt to include the participant's name, quantity delivered, detailed description of the delivered

item, brand name, serial number) in their place of business for a minimum of five years. Proof of delivery documentation must be made available to Medicaid upon request. Any claims for services that do not have a documented proof of delivery from the supplier shall be denied and payments recovered.

Delivery confirmation slips must show ship dates, mailing dates, delivered dates, and addresses to which deliveries were made. The delivery confirmation slip must document if someone signed for the package, or if it was delivered without a signature, and where it was left for the participant.

Medical supply providers can access the delivery confirmation information maintained by the delivery companies online. Providers must keep delivery confirmation records for five years. Medicaid will not accept a tracking number without the follow-up delivery confirmation data.

BILLING PROCEDURES AND SERVICE MONITORING

The provider must agree to participate in all components of SCDHHS' Care Call or Phoenix monitoring and payment system when providing services for participants of the Community Choices, HIV/AIDS, Mechanical Ventilation, and Medically Complex Children's waivers. The Care Call system is an automated system used for service documentation and Medicaid Management Information System (MMIS) billing. Phoenix is a system that is used for service monitoring, web-based reporting, and billing to MMIS. The provider will document its provision of incontinence products for all SCDHHS-operated waivers in the Phoenix system via a web-based claims submission process. Providers will be required to bill claims on this website in a timely manner. Claims, at a minimum, must be entered into the website within the quarter after the date of service. In all cases, services documented are compared with prior authorizations in the system to determine if the services were provided appropriately. Claims rejected for payment must be resubmitted through the local CLTC area office.

For monitoring of service delivery and reporting, real-time reports allow providers, case managers, and/or nurses to monitor participants more closely to ensure receipt of services. On a bi-weekly basis, Care Call generates

SECTION 2 POLICIES AND PROCEDURES

CLTC WAIVER SUPPLY PROVIDERS

BILLING PROCEDURES AND SERVICE MONITORING (CONT'D.)

electronic billing to MMIS for services provided. Only authorized services and the total units provided (up to the maximum authorization) are submitted to MMIS for payment. This billing ensures accuracy of claim processing.

For all instances in which a participant did not receive an authorized shipment for waivers operated by SCDHHS, the provider must indicate the reason why the shipment was not delivered on the Care Call website. For each month in which the delivery of the product was not provided, the provider must indicate the reason on the website by the close of business the following week.

The Intellectually Disabled/Related Disabilities (ID/RD), Community Supports, and Head and Spinal Cord Injury waiver currently do not require the use of the Care Call billing system and claims may be submitted electronically via the South Carolina Medicaid Web-based Claim Submission Tool, tape or diskette, or hard copy.

SCDHHS reserves the right to perform on-site reviews during normal business hours to ensure compliance with policies and procedures.

MEDICAID POLICY ADHERENCE

Providers must comply with all South Carolina Medicaid policies and procedures as outlined by SCDHHS. The provider will use the Care Call system to bill claims by the end of the quarter following service delivery. For claims not using the Care Call system, the provider must submit edit-free claims for reimbursement to MMIS within one year from the date of service following up-to-date policies and procedures and in accordance with correct coding.

SANCTION PROCESS CLTC ENVIRONMENTAL MODIFICATION PROVIDERS

Community Long Term Care (CLTC) will review provider compliance with environmental modification program requirements on an ongoing basis. The department's environmental modification specialist will complete reviews. Failure to comply with the environmental modification requirements will result in the application of sanctions, either suspension and/or termination.

Suspension: The environmental modification provider is removed from the provider choice list. The provider will not be allowed to bid or be listed on the participant's choice list for the duration of the sanction. The minimum period of suspension is 1 month. Providers who are suspended must complete all outstanding jobs to the specifications indicated by the environmental modification specialist before being allowed to perform new work with CLTC.

Termination: The cancellation of your enrollment in the Medicaid (CLTC) program resulting in denial of Medicaid participation for a period of three (3) years. After two suspensions for any reason, a third suspension in a two (2) year period from July-June will lead to termination from Medicaid participation.

SECTION 2 POLICIES AND PROCEDURES

PROGRAM SERVICES

Compliance Issues Resulting in Suspension and/or Termination

Refusing to complete jobs that the provider has bid on and won: Providers are expected to complete any job where they are the winning bidder. If the winning bidder **accepts the job, then** refuses to complete the project the provider will be subject to the following sanctioning process.

First offense - Suspend one (1) month

Second offense- Suspend two (2) months (within 1 year of first offense)

Third offense - Termination (within 1 year of first offense)

Example: The provider bids and accepts jobs in several different areas. He or she gets to the jobsite and decides he or she has underbid the project and/or does not have the time or manpower to complete the job, and refuses to honor his bid. This action will result in sanctioning of the provider.

Failure to complete jobs timely as defined by the date on the environmental modification specialists bid notification in Phoenix: Providers are expected to complete work in a timely manner. If it is identified that there are three (3) occurrences of this type within a six (6) month time period of January through June and/or July through December the following sanctions will apply.

A) Suspension for two (2) months

B) Each subsequent occurrence - Suspension for two (2) months

Example: The provider accepts a project through Phoenix which has an expected date of completion on it; if the provider accepts the job he is accepting the completion time frame. If the environmental modification specialist discovers that the provider is not completing this project in the allotted time frame indicated on the bid in Phoenix this action will result in sanctioning of the provider indicated above.

SCDHHS environmental modification Inspector returning to jobsite due to poor workmanship: Providers are expected to comply with the standards set forth by the environmental modification inspector. If the SCDHHS inspector must return to the jobsite due to poor workmanship the following sanctioning process will occur.

SECTION 2 POLICIES AND PROCEDURES

PROGRAM SERVICES

Compliance Issues Resulting in Suspension and/or Termination (Cont'd.)

A) Three (3) substantiated returns in any quarter - Suspend two (2) months

B) Six (6) substantiated returns in any quarter - Terminate

Example: The provider accepts a project through Phoenix and completes the job. The environmental modification specialist will then review the work done. If the environmental modification specialist determines the project was not done to general contracting standards a letter will be sent to the provider indicating the corrections that need to be completed on the job. If this occurs sanctioning of the provider will occur on the schedule mentioned above.

Documenting in Phoenix that a job is complete and/or billing for services through Care Call prior to completion of job: Providers cannot bill Medicaid prior to the completion of an environmental modification project. If providers are found to have billed Medicaid or documented in Phoenix that the job was completed prior to job completion the following sanctioning process will apply:

Recoupment of inappropriate payment, if found job is not completed plus

A) First offense – Suspend for one (1) month

B) Second offense – Suspend two (2) months

C) Third offense- Termination

Example: The provider accepts a project through Phoenix and goes to work on the job. The crew tells the provider they have completed the job and the provider indicates this in the Phoenix system and/or bills for the job through Care Call. The environmental modification specialist and/or participant determine that project was not complete prior to indicating it in phoenix and/or billing through Care Call will result in the sanctioning of the provider on the schedule mentioned above.

Refusal or inability to complete job to the specifications set forth by the Environmental Modification inspector: Providers are expected to complete jobs within the standards set forth by the environmental modification specialist. Any job not completed to general contracting

specifications will receive a corrective action letter that must be followed. If the provider does not follow the corrective action letter and the deficiencies are not corrected within two (2) weeks all funds will be recouped and the provider will be automatically suspended from providing services to Medicaid participants until the job has been completed. The provider will be reinstated one month after the date of completion of the job.

A second offense of the type described above will result in being suspended for two months after the correction of the deficiencies and a third offense will result in automatic termination as a Medicaid provider.

Example: The provider accepts a project through Phoenix and completes the job. The environmental modification specialist will then review the work that was done. If the environmental modification specialist determines that the project was not done to general contracting standards a letter will be sent to the provider indicating the corrections that need to be completed on the job. If the provider does not correct the deficiencies within two weeks this will lead to the sanctioning process mentioned above.

Home and Community Based Waivers (HCBW) are programs that allow individuals who meet an institutional level of care to receive items and services not covered through the South Carolina Medicaid State Plan. These items and services are allowed through the waiver programs to assist individuals in remaining in their own home or other community setting and avoiding institutional placement.

PEST CONTROL STANDARDS FOR COMMUNITY LONG TERM CARE PARTICIPANTS

Conditions of Participation

All providers must verify participant's Medicaid eligibility upon acceptance of an authorization for pest control and any time services are rendered thereafter to ensure continued eligibility.

Agencies must utilize the automated systems mandated by CLTC to document and bill for the provision of services.

SECTION 2 POLICIES AND PROCEDURES

PROGRAM SERVICES

Conditions of Participation (Cont'd.)

Providers must accept or decline referrals from CLTC or SCDDSN within two (2) working days. Failure to respond will result in the loss of the referral.

Conduct of Service

The Provider must obtain an authorization for pest control services from CLTC. The authorization will designate the amount, frequency and duration of service for participants. Pest control authorizations are for a maximum of once every other month. The Provider will receive new authorizations only when there is a change to the authorized service amount, frequency or duration.

All instructions on the authorization for service must be followed in order to be reimbursed for the pest control service. Pest control services must be completed by the provider within 14 days of acceptance of the CLTC authorization for service.

Pest Control treatments need to include both in-home and exterior treatment. All providers must go into the participants home to inspect and treat the residence and call in the service to Care Call. If a participant is not at the residence at the time of the treatment the provider will need to reschedule for a time when the participant will be present in the home.

Providers can only utilize a cell phone to call in claims if the participant does not have a home phone.

If for any reason a provider is not able to make the call for pest control the day of the treatment then the claim will need to be submitted via the Care Call website. Providers who are not routinely calling in claims for this service through the Care Call phone system will be terminated from South Carolina Medicaid.

kinds of activities that the PC II aide performs are comparable to those that family members would perform for the person in need. PC II aides provide assistance with walking, bathing, dressing, toileting, grooming, preparing meals, and feeding. The aide also helps to maintain the home environment, including light cleaning, laundry, shopping, and keeping the home safe. The client's vital signs, such as respiratory rate, pulse rate, and temperature, are observed. The aide may also remind the client to take prescribed medication(s) and, when necessary, transport and/or escort the client.

PC II aides work under the supervision of an RN. Prior authorization is required for PC II services, with an indication of the amount, frequency, duration, and type of services required.

The DDSN service coordinator shall obtain a physician's order requesting PC II services for individuals under the age of 21. A physician's order is not required for those ID/RD waiver beneficiaries over the age of 21.

Nursing Services

Nursing services provide skilled medical monitoring, direct care, and interventions that meet the medical needs of clients at home. Nursing services prevent institutionalization.

Habilitation Services (Day)

Day habilitation services provide assistance with the acquisition, retention, or improvement of self-help, socialization, and adaptive skills. These services take place in a non-residential setting, separate from the home or facility in which the client resides. Normally, these services are furnished four or more hours per day on a regularly scheduled basis, for one or more days per week, unless provided as an adjunct to other day activities included in the beneficiary's plan of service. Day habilitation services focus on enabling clients to attain or maintain their maximum functional level. They shall also be coordinated with any physical, occupational, or speech therapies listed in the plan of service. Additionally, day habilitation services reinforce skills or lessons taught in school, therapy, or other settings.

Habilitation Services (Prevocational)

Prevocational habilitation services are not available under a program funded under Section 110 of the Rehabilitation Act of 1973 or Section 602 (16) and (17) of the

SECTION 2 POLICIES AND PROCEDURES

PROGRAM SERVICES

Habilitation Services (Prevocational) (Cont'd.)

Individuals with Disabilities Education Act (20 U.S.C. 1401(16 and 17)). Activities included in this service are not directed at teaching specific job skills, but at underlying habilitative goals, such as attention span and motor skills. All prevocational services will be reflected in the client's plan of service as directed to habilitation rather than explicit employment objectives. These services teach concepts such as compliance, attendance, task completion, problem solving, and safety, to prepare clients for paid and unpaid employment.

Excluding supported employment programs, prevocational habilitation services are provided to clients not expected to be able to join the general work force or participate in a transitional sheltered workshop within one year. When compensated, individuals are paid less than 50 percent of minimum wage.

Documentation will be maintained in each client's file that the service is not otherwise available under the program funded under the Rehabilitation Act of 1973 or P.L. 94-142.

Habilitation Services (Residential)

Residential habilitation services include the care, skills training, and supervision provided to clients in a non-institutional setting. The degree and type of care, supervision, skills training, and support of clients will be based on the plan of service and the client's individual needs. Services include assistance with acquisition, retention, or improvement of skills related to activities of daily living, such as personal grooming and cleanliness; household chores and bed-making; eating and preparation of food; and the social and adaptive skills necessary to enable the individual to reside in a non-institutional setting.

Other than costs for modifications or adaptations to a facility required to assure the health and safety of residents or to meet the requirements of the applicable life safety codes, payments for residential habilitation are not made for the following:

- Room and board
- Costs of facility maintenance
- Upkeep
- Improvement

Payments for residential habilitation do not include those

made, directly or indirectly, to members of the client's immediate family. Payments will not be made for the routine care and supervision provided by a family or group home provider or for activities or supervision covered by a source other than Medicaid.

SECTION 3 BILLING PROCEDURES

GENERAL INFORMATION

The South Carolina Department of Health and Human Services (SCDHHS) strives to make billing as simple for providers as possible. This section is a "how-to" manual on billing procedures with information on how to file a claim, what to do with a rejected claim, etc. Also included is information concerning administrative procedures such as adjustments and refunds. This section will help with these issues, but may not answer all of your questions. You should direct any questions he Provider Service Center (PSC) at 1-888-289-0709. Providers can also submit an online inquiry at http://www.scdhhs.gov/contact-us and a provider service representative will then respond to you directly.

REIMBURSEMENT

The Department of Health and Human Services will reimburse the CLTC provider for services agreed to in the contract, provided as authorized, and according to the rate specified in the contract.

USUAL AND CUSTOMARY RATES

Providers are required to bill their usual and customary rate when filing Medicaid claims. Charges to Medicaid cannot exceed charges to private patients, whether they are self-pay or covered by another carrier. Billing of covered procedures prior to the date of service is prohibited.

CLAIM FILING TIMELINESS

Medicaid policy requires that only "clean" claims received and entered into the claims processing system within one year from the date of service be considered for payment. A "clean" claim is free of errors and can be processed without obtaining additional information from the provider or another third party. Claims with an edit code of 509 or 510 on remittances, or CARC 29 on an electronic Remittance Advice, have not met these criteria. It is the provider's responsibility to follow up on claims in a timely manner to ensure that all claims are filed and corrected within Medicaid policy limits.

DUAL ELIGIBILITY

When a beneficiary has both Medicare and Medicaid, Medicare is considered to be the primary payer. Services rendered to persons who are certified dually eligible for Medicare/Medicaid must be billed to Medicare first.

SECTION 3 BILLING PROCEDURES

GENERAL INFORMATION

MEDICARE CROSSOVER CLAIMS FOR COINSURANCE AND DEDUCTIBLE

All claims not paid in full by Medicare must be filed directly to Medicaid as claims no longer cross over for automatic payment review.

MEDICARE PRIMARY CLAIM

Claims for payment when Medicare is primary must be received and entered into the claims processing system within two year from the date of service or discharge, or within six months following the date of Medicare payment, whichever is later.

RETROACTIVE ELIGIBILITY

Claims involving retroactive eligibility must meet both of the following criteria to be considered for payment:

- Be received and entered into the claims processing system within **six months** of the beneficiary's eligibility being added to the Medicaid eligibility system **AND**
- Be received within **three years** from the date of service or date of discharge (for hospital claims). Claims for dates of service that are more than three years old will not be considered for payment.

To document retroactive eligibility, the provider is responsible for submitting one of the following documents with each claim within the above time frames:

- DHHS Form 945, which is a statement verifying the retroactive determination furnished by the eligibility worker, or
- The computer-generated Medicaid eligibility approval letter notifying the beneficiary that Medicaid benefits have been approved. This can be furnished by the beneficiary or the eligibility worker. (This is different from the Certificate of Creditable Coverage.)

Claims involving retroactive eligibility that are received more than three years from the date of service will be rejected with edit code 533 (date of service more than three years old) and CARC 29 (the time limit for filing has expired).

SCDHHS will no longer consider claims that exceed the timely filing limits due to the provider being unaware of the beneficiary's coverage.

SECTION 3 BILLING PROCEDURES

GENERAL INFORMATION

BENEFICIARY COPAYMENTS

Section 1902(a)(14) of the Social Security Act permits states to require certain beneficiaries to share some of the costs of Medicaid by imposing copayments upon them. A copayment is the amount of money the beneficiary is expected to pay to the provider at the time services are received.

SC Medicaid has required a copayment from beneficiaries toward the cost of their care since March 2004. Medicaid beneficiaries may not be denied service if they are unable to pay the copayment at the time the service is rendered; however, this does not relieve the beneficiary of the responsibility for the copayment.

It is the provider's responsibility to collect the copayment from the beneficiary to receive full reimbursement for a service. The amount of the copayment will be deducted from the Medicaid payment for all claims involving copayments.

As of July 2011, SCDHHS revised the beneficiary copayment amounts for Medicaid Services. Please refer to Appendix 3 of this manual for the Copayment Schedule. Also, pursuant to this change, persons ages 19 and older who are enrolled in a waiver program through Community Long Term Care or the SC Department of Disabilities and Special Needs must make a copayment for their State Plan services according to established policy. Members of MCOs should contact their individual plan for information about copayments applicable in their plan.

Copayment Exclusions

Pursuant to federal regulations, the following beneficiaries are excluded from copayment requirements: children under the age of 19, pregnant women, institutionalized individuals (such as persons in a nursing facility or ICF/IID, members of a Federally Recognized Indian Tribe (for services rendered by the Catawbas Service Unit in Rock Hill, SC and when referred to a specialist or other medical provider by the Catawbas Service Unit) and members of the Health Opportunity Account (HOA) program. **Additionally, the following services are not subject to a copayment:** Medical equipment and supplies provided by DHEC; Orthodontic services provided by DHEC; Family Planning services, End Stage Renal Disease (ESRD) services, Infusion Center

SECTION 3 BILLING PROCEDURES

Copayment Exclusions (Cont'd.)

services, Emergency services in the hospital emergency room, Hospice benefits and Waiver services**.**

Claim Filing Information

The collection of copayment should not be entered in the Rsvd for NUCC use, field 30, on the CMS-1500 claim form; this would result in an additional reduction in payment.

When a beneficiary has Medicare or private insurance, the Medicaid copayment still applies per the policies outlined in this section. However, if the sum of the copayment and the Medicare/third party payment would exceed the Medicaid-allowed amount, the copayment should be adjusted or eliminated. In other words, though a provider may receive a primary insurance payment higher than what Medicaid would pay, the beneficiary's copayment should not contribute to the excess revenue.

SECTION 3 BILLING PROCEDURES

CLAIM FILING OPTIONS

Providers may choose one or more of the following options for filing claims:

- Paper Claims
- Electronic Claims
  - SC Medicaid Web-based Claims Submission Tool
  - Tapes, Diskettes, CDs, and Zip Files
  - File Transfer Protocol (FTP)

PAPER CLAIMS SUBMISSIONS

Paper claims are mailed to Medicaid Claims Receipt at the following address:

Medicaid Claims Receipt
Post Office Box 1412
Columbia, SC 29202-1412

Care Call

Providers of services through the electronic monitoring system (Care Call) do not bill for services using any other billing method. In addition, rejected claims are only resubmitted through the local CLTC area office. The Care Call filing option is mandatory for certain long-term care services.

CMS-1500 Claim Form

Professional Medicaid claims must be filed on the CMS-1500 claim form (02/12 version). Alternate forms are not acceptable. “Super Bills” and Continuous Claims are not acceptable and will be returned to the provider for correction. Use only black or blue ink on the CMS-1500.

Each CMS-1500 submitted to SC Medicaid must show charges totaled. ONLY six lines can be processed on a hard copy CMS-1500 claim form. If more than six lines are submitted, only the first six lines will be processed for payment or the claim may be returned for corrective action.

SCDHHS does not supply the CMS-1500 (form) to providers. Providers should purchase the form in its approved format from the private vendor of their choice. A list of vendors who supply the form can be found in Section 5 of this manual. Examples of the CMS-1500 claim form can be found in the Forms section of this manual.

SECTION 3 BILLING PROCEDURES

CLAIM FILING OPTIONS

CMS-1500 Claim Form (Cont'd.)

Providers using computer-generated forms are not exempt from Medicaid claims filing requirements. The SCDHHS data processing personnel should review your proposed format before it is finalized to ensure that it can be processed.

Procedural Coding

SC Medicaid requires that claims be submitted using codes from the current editions of the Healthcare Common Procedure Coding System (HCPCS) and the Current Procedural Terminology (CPT). Providers may also use supplemental codes as outlined in the various sections of this manual.

The Centers for Medicare and Medicaid Services revises the nomenclature within the HCPCS/CPT each quarter. When a HCPCS/CPT code is deleted, the SC Medicaid program discontinues coverage of the deleted code. SC Medicaid will not accept billing of discontinued codes for dates of service after the date on which the code is discontinued. When new codes are added, SCDHHS reviews the new codes to determine if the SC Medicaid program will cover them. Until the results of the review are published, SCDHHS does not guarantee coverage of the new codes.

Providers must adopt the new codes in their billing processes effective January 1 of each year and begin using them for services rendered on or after that time to assure prompt and accurate payment of claims.

The current editions of HCPCS/CPT may be ordered from:

Order Department
American Medical Association
Post Office Box 930876
Atlanta, GA 31193-0876

You may order online at http://www.amabookstore.com/ or call toll free 1-800-621-8335.

See Section 4 for procedure codes used for CLTC services.

Code Limitations

Certain procedures within the HCPCS/CPT may not be covered or may require additional documentation to establish their medical necessity or meet federal guidelines.

SECTION 3 BILLING PROCEDURES

CLAIM FILING OPTIONS

Diagnostic Codes

SC Medicaid requires that claims be submitted using the current edition of the *International Classification of Diseases, Clinical Modification* (ICD-CM). SC Medicaid will not accept billing of discontinued codes for dates of service after the date on which the code is discontinued. Physicians, practitioners, and suppliers must bill using the diagnosis code that is valid for that date of service. Providers must adopt the new codes for billing processes effective October 1 of each year and use for services rendered on or after that time to assure prompt and accurate payment of claims.

For dates of service on or before **September 30, 2015**, diagnosis codes must be full ICD-9-CM diagnosis codes. Valid diagnosis coding can only be obtained from the most current edition of the ICD-CM.

For dates of service on or after **October 1, 2015**, diagnosis codes must be full ICD-10-CM diagnosis codes. Valid diagnosis coding can only be obtained from the most current edition of the ICD-CM.

Supplementary Classification of External Causes of Injury and Poisoning (External Causes of Morbidity) codes are sub-classification codes and are not valid as first-listed or principal diagnosis.

A current edition of the ICD-CM may be ordered from:

Practice Management Information Corporation
4727 Wilshire Boulevard, Suite 300
Los Angeles, CA 90010

You may order online at http://www.pmiconline.com/ or call toll free 1-800-MED-SHOP.

Modifiers

Certain circumstances must be identified by the use of a two-character modifier that follows the procedure code. Failure to use these modifiers according to policy will slow turnaround time and may result in a rejected claim.

Only the first modifier entered is used to process the claim. Failure to use modifiers in the correct combination with the procedure code, or invalid use of modifiers, will result in a rejected claim.

Beneficiary signatures authorizing release of information regarding services provided will be accepted in the priority listed below:

1. Persons 18 years or older who are legally competent
2. Legal guardians signing on behalf of persons who have been judged incompetent
3. Signatures of case managers or public assistance technicians accompanying a patient who signs with an "X"
4. Parents or legal guardians signing on behalf of minors (under 18) (See 8 below.)
5. Case managers or public assistance technicians accompanying minors to a provider of services. In such cases, the case manager or public assistance technician should parenthetically indicate "accompanied" on the signature line of the individual claim form.
6. Foster parent(s) or a responsible party accompanying foster children for beneficiaries under 18 years of age. In either instance, relationship/ responsibility must be indicated.
7. A minor (including "X" signatures) in isolated areas where neither a parent, legal guardian, foster parent, or Department of Social Services representative is accompanying the minor, if a member of the provider's staff signs his or her name under the minor's signature as witness thereof

   Minors are allowed by law to sign on their own behalf in certain instances. Examples are:

Acceptable Signatures (Cont'd.)

a) Abortion cases

b) Treatment of sexually transmitted diseases (STDs)

c) Family planning

d) A minor parent giving consent for his or her child to receive care or treatment

8. An emancipated minor who is the head of his or her own household. If the minor is a part of his or her parent's household budget when applying for assistance, the Department of Social Services has determined that he or she is not emancipated.

In lieu of having a beneficiary sign individual claim forms each time a service is rendered, the provider may elect to have the beneficiary sign an Authorization to Release Information statement. This statement must include the date signed and be maintained in the patient's record. This will effectively meet requirements as outlined in Section 1 under Enrollment. The phrase "Patient's Signature on File" may then be entered in the patient's signature block of the claim form.

Provider Signatures

Effective July 1, 1987, providers are no longer required to sign claims. Instead, providers are held personally liable for all claims submitted by them or on their behalf as evidenced by their endorsement of the Medicaid reimbursement check. Furthermore, the provider should understand in endorsing or depositing the Medicaid check that payment is from federal and state funds and any falsification or concealment of a material fact may be prosecuted under federal and state laws. (See Section 1 for more information.)

National Provider Identifier and Medicaid Provider Number

Providers who are covered entities under HIPAA are required to obtain a National Provider Identifier (NPI). These "typical" providers must apply for an NPI and share it with SC Medicaid. to obtain an NPI and taxonomy code, please visit http://www1.scdhhs.gov/openpublic/serviceproviders/npi%info.asp for more information on the application process.

When submitting claims to SC Medicaid, typical providers must use the NPI of the ordering/referring provider and the

ELECTRONIC CLAIMS SUBMISSIONS

Trading Partner Agreement

SCDHHS encourages electronic claims submissions. All Medicaid providers who elect to submit or receive electronic transactions are required to complete a SC Medicaid Trading Partner Agreement (TPA) with SCDHHS. The TPA outlines the basic requirements for receiving and sending electronic transactions with SCDHHS. For specifications and instructions on electronic claims submission or to obtain a TPA, visit http://www1.scdhhs.gov/openpublic/hipaa/Trading%20Partner%20Enrollment.asp or contact the EDI Support Center via the SCDHHS Medicaid Provider Service Center at 1-888-289-0709.

Providers should return the completed and signed SC Medicaid TPA Enrollment Form by mail or fax to:

SC Medicaid TPA
Post Office Box 17
Columbia, SC 29202
Fax: (803) 870-9021

If a provider utilizes a billing agent and elects to have the billing agent access their electronic remittance advice, both the provider and the billing agent must have a TPA on file.

Note: SCDHHS distributes remittance advices electronically through the Web Tool. **All providers must complete a TPA in order to receive these transactions electronically.** Providers that currently use the Web Tool do not need to complete another TPA. Providers who have previously completed a TPA, but are not current users of the Web Tool, must register for a Web Tool User ID by contacting the EDI Support Center via the SCDHHS Medicaid Provider Service Center at 1-888-289-0709.

Companion Guides

Providers submitting electronic transactions must comply with all federal guidelines as contained in the HIPAA-required ANSI X-12 Implementation Guide, and with SCDHHS guidelines as contained in the SC Medicaid Companion Guides. The Companion Guides explain the situational and optional data required by SC Medicaid. Please visit the SC Medicaid Companion Guides webpage at http://www.scdhhs.gov/resource/sc-medicaid-companion-guides to download the Companion Guides. Information regarding placement of NPIs, taxonomy codes, and six-character legacy Medicaid provider numbers on electronic claims can also be found here.

Companion Guides are available for the following transactions:

- 837P Professional Health Care Claim
- 837I Institutional Health Care Claim
- 835 Claim Payment/Advice
- 276/277 Claim Status Inquiry/Response
- 270/271 Eligibility Verification Request/Response
- 278 Prior Authorization

Transmission Methods

An Electronic Data Interchange (EDI) transaction is the movement of data between two entities. EDI software enables providers to submit claims directly to SC Medicaid.

The following options may be used to submit claims electronically:

Tapes, Diskettes, CDs, and Zip Files

A biller using this option records transactions on the specified media and mails them to:

SC Medicaid Claims Control System
Post Office Box 2765
Columbia, SC 29202-2765

File Transfer Protocol

A biller using this option exchanges electronic transactions with SC Medicaid over the Internet.

SC Medicaid Web-based Claims Submission Tool

The SC Medicaid Web-based Claims Submission Tool is a free, online Web-based application for submitting HIPAA-compliant professional claims, institutional claims, and

SECTION 3 BILLING PROCEDURES

CLAIM FILING OPTIONS

SC Medicaid Web-based Claims Submission Tool

associated adjustments to SC Medicaid. The Web Tool offers the following features:

- Providers can attach supporting documentation to associated claims.
- The Lists feature allows users to develop their own list of frequently used information (*e.g.*, beneficiaries, procedure codes, diagnosis codes, etc.). During claims entry the user has the ability to select information from lists rather than repetitively keying, thus saving valuable time and increasing accuracy.
- Providers can check the status of claims.
- No additional software is required to use this application.
- Data is automatically archived.
- Providers can verify beneficiary eligibility online by entering Medicaid ID, Social Security Number, or a combination of name and date of birth.
- Providers can view, save and print their own remittance advices.
- Providers can change their own passwords.

The minimum requirements necessary for using the Web Tool are:

- Signed SC Medicaid Trading Partner Agreement (TPA) Enrollment Form
- Microsoft Internet Explorer (version 9.0, 10, 11); Firefox; Safari; or Google Chrome
- Internet Service Provider (ISP)
- Pentium series processor (recommended)
- Minimum of 1 gigabyte of memory
- Minimum of 20 gigabytes of hard drive storage

Note: In order to access the Web Tool, all users must have individual login Ids and passwords.

SECTION 3 BILLING PROCEDURES

CLAIM PROCESSING

REMITTANCE ADVICE

The Remittance Advice is an explanation of payments and actions taken on all processed claim forms and adjustments. The information on the Remittance Advice is drawn from the original claim submitted by the provider.

Processed claims and/or lines are assigned one of four statuses in field 10 on the Remittance Advice:

- **Status "P"** – Paid claims or lines
- **Status "S"** – Claims in process that require medical or technical review are suspended pending further action.
- **Status "R"** – Rejected claims or lines
- **Status "E"** – Encounter data (line contains service provided by the PCP). No action required.

Please refer to the Forms section of this manual for a sample Remittance Advice.

If a claim is rejected or suspended, the Remittance Advice will display the claim without payment. If some lines on the claim have paid and others are rejected, evaluate the reason for the rejection and file a new claim with the corrected information for the rejected lines only, if appropriate. For some rejected claims, it may also be necessary to attach applicable documentation to the new claim for review and consideration for payment.

Note: Corrections cannot be processed from the Remittance Advice.

SCDHHS generates electronic Remittance Advices every Friday for all providers who had claims processed during the previous week. Unless an adjustment has been made, a reimbursement payment equaling the sum total of all claims on the Remittance Advice with status P (paid) will be deposited by electronic funds transfer (EFT) into the provider's account. (See "Electronic Funds Transfer (EFT)" later in this section. **Providers must access their Remittance Advices electronically through the SC Medicaid Web-Based Claims Submission Tool (Web Tool).** Providers can view, save, and print their remittance advice(s), but not a Remittance Advice belonging to

another provider. Remittance Advices for current and previous weeks are retrievable on the Web Tool.

Suspended Claims

Provider response is not required for resolution of suspended claims unless it is requested by SCDHHS. If the claim is not resolved within 30 days, check it for errors and refile. For information regarding your suspended claim, please contact the PSC or submit an online inquiry at http://scdhhs.gov/contact-us.

Rejected Claims

For a claim or line that is rejected, edit codes will be listed on the Remittance Advice under the Recipient Name column. The edit code sequence displayed in the column is a combination of an edit type (beginning with the letter "L" followed by "00" or "01," "02," etc.) and a three-digit edit code.

The following three types of edits will appear on the Remittance Advice:

Insurance Edits

These edit codes apply to third-party coverage information. They can stand alone ("L00") or include a claim line number ("L01," "L02," etc.). Always resolve insurance edit codes first.

Claim Edits

These edit codes apply to the body of the claim (not the line items) and have rejected the entire claim from payment. Such edits are prefaced by "L00."

Line Edits

These edit codes are line specific and are always prefaced by a claim line number ("L01," "L02," etc.). They apply to only the line indicated by the number.

The three-digit edit code has associated instructions to assist the providers in resolving their claims. Edit resolution instructions can be found in Appendix 1 of this manual.

If you are unable to resolve an unpaid line or claim, contact the PSC or submit an online inquiry at http://scdhhs.gov/contact-us for assistance before resubmitting another claim.

SECTION 3 BILLING PROCEDURES

CLAIM PROCESSING

Rejected Claims (Cont'd.)

Note: Medicaid will pay claims that are up to one year old. If the date of service is greater than one year old, Medicaid will not make payment. The one-year time limit does not apply to **retroactive eligibility** for beneficiaries. Refer to "Retroactive Eligibility" earlier in this section for more information. Timeliness standards for the submission and resubmission of claims are also found in Section 1 of this manual.

Rejections for Duplicate Billing

When a claim or line is rejected for duplicate billing, the payment date of the original claim appears beside the duplicate edit code on the Remittance Advice under the Recipient Name column (*e.g.*, "L00 852 01/24/14"). This eliminates the need for contacting the PSC for the original reimbursement date.

Claim Reconsideration Policy — Fee-for-Service Medicaid

Effective January 1, 2015, SCDHHS will implement a Claim Reconsideration policy. The Claim Reconsideration process is an informal claim review, and is not a substitute for an appeal of a final agency decision. When requesting a reconsideration, providers must adhere to all applicable policies, timely filing limits, and must comply with the following procedures:

1. Submit a completed SCDHHS-CR Form within 30 days of receipt of the remittance advice reflecting the denial of the claim(s). The SCDHHS-CR Form is located in the Forms section of this provider manual.
2. Complete the SCDHHS-CR Form and attach all documentation in support of your request for reconsideration.

The provider will receive a written response from SCDHHS within 60 days notifying them of the decision of the reconsideration request provided the SCDHHS-CR Form has been fully completed and all supporting documentation was attached for review. If the denial is upheld as a result of the Claim Reconsideration review, the provider has 30 days from receipt of the decision to file an appeal in accordance with the Appeal policy in Section 1 of this provider manual.

Providers should submit Claim Reconsiderations to the following mailing address or fax number:

Requests that **do not** qualify for SCDHHS claim reconsiderations:

1. Claim denials resulting from failure to submit documentation during the claim adjudication process do not qualify for a Claim Reconsideration. Providers should submit a new claim and attach documentation.
2. Providers who receive a denial of service for Prior Authorization (PA) through one of SCDHHS contracted agents (*e.g.,* KEPRO, LogistiCare, ICORE, Magellan, DentaQuest) will not qualify for a Claim Reconsideration. The provider must pursue a reconsideration or appeal request through the contracted agent, and if the denial is upheld the provider has the right to a SCDHHS formal Appeal of a final agency decision.
3. Providers who receive a denied claim or denial of service through one of SCDHHS' Managed Care Organizations (MCOs) must pursue a reconsideration or appeal through the MCO, and will not qualify for a Claim Reconsideration.
4. Claim payments suspended for a credible allegation of fraud and pending an investigation do not qualify for Claim Reconsideration.
5. Submission of a new claim with a Claim Reconsideration is not an acceptable method to correct claim disputes in the informal Claim Reconsideration review process, and will not be adjudicated or reviewed. For Claim Reconsideration requests that do not qualify for review, providers will be sent a written response notifying them that a Claim Reconsideration will not be conducted due to failure to meet Claim Reconsideration qualifications and/or procedures.

EDI Remittance Advice - 835 Transactions

Providers who file electronically using EDI Software can elect to receive their Remittance Advice via the ASC X12 835 (005010X221A1) transaction set or a subsequent version. These electronic 835 EDI Remittance Advices contain Claim Adjustment Reason Codes (CARCs), broad definitions of why claims did not pay as billed, and Remittance Advice Remark Codes (RARCs), more detailed reasons for why claims did not pay as billed. (See Appendix 1 for a listing of CARCs and RARCs.) The electronic 835 EDI Remittance Advice will only report items that are returned with P (paid) or R (rejected) statuses.

Providers interested in utilizing this electronic transaction should contact the EDI Support Center via the SCDHHS Medicaid Provider Service Center at 1-888-289-0709.

Duplicate Remittance Advice

Providers must use the Remittance Advice Request Form located in the Forms Section of this manual to submit requests for duplicate remittance advices. Charges associated with these requests will be deducted from a future Remittance Advice and will appear as a debit adjustment. Please check the Web Tool for the availability of the remittance advice date before submitting your request.

Reimbursement Payment

SCDHHS no longer issues hard copy checks for Medicaid payments. Providers receive reimbursement from SC Medicaid via electronic funds transfer (EFT). (See "Electronic Funds Transfer" later in this section.)

The reimbursement payment is the sum total of all claims on the Remittance Advice with status P. If an adjustment request has been completed, it will appear on the Remittance Advice. (See "Claim Adjustments" later in this section.)

SECTION 3 BILLING PROCEDURES

CLAIM PROCESSING

Reimbursement Payment (Cont'd.)

Note: Newly enrolled providers will receive a hard copy check until the electronic funds transfer process is successfully completed.

Electronic Funds Transfer (EFT)

Upon enrollment, SC Medicaid providers must register for Electronic Funds Transfer (EFT) in order to receive reimbursement. SCDHHS will not provide any payments for items or services provided under the State Plan or under a waiver to any financial institution or entity located outside the United States.

Prior to revoking or revising the EFT authorization agreement, the provider must provide 30 days written notice to:

Medicaid Provider Enrollment
Post Office Box 8809
Columbia, SC 29202-8809

The provider is required to submit a completed and signed EFT Authorization Agreement Form to confirm new and/or updated banking information. Refer to the Forms section for a copy of the EFT Authorization form.

All EFT requests are subject to a 15-day pre-certification period in which all accounts are verified by the qualifying financial institution before any SC Medicaid direct deposits are made.

During the pre-certification period, the provider will receive reimbursement via hard copy checks.

If the bank account cannot be verified during the pre-certification period, the provider will be notified and will be required to submit an EFT form and bank account verification from their financial institution.

Upon completion of the pre-certification period, reimbursement payment will be deposited directly into the provider's bank account. The last four digits of the bank account are reflected on the Remittance Advice. Providers may view their Remittance Advice (RA) on the Web Tool for payment information.

When SCDHHS is notified that the provider's bank account is closed or the routing and/or bank account number is no longer valid, the provider will be notified and will be required to submit an EFT form and bank account

SECTION 3 BILLING PROCEDURES

CLAIM PROCESSING

verification from their financial institution.

Each time banking information changes, the 15-day pre-certification period will occur and the provider will receive reimbursement via hard copy checks.

Uncashed Medicaid Checks

SCDHHS may, under special circumstances, issue a hard copy reimbursement check. In instances where Medicaid checks to providers remain outstanding 180 days or longer from the date of check issue, SCDHHS is required by federal regulations to refund to the federal government the federal share of those Medicaid checks. Therefore, SCDHHS will have the bank return (or not honor) Medicaid checks presented for payments that are 180 days old or older.

THIRD-PARTY LIABILITY (TPL)

The SCDHHS Health Insurance Information Referral Form is used to document third-party insurance coverage, policy changes, beneficiary coverage changes, carrier changes, and policy lapse information. A copy of this form is included in the Forms section of this manual. Completed forms should be mailed or faxed directly to Medicaid Insurance Verification Services at the following address:

South Carolina Healthy Connections
Post Office Box 101110
Columbia, SC 29211-9804
Fax: (803) 252-0870

Cost Avoidance

Under the cost avoidance program, claims billed primary to Medicaid for many providers will automatically be rejected for those beneficiaries who have other resources available for payment that are responsible as the primary payer.

Providers should not submit claims to Medicaid until payment or notice of denial has been received from any liable third party. However, the time limit for filing claims cannot be extended on the basis of third-party liability requirements.

If a claim is rejected for primary payer(s), the Edit Correction Form will supply all information necessary for the provider to file with the third-party payer. This information is listed to the right of the Medicaid claims receipt address on the ECF under the heading "INSURANCE POLICY INFORMATION" and includes the insurance carrier code, the policy number, and the

SECTION 3 BILLING PROCEDURES

CLAIM PROCESSING

Cost Avoidance (Cont'd.)

name of the policyholder. Information about the carrier address and telephone number may be found in Appendix 2 of this manual. Providers can also view carrier codes on the Provider Information page at http://provider.scdhhs.gov/.

If a claim or line is rejected for primary payer(s) or failure to bill third-party coverage, providers should submit a new claim and include the insurance carrier code, the policy number, and the name of the policyholder found in third-party payer information on the Web Tool. Information about the insurance carrier address and telephone number may be found in Appendix 2 of this manual. Providers can also view carrier codes on the Provider Information page at http://provider.scdhhs.gov.

Reporting Third-Party Insurance On a CMS-1500 Claim Form

After the claim has been submitted to the third-party payer, and the third-party payer denies payment or the third-party payment is less than the Medicaid allowed amount, the provider may submit the claim to Medicaid. To indicate that a claim has been submitted to a third-party insurance carrier, include the carrier code, the policy number, and the amount paid. Instructions are provided earlier in this section on coding the CMS-1500 claim for third-party insurance information.

If the third party denies payment, the TPL indicator for "insurance denied" should be entered in the appropriate field on the CMS-1500 claim form. For the CMS-1500 the appropriate field for TPL coding is field 10d. The TPL indicators accepted are:

Code	Description
1	Insurance denied
6	Crime victim
8	Uncooperative beneficiary

If the third-party payment is equal to or greater than the SC Medicaid established rate, Medicaid will not reimburse the balance. The Medicaid beneficiary **is not liable** for the balance.

Third-Party Liability Exceptions

Providers may occasionally encounter difficulties in obtaining documentation and payment from third parties and beneficiaries. For example, the third-party insurer may

SECTION 3 BILLING PROCEDURES

CLAIM PROCESSING

Third-Party Liability Exceptions (Cont'd.)

refuse to send a written denial or explanation of benefits, or a beneficiary may be missing or uncooperative. In such cases it is the provider's responsibility to seek a solution to the problem.

Providers have many resources available to them for pursuing third party payments. Program areas will work with providers to explore these options.

As a final measure, providers may submit a reasonable effort document along with a claim filed as a denial. This document can be found in the Forms section of this manual. The reasonable effort document must demonstrate sustained efforts of claim submission and/or adequate follow-up to obtain the needed action from the insurance company or beneficiary. This document should be used only as a last resort, when all other attempts at contact and payment collection have failed.

The reasonable effort documentation process does not exempt providers from timely filing requirements for claims. Please refer to "Time Limit for Submitting Claims" in Section 1.

If the provider is filing a hard copy claim, the reasonable effort document should be attached to the claim form and returned to Medicaid Claims Receipt.

If a claim is rejected for failure to bill third-party coverage, the provider must submit a new claim with the correctly coded information that documents payment or denial of payment by the third-party carrier. Please refer to the Web Tool for the insurance information of the third-party payer.

Dually Eligible Beneficiaries

When a dually eligible beneficiary also has a commercial payer, the provider should file to all payers before filing to Medicaid. If the provider chooses to submit a CMS-1500 claim form for consideration of payment, he or she must declare all payments and denials. If the combined payments of Medicare and the other payer add up to less than Medicaid's allowable, Medicaid will make an additional payment up to that allowable not to exceed the remaining patient responsibility. If the sum of Medicare and other payers is greater than Medicaid's allowable, the claim will reject with the 690 edit (payment from other sources is more than Medicaid allowable).

SECTION 3 BILLING PROCEDURES

CLAIM PROCESSING

TPL Refunds

When reimbursed by both Medicaid and third-party insurance, the provider must refund the lesser of either the amount paid by Medicaid or the full amount paid by the insurance company. See "Claim Adjustments" and "Refunds" later in this section.

Medicaid Recovery Initiatives

Retro Health Insurance

Where SCDHHS discovers a primary payer for a claim Medicaid has already paid, SCDHHS will pursue recovery. Once an insurance policy is added to the TPL policy file, claims that have services in the current and prior calendar years are invoiced directly to the third party.

Retro Medicare

Every month, providers are notified by letter of claims Medicaid paid primary for beneficiaries with Medicare coverage (Retro Medicare). The letter provides the beneficiary's Medicare number to file the claim with Medicare. The Medicaid payments will be recouped within 30 days of the date of the letter. Please retain the letter for accurate accounting of the recoupment. Questions about this letter may be referred to Medicaid Insurance Verification Services (MIVS) at 1-888-289-0709 option 5.

Where claims have been pulled into Retro Medicare and Retro Health for institutional providers, the provider should not attempt to refund the claim with a void or void/replacement claim. Should they do so, they will incur edits 561, 562, and 563.

Carrier Codes

All third-party payers are assigned a three-character code referred to as a carrier code. The appropriate carrier code must be entered on the CMS-1500 form when reporting third-party liability.

The list of carrier codes (Appendix 2) contained in this manual is categorized both alphabetically by the names of the insurance companies and numerically by the carrier code assigned to each company. These codes are current at the time of publication of this manual; however, they are subject to change.

If a particular carrier or carrier code cannot be found in this manual, providers should visit the Provider Information

SECTION 3 BILLING PROCEDURES

CLAIM PROCESSING

Carrier Codes (Cont'd.)

page on the SCDHHS Web site at http://provider.scdhhs.gov to view and/or download the most current carrier codes. Carrier codes are updated each quarter on the Web site.

If a particular carrier code is neither listed in the manual nor on the SCDHHS Web site, providers may use the generic carrier code 199 for billing purposes. Contact the PSC or submit an online inquiry for assistance should the Web Tool list a numerical code that cannot be located in the carrier codes either in this manual or online.

CLAIM ADJUSTMENTS

Adjustments can be made to paid claims only. A request may be initiated by the provider or SCDHHS. SCDHHS-initiated adjustments are used when the agency determines that an overpayment or underpayment has been made to a provider; SCDHHS will notify the provider when this occurs. Questions regarding an adjustment should be directed to the PSC or submit an online inquiry for assistance. It is important to note that discontinuation of participation in Medicaid will **NOT** eliminate an existing overpayment debt.

A **claim-level adjustment** is a **detail-level** Void (debit) or Void/Replacement that is used to correct both the payment history **and** the actual claim record. It is limited to one claim per adjustment request. A Void claim will always result in an account debit for the total amount of the original claim. A Void/Replacement claim will generate an account debit for the original claim and refile the claim with the corrected information.

A **gross-level adjustment** is defined as a **provider-level** adjustment that is a debit or credit that will affect the financial account history for the provider; however, the patient claim history in the Medicaid Management Information System (MMIS) will not be altered, and the Remittance Advice will not be able to provide claim-specific information.

Claim-Level Adjustments

All Medicaid providers are able to initiate claim-level adjustments. Please note: gross-level adjustments may still be used as discussed in "Gross-Level Adjustments." The process for claim-level adjustments gives providers the option of initiating their own corrections to individual claim records. This process allows providers to submit

SECTION 3 BILLING PROCEDURES

CLAIM PROCESSING

Claim-Level Adjustments (Cont'd.)

adjustments directly to SC Medicaid. Claim-level adjustments should only be submitted for claims that have been paid (status "P").

Claim-level adjustments should be initiated when:

- The provider has identified the need for a **Void/Replacement** of an original claim. This process should be used when the information reported on the original claim needs to be amended. **The original claim must have a date of service that is less than 12 months old.** (See "Claim Filing Timeliness" in this section for more information.)
- The provider has identified the need for a **Void Only** of a claim that was paid within the last 18 months. This process should be used when the provider wishes to withdraw the original claim entirely.

Claim-level adjustments can be submitted in several ways:

- Providers who submit claims using a HIPAA-compliant electronic claims submission format must use the void or replacement option provided by their system. (See "Void and Replacement Claims for HIPAA-Compliant Electronic Submissions" below.)
- Providers who submit claims on paper using CMS-1500, or Transportation forms can use the Claim Adjustment Form 130 (DHHS Form 130, revised 03-13-2007). They can also use the Web Tool to initiate claim-level adjustments in a HIPAA-compliant electronic format, even if they continue using paper forms for regular billing. See "Electronic Claims Submissions" in this section for more information about the Web Tool.

Providers who use an electronic format that is not compliant with HIPAA standards to submit CMS-1500 or Transportation claims can use DHHS Form 130; they may also use the Web Tool to submit adjustments.

Note: When submitting a Form 130 to void or void/replace a claim, it is not necessary for the provider to also submit a refund check.

SECTION 3 BILLING PROCEDURES

CLAIM PROCESSING

Void and Replacement Claims (HIPAA-Compliant Electronic Submissions)

Providers may use a HIPAA-compliant electronic format to void a claim that has been filed in error, processed, and for which payment has been received. Submitting a **Void claim** with the original Claim Control Number will alert SCDHHS that claim payment has been made in error. The amount paid for the original claim will be deducted from the next Remittance Advice**.**

Alternatively, these providers may submit a **Replacement claim** to change information on a claim that has been filed, processed, and for which payment has been received. Submitting a Replacement claim automatically voids the original claim and processes the Replacement claim. The Void and Replacement claims must have the same beneficiary and provider numbers.

Void Only and Void/Replacement Claims

Providers who file claims on paper or who submit electronic claims that are not in a HIPAA-compliant electronic format may use DHHS Form 130 to submit claim-level adjustments. (A sample DHHS Form 130 can be found in the Forms section of this manual.) Once a provider has determined that a claim-level adjustment is warranted, there are two options:

- Submitting a **Void Only** claim will generate an account debit for the amount that was reimbursed. A Void Only claim should be used to retract a claim that was paid in error. To initiate a Void Only claim, complete DHHS Form 130 and attach a copy of the original Remittance Advice.
- Submitting a **Void/Replacement** claim will generate an account debit for the original claim and re-file the claim with the corrected information. A Void/Replacement claim should be used to:
  - Correct a keying or billing error on a paid claim
  - Add new or additional information to a claim
  - Add information about a third party insurer or payment

To initiate a Void/Replacement claim, complete DHHS Form 130 and attach a copy of the original Remittance Advice, as well as the new Replacement claim. Also attach any documentation relevant to the claim.

Visit Counts

Because visit counts are stored on the claim record for beneficiaries, the claim-level adjustment process can affect the visit count for services that have a limitation on the number of visits allowed within a specific time frame (typically the state fiscal year). Those services include Ambulatory, Home Health, and Chiropractic visits.

In the case of a **Void Only** adjustment, the visit count for a beneficiary will be restored by the same number and type of visits on the original claim. Once the Void Only adjustment has been processed, those allowed visits are returned to the beneficiary's record and are available for use.

In the case of a **Void/Replacement** adjustment, a new visit count will be applied to the beneficiary record after the replacement claim has completed processing.

There are two factors to note here:

SECTION 3 BILLING PROCEDURES

CLAIM PROCESSING

Visit Counts (Cont'd.)

- If the recalculated visit count exceeds that beneficiary's limits, reimbursement for the excess visits on the Replacement claim will be denied.
- There may be cases when a Void/Replacement adjustment is submitted, the Void of the old claim is processed, and the Replacement claim is suspended. In such cases, the allowable visits on the original claim are "held" until the suspension is resolved. If the resolution results in "Paid" status for the Replacement claim, the allowable visits are applied to it. However, if the Replacement claim is denied ("R" status), then those allowable visits again become active in the beneficiary's record and can be applied to other visits.

Gross-Level Adjustments

Gross-level adjustments will be initiated when:

- A claim is no longer in Medicaid's active history file (the claim payment date is more than 18 months old.)
- The adjustment request is not "claim-specific" (cost settlements, disproportionate share, etc.). SCDHHS will initiate this type of gross adjustment.
- A claim in TPL Recovery will not be taken back in full.

Provider requests for credit adjustments (where the provider can substantiate that additional reimbursement is appropriate) or debit adjustments (where the provider wishes to make a voluntary refund of an overpayment) should be directed to the Medicaid program manager within 90 days of receipt of payment. Requests for gross-level **credit** adjustments for dates of service that are more than one year old typically cannot be processed by SCDHHS without documentation justifying an exception. Providers may send TPL-related adjustments directly to Medicaid Insurance Verification Services (MIVS) at the following address:

South Carolina Healthy Connections
Post Office Box 101110
Columbia, SC 29211-9804

Fax: (803) 462-2582
Phone: 1-888-289-0709 option 5

SECTION 3 BILLING PROCEDURES

CLAIM PROCESSING

Gross-Level Adjustments (Cont'd.)

In the event of a debit adjustment, the provider should not send a check. Appropriate deductions will be made from the provider's account, if necessary. Providers may inquire directly to Medicaid Insurance Verification Services about debit or credit adjustments resulting from private health insurance or retroactive Medicare coverage.

To request a gross-level adjustment, the provider should submit a letter on letterhead stationery to the SCDHHS providing a brief description of the problem, the action that the provider wishes SCDHHS to take on the claim, and the amount of the adjustment, if known. If the problem involves an individual claim, the letter should also provide the beneficiary's name and Medicaid number, the date of service involved, and the procedure code for the service to be adjusted. The provider's authorized representative must sign the letter. For problems involving individual claims, copies of the pertinent Medicaid Remittance Advices with the beneficiary's name and Medicaid number, date of service, procedure code, and payment amount **highlighted** should also be included.

The provider will be notified of the adjustment via a letter or a copy of an Adjustment/Alternate Claim Form (DHHS Form 115). After it is processed by SCDHHS, the gross-level adjustment will appear on the last page of the provider's next Remittance Advice. Each adjustment will be assigned a unique identification number ("Own Reference Number" on the adjustment form), which will appear in the first column of the Remittance Advice. The identification number will be up to nine alphanumeric characters in length. A sample Remittance Advice can be found in the Forms section of this manual. Gross-level adjustments are shown on page 3 of the sample.

Adjustments on the Remittance Advice

If a Void claim and its Replacement process in the same payment cycle, they are reported together on the Remittance Advice along with other paid claims. The original Claim Control Number (CCN) and other claim details will appear on both the Void and the Replacement lines.

Void Only claim adjustments are reported on a separate page of the Remittance Advice; they will also show the original CCN and other claim details. If the Replacement claim for a Void/Replacement processes in a subsequent payment cycle, it will appear with other paid claims.

SECTION 3 BILLING PROCEDURES

CLAIM PROCESSING

Adjustments on the Remittance Advice (Cont'd.)

Gross-level adjustments are reported on the last page of the Remittance Advice, and show only a reference number and debit/credit information.

A sample Remittance Advice that shows Void Only, Void/Replacement, and gross-level adjustments can be found in the Forms section of this manual.

Refund Checks

Providers who are instructed to send a refund check should complete the Form for Medicaid Refunds (DHHS Form 205) and send it along with the check to the following address:

South Carolina Healthy Connections
Cash Receipts
Post Office Box 8355
Columbia, SC 29202-8355

All refund checks should be made payable to the SC Department of Health and Human Services. A sample of the Form for Medicaid Refunds, along with instructions for its completion, can be found in the Forms section of this manual. SCDHHS must be able to identify the reason for the refund, the beneficiary's name and Medicaid number, the provider's number, and the date of service in order to post the refund correctly.

If you submit a refund to SCDHHS and subsequently discover that it was in error, SCDHHS must receive your credit adjustment request within 90 days of the refund.

SECTION 6 CLTC STANDARDS FOR WAIVER SERVICES

OVERVIEW

South Carolina Medicaid has established standards for providers who wish to render Community Long Term Care (CLTC) waiver services. This section describes the scope of waiver services administered by the Division of Community Long Term Care.

Provider should also visit the SCDHHS Long Term Care and Behavioral Health Services home page for additional CLTC information.

MEDICAID ELIGIBILITY

Providers can verify Medicaid eligibility for CLTC participants in the Phoenix Provider Portal on their dashboard. Providers should also refer to Section 1 of this provider manual for additional information on eligibility determination.

PROVIDER PARTICIPATION

Enrollment

The enrollment process includes screening, licensure verification and site visits (if applicable), to ensure that all enrolling providers are in good standing and meet the requirements for which they are seeking enrollment. Refer to https://www.scdhhs.gov/provider or the eligible provider listing of SC Medicaid provider types and specialties.

Computer Requirements

Prior to the initiation of a contract, potential providers must have a computer, Internet access, and an email address to receive correspondences and authorizations from the Division of Community Long Term Care.

PROVIDER TRAINING

Mandatory Meeting

Providers interested in providing Adult Day Health Care, Case Management, Companion, Nursing, Personal Care I, and Personal Care II must attend a mandatory pre-contractual meeting. A completed online enrollment application must be completed prior to being invited to attend one of the meetings.

SECTION 6 CLTC STANDARDS FOR WAIVER SERVICES

OVERVIEW

Reports must be made in writing, or orally by telephone or otherwise.

CLTC providers and their staff are also mandatory reporters of abuse, neglect, or exploitation of children when in a professional capacity under S.C. Code of Laws, § 63-7-310. CLTC providers and their staff must report any information received that suggests the following:

- The reporter believes a child has been or may be abused or neglected as defined in § 63-7-20

MEDICAID HOME AND COMMUNITY-BASED WAIVER SCOPE OF SERVICES FOR ADULT DAY HEALTH CARE SERVICES

A. Objective

The objective of Adult Day Health Care (ADHC) services is to restore, maintain, and promote the health status of Medicaid Home and Community-Based waiver participants through the provision of ambulatory health care and health-related supportive services in an ADHC center.

B. Conditions of Participation

1. The ADHC provider must maintain a current Adult Day Care license from the South Carolina Department of Health and Environmental Control (SCDHEC) or an equivalent licensing agency for an out-of-state provider.

2. The ADHC provider must meet the following requirements per 42. CFR 441.301 (c) (4):

   a. The ADHC center must be integrated in and support full access of individuals receiving Medicaid HCBS to the greater community.

   b. The ADHC center cannot be located on the grounds of, or adjacent to, a public institution. A public institution is defined as an inpatient facility that is financed and operated by a county, state, municipality or other unit of government.

   c. The ADHC center cannot be located on a parcel of land that contains more than one State licensed facility or be located in a building that is publicly or privately operated and provides inpatient institutional treatment.

SECTION 6 CLTC STANDARDS FOR WAIVER SERVICES

ADULT DAY HEALTH CARE (ADHC) SERVICES

3. Providers must ensure that participants receive information regarding their Rights and Responsibilities while under the care of the center. These Rights and Responsibilities must include the following information:

   - Information referencing the participant's right to have control over their personal resources while under the care of center
   - Information which offers opportunities for interested participants regarding employment
   - The assurance of the participants rights of privacy and respect and freedom from coercion and restraint

4. Providers must use the automated systems mandated by Community Long Term Care (CLTC) to document and bill for the provision of services.

5. Providers must accept or decline referrals from SCDHHS or SCDDSN within two (2) working days. Failure to respond will result in the loss of the referral.

6. The provider will be responsible for verifying the participant's Medicaid eligibility when it has accepted a referral and monthly thereafter to ensure continued eligibility. Providers can verify Medicaid eligibility for CLTC participants in the Phoenix Provider Portal on their dashboard. Providers should also refer to Section 1 of this provider manual for additional information on eligibility determination.

7. Providers may use paperless filing systems. Provider must obtain approval from CLTC Central Office prior to initiating electronic documentation and/or filing systems. Electronic records must be made available upon request, and providers must have a reliable back-up system in the event their computer system shuts down.

C. Description of Services to Be Provided

1. The unit of service will be a participant day of ADHC services consisting of a minimum of five (5) hours in the care of the center. The five (5) hours does not include transportation time. The unit of service will be a minimum of four (4) hours when the participant has a scheduled medical appointment requiring him or her to leave early or arrive late. If a participant arrives late or leaves early due to a medical appointment, the provider must notify the CM/SC.

   Note: When a participant needs to be at the center for more than five (5) hours per day due to no one being at home to care for participant, the ADHC must allow the participant to remain at the center for up to eight (8) hours.

SECTION 6 CLTC STANDARDS FOR WAIVER SERVICES

The center may operate on weekends; if serving Waiver participants on weekends, the five (5) hour minimum standard still applies. The hours of operation may be any eight (8) hours between 7:00 a.m. and 6:00 p.m. The provider understands and accepts that any deviation in hours or days of operation during the contract period requires notice to and approval by the Department Head of Provider Relations and Compliance, Division of CLTC Waiver Management in order for the services to be covered.

3. The number of days a participant attends each week is determined through the Medicaid Home and Community-Based waiver service plan and indicated on the current service authorization.

    a. Daily nursing services performed by a RN or under the supervision of a RN as permissible under State law to monitor vital signs as needed; to observe the functional level of the participant and note any changes in the physical condition of each participant; to supervise the administration of medications and observe for possible reactions; to teach positive health measures and encourage self-care; to coordinate treatment plans with the participant and/or family member, the physician, therapist, and other involved service delivery agencies; to supervise the development and implementation of a care plan; to appropriately report to the participant's physician and/or the CM/SC any changes in the participant's condition. The RN must approve the documentation of the services provided.

    b. Supervision of, assistance with and training in personal care and activities of daily living including dressing, personal hygiene, grooming, bathing and clothing maintenance.

    c. Daily planned therapeutic activities to stimulate mental activity, communication and self-expression. 6. The provider will develop and maintain a Policy and Procedure Manual, which describes how activities will be performed in accordance with the terms of their contract with SCDHHS.

7. The provider will maintain a daily attendance log documenting the arrival and departure times of each participant. A separate log will be maintained indicating staff in attendance and their arrival and departure times.

8. The provider will notify the CM/SC within two (2) working days of the following participant changes:

    a. Participant's condition has changed or the participant no longer appears to need ADHC services.

    b. Participant is institutionalized, dies or moves out of service area.

    c. Participant no longer wishes to participate in ADHC services.

    d. Provider becomes aware of the participant's Medicaid ineligibility or potential ineligibility.

    e. Participant does not attend the day care on an authorized day and Provider has not been notified of reason for absence.

9. The provider will maintain a record keeping system which establishes a participant profile in support of the units of ADHC services delivered, based on the Medicaid Home and Community-Based waiver service authorization. Individual participant records must be maintained and contain the service

authorization, the ADHC's care plan (which is approved and signed by the provider's RN), the Medicaid Home and Community-Based waiver CLTC Mode of Transportation form, the DHHS Form 122DC, and daily documentation of all care and services provided. Daily documentation must be made available to SCDHHS/SCDDSN upon request.

For DDSN waiver participants, the ADHC care plan must be based on the service authorization, the DHHS Form 122DC and must include input from the participant and/or their representative. This information must be maintained in the participant file.

F. Overview of compliance review process

The Division of Long Term Care Waiver Management, Provider Compliance Department has developed this policy for clarification of the provider compliance process. The policy gives detailed information on how provider compliance sanctions are implemented. Provider reviews receive a score based on a sanctioning scale; review scores will determine if the provider will receive a sanction and if so, the level of the sanction. The sanction scoring process was developed to ensure that reviews are equitable and for providers to know what to expect when they are reviewed.

The following chart outlines how reviews are scored:

Sanction Level

- Provider compliance review questions in the Scope of Services are classified into three classes, based on (1) the significance of the question regarding to the services, and (2) the potential influences on providers and participants if the requirement was not met. See the example below:

Severity level: 1=less serious, 2 = serious, 3 = very serious

Client Service Questions	Possible Answers	Severity Level
Was supervisory visit made within 30 days after PC II services initiated?	Y, N, NA	3

SECTION 6 CLTC STANDARDS FOR WAIVER SERVICES

ADULT DAY HEALTH CARE (ADHC) SERVICES

Client Service Questions	Possible Answers	Severity Level
Was the initial supervisory visit documented in Care Call?	Y, N, NA	3
Does provider maintain individual client records?	Y, N	2
Did provider give participant written information regarding advanced directives?	Y, N, NA	1

There are five types of sanctions:

- Plan of Correction - This is the lowest sanction and indicates the provider is in substantial compliance with the contractual requirements. The provider will be required to submit a plan of correction outlining the deficiency (ies), the detailed plan to correct the deficiency and the effective date the plan will be implemented. Any documentation that was not available during the compliance visit will not be accepted as a part of the plan of correction. All documentation must be in the appropriate records at the time of the review.

- 30-day suspension – At this level, new referrals are suspended for thirty (30) days. The provider will also be required to submit a plan of correction. If the plan of correction is approved, the suspension is automatically lifted at the end of the 30-day period. If the corrective action plan is not approved, the Provider will be given an additional ten (10) business days to submit another corrective action plan for review and approval; the suspension will remain in place until an approved corrective action plan is received. If the second submitted corrective action plan is not approved, the provider contract will be terminated. Any documentation that was not available during the compliance visit will not be accepted as a part of the plan of correction. All documentation must be in the appropriate records at the time of the review.

- 60-day suspension – At this level, new referrals are suspended for sixty (60) days. The provider will also be required to submit a plan of correction. If the plan of correction is approved, the suspension is automatically lifted at the end of the 60-day period. If the corrective action plan is not approved, the Provider will be given an additional ten (10) business days to submit another corrective action plan for review and approval; the suspension will remain in place until an approved corrective action plan is received. If the second submitted corrective action plan is not approved, the provider contract will be terminated. Any documentation that was not available during the compliance visit will not be accepted as a part of the

plan of correction. All documentation must be in the appropriate records at the time of the review.

- 90-day suspension – Indicates serious and widespread deficiencies, new referrals are suspended for ninety (90) days. The 90-day suspension of new referrals will only be lifted after an acceptable plan of correction is received. If the corrective action plan is not approved, the Provider will be given an additional ten (10) business days to submit another corrective action plan for review and approval; the suspension will remain in place until an approved corrective action plan is received. If the second submitted corrective action plan is not approved, the provider contract will be terminated. Any documentation that was not available during the compliance visit will not be accepted as a part of the plan of correction. All documentation must be in the appropriate records at the time of the review. In addition, an acceptable follow-up review visit may be conducted if warranted.

- Termination – Indicates a final review score of four hundred (400) or more points or very serious and widespread deficiencies, generally coupled with a history of bad reviews (three (3) consecutive reviews that receive suspension of new referrals).

  Providers who have two (2) consecutive reviews that result in suspension of new referrals, will be terminated if the third consecutive review has a final score that would result in a suspension of new referrals (score of 100 and above).

  We have developed a system to score reviews based on the percentage of the identified deficiency and number of participants surveyed. Following is an outline of how reviews will be scored:

Calculating process

- The level of sanction will be decided based on the total score of the provider‘s current review and the provider’s review history, which is converted from the deficiency percentage.

- Every 5% deficiency counts for 1 point in each class; the total score comes from the total points from each level.

Since each level has different severity, multiple points will be added on each class’s score. Final score = level 3 = unweighted points x 3 + level 2 = unweighted basic points x 2+ level 1 = unweighted points x 1

SECTION 6 CLTC STANDARDS FOR WAIVER SERVICES

ADULT DAY HEALTH CARE (ADHC) SERVICES

Example:

Level	Deficiency percentage	Basic points	Final points
Level 1 (less serious)	28%	5	5x1=5
Level 2 (serious)	20%	4	4x2=8
Level 3 (major)	35%	7	7x3=21
Final score			34

Based on the total score a sanction level is determined. If a provider has no deficiencies, they will not be subject to a sanction. Below is a chart that illustrates the sanction that will be imposed based on the final review score:

Score Scale & Sanction Level

Sanction Type	Final score	With Good History*
Correction Plans	0-99	0-149
30 Days Suspension	100-199	150-249
60 Days Suspension	200-299	250-349
90 Days Suspension	300-399	350-449
Termination	>400	>450

Good History is determined based on previous review scores. For example, if a provider's previous review had a total score of **50** and their current review has a score of **120**, the sanction for the current review will be corrective action rather than 30-day suspension based on the previous review score.

Scores are automatically calculated using a computer generated compliance review program.

SECTION 6 CLTC STANDARDS FOR WAIVER SERVICES

ATTENDANT CARE

m. All Attendants shall submit the results of a PPD tuberculin (TB) skin test that was administered within one year prior to the Attendants Medicaid enrollment date. All attendants whose PPD skin test is over a year old at the time of actual enrollment must have a new PPD skin test to remain enrolled and to be eligible to serve participants as an attendant. The two-step procedure is advisable for initial testing in order to establish a reliable baseline. (If the reaction to the first test is classified as negative, a second test should be given a week later. If the second test is classified as negative, the person is considered as being uninfected. A positive reaction to a third test (with an increase of more than 10 mm) in such a person within the next few years is likely to represent the occurrence of infection with M. Tuberculosis in the interval. If the reaction to the second of the initial two tests is positive, this probably represents a boosted reaction, and the person should be considered as being infected).

Attendants with reactions of 10 mm and over to the pre-enrollment tuberculin test, those with newly converted skin tests, and those with symptoms suggestive of tuberculosis (e.g., cough, weight loss, night sweats, fever, etc.) regardless of skin test status, shall be given a chest radiograph to determine whether tuberculosis disease is present. If tuberculosis is diagnosed, appropriate treatment should be given, and the person must not be allowed to work until declared noncontagious by a licensed physician.

Routine chest radiographs are not required on attendants who are asymptomatic with negative tuberculin skin tests.

Attendants with negative tuberculin skin tests shall have an annual tuberculin skin test. Forty-five (45) days prior to the expiration date, USC-CDR will notify active enrolled attendants of the expiration of their TB test results. If the attendant has not submitted the required information by the expiration date, USC-CDR will notify the CLTC Central Office. Current services of the attendant will be terminated after reasonable notice (two (2) weeks) to participants has been given so participants can find replacement services. The CLTC Compliance Office will suspend new referrals to the attendant effective on the date suspension is submitted.

New attendants who have a history of a positive TB skin test shall send a copy of their most recent chest x-ray and complete a signs and symptoms questionnaire, or have certification by a licensed physician or local health department TB staff prior to enrollment as a Medicaid

provider that they are not contagious. Attendants who are known or suspected to have tuberculosis shall be required to be evaluated by a licensed physician or local health department TB staff, and must not return to work until they have been declared noncontagious.

Preventative treatment should be considered for all infected attendants having direct participant contact who have positive skin tests but show no symptoms of tuberculosis. Routine annual chest radiographs are not a substitute for preventative treatment. Attendants who complete treatment, either for disease or infection, may be exempt from further routine radiographic screening unless they develop symptoms of tuberculosis. Attendants with a history of a positive TB skin test will be required to complete a tuberculosis signs and symptoms questionnaire to assess for Tuberculosis annually.

Post exposure skin test should be obtained for tuberculin negative attendants within twelve (12) weeks after termination of contact to a documented case of infection.

Attendants needing additional information should contact the Tuberculosis Control Division, Department of Health and Environmental Control, 2600 Bull Street, Columbia, SC 29201, phone (803) 898-0558.

B. MinimumTraining Requirements

The following are the minimum training requirements for attendants:

2. Training may be furnished by the licensed nurse of USC-CDR while the attendant is furnishing care to the participant. USC-CDR may also identify additional training needs and assist the attendant with locating training to address those needs. Participant-specific training for the attendant and/or participant/ representative may be provided as deemed necessary based on the professional judgment of the licensed nurse of USC-CDR or when the participant/representative or attendant requests assistance with training related to specific tasks.

If the attendant or the participant/representative identifies attendant care duties that would be beneficial to the participant's care but are not specified in the CLTC service plan, the attendant or participant/representative must contact the case manager to discuss the possibility of having these duties included in the service plan. The decision to modify the duties to be performed by the attendant is the responsibility of the case manager.

E. Compliance Review Process

The Division of Long Term Care Waiver Management, Provider Compliance Department has developed this policy for clarification of the provider compliance process. The policy gives detailed information on how provider compliance sanctions are implemented. Provider reviews receive a score based on a sanctioning scale; review scores will determine if the Provider will receive a sanction and if so, the level of the sanction. The sanction scoring process was developed to ensure that reviews are equitable and for providers to know what to expect when they are reviewed.

The following chart outlines how reviews are scored:

Sanction Level

- Provider compliance review questions in the Scope of Services are classified into three classes, based on (1) the significance of the question regarding to the services, and (2) the potential influences on providers and participants if the requirement was not met. See the example below:

Severity level: 1=less serious, 2 = serious, 3 = very serious

Client Service Questions	Possible Answers	Severity Level
Was supervisory visit made within 30 days after PC II services initiated?	Y, N, NA	3

SECTION 6 CLTC STANDARDS FOR WAIVER SERVICES

COMPANION SERVICES

Client Service Questions	Possible Answers	Severity Level
Was the initial supervisory visit documented in Care Call?	Y, N, NA	3
Does provider maintain individual client records?	Y, N	2
Did provider give participant written information regarding advanced directives?	Y, N, NA	1

There are five types of sanctions:

- Plan of Correction – This is the lowest sanction and indicates the provider is in substantial compliance with the contractual requirements. The Provider will be required to submit a plan of correction outlining the deficiency (ies), the detailed plan to correct the deficiency and the effective date the plan will be implemented. Any documentation that was not available during the compliance visit will not be accepted as a part of the plan of correction. All documentation must be in the appropriate records at the time of the review.

- 30-day suspension – At this level, new referrals are suspended for thirty (30) days. The Provider will also be required to submit a plan of correction. If the plan of correction is approved, the suspension is automatically lifted at the end of the 30-day period. If the corrective action plan is not approved, the Provider will be given an additional ten (10) business days to submit another corrective action plan for review and approval; the suspension will remain in place until an approved corrective action plan is received. If the second submitted corrective action plan is not approved, the provider contract will be terminated. Any documentation that was not available during the compliance visit will not be accepted as a part of the plan of correction. All documentation must be in the appropriate records at the time of the review.

- 60-day suspension – At this level, new referrals are suspended for sixty (60) days. The Provider will also be required to submit a plan of correction. If the plan of correction is approved, the suspension is automatically lifted at the end of the 60-day period. If the corrective action plan is not approved, the Provider will be given an additional ten (10) business days to submit another corrective action plan for review and approval; the suspension will remain in place until an approved corrective action plan is received. If the second submitted corrective action plan is not approved, the provider contract will be terminated. Any documentation that was not available during the compliance visit will not be accepted as a part of the plan of correction. All documentation must be in the appropriate records at the time of the review.

SECTION 6 CLTC STANDARDS FOR WAIVER SERVICES

COMPANION SERVICES

- 90-day suspension – Indicates serious and widespread deficiencies, new referrals are suspended for ninety (90) days. The 90-day suspension of new referrals will only be lifted after an acceptable plan of correction is received. If the corrective action plan is not approved, the Provider will be given an additional ten (10) business days to submit another corrective action plan for review and approval; the suspension will remain in place until an approved corrective action plan is received. If the second submitted corrective action plan is not approved, the provider contract will be terminated. In addition, an acceptable follow-up review visit may be conducted if warranted. Any documentation that was not available during the compliance visit will not be accepted as a part of the plan of correction. All documentation must be in the appropriate records at the time of the review.

- Termination – Indicates a final review score of four hundred (400) or more points or very serious and widespread deficiencies, generally coupled with a history of bad reviews (three (3) consecutive reviews that receive suspension of new referrals)

Providers who have two (2) consecutive reviews that result in suspension of new referrals, will be terminated if the third consecutive review has a final score that would result in a suspension of new referrals (100 and above).

We have developed a system to score reviews based on the percentage of the identified deficiency and number of participants surveyed. Following is an outline of how reviews will be scored:

Calculating process

- The level of sanction will be decided based on the total score of the provider‘s current review and the provider’s review history, which is converted from the deficiency percentage.

- Every 5% deficiency counts for 1 point in each class; the total score comes from the total points from each level.

- Since each level has different severity, multiple points will be added on each class’s score. Final score = level 3 = unweighted points x 3 + level 2 = unweighted basic points x 2+ level 1 = unweighted points x 1

Example:

Level	Deficiency percentage	Basic points	Final points
Level 1 (less serious)	28%	5	5x1=5
Level 2 (serious)	20%	4	4x2=8
Level 3 (major)	35%	7	7x3=21
Final score			34

SECTION 6 CLTC STANDARDS FOR WAIVER SERVICES

COMPANION SERVICES

Based on the total score a sanction level is determined. If a provider has no deficiencies, they will not be subject to a sanction. Below is a chart that illustrates the sanction that will be imposed based on the final review score:

Score Scale & Sanction Level

Sanction Type	Final score	With Good History*
Correction Plans	0-99	0-149
30 Days Suspension	100-199	150-249
60 Days Suspension	200-299	250-349
90 Days Suspension	300-399	350-449
Termination	>400	>450

Good History is determined based on previous review scores. For example, if a provider's previous review had a total score of **50** and their current review has a score of **120**, the sanction for the current review will be corrective action rather than 30-day suspension based on the previous review score.

Scores are automatically calculated using a computer generated compliance review program.

Provider records will be reviewed periodically at the Provider's office. Onsite visits are unannounced. If the reviewer (CLTC, Program Integrity or other Government Entity) arrives at the provider's office to conduct a survey and no one is there, the following sanctions will be imposed:

- First time – thirty (30) day suspension of new referrals
- Second time – ninety (90) day suspension of new referrals
- Third time – contract termination

SCOPE OF SERVICES

3. Capable of performing all companion care duties;

4. Capable of following a service plan with participant and/or representative supervision;

5. Be at least 18 years of age;

6. Capable of following billing procedures and completing required paperwork;

7. No known conviction of abuse, neglect, or exploitation of adults (as defined in the Omnibus Adult Protection Act, S.C. Code Ann. Title 43, Chapter 35) or of children (as defined in the Children's Code, S.C. Ann. Title 63, Chapter 7);

11. No record of exclusion or suspension from the Medicare or Medicaid Programs;

12. Upon request will provide references to the participant and/or representative;

13. All Companions shall submit the results of a PPD tuberculin (TB) skin test that was administered within one year prior to the Companions Medicaid enrollment date. All Companions whose PPD skin test is over a year old at the time of actual

enrollment must have a new PPD skin test to remain enrolled and to be eligible to serve participants as a companion. The two-step procedure is advisable for initial testing in order to establish a reliable baseline. (If the reaction to the first test is classified as negative, a second test should be given a week later. If the second test is classified as negative, the person is considered as being uninfected. A positive reaction to a third test (with an increase of more than 10 mm) in such a person within the next few years is likely to represent the occurrence of infection with M. Tuberculosis in the interval. If the reaction to the second of the initial two tests is positive, this probably represents a boosted reaction, and the person should be considered as being infected). Companions with reactions of 10 mm and over to the pre-enrollment tuberculin test, those with newly converted skin tests, and those with symptoms suggestive of tuberculosis (e.g., cough, weight loss, night sweats, fever, etc.) regardless of skin test status, shall be given a chest radiograph to determine whether tuberculosis disease is present. If tuberculosis is diagnosed, appropriate treatment should be given, and the person must not be allowed to work until declared noncontagious by a licensed physician.

Routine chest radiographs are not required on companions who are asymptomatic with negative tuberculin skin tests.

Companions with negative tuberculin skin tests shall have an annual tuberculin skin test. Forty- five (45) days prior to the expiration date, USC-CDR will notify active enrolled companions of the expiration of their TB test results. If the companion has not submitted the required information by the expiration date, USC-CDR will notify the CLTC Central Office. Current services of the companion will be terminated after reasonable notice (2 weeks) to participants has been given so participants can find replacement services. The CLTC Compliance Office will suspend new referrals to companions effective on the date suspension is submitted. If the companion has not submitted the information within six (6) months of the suspension date, USC-CDR will notify CLTC Central Office to initiate steps to terminate the companion's enrollment in the Medicaid Program.

New companions who have a history of positive TB skin test shall send a copy of their most recent chest x-ray and complete a signs and symptoms questionnaire, or have certification by a licensed physician or local health department TB staff prior to enrollment as a Medicaid provider that they are not contagious. Companions who are known or suspected to have tuberculosis shall be required to be evaluated by a licensed physician or local health department TB staff, and must not return to work until they have been declared noncontagious.

Preventative treatment should be considered for all infected companions having direct participant contact who have positive skin tests but show no symptoms of tuberculosis. Routine annual chest radiographs are not a substitute for

preventative treatment. Companions who complete treatment, either for disease or infection, may be exempt from further routine radiographic screening unless they develop symptoms of tuberculosis. Companions with a history of a positive TB skin test will be required to complete a tuberculosis signs and symptoms questionnaire to assess for Tuberculosis annually.

Post exposure skin test should be obtained for tuberculin negative companions within twelve (12) weeks after termination of contact to a documented case of infection.

Companions needing additional information should contact the Tuberculosis Control Division, Department of Health and Environmental Control, 2600 Bull Street, Columbia, SC 29201, phone 803-898-0558.

F. Overview of compliance review process

The Division of Long Term Care Waiver Management, Provider Compliance Department has developed this policy for clarification of the provider compliance process. The policy gives detailed information on how provider compliance sanctions are implemented. Provider reviews receive a score based on a sanctioning scale; review scores will determine if the provider will receive a sanction and if so, the level of the sanction. The sanction scoring process was developed to ensure that reviews are equitable and for providers to know what to expect when they are reviewed.

Following is a chart that outlines how reviews are scored:

Sanction Level

- Provider compliance review questions in the Scope of Services are classified into three classes, based on (1) the significance of the question regarding to the services, and (2) the potential influences on providers and participants if the requirement was not met. See the example below:

Severity level: 1=less serious, 2 = serious, 3 = very serious

Client Service Questions	Possible Answers	Severity Level
Was supervisory visit made within 30 days after PC II services initiated?	Y, N, NA	3
Was the initial supervisory visit documented in Care Call?	Y, N, NA	3
Does provider maintain individual client records?	Y, N	2
Did provider give participant written information regarding advanced directives?	Y, N, NA	1

There are five types of sanctions:

SECTION 6 CLTC STANDARDS FOR WAIVER SERVICES

NURSING

- Plan of Correction – This is the lowest sanction and indicates the provider is in substantial compliance with the contractual requirements. The provider will be required to submit a plan of correction outlining the deficiency (ies), the detailed plan to correct the deficiency and the effective date the plan will be implemented. Any documentation that was not available during the compliance visit will not be accepted as a part of the plan of correction. All documentation must be in the appropriate records at the time of the review.

- 30-day suspension – At this level, new referrals are suspended for thirty (30) days. The provider will also be required to submit a plan of correction. If the plan of correction is approved, the suspension is automatically lifted at the end of the 30-day period. If the corrective action plan is not approved, the Provider will be given an additional ten (10) business days to submit another corrective action plan for review and approval; the suspension will remain in place until an approved corrective action plan is received. If the second submitted corrective action plan is not approved, the provider contract will be terminated. Any documentation that was not available during the compliance visit will not be accepted as a part of the plan of correction. All documentation must be in the appropriate records at the time of the review.

- 60-day suspension – At this level, new referrals are suspended for sixty (60) days. The provider will also be required to submit a plan of correction. If the plan of correction is approved, the suspension is automatically lifted at the end of the 60-day period. If the corrective action plan is not approved, the Provider will be given an additional ten (10) business days to submit another corrective action plan for review and approval; the suspension will remain in place until an approved corrective action plan is received. If the second submitted corrective action plan is not approved, the provider contract will be terminated. Any documentation that was not available during the compliance visit will not be accepted as a part of the plan of correction. All documentation must be in the appropriate records at the time of the review.

- 90-day suspension – Indicates serious and widespread deficiencies, new referrals are suspended for ninety (90) days. The 90-day suspension of new referrals will only be lifted after an acceptable plan of correction is received. If the corrective action plan is not approved, the Provider will be given an additional ten (10) business days to submit another corrective action plan for review and approval; the suspension will remain in place until an approved corrective action plan is received. If the second submitted corrective action plan is not approved, the provider contract will be terminated. In addition, an acceptable follow-up review visit may be conducted if warranted. Any documentation that was not available during the compliance visit will not be accepted as a part of the plan of correction. All documentation must be in the appropriate records at the time of the review.

SECTION 6 CLTC STANDARDS FOR WAIVER SERVICES

NURSING

- Termination – Indicates a final review score of four hundred (400) or more points and/or very serious and widespread deficiencies, generally coupled with a history of bad reviews (three (3) consecutive reviews that receive suspension of new referrals).

  Providers who have two (2) consecutive reviews that result in suspension of new referrals, will be terminated if the third consecutive review has a final score that would result in a suspension of new referrals (100 and above).

  We have developed a system to score reviews based on the percentage of the identified deficiency and number of participants surveyed. Following is an outline of how reviews will be scored:

Calculating process

- The level of sanction will be decided based on the total score of the provider‘s current review and the provider’s review history, which is converted from the deficiency percentage.

- Every 5% deficiency counts for 1 point in each class; the total score comes from the total points from each level.

- Since each level has different severity, multiple points will be added on each class’s score. Final score = level 3 = unweighted points x 3 + level 2 = unweighted basic points x 2+ level 1 = unweighted points x 1

  Example:

Level	Deficiency percentage	Basic points	Final points
Level 1 (less serious)	28%	5	5x1=5
Level 2 (serious)	20%	4	4x2=8
Level 3 (major)	35%	7	7x3=21
Final score			34

Based on the total score a sanction level is determined. If a provider has no deficiencies, they will not be subject to a sanction. Below is a chart that illustrates the sanction that will be imposed based on the final review score:

Score Scale & Sanction Level

Sanction Type	Final score	With Good History*
Correction Plans	0-99	0-149
30 Days Suspension	100-199	150-249

SECTION 6 CLTC STANDARDS FOR WAIVER SERVICES

NURSING

60 Days Suspension	200-299	250-349
90 Days Suspension	300-399	350-449
Termination	>400	>450

Good History is determined based on previous review scores. For example, if a provider's previous review had a total score of **50** and their current review has a score of **120**, the sanction for the current review will be corrective action rather than 30-day suspension based on the previous review score.

Scores are automatically calculated using a computer generated compliance review program.

Provider records will be reviewed periodically at the provider's office. Onsite visits are un-announced. If the reviewer (CLTC, Program Integrity or other government entity) arrives at the provider's office to conduct a survey and no one is there, the following sanctions will be imposed:

- First time – thirty (30) day suspension of new referrals
- Second time – ninety (90) day suspension of new referrals
- Third time – contract termination

The Division of Long Term Care Waiver Management, Provider Compliance Department has developed this policy for clarification of the provider compliance process. The policy gives detailed information on how provider compliance sanctions are implemented. Provider reviews receive a score based on a sanctioning scale; review scores will determine if the provider will receive a sanction and if so, the level of the sanction. The sanction scoring process was developed to ensure that reviews are equitable and for providers to know what to expect when they are reviewed.

Following is a chart that outlines how reviews are scored:

Sanction Level

- Provider compliance review questions in the Scope of Services are classified into three classes, based on (1) the significance of the question regarding to the services, and (2) the potential influences on providers and participants if the requirement was not met. See the example below:

SECTION 6 CLTC STANDARDS FOR WAIVER SERVICES

PERSONAL CARE I

Severity Level: 1=less serious, 2 = serious, 3 = very serious

Client Service Questions	Possible Answers	Severity Level
Was supervisory visit made within 30 days after PC II services initiated?	Y, N, NA	3
Was the initial supervisory visit documented in Care Call?	Y, N, NA	3
Does provider maintain individual client records?	Y, N	2
Did provider give participant written information regarding advanced directives?	Y, N, NA	1

There are five types of sanctions:

- Plan of Correction – This is the lowest sanction and indicates the provider is in substantial compliance with the contractual requirements. The provider will be required to submit a plan of correction outlining the deficiency (ies), the detailed plan to correct the deficiency and the effective date the plan will be implemented. Any documentation that was not available during the compliance visit will not be accepted as a part of the plan of correction. All documentation must be in the appropriate records at the time of the review.

- 30-day suspension – At this level, new referrals are suspended for thirty (30) days. The provider will also be required to submit a plan of correction. If the plan of correction is approved, the suspension is automatically lifted at the end of the 30-day period. If the corrective action plan is not approved, the Provider will be given an additional ten (10) business days to submit another corrective action plan for review and approval; the suspension will remain in place until an approved corrective action plan is received. If the second submitted corrective action plan is not approved, the provider contract will be terminated. Any documentation that was not available during the compliance visit will not be accepted as a part of the plan of correction. All documentation must be in the appropriate records at the time of the review.

- 60-day suspension – At this level, new referrals are suspended for sixty (60) days. The provider will also be required to submit a plan of correction. If the plan of correction is approved, the suspension is automatically lifted at the end of the 60-day

period. If the corrective action plan is not approved, the Provider will be given an additional ten (10) business days to submit another corrective action plan for review and approval; the suspension will remain in place until an approved corrective action plan is received. If the second submitted corrective action plan is not approved, the provider contract will be terminated. Any documentation that was not available during the compliance visit will not be accepted as a part of the plan of correction. All documentation must be in the appropriate records at the time of the review.

- 90-day suspension – Indicates serious and widespread deficiencies, new referrals are suspended for ninety (90) days. The 90-day suspension of new referrals will only be lifted after an acceptable plan of correction is received. If the corrective action plan is not approved, the Provider will be given an additional ten (10) business days to submit another corrective action plan for review and approval; the suspension will remain in place until an approved corrective action plan is received. If the second submitted corrective action plan is not approved, the provider contract will be terminated. In addition, an acceptable follow-up review visit may be conducted if warranted. Any documentation that was not available during the compliance visit will not be accepted as a part of the plan of correction. All documentation must be in the appropriate records at the time of the review.

- Termination – Indicates a final review score of four hundred (400) or more points and/or very serious and widespread deficiencies, generally coupled with a history of bad reviews (three (3) consecutive reviews that receive suspension of new referrals).

Providers who have two (2) consecutive reviews that result in suspension of new referrals, will be terminated if the third consecutive review has a final score that would result in a suspension of new referrals (100 and above).

We have developed a system to score reviews based on the percentage of the identified deficiency and number of participants surveyed. Following is an outline of how reviews will be scored:

<u>Calculating process</u>

- The level of sanction will be decided based on the total score of the provider‘s current review and the provider’s review history, which is converted from the deficiency percentage.

- Every 5% deficiency counts for 1 point in each class; the total score comes from the total points from each level.

- Since each level has different severity, multiple points will be added on each class’s score. Final score = level 3 = unweighted points x 3 + level 2 = unweighted basic points x 2+ level 1 = unweighted points x 1

SECTION 6 CLTC STANDARDS FOR WAIVER SERVICES

PERSONAL CARE I

Example:

Level	Deficiency percentage	Basic points	Final points
Level 1 (less serious)	28%	5	5x1=5
Level 2 (serious)	20%	4	4x2=8
Level 3 (major)	35%	7	7x3=21
Final score			34

Based on the total score a sanction level is determined. If a provider has no deficiencies, they will not be subject to a sanction. Below is a chart that illustrates the sanction that will be imposed based on the final review score:

Score Scale & Sanction Level

Sanction Type	Final score	With Good History*
Correction Plans	0-99	0-149
30 Days Suspension	100-199	150-249
60 Days Suspension	200-299	250-349
90 Days Suspension	300-399	350-449
Termination	>400	>450

Good History is determined based on previous review scores. For example, if a provider's previous review had a total score of **50** and their current review has a score of **120**, the sanction for the current review will be corrective action rather than 30-day suspension based on the previous review score.

Scores are automatically calculated using a computer generated compliance review program.

Provider records will be reviewed periodically at the provider's office. Onsite visits are un-announced. If the reviewer (CLTC, Program Integrity or other government entity) arrives at the provider's office to conduct a survey and no one is there, the following sanctions will be imposed:

- First time – thirty (30) day suspension of new referrals
- Second time – ninety (90) day suspension of new referrals
- Third time – contract termination

E. Conduct of Service

The provider must maintain documentation showing that it has complied with the requirements of this section.

1. The provider must obtain a Service Plan Authorization for PC II/HASCI Attendant Care, HASCI Respite, ID/RD Respite, or CS Respite from the CM or CC. The authorization will designate the amount, frequency and duration of service for participants in accordance with the participant's Service Plan/Authorization. The provider must obtain an updated SCDHHS CLTC Service Plan from the case manager yearly. CLTC Service plans are updated in Phoenix and available on the provider's dashboard; the current and annual service plans must be printed and placed in the participant's record. The provider will receive new authorizations only when there is a change to the authorized service amount, frequency, or duration. The provider must adhere to those duties which are specified in the Service Plan Authorization in developing the provider task list. This provider task list must be developed by a RN or LPN. If the provider identifies PC II/HASCI, Attendant Care, HASCI Respite, ID/RD Respite, or CS Respite service duties that would be beneficial to the participant's care but are not specified in the Service Plan Authorization, the provider must contact the CM or CC to discuss the possibility of having these duties included in the Service Plan Authorization. The CM or CC will make the decision as to whether the Service Plan/Authorization should be amended to include the additional service duty. This documentation will be maintained in the participant files. For CLTC and SCDDSN participants, no skilled services may be performed by an aide except as allowed by the Nurse Practice Act and prior approved by a licensed physician. For HASCI participants, skilled services may be performed if authorized by the

SECTION 6 CLTC STANDARDS FOR WAIVER SERVICES

PERSONAL CARE II, HASCI ATTENDANT CARE, HASCI RESPITE, ID/RD RESPITE AND CS RESPITE

Service Coordinator and overseen by RN or LPN delegation.

   a. Visit the participant's home prior to the start of PC II/HASCI Attendant Care, HASCI Respite, ID/RD Respite, and CS Respite services. This visit by the provider's nurse must be recorded in Care Call from the participant's home at the time of the visit and documented in the record. If the participant has already been receiving another similar service (i.e., Personal Care I), a new initial visit is required prior to the start date of Personal Care II service. The purpose of this visit is to:

      i. Review the Service Plan/Authorization and develop a task list for the aide. (This task list must be developed prior to the provision of PC II/HASCI Attendant Care, HASCI Respite, ID/RD Respite, and CS Respite services.)

      The nurse supervisor will give participants information about how to register a complaint. Complaints against aides must be investigated by the provider and appropriate action taken. Documentation must be maintained in the participant and aide's file.

   b. Nurse supervisors and/or aides may not discuss services authorized by SCDHHS or SCDDSN with the participant. If participants of any waiver ask about either the level of service they are receiving or the different services offered in one of the waivers the nurse supervisor and/or aide must refer that participant back to their case manager/service coordinator for additional information.

SECTION 6 CLTC STANDARDS FOR WAIVER SERVICES

PERSONAL CARE II, HASCI ATTENDANT CARE, HASCI RESPITE, ID/RD RESPITE AND CS RESPITE

c. Be accessible by phone and/or beeper during any hours services are being provided under this contract. If the nurse supervisor position becomes vacant, SCDHHS must be notified no later than the next business day.

d. Provide and document supervision of, training for, and evaluation of aides.

e. Make a supervisory visit to the participant's place of residence within thirty (30) days after the PC II/HASCI Attendant Care service is initiated.

f. After the thirty (30) day supervisory visit, make a supervisory visit to the participant's place of residence at least once every four (4) months for each participant. Four (4) month supervisory visits must be conducted by the end of the fourth month. The aide must be present during at least one (1) of the supervisory visits during each twelve (12) month period. For the HASCI Attendant Care service, all supervisory visits scheduled will be arranged in consultation with the DSN Board and documented in the participant record. For SCDHHS/SCDDSN participants, supervisory visits, including the initial visit, must be documented in the participant record and recorded in Care Call, for CLTC only, from the participant's home at the time of the visit. In the event the participant is inaccessible during the time the supervisory visit would have normally been made, the visit must be completed within five (5) working days of the resumption of PC II/HASCI Attendant Care services. The supervisor's report of the on-site visits must include, at a minimum:

   i. Documentation that services are being delivered consistent with the Service Plan/Authorization;

   ii. Documentation that the participant's needs are being met;

   iii. Reference to any complaints which the participant or family member/responsible party has lodged;

   iv. A brief statement regarding any changes in the participant's service needs; and,

   v. Supervisor's original signature and date. Signature stamps are not acceptable.

g. Assist aides as necessary as they provide individual personal care services as outlined by the Service Plan Authorization. Any supervision given must be documented in the individual participant's record.

SECTION 6 CLTC STANDARDS FOR WAIVER SERVICES

PERSONAL CARE II, HASCI ATTENDANT CARE, HASCI RESPITE, ID/RD RESPITE AND CS RESPITE

3. Documentation of all supervisory visits must be filed in the participant's record within thirty (30) days of the date of visit.

   Supervisory visits should be conducted as necessary if there are indications of substandard performance by the aide.

   If there is a break in service which lasts more than sixty (60) days, the supervisor must complete a new initial visit when services are resumed. If the participant's condition changes enough to warrant a new service plan, the supervisor must update the task sheet to reflect the new duties.

4. The provider must maintain an individual participant record which documents the following:

   a. The provider will initiate PC II/HASCI Attendant Care, HASCI Respite, ID/RD Respite, and CS Respite services on the date negotiated with the CM or CC and indicated on the Medicaid authorization. Services must not be provided prior to the authorized start date and must be provided according to the schedule as indicated on the Service Plan/Authorization.

   b. The provider will notify the CM or CC within two (2) working days of the following:

      i. Participant's condition has changed and the Service Plan no longer meets participant's needs or the participant no longer appears to need PC II/HASCI Attendant Care, HASCI Respite, ID/RD Respite, and CS Respite services.

      ii. Participant is institutionalized, dies or moves out of the service area.

      iii. Participant no longer wishes to receive PC II/HASCI Attendant Care, HASCI Respite, ID/RD Respite, and CS Respite services.

      iv. Knowledge of the participant's Medicaid ineligibility or potential ineligibility.

   c. The provider will maintain a record keeping system which documents:

      i. **For SCDHHS (CLTC) participants:** The delivery of services in accordance with the SCDHHS CLTC Service Plan. The provider

SECTION 6 CLTC STANDARDS FOR WAIVER SERVICES

PERSONAL CARE II, HASCI ATTENDANT CARE, HASCI RESPITE, ID/RD RESPITE AND CS RESPITE

shall not ask the participant/responsible party to sign any log or task sheet. The task sheet must be reviewed, signed, with original signature (signature stamps are not acceptable), and dated every two weeks by the supervisor. Task sheets must be filed in the participant's record within 30 days of service delivery.

Services provided by the personal care aide must also be documented in Care Call at check out.

ii. Task sheets/Daily logs can include multiple services on the same sheet as long as the services can be easily identified and tasks performed can be distinguished. For example if a participant receives PC II and PC I services, both can be documented on the same sheet as long as each service can be easily identified.

iii. **For SCDDSN participants:** The delivery of services and units provided must be in accordance with the Authorization. The provider will maintain daily logs reflecting the PC II/HASCI Attendant Care, HASCI Respite, ID/RD Respite, and CS Respite services provided by the aides for the participants and the actual amount of time expended for the service. The daily logs must be initialed daily by the participant or family member and the aide, and must be signed weekly by the participant or family member and signed with original signature (signature stamps are not acceptable), and dated by the supervisor at least once every two (2) weeks. Daily logs must be filed in the participant's record within thirty (30) days of service delivery. Daily logs must be made available to SCDHHS/SCDDSN upon request.

iv. All active participant records must contain at least two (2) years of documentation to include task sheets, service plans, supervisory visit documentation, any complaints, etc. Per Medicaid policy all records must be retained for at least five (5) years. Active records must contain **all** authorizations.

d. **For SCDHHS (CLTC) participants:** For all instances in which a participant did not receive an authorized daily service, providers must indicate on the Care Call website the reason why the service was not delivered. The provider must do this both when the provider was unable to complete the visit and when the participant was not available to receive the visit. For each week in which there are missed visits, the provider must indicate the reason on the website by the close of business the

SECTION 6 CLTC STANDARDS FOR WAIVER SERVICES

PERSONAL CARE II, HASCI ATTENDANT CARE, HASCI RESPITE, ID/RD RESPITE AND CS RESPITE

following week. A missed visit report is not required for SCDDSN/HASCI/IDRD/CS participants.

e. Whenever two (2) consecutive attempted or missed visits occur, the local SCDHHS/SCDDSN office must be notified. An attempted visit is when the aide arrives at the home and is unable to provide the assigned tasks because the participant is not at home or refuses services. A missed visit is when the provider is unable to provide the authorized service. These instances must be documented in the participant's record as well as in Care Call.

4. Providers must adhere to all Care Call and Phoenix policies and procedures as indicated in the Phoenix IVR Provider User Guidelines, which can be obtained from the Phoenix Provider portal (https://providers.phoenix.scdhhs.gov/) in the Help section.

F. Children's Personal Care Requirements

The requirements listed in this section are in addition to the requirements as listed in this scope for PC II services. Children's PC services are reimbursable when the following conditions are met:

1. Child is under age 21

2. Provided in the participant's place of residence

3. Authorized by SCDHHS/SCDDSN

The CM will determine the need for personal care services and develop a service plan that outlines the child's needs. This service plan will only be updated as needed.

Children's Personal Care services must be supervised by a Registered Nurse (RN).

G. Compliance Review Process

The SCDHHS Division of Long Term Care Waiver Management, Provider Compliance Department has developed this policy for clarification of the provider compliance process. The policy gives detailed information on how provider compliance sanctions are implemented. Provider reviews receive a score based on a sanctioning scale; review scores will determine if the provider will receive a sanction and if so, the level of the sanction. The sanction scoring process was developed to ensure that reviews are equitable and for providers to know what to expect when they are reviewed.

SECTION 6 CLTC STANDARDS FOR WAIVER SERVICES

PERSONAL CARE II, HASCI ATTENDANT CARE, HASCI RESPITE, ID/RD RESPITE AND CS RESPITE

The following chart outlines how reviews are scored:

Sanction Level

- Provider compliance review questions in the Scope of Services are classified into three classes, based on (1) the significance of the question regarding to the services, and (2) the potential influences on providers and participants if the requirement was not met. See the example below:

Severity Level: 1=less serious, 2 = serious, 3 = very serious

Client Service Questions	Possible Answers	Severity Level
Was supervisory visit made within 30 days after PC II services initiated?	Y, N, NA	3
Was the initial supervisory visit documented in Care Call?	Y, N, NA	3
Does provider maintain individual client records?	Y, N	2
Did provider give participant written information regarding advanced directives?	Y, N, NA	1

There are five types of sanctions:

- Plan of Correction – This is the lowest sanction and indicates the provider is in substantial compliance with the contractual requirements. The provider will be required to submit a plan of correction outlining the deficiency (ies), the detailed plan to correct the deficiency and the effective date the plan will be implemented. Any documentation that was not available during the compliance visit will not be accepted as a part of the plan of correction. All documentation must be in the appropriate records at the time of the review.

- 30-day suspension – At this level, new referrals are suspended for thirty (30) days. The provider will also be required to submit a plan of correction. If the plan of correction is approved, the suspension is automatically lifted at the end of the 30-day period. If the corrective action plan is not approved, the Provider will be given an additional ten (10) business days to submit another corrective action plan for review and approval; the suspension will remain in place until an approved corrective action plan is received. If the second submitted corrective action plan is not approved, the provider contract will be terminated. Any documentation that was not available

SECTION 6 CLTC STANDARDS FOR WAIVER SERVICES

PERSONAL CARE II, HASCI ATTENDANT CARE, HASCI RESPITE, ID/RD RESPITE AND CS RESPITE

during the compliance visit will not be accepted as a part of the plan of correction. All documentation must be in the appropriate records at the time of the review.

- 60-day suspension – At this level, new referrals are suspended for sixty (60) days. The provider will also be required to submit a plan of correction. If the plan of correction is approved, the suspension is automatically lifted at the end of the 60-day period. If the corrective action plan is not approved, the Provider will be given an additional ten (10) business days to submit another corrective action plan for review and approval; the suspension will remain in place until an approved corrective action plan is received. If the second submitted corrective action plan is not approved, the provider contract will be terminated. Any documentation that was not available during the compliance visit will not be accepted as a part of the plan of correction. All documentation must be in the appropriate records at the time of the review.

- 90-day suspension – Indicates serious and widespread deficiencies, new referrals are suspended for ninety (90) days. The 90-day suspension of new referrals will only be lifted after an acceptable plan of correction is received. If the corrective action plan is not approved, the Provider will be given an additional ten (10) business days to submit another corrective action plan for review and approval; the suspension will remain in place until an approved corrective action plan is received. If the second submitted corrective action plan is not approved, the provider contract will be terminated. In addition, an acceptable follow-up review visit may be conducted if warranted. Any documentation that was not available during the compliance visit will not be accepted as a part of the plan of correction. All documentation must be in the appropriate records at the time of the review.

- Termination – Indicates a final review score of four hundred (400) or more points and/or very serious and widespread deficiencies, generally coupled with a history of bad reviews three (3) consecutive reviews that receive suspension of new referrals)

Providers who have two (2) consecutive reviews that result in suspension of new referrals, will be terminated if the third consecutive review has a final score that would result in a suspension of new referrals (100 and above).

We have developed a system to score reviews based on the percentage of the identified deficiency and number of participants surveyed. Following is an outline of how reviews will be scored:

<u>Calculating process</u>

- The level of sanction will be decided based on the total score of the provider‘s current review and the provider’s review history, which is converted from the deficiency percentage.

SECTION 6 CLTC STANDARDS FOR WAIVER SERVICES

PERSONAL CARE II, HASCI ATTENDANT CARE, HASCI RESPITE, ID/RD RESPITE AND CS RESPITE

- Every 5% deficiency counts for 1 point in each class; the total score comes from the total points from each level.

- Since each level has different severity, multiple points will be added on each class's score. Final score = level 3 = unweighted points x 3 + level 2 = unweighted basic points x 2+ level 1 = unweighted points x 1

Example:

Level	Deficiency percentage	Basic points	Final points
Level 1 (less serious)	28%	5	5x1=5
Level 2 (serious)	20%	4	4x2=8
Level 3 (major)	35%	7	7x3=21
Final Score			34

Based on the total score a sanction level is determined. If a provider has no deficiencies, they will not be subject to a sanction. Below is a chart that illustrates the sanction that will be imposed based on the final review score:

Score Scale & Sanction Level

Sanction Type	Final score	With Good History*
Correction Plans	0-99	0-149
30 Days Suspension	100-199	150-249
60 Days Suspension	200-299	250-349
90 Days Suspension	300-399	350-449
Termination	>400	>450

Good History is determined based on previous review scores. For example, if a provider's previous review had a total score of **50** and their current review has a score of **120**, the sanction for the current review will be corrective action rather than 30-day suspension based on the previous review score.

Scores are automatically calculated using a computer generated compliance review program.

Provider records will be reviewed periodically at the provider's office. Onsite visits are un-announced. If the reviewer (CLTC, Program Integrity or other government entity) arrives at the provider's office to conduct a survey and no one is there, the following sanctions will be imposed:

SECTION 6 CLTC STANDARDS FOR WAIVER SERVICES

PERSONAL CARE II, HASCI ATTENDANT CARE, HASCI RESPITE, ID/RD RESPITE AND CS RESPITE

- First time – thirty (30) day suspension of new referrals
- Second time – ninety (90) day suspension of new referrals
- Third time – contract termination

SCDDSN RECONSIDERATION PROCESS AND SCDHHS MEDICAID APPEALS PROCESS

The SC Department of Disabilities and Special Needs (SCDDSN) is responsible for the day-to-day operations of the Intellectual Disabled/Related Disabilities (ID/RD) Waiver and the Head and Spinal Cord Injury (HASCI) Waiver. A request for reconsideration of an adverse decision **must be** sent in writing to the State Director at SCDDSN, P. O. Box 4706, Columbia, SC 29240. The SCDDSN reconsideration process **must be** completed in its entirety before seeking an appeal from the South Carolina Department of Health and Human Services (SCDHHS).

A formal request for a reconsideration must be made in writing within thirty (30) calendar days of receipt of written notification of the adverse decision. The request must state the basis of the complaint, previous efforts to resolve the complaint and the relief sought. The reconsideration request must be dated and signed by the consumer, representative, or person assisting the consumer in filing the request. If necessary, staff will assist the consumer in filing a written reconsideration.

Note: In order for waiver benefits/services to continue during the reconsideration/appeal process, the consumer/representative's request for reconsideration must be submitted within ten (10) calendar days of the written notification of the adverse decision. If the adverse action is upheld, the consumer/representative may be required to repay waiver benefits received during the reconsideration/appeal process.

The State Director or his designee shall issue a written decision within ten (10) working days of receipt of the written reconsideration request and shall communicate this decision to the consumer/representative. If the State Director upholds the original adverse action/decision, the reason(s) shall be specifically identified in the written decision.

If the consumer/representative fully completes the above reconsideration process and is dissatisfied with the results, the consumer/representative has the right to request an appeal with the SCDHHS. The purpose of an administrative appeal is to prove error in fact or law. The consumer/representative must submit a written request to the following address no later than thirty (30) calendar days from the receipt of the SCDDSN written reconsideration decision:

Division of Appeals and Hearings
SC Department of Health and Human Services
PO Box 8206
Columbia, SC 29202-8206

The consumer/representative must attach a copy of the written reconsideration decision received from the SCDDSN regarding the specific matter on appeal. In the appeal request the consumer/representative must clearly state with specificity, which issue(s) the consumer/representative wishes to appeal.

Unless the request is made to the above address within thirty (30) calendar days of the receipt of the SCDDSN written reconsideration decision, the SCDDSN decision will be final and binding. An appeal request is considered filed at the above address if postmarked by the thirtieth (30^{th}) calendar day following receipt of the SCDDSN written reconsideration decision. The consumer/representative shall be advised by the SCDHHS Division of Appeals and Hearings as to the status of the appeal request.

977	FREQUENCY FOR AMBULATORY VISITS EXCEEDED	151 – Payment adjusted because the payer deems the information submitted does not support this many/ frequency of services.		Medicaid recipients are allowed 12 ambulatory care visits per year. The ambulatory care visits for this recipient have been exhausted. Verifying the availability of the recipient's ambulatory care visits on the date of service being billed or the day before will reflect the estimated visits remaining at the time of service, but should not be considered a guarantee of payment. Please refer to the Ambulatory Care Visit Guidelines in the applicable provider manual for more information. All timely filing requirements must be met. Provider options: Submit a request to Medicaid for additional ambulatory care visit(s), including appropriate documentation stating the medical reason(s) for the request. Once the authorization is obtained, submit a new claim along with the SCDHHS approval letter, **or** Bill the patient for the non-covered office visit only. Medicaid will reimburse lab work, injections, x-rays, etc., done in addition to the office visit, **or** Change the office visit code to the minimal established office E/M code, 99211, and accept the lower reimbursement. This code does not count toward the ambulatory care visit limit. Exceptions to the 977 edit: Medicaid recipients residing in a nursing home or long-term care facility are exempt from the ACV limit of 12 visits. This applies to claims with a place of service of 31, 32, 33 and 54. A new claim must be submitted within six months of the rejection with a copy of verification of coverage attached indicating ambulatory care visits were available for the date of service being billed. The availability of

MANAGED CARE SUPPLEMENT

MANAGED CARE OVERVIEW

Managed Care is a health care delivery model implemented by the South Carolina Department of Health and Human Services (SCDHHS) to establish a medical home for all Medicaid Managed Care eligible members. The goals of a medical home include:

- Provide accessible, comprehensive, family-centered coordinated care
- Manage the member's health care, perform primary and preventive care services, and arrange for any additional needed care
- Provide members access to a "live voice" 24 hours a day, 7 days a week, to ensure access to appropriate care
- Provide member education about preventive and primary health care, utilization of the medical home, and the appropriate use of the emergency room

Enrolling in a managed care plan does not limit benefits. Benefits offered under fee for service (FFS) Medicaid, as well as additional or enhanced benefits are provided by all Managed Care Organizations (MCOs). These additional benefits vary from MCO to MCO according to the contracted terms and conditions between SCDHHS and the managed care entity. Members and providers should contact the MCO with questions concerning additional benefits.

Examples of additional benefits include:

- 24-hour nurse advice line
- Care coordination
- Health management programs (asthma, diabetes, pregnancy, etc.)
- Unlimited office visits
- Waving Co-pays on some services

The Managed Care Division administers the program for Medicaid-eligible members by contracting with Managed Care Organizations (MCOs) to offer health care services. An MCO must receive a Certificate of Authority from the SC Department of Insurance and must be licensed as a domestic insurer by the State to render Medicaid managed care services. MCO model contracts are approved by the Centers for Medicare and Medicaid Services (CMS) and the South Carolina Department of Health and Human Services (SCDHHS).

This Managed Care supplement is intended to provide an overview of the Managed Care program. Providers should review the Managed Care Policy and Procedure Guide and the Managed Care contract for detailed program-specific requirements. Both the guide and the contract are located on the SCDHHS Web site at www.scdhhs.gov within the Managed Care section.

The Exhibits section of this supplement provides contact information for MCOs currently participating in the Medicaid Managed Care program as MCOs are subject to change at any time. Providers are encouraged to visit the SCDHHS website (www.scdhhs.gov) for the most current

PROGRAM DESCRIPTION

Managed Care Organizations (MCOs)

A Managed Care Organization (MCO) is commonly referred to as an HMO (Health Maintenance Organization) in the private sector. MCOs are required to operate under a contract with SCDHHS to provide healthcare services to beneficiaries through a network of healthcare professionals, both primary and specialty care, as well as hospitals, pharmacies, etc. This network is developed by contracting with the various healthcare professionals. Providers wanting to contract with an MCO must be enrolled in South Carolina Medicaid with SCDHHS.

Primary care providers (PCP) must be accessible within a thirty (30) mile radius, while specialty care providers, to include hospitals, must be accessible within a fifty (50) mile radius. While MCOs will contract with providers within a specific county, enrolled members may seek treatment, or be referred to in-network providers in other counties.

MCOs are responsible for providing core services to Medicaid-eligible individuals as specified in their contract with SCDHHS. The health care providers within the MCO network are not required to accept FFS Medicaid as most claims are filed to and processed by the MCO.

Core Benefits

Managed Care Organizations are fully capitated plans that provide a core benefit package similar to the current FFS Medicaid plan. MCO plans are required to provide members with “medically necessary” care for all contracted services. While appropriate and necessary care must be provided, MCOs are not bound by the current variety of service settings. For example, a service may only be covered FFS when performed in an inpatient hospital setting, while the MCO may authorize the same service to be performed both in an inpatient and an outpatient hospital setting.

MCOs may offer SCDHHS-approved additional benefits. These are benefits that go beyond the core package. Additions, deletions, or modifications to additional benefits made by the MCO must be approved by SCDHHS. These benefits may include medical services which are currently non-covered by FFS and/or which are above current Medicaid limitations.

MANAGED CARE SUPPLEMENT

MANAGED CARE OVERVIEW

Providers should refer to the **Core Benefits** section of the MCO Policy and Procedures Guide on the SCDHHS website (www.scdhhs.gov) for a detailed explanation of core benefits.

Services Outside of the Core Benefits

The South Carolina Healthy Connections (Medicaid) program continues to provide and/or reimburse certain FFS benefits. Providers rendering services that are not included in the MCO's benefits package, but are covered under FFS Medicaid receive payment in accordance with the current Medicaid fee schedule. These services are filed to SC Medicaid for processing and payment. MCOs are responsible for the member's continuity of care by ensuring appropriate referrals and linkages to the Medicaid FFS providers. For specifics concerning services outside of the core benefits, please see the Managed Care Policy and Procedures Guide on the SCDHHS website www.scdhhs.gov.

MCO Program Identification (ID) Card

Managed Care Organizations issue an identification card to beneficiaries within fourteen (14) calendar days of the selection of a primary care provider, or the date of receipt of the member's enrollment data from SCDHHS, whichever is later.

To ensure immediate access to services, the provider should verify eligibility and enrollment through the Medicaid provider web tool regardless of a member's ability to supply a SC Medicaid or MCO ID card. The MCO ID card must include at least the following information:

- The MCO name
- The 24-hour telephone number for the member to use in urgent or emergency situations and to obtain any additional information
- The name of the primary care physician
- The member's name and Medicaid ID number
- The MCO's plan expiration date (optional)
- The Member Services toll-free telephone number
- The MCO and SC Medicaid logos

Claims Filing

Providers should file claims with the MCO for members participating in a managed care program, unless the service rendered is not covered by the MCO and is, instead, paid on a FFS basis by SC Medicaid. Providers should contact the MCO for managed care billing requirements. Non-contracted providers should contact the MCO for billing and prior authorization requirements prior to rendering services to MCO enrolled members. An exception is services rendered in an emergency room. Even if the physician is not in-network with the MCO, the MCO cannot refuse to reimburse for covered emergency services. Specifics concerning emergency coverage can be found in the MCO contract and Managed Care Policy and Procedure Guide.

MANAGED CARE SUPPLEMENT

MANAGED CARE OVERVIEW

Prior Authorizations and Referrals

Providers, both in and out of network, should contact the member's MCO for assistance with prior authorization (PA) requirements before administering services. Each MCO may have different prior authorization requirements and services requiring PA.PA requirements may also differ according to the terms of a provider's contract with an MCO.

Admission to a hospital through the emergency department **may** require authorization. Hospitals should always check with the beneficiary's MCO for their requirements. The physician component for inpatient services **always** requires prior authorization. Specialist referrals for follow-up care after a hospital discharge may also require prior authorization.

Medical Homes Networks (MHNs) - Medically Complex Children's Waiver

SCDHHS administers one MHN specifically for individuals that are enrolled in the Medically Complex Children's Waiver program. Medical Homes Networks (MHNs) are Primary Care Case Management (PCCM) programs that link beneficiaries with a primary care provider (PCP). An MHN is a group of physicians who have agreed to serve as PCCM providers for this specific population. They work in partnership with the member to provide and arrange for most of the beneficiary's health care needs, including authorizing services provided by other health care providers. They also partner with a Care Coordination Services Organization (CSO) to accept the responsibility for providing medical homes for members and managing their care. The CSO supports the physicians and enrolled beneficiaries by providing care coordination, disease management, and data management.

The outcome of this medical home is a healthier, better educated Medicaid member, and cost savings for South Carolina through a reduction of acute medical care and disease-related conditions. The MHN provides case managers, who assist in developing, implementing, and evaluating the predetermined care management strategies of the network.

MHN Program Identification (ID) Card - Medically Complex Children's Waiver

A separate identification card is not issued for members enrolled in this program. Beneficiaries enrolled in this MHN will have only one identification card, the one issued by SC Medicaid. This card does not contain the name or phone number of the assigned PCP. Such information can only be obtained by checking eligibility at the Medicaid provider web tool.

Core Benefits - Medically Complex Children's Waiver

Services provided under this MHN program are all paid on a FFS basis. As such, all claims are submitted to and processed by SCDHHS. Benefits offered in the MHN program mirror those offered in FFS Medicaid.

Prior Authorizations and Referrals - Medically Complex Children's Waiver

The PCP is contractually required to either provide medically necessary services or authorize another provider to treat the member via a referral. If a member has failed to establish a medical

MANAGED CARE SUPPLEMENT

MANAGED CARE OVERVIEW

record with the PCP, the CSO, in conjunction with the PCP, shall arrange for the prior authorization (PA) on any existing referral. For a list of services that do not require authorization, refer to the **Exempt Services** section later in this supplement.

In some cases, the PCP may choose to authorize a service retroactively. All authorizations and consultations, including services authorized retroactively, are at the discretion of the PCP. The process for referring a member to a specialist can be made by telephone or in writing. The referral should include the number of visits being authorized and the extent of the diagnostic evaluation.

A PCP may authorize multiple visits for a specific course of treatment or a particular diagnosis. This prevents a provider to whom the member was referred from having to obtain a referral number for each visit so long as the course of treatment or diagnosis has not changed. The provider simply files the claims referencing the same referral number. It is the PCP's responsibility to authorize additional referrals for any further diagnosis, evaluation, or treatment not identified in the scope of the original referral. If a specialist needs to refer the member to a second specialist for the same diagnosis, the beneficiary's PCP must be contacted for a referral number.

A referral number is not required for services provided in a hospital emergency department or for an admission to a hospital through the emergency department. However, the physician component for inpatient hospital services does require a referral number. The hospital should contact the PCP for a referral number within 48 hours of the member's admission. Specialist referrals for follow-up care after discharge from a hospital also require a referral from the PCP. In addition to the MHN's authorization, prior approval may be required by SCDHHS to verify medical necessity before rendering some services. Prior authorizations are for medical approval only. Obtaining a prior authorization does not guarantee payment or ensure the member's eligibility on the date of service. Claims submitted for reimbursement must include the PCP's referral number.

Specific services sponsored by state agencies require a referral from that agency's case manager. The state agency's case manager should coordinate with the PCP and the MHN Care Coordinator to ensure the continuity of care. These services include, but are not limited to, the following:

- Audiologist Services
- High/Moderate Management Group Homes Services
- Occupational Therapist Services
- Physical Therapist Services
- Psychologist Services
- Speech Therapist Services
- Therapeutic Foster Care Services

MANAGED CARE SUPPLEMENT

MANAGED CARE OVERVIEW

Referrals for a Second Opinion - Medically Complex Children's Waiver

PCPs are required to refer a member for a second opinion at his or her request when surgery is recommended.

Referral Documentation - Medically Complex Children's Waiver

All referrals must be documented in the member's medical record. The CSO and the PCP shall review the monthly referral data to ensure that services rendered to the beneficiary were authorized and recorded accurately in the medical record. It is the PCP's responsibility to review the referral data for validity and accuracy, and to report inappropriate and/or unauthorized referrals to the CSO. The CSO is responsible for investigating these incidents and notifying SCDHHS if Medicaid fraud or abuse is suspected.

Exempt Services - Medically Complex Children's Waiver

Beneficiaries can obtain the following services from Medicaid providers without obtaining a prior authorization from their PCP:

- Ambulance Services
- Dental Services
- Dialysis/End Stage Renal Disease Services
- Emergency Room Services (billed by the hospital)
- Family Planning Services
- Home- and Community-Based Waiver Services
- Independent Laboratory and X-ray Services[1]
- Medical Transportation Services
- Nursing Home Services
- Obstetrician and Gynecologist Services
- Optician Services
- Optometrist Services
- Pharmacy Services
- State Agency Services[2]

[1] FQHCs/RHCs that provide laboratory and x-ray services under a separate provider number (not the FQHC/RHC number) must enter a prior authorization number on the claim form or the claim will be rejected.

[2] Agencies exempt from prior authorization are the Department of Mental Health, the Continuum of Care, the Department of Alcohol and Other Drug Abuse, the Department of Disabilities and Special Needs, the Department of Juvenile Justice, and the Department of Social Services.

MANAGED CARE SUPPLEMENT

MANAGED CARE OVERVIEW

Some services still require a prescription or a physician's order. Physicians should refer to the appropriate Medicaid Provider Manual for more detailed information and/or requirements, or contact the SCDHHS Provider Service Center (PSC) by calling (888) 289-0709. Providers can also submit an online inquiry at https://scdhhs.gov/webform/contact-provider-representative and a provider support representative will respond to the request.

Primary Care Provider Requirements - Medically Complex Children's Waiver

The primary care provider is required to either provide services or authorize another provider to treat the member. The following Medicaid provider types may enroll as a primary care provider:

- Family Medicine
- General Practitioners
- Pediatricians
- Internal Medicine
- Obstetrics and Gynecology
- Federally Qualified Health Centers (FQHCs)
- Rural Health Clinics (RHCs)
- Nurse Practitioners

24-Hour Coverage Requirements - Medically Complex Children's Waiver

The MHN requires PCPs to provide access to medical advice and care for enrolled members 24 hours per day, 7 days per week. A qualified medical practitioner must provide medical advice, consultation, and/or authorization or referral for services when appropriate within one hour of the member's presentation or notification. PCPs must have at least one telephone line that is answered by office staff during regular office hours.

MANAGED CARE ELIGIBILITY

Individuals must apply for SC Medicaid prior to enrollment in a Managed Care Organization.. If the applicant meets the established Medicaid eligibility requirements, he or she may be eligible for participation in the South Carolina Medicaid Managed Care program. Not all Medicaid members will be eligible to participate in the Managed Care program.

The following Medicaid members are **not eligible** to participate in a South Carolina Medicaid **Managed Care**:

- Dually eligible Members (Medicare and Medicaid)*
- Members age 65 or older*
- Residents of a nursing home*
- Participants in limited benefits programs such as Family Planning, Specified Low Income Beneficiaries, Emergency Service Only, etc.
- Home- and Community-Based Waiver participants*
- PACE participants
- Medically Complex Children's Waiver Program participants
- Hospice participants
- Members covered by an MCO/HMO through third-party coverage
- Members enrolled in another Medicaid managed care plan (Medical Home Network)

Providers should verify the member's eligibility through the Web Tool or a point-of-service (POS) terminal prior to delivering services.

*SCDHHS along with the Centers for Medicare and Medicaid Services (CMS) currently operate a dual demonstration grant, SC Healthy Connections PRIME, where Medicaid managed care enrollment of these membership groups are allowed. For more information regarding the SC Healthy Connections PRIME program please access the SCDHHS website https://scdhhs.gov/service/healthy-connections-prime.

MANAGED CARE SUPPLEMENT

MANAGED CARE ENROLLMENT

OVERVIEW

All managed care enrollment and disenrollment activities are handled through one single point of contact, South Carolina Healthy Connections Choices (SCHCC). SCHCC is responsible for processing the enrollment and disenrollment of Medicaid-eligible members into a managed care plan. Members may enroll online, by telephone, by mail, or by fax. Managed Care eligible Medicaid members are encouraged to actively enroll with a managed care plan.

SCHCC may be reached by calling (877) 552-4642, or via the SCHCC website: www.SCchoices.com. SCHCC should be contacted for assistance with enrollment, as well as transferring to, or disenrolling from, an MCO regardless of how long a member has been enrolled in their current MCO.

Members who are eligible for managed care participation are made aware of their eligibility via an outreach or enrollment mailing from SCHCC.

An **enrollment packet** is mailed to members who are required to make a managed care plan choice. Failure to do so will result in managed care plan assignment by SCHCC.

An **outreach packet** is mailed to beneficiaries who are eligible, but not required, to participate in a managed care plan. Managed care participation is on a voluntary basis for this population. (See **Enrollment Counselor Services** later in this supplement.)

Outreach and assignment is based on the member's eligibility category and/or Special Program enrollment, member assignment to an MCO is done on a prospective basis.

If a Medicaid member enrolled in a MCO loses Medicaid eligibility, but regains it within sixty (60) days, he or she will be automatically reassigned to the same plan and will forego a new ninety (90) day choice period.

Members cannot enroll directly with the MCO. Members must contact SCHCC to enroll in a managed care plan, or to change or discontinue their enrollment. A member can only change or disenroll without cause within the first ninety (90) days of enrollment. If the member is approved to enroll in a managed care plan, or changes his or her plan, prior to SCDHHS' creation of the MCO member list which is done in the next to last week of each month, the member appears on the MCO's member listing in the next month. If the member is approved, and entered into the system in the last seven (7) to ten (10) days of the month, the member will appear on the plan's member listing for the following month.

ENROLLMENT PROCESS

Medicaid members receive a managed care enrollment packet or an outreach packet by mail within two days of first becoming eligible for Medicaid, or thirty (30) to sixty (60) days prior to their annual Medicaid eligibility review. Members enrolled in a MCO will also receive a reminder letter from their health plan prior to their annual Medicaid eligibility review date.

MANAGED CARE SUPPLEMENT

MANAGED CARE ENROLLMENT

Members are always encouraged to open, read, and respond to the enrollment packets to avoid automatic MCO assignment. While managed care enrollment is encouraged during the annual eligibility review, FFS Medicaid beneficiaries may contact SCHCC to enroll at any time. They do not need to wait to receive enrollment information. Members enrolled in a managed care plan at the time of their annual review will remain in their MCO unless they contact SCHCC during their open enrollment (Ninety (90) day choice period) to request a change.

When enrollment packets are mailed, members have at least thirty (30) days from the mail date to choose an MCO. If a member fails to act on the initial enrollment packet, outbound calls are placed in an effort to encourage plan selection. If, after the outreach efforts, a member still fails to respond, he or she will be assigned to a MCO.

The assignment process places members into MCOs available in the county where the member resides based on the following criteria:

- The MCO, if any, in which the beneficiary was previously enrolled
- The MCO, if any, in which family members are enrolled
- The MCO is selected by a Quality Weighted Automated Assignment Algorithm process if no health plan was identified

There are three easy ways for members to enroll:

- Call SCHCC at (877) 552-4642
- Mail or fax the completed enrollment form contained in the enrollment packet
- Online at www.SCchoices.com

A member is enrolled in a Managed Care plan for a period of 12 months. The beneficiary shall remain enrolled in the MCO unless one of the following occurs:

- The member becomes ineligible for Medicaid and/or Managed Care enrollment
- The member forwards a written request to transfer plans for cause
- The member initiates the transfer process during the annual re-enrollment period
- The member requests transfer within the first ninety (90) days of enrollment

Enrollment of Newborns

Babies born to Medicaid-eligible mothers are automatically deemed Medicaid eligible. As such, they are subject to being enrolled into a MCO. If, at the time of delivery, the mother is enrolled with an MCO, the baby will be automatically enrolled into the same MCO as the mother.

Babies automatically enrolled into the mother's MCO have a ninety (90) day choice period following birth during which a change to their health plan may be made. Following the ninety (90) day choice period, the newborn enters into his or her lock-in period and may not change MCOs for the first year of life without "just cause." The newborn's effective date of enrollment into a managed care plan is the first day of the month of birth.

MANAGED CARE SUPPLEMENT

MANAGED CARE ENROLLMENT

Providers should refer to the appropriate Medicaid provider manual for additional limitations when providing services to newborns.

Primary Care Provider Selection and Assignment

Upon enrolling into a MCO, all beneficiaries are "assigned" to a primary care provider (PCP). When the member is assigned to an MCO, the MCO is responsible for assigning the PCP. After assignment, members may elect to change their PCP. **There is no lock-in period with respect to changing PCPs.** Enrolled members may change their PCP at any time and as often as necessary.

MCO members must call their designated Member Services area with the MCO to change their PCP. The name of the designated PCP will appear on all MCO cards. Should an MCO member change his/her PCP, he/she will be issued a new card from the MCO reflecting the new PCP.

MANAGED CARE SUPPLEMENT

MANAGED CARE DISENROLLMENT PROCESS

OVERVIEW

Members not required to participate in managed care may request to disenroll and return to fee-for-service Medicaid. Members required to participate in managed care may only request to transfer to another MCO as fee-for-service Medicaid is no longer an option for the mandatory managed care population.

Disenrollment/transfer requests are processed through the enrollment broker, SCHCC. The member, the MCO or SCDHHS may initiate this process. During the 90 days following the date of initial enrollment with the MCO, beneficiaries may change plans without cause. Only one change may be requested during this period. Once a change has been requested, or the first ninety (90) days following the date of initial enrollment has expired, members move into their "lock-in" period. Requests to change MCOs during the lock-in period are processed only for "just cause." Please refer to the MCO Policy and Procedures Guide and contract for additional information concerning just cause disenrollments.

Transfer requests made during the lock-in period require the completion of a Health Plan Change form, which may only be obtained by contacting SCHCC. The form requires the member to provide information confirming his or her attempt to resolve any issues necessitating disenrollment. That information includes documenting the date and time of the call to the MCO to discuss his or her issues, as well as the person with whom the member spoke. Failure to provide all required information will result in denial of the disenrollment request as all such requests must be reviewed by the SCDHHS.

Upon review by SCDHHS, the managed care plan is notified of the request to disenroll so that a plan representative may follow up with the member in an effort to address the concerns raised in the request for disenrollment. MCOs are required to notify SCDHHS within ten (10) days of the follow-up results for all complaints or disenrollment requests forwarded to the plan. If just cause is not validated, disenrollment is denied and the member remains in the managed care plan. A member's request to transfer is honored if a decision has not been reached within sixty (60) days of the initial request. The final decision to accept the member's request is made by SCDHHS.

If the member believes he or she was disenrolled/transferred in error, it is the member's responsibility to contact SCHCC or the MCO for resolution. The member may be required to complete and submit a new enrollment form to SCHCC.

INVOLUNTARY BENEFICIARY DISENROLLMENT

A beneficiary may be involuntarily disenrolled from a MCO at any time deemed necessary by SCDHHS or the MCO, with SCDHHS approval.

The MCO's request for member disenrollment must be made in writing to SCHCC using all applicable form(s), and the request must state in detail the reason for the disenrollment. The request must also include documentation verifying any change in the member's status. SCDHHS determines if the MCO has shown good cause to disenroll the member and informs SCHCC of

MANAGED CARE SUPPLEMENT

MANAGED CARE DISENROLLMENT PROCESS

their decision. SCHCC notifies both the MCO and the member of the decision in writing. The MCO and the member have the right to appeal any adverse decision. Providers should always check the Medicaid eligibility status of members before rendering service on the Medicaid Provider Web Tool.

The MCO may not terminate a member's enrollment because of any adverse change in the member's health. An exception would be when the member's continued enrollment in the plan would seriously impair the plan's ability to furnish services to either this particular member or other members.

For additional information, please review the involuntary disenrollment guidelines used by SCDHHS and the Managed Care plans in the **Disenrollment Process** section in the MCO Policy and Procedures Guide and contract.

THIRD-PARTY LIABILITY SUPPLEMENT

INTRODUCTION

"Third-party liability" (TPL) refers to the responsibility of parties other than Medicaid to pay for health insurance costs. Medicaid is always the payer of last resort, which means that Medicaid will not pay a claim for which someone else may be responsible until the party liable before Medicaid has been billed. For the most part, this means providers are responsible for billing third parties before billing Medicaid.

Third parties can include:

- Private health insurance
- Medicare
- Employment-related health insurance
- Medical support from non-custodial parents
- Long-term care insurance
- Other federal programs
- Court judgments or settlements from a liability insurer
- State workers' compensation
- First party probate-estate recoveries

Private health insurers and Medicare are the most common types of third party that providers are required to bill. For information on casualty cases and estate recovery, see Section 1 of your provider manual.

HEALTH INSURANCE RECORDS

Medicaid Insurance Verification Services (MIVS), Medicaid's TPL contractor, researches third-party insurance information. Sources of information include providers, eligibility offices, long-term care workers, private insurers, other government agencies, and beneficiaries themselves.

It can take up to 25 days for a new policy record to be added to a beneficiary's eligibility file and five days for corrections and updates of an existing record. New policy information and updates are added to the Medicaid Management Information System (MMIS) every working day.

ACCESS TO CARE

As a provider, your role in the TPL process begins as soon as you agree to treat a Medicaid-eligible patient. You should ask every patient and/or the patient's responsible party about other insurance coverage.

According to 42 CFR 447.20(b), **you cannot refuse to treat a Medicaid patient simply because he or she has other health insurance**. You and the patient should work together to decide whether you will consider the individual a Medicaid patient or a private-pay patient. If you accept the individual as a Medicaid patient, you are obligated to follow Medicaid's third-party liability guidelines and other policies. Remember, you agree to treat a patient as a Medicaid

patient for an entire spell of illness; you cannot change a beneficiary's status in the midst of a course of treatment.

When you first accept a Medicaid beneficiary, and at every service encounter thereafter, you will check to see whether the patient is eligible for Medicaid. At the same time, you will check for any other insurers you may need to bill. You should also perform a Medicaid eligibility check again when entering a claim, as eligibility and TPL information are constantly being updated.

South Carolina Healthy Connections (Medicaid) does not require you to obtain copies of other insurance cards from the beneficiary. You can obtain from South Carolina Healthy Connections (Medicaid) all the information you need to file with another insurer or to code TPL information on a Medicaid claim, including policy numbers, policy types, and contact information for the insurer, as long as Medicaid has that information on file.

Health Insurance Premium Payment Project

The Health Insurance Premium Payment (HIPP) project allows SCDHHS to pay private health insurance premiums for Medicaid beneficiaries who may be at risk of losing the private insurance coverage. SCDHHS will pay such premiums if the payment is deemed cost effective; see Section 1 of your provider manual for more information on qualifying situations. Maintaining good communication with your patients will help you identify candidates for referral to the HIPP program.

Eligibility Verification

- **Medicaid Card:** Possession of a Medicaid card means only that a beneficiary was eligible for Medicaid when the card was issued. You must use other eligibility resources for up-to-date eligibility and TPL information.
- **Point-of-Sale Devices and Eligibility Verification Vendors:** Check with your vendor to see how TPL information is reported.
- **Web Tool:** The Eligibility Verification function of the South Carolina Healthy Connections (Medicaid) Web-based Claims Submission Tool provides information about third-party coverage. See the Web Tool User Guide for instructions on checking eligibility.

REPORTING TPL INFORMATION TO MEDICAID

Providers are an important source of information from beneficiaries about third-party insurers. You can report this information to Medicaid in two ways: enter the information on claims submitted to Medicaid, or submit Health Insurance Information Referral Forms to Medicaid. When primary health insurance information appears on a claim form, the insurance information is passed to MIVS electronically for verification. This referral process is conducted weekly and contributes to timely additions and updates to the policy file.

THIRD-PARTY LIABILITY SUPPLEMENT

Health Insurance Information Referral Forms

The SCDHHS Health Insurance Information Referral Form is used to document third-party insurance coverage, policy changes, beneficiary coverage changes, carrier changes, and policy lapse information. You should fill out this form when you discover third-party coverage information that Medicaid does not know about, or when you have insurance documentation that indicates the TPL health insurance record needs an update.

A copy of the form is included in the Forms section of your provider manual, and samples appear at the end of this supplement. Send or fax the completed forms to:

South Carolina Healthy Connections

COORDINATION OF BENEFITS

Health insurers adhere to "coordination of benefits" provisions to avoid duplicating payments. The health plan or payer obligated to pay a claim first is called the "primary" payer, the next is termed "secondary," and the third is called "tertiary." Together, the payers coordinate payments for services up to 100% of the covered charges at a rate consistent with the benefits.

Medicaid does not participate in coordination of benefits in the same way as other insurers. Medicaid is never primary, and it will only make payments up to the Medicaid allowable. However, you should understand how other companies coordinate payments.

COST AVOIDANCE VS. PAY & CHASE

South Carolina Healthy Connections (Medicaid) is required by the federal government to reject claims for which another party might be liable; this policy is known as "cost avoidance." Providers must report primary payments and denials to Medicaid to avoid rejected claims. The majority of services covered by Medicaid are subject to cost avoidance.

For certain services, Medicaid does not cost-avoid claims and will pursue recovery under a policy known as "Pay & Chase." Medicaid remains the payer of last resort in all cases; however, under Pay & Chase it temporarily behaves like a primary payer.

Services that fall under Pay & Chase are:

- Preventive pediatric services
- Dental EPSDT services
- Maternal health services
- Title IV – Child Support Enforcement insurance records
- Certain Department of Health and Environmental Control (DHEC) services under Title V

While providers of such services are encouraged to file with any liable third party before Medicaid, if they choose not to do so, SCDHHS will pay the claims and bill liable third parties directly through the Benefit Recovery program. More information on recovery appears later in

this supplement. If you choose to bill both a third party and Medicaid, you must enter the TPL filing information on your Medicaid claim as outlined in this supplement – rendering Pay & Chase-eligible services does not exempt you from the requirement to correctly code for TPL.

Resources Secondary to Medicaid

Certain programs funded only by the state of South Carolina (*i.e.*, without matching federal funds) should be billed secondary to Medicaid. The TPL claim processing subsystem does not reject claims for resources that may pay after Medicaid. These resources are:

- BabyNet
- Best Chance Network
- Black Lung
- Commission for the Blind
- Community Health
- Crime Victims Compensation Fund
- CRS (Children's Rehabilitative Services)
- Department of Corrections
- DHEC Cancer
- DHEC Family Planning (DHEC Maternal Child Health)
- DHEC Heart
- DHEC Hemophilia
- DHEC Migrant Health
- DHEC Sickle Cell
- DHEC TB
- Indian Health
- Other Indigent (hospital charity)
- Other Sponsor
- Ryan White Program
- State Aid Cancer Program
- Vaccine Injury Compensation
- Veterans Administration
- Vocational Rehabilitation Services

COPAYMENTS AND TPL

For certain services, Medicaid beneficiaries must make a Medicaid copayment. SCDHHS deducts this amount from what Medicaid pays the provider. Copayments are described in detail in Section 3 of your provider manual (if they apply to the services you provide).

Remember, as a Medicaid provider you have agreed to accept Medicaid's payment as payment in full. You can never balance bill a beneficiary receiving Medicaid-covered services for anything other than the Medicaid copayment. (You may, however, bill a beneficiary for services that Medicaid does not cover.)

When a beneficiary has Medicare or private insurance, he or she is still responsible for the Medicaid copayment. However, if the sum of the copayment and the Medicare/third-party payment would exceed the Medicaid-allowed amount, you must adjust or eliminate the copayment. In other words, though you may accept a primary insurance payment higher than what Medicaid would pay, the beneficiary's copayment cannot contribute to the excess revenue.

Medicaid beneficiaries with private insurance are **not** charged the copayment amount of the primary plan(s). When you accept a patient as a Medicaid patient, all Medicaid rules, including the Medicaid copayment rules, apply to that individual. These rules are federal law; they protect the Medicaid beneficiary by limiting his or her liability for payment for medical services.

THIRD-PARTY LIABILITY SUPPLEMENT

Medicaid determines payment in full and the patient's liability. Therefore, when you file a secondary claim with Medicaid, you can only apply the Medicaid copayment and cannot require the primary plan copayment as you would for a private pay patient.

DENIALS AND EOBS

When you bill a primary health insurer, you should obtain either a payment or a denial. You should also receive an Explanation of Benefits (EOB) that explains how the payment was calculated and any reasons for non-payment. Once you have received a reply from all potentially liable parties, if there are still charges that are not paid in full that might be covered by Medicaid, you may then bill Medicaid. This process is known as sequential billing.

Note that you must receive a *valid* denial before billing Medicaid. A request for more information or corrected information does not count as a valid denial.

POLICY TYPES

Each private policy listed in a patient's insurance record has an entry for "policy type," the most common of which is Health No Restrictions (HN). Another policy type you may encounter is HI, Health Indemnity; such policies pay per diem for hospital stays, surgeries, anesthesia, etc. HS, Health Supplemental, refers to policies that cover Medicare coinsurance and deductibles. Other policy types include Accident (HA) and Cancer (HC).

The policy type HN may be applied to a pharmacy carve-out, a mental health claim administrator, or a dental policy. The policy type does not provide specific information about the types of services covered, so you may have to take extra steps to determine whether to bill a particular carrier:

1. Ask the beneficiary. He or she should be able to tell you what kind of policy it is.
2. Look at the name of the carrier in the full list of carrier codes. The name may help you figure out the type of coverage (*e.g.*, ABC Dental Insurers).
3. Call SCDHHS Provider Service Center (PSC). Providers can also submit an online inquiry at http://scdhhs.gov/contact-us and a provider support representative will respond to you directly. He or she can look up more details of the plan in the TPL policy file.

TIMELY FILING REQUIREMENTS

Providers must file claims with Medicaid within a year of the date of service. If a claim is rejected, you must file a new claim within that year, and Void/Replacement adjustments must be made within that year as well – all activity related to the claim must occur within a year of the date of service in order for you to be paid.

Because of this timely filing requirement, you should bill third parties as soon as possible after service delivery. SCDHHS recommends that you file a claim with the primary insurer within 30 days of the date of service.

THIRD-PARTY LIABILITY SUPPLEMENT

Regardless of how long the third party takes to reply, providers must still meet Medicaid's timeliness requirements. Delays by other insurers are not a sufficient excuse for timeliness extensions.

Timely Filing	
Medicaid claims	One year
Medicare-primary claims to Medicaid	Two years or within six months from Medicare adjudication
Primary health insurance	30 days recommended

Late claim filing to the primary insurer and gaps in activity related to obtaining payment from a primary carrier are not reasonable practices. SCDHHS will not consider payment if a claim is not successfully adjudicated by the MMIS within the time frames above.

REASONABLE EFFORT

Providers occasionally encounter difficulties in obtaining documentation and payment from third parties and beneficiaries. For example, the third-party insurer may refuse to send a written denial or explanation of benefits, or a beneficiary may be missing or uncooperative. It is your responsibility as a provider to seek a solution to such problems.

"Reasonable effort" consists of taking logical, timely steps at each stage of the billing process. Such steps may include submitting new claims, making follow-up phone calls, and sending additional requested information. Many resources are available to help you pursue third-party payments. The PSC can work with you to explore these options.

Reasonable Effort and Insurance Companies

Below is a suggested process for filing to insurance companies. A flowchart based on this process can be found at the end of this supplement.

A. Send a claim to the insurance company.

If after **thirty days** you have received no response:

B. Call the company's customer service department to determine the status of the claim.

- **If the company has not received the claim:**
  1. Refile the claim. Stamp the claim as a repeat submission or send a cover note.
  2. Repeat follow-up steps as needed.
- **If the company has received the claim but considers the billing insufficient:**
  1. Supply all additional information requested by the company.
  2. Confirm that all requested information has been submitted.

THIRD-PARTY LIABILITY SUPPLEMENT

3. Allow thirty more days for the claim to be processed.
4. If there is no response within thirty days and all information has been supplied as requested, proceed as instructed below.

- **If the company has received the claim, considers the billing valid, and has not suspended the claim:**
  1. Make a note in your files.
  2. Follow up with a written request for a response.

C. If after two more weeks you have still received no response:

1. Write to the company citing this history of difficulties. Copy the South Carolina Department of Insurance Consumer Division on your letter.

Remember, difficulties with insurance companies do not exempt you from timely filing requirements. It is important that you file a claim as soon as possible after providing a service so that, should you encounter any difficulty, you have time to pursue the steps described above.

Once the Department of Insurance has resolved an issue (which usually takes about 90 days), you should have adequate information to bill Medicaid correctly. Following all the steps above should take no more than 180 days, well within the Medicaid timely filing limit of one year.

Reasonable Effort and Beneficiaries

Difficulties can arise when a beneficiary does not cooperate with an insurer's request for information. For example, U.S. military beneficiaries must report changes in their status and eligibility to the Defense Eligibility and Enrollment Reporting System (DEERS); a delay by a beneficiary may delay a provider's response from the insurer. An insurer may also need a beneficiary to send in subrogation forms related to a hospitalization.

It is in your interest to contact the beneficiary, whether by phone, certified letter, or otherwise. You may offer to help the beneficiary understand and fill out forms. Be sure to document all your attempts at contact and inform the insurer of such actions.

Occasionally insurers will pay a beneficiary instead of a provider. If you know an insurance payment will be made to a patient, you should consider having the patient sign an agreement indicating that the total payment will be turned over to the provider, and that failure to cooperate with the agreement will result in the beneficiary no longer being accepted as a Medicaid patient.

Reasonable Effort Documentation Form

In cases where you have made all reasonable efforts to resolve a situation, you can submit a Reasonable Effort Documentation form. The form must demonstrate that you have made sustained efforts to contact the insurance company or beneficiary. This document is used only as a last resort, when all other attempts at contact and payment collection have failed.

Attach the form to a claim filed as a denial. Attach copies of all documents that demonstrate your efforts (correspondence with the insurer and the Department of Insurance, notes from your files, etc.). If you are filing electronically, you must keep the Reasonable Effort Documentation form

and all supporting documentation on file. A blank Reasonable Effort Documentation form can be found in the Forms section of your provider manual, and examples appear at the end of this supplement.

REPORTING TPL INFORMATION ON CLAIMS

When you file a claim that includes TPL information, you will report up to five pieces of TPL information, depending on the type of claim:

For each insurer:

1. The carrier code
2. The insured's policy number
3. A payment amount or "0.00"

For the whole claim:

4. A denial indicator when at least one payer has not made payment
5. The total of all payments by other insurers

Carrier Codes

Medicaid, in conjunction with the South Carolina Hospital Association (SCHA), assigns every third-party insurer a unique three-digit alphanumeric code. Among the SCHA carrier codes are a few five-digit codes created by SCDHHS to satisfy carrier-specific claim filing requirements; these are identified by the suffix RX (pharmacy plans). SCHA carrier codes are used to identify insurers and other payers (including the Medicare Advantage plans) on dental, professional, and institutional claims. A complete list of carrier codes can be found in Appendix 2 of those provider manuals.

SCDHHS maintains an entirely separate list of five-digit carrier codes for pharmacy claims submission. Providers should visit http://southcarolina.fhsc.com or the SCDHHS Provider Information page at http://provider.scdhhs.gov/ to view the pharmacy carrier codes list.

With very few exceptions, the alphanumeric carrier codes assigned by the SCHA are three digits, alpha-numeric-alpha. However, if you file hard copy, you may want to indicate a zero as Ø to ensure it is keyed correctly.

If you cannot find a particular carrier or carrier code in your manual, please visit the SCDHHS Provider Information page at http://provider.scdhhs.gov/ to view the most current carrier codes list.

If you are billing a company for which you cannot find a code, you may use 199, the generic carrier code. MIVS will then call you to ask about the new insurer. You may prefer to submit a Health Insurance Information Referral Form to MIVS while you have the carrier information easily accessible, as MIVS may call you up to one month after the claim has been processed.

You may encounter the "CAS" carrier code when checking a beneficiary's eligibility. This code represents an open casualty case. Medicaid does not cost avoid claims with casualty coverage. You may decide to bill Medicaid directly and forgo participation in the case, or you may take

action with the liable party and not bill Medicaid. Timely filing requirements still apply even where there is a possible casualty settlement, so you must make your decision prior to the one-year Medicaid timely filing deadline.

Policy Numbers

Many insurance companies use Social Security numbers (SSNs) as policy numbers, but some are transitioning to policy numbers that do not rely on confidential information. You should use the number that appears on the beneficiary's health insurance card.

SCDHHS has begun adding these new policy numbers to beneficiary records. If one of your claims is rejected for failure to file to a private insurer (edit 150) and you have already filed to that insurer, there may be a policy number discrepancy; you should code the claim with the beneficiary's SSN. Edit codes and rejected claims are discussed in more detail below.

PHARMACY CLAIMS

TPL policies apply to all Medicaid services. Like other providers, pharmacists must bill all other potentially liable parties, including Medicare, before billing Medicaid. However, pharmacists' billing procedures differ from those of other providers. Pharmacists do not use the carrier codes assigned by the SCHA; South Carolina Healthy Connections (Medicaid) maintains separate carrier codes for pharmacy claims submission. Providers should visit the SCDHHS Provider Information page at http://provider.scdhhs.gov for pharmacy carrier codes. These unique codes may also be found at http://southcarolina.fhsc.com.

Pharmacists receive two-character NCPDP edit codes rather than South Carolina Healthy Connections (Medicaid) edit codes. Code 41 indicates that you need to file to a third-party payer, to include Medicare Parts B and D, if applicable.

Pharmacy services are generally cost-avoided; however, SCDHHS performs Pay & Chase billing for insurance resources that are Child Support Enforcement-ordered and in situations where the insurance company will not pay the Medicaid-assigned claim and instead makes payment to the subscriber. Pharmacists who file to primary plans but do not receive the insurance payment should report that fact to MIVS or SCDHHS so that Pay & Chase may be implemented instead of cost avoidance.

The point-of-sale contractor's Pharmacy Provider Manual contains complete instructions on how to submit TPL information on Medicaid claims.

NURSING FACILITY CLAIMS

Nursing facilities are required to follow Medicaid's TPL policies by billing other liable parties before billing Medicaid. The nursing facility claim form, the Turn Around Document, does not provide fields for coding TPL information. In order to have TPL payments calculated, you will report TPL payments and denials on a Health Insurance Information Referral Form and/or submit the insurance EOB with a new DHHS Form 181.

If you discover third-party coverage that Medicaid does not yet have on file, bill the third party and send a Health Insurance Information Referral Form to MIVS so that the insurance record

THIRD-PARTY LIABILITY SUPPLEMENT

may be put online. If Medicaid has already paid, you are responsible for refunding the insurance payment. Failure to report insurance that will likely be subsequently discovered may result in the claim being put into benefit recovery and recouped in a recovery cycle (see the section on recovery for more information).

To initiate Medicaid billing for a resident also covered by a third-party payer, submit a claim to Medicaid and receive a rejection (edit code 156 for commercial insurance) for having failed to file with the other liable third parties. This establishes your willingness to accept a resident as a Medicaid beneficiary. It also shows that you intend to adhere to Medicaid's timely filing requirements.

When you receive a rejected claim, attach all EOBs and submit a new DHHS Form 181 to the Medicaid Claims Control System (MCCS); they will route it to the Medicaid TPL department for processing. If you are subsequently paid by a third party, use Form 205 to refund part or all of your Medicaid payment. Mark "health insurance" as the reason for the refund, supply the insurance information, and attach a check for the amount being refunded.

Remember that claims in recovery have timely filing requirements. SCDHHS suggests that as soon as you receive a 156 edit and/or discover that a resident has third-party coverage, you check your records and bill the third party for previous claims for the current calendar year and for one year prior for which Medicaid should not have paid primary. If you wait for the next recovery cycle, you may run into timely filing deadlines. All previously paid claims that were not filed with the insurance company or third parties are subject to recovery by Medicaid.

Should MIVS mail you a letter of recovery, make sure you follow all procedures and timelines as required. The PSC will be able to assist you in completing all requirements from MIVS in order to avoid a take-back or to reverse a previous take-back.

If you have any other questions or concerns about third-party liability issues, call the PSC. Because nursing home billing cycles are often longer than those of other providers, it is essential that you contact SCDHHS early in the TPL billing process, before timely filing requirements become a concern.

The Nursing Facility Services Provider Manual contains complete billing instructions for nursing facilities. Please see also the following sections of this supplement: Eligibility Verification, Reporting TPL Information to Medicaid, Cost Avoidance vs. Pay & Chase, Timely Filing Requirements, and Reasonable Effort.

PROFESSIONAL, INSTITUTIONAL, AND DENTAL CLAIMS

The CMS-1500 and UB-04 claim forms have space to report two payers other than Medicaid. If there are three or more insurers, you will need to code your claim with the payers listed that pay primary and secondary. When your claim receives edit 151, you must submit a new claim and write in the carrier code, policy number, and amount paid in the third occurrences of fields 24, 25, and 26 of the CMS-1500, Claims submitted electronically will be processed automatically with up to ten primary payers.

THIRD-PARTY LIABILITY SUPPLEMENT

Professional Paper Claims

The CMS-1500 has two areas for entering other insurers: block 9 (fields 9a, 9c, and 9d) and block 11 (fields 11, 11b, and 11c). If there is only one primary insurer, you can use either block. If there are two insurers, use both blocks.

CMS-1500 TPL Fields

9a Other Insured's Policy or Group Number Enter the policy number.	**11 Insured's Policy Group or FECA Number** Enter the policy number.
9c Reserved for NUCC Use If the insurance has paid, indicate the amount paid in this field. If the insurance has denied payment, enter "0.00" in this field.	**11b Other Claim ID (Designated by NUCC)** If the insurance has paid, indicate the amount paid in this field. If the insurance has denied payment, enter "0.00" in this field.
9d Insurance Plan Name or Program Name Enter the three-character carrier code.	**11c Insurance Plan Name or Program Name** Enter the three-character carrier code.

10d Claim Codes (Designated by NUCC) Enter the appropriate TPL indicator for this claim.

The valid TPL indicators are:

- **1** Insurance denied
- **6** Crime victim
- **8** Uncooperative beneficiary

If either insurer denied payment, you will put the TPL indicator "1" in field 10d. "6" is used to alert SCDHHS to potential criminal proceedings and restitution. "8" is used in conjunction with the Reasonable Effort Documentation form to show that you have been unable to contact a beneficiary from whom you need information and/or payment.

29 Amount Paid Enter the total amount paid from all insurance sources. This amount is the sum of 9c and 11b.

Complete instructions for filling out CMS-1500 claim forms can be found in Section 3 of provider manuals for professional services. Sample CMS-1500s with TPL information appear at the end of this supplement.

THIRD-PARTY LIABILITY SUPPLEMENT

Institutional Paper Claims

Unlike other claim types, the UB claim form has a section for listing all parties being billed, **including Medicaid**. Medicaid's carrier code, 619, must be entered on all UB claims submitted to Medicaid.

Fields 50, 54, and 60 are the main fields for coding TPL information.

- Identify all other payers, with the primary payer on line A.
- For each payer other than Medicaid, enter the three-digit carrier code in field 50 and the corresponding payment in field 54.
- For denials, enter the carrier code in field 50 and "0.00" in field 54. Then, enter occurrence code 24 and the date of denial in item 31, 32, 33, or 34.
- You are not required to enter a provider number for payers other than Medicaid, though doing so will not affect your claim.
- Enter Medicaid (619) on line B or C. Leave field 54 of the Medicaid line blank; there will never be a prior payment.
- Enter the patient's 10-digit Medicaid ID number on the lettered line (A, B, or C) that corresponds to the Medicaid line in fields 50 – 54. Enter the other policy numbers on the same lettered line as the code and payment for that carrier.

UB-04 TPL Fields

	50 PAYER	51 PROVIDER NO	54 PRIOR PAYMENTS
A	618/620 (Medicare carrier code)		$33.01
B	401 (BCBS carrier code)		$255.39
C	619 (Medicaid carrier code)		

60 CERT.-SSN-HIC.-ID NO.
ABQ1111222
123456789-1212
1234567890

If one claim spans multiple claim forms, fields 50, 51, and 54 must be completed in exactly the same way on each page of the claim.

Complete instructions for filling out UB claim forms can be found in the Hospital Services and Psychiatric Hospital Services provider manuals, and a sample UB-04 with TPL information appears at the end of this supplement.

Dental Paper Claims

THIRD-PARTY LIABILITY SUPPLEMENT

Web-Submitted Claims

The Web Tool User Guide contains instructions for entering TPL information for all claim types except Dental using the Web Tool. The basic steps are the same as for paper claims.

REJECTED CLAIMS

If you file a claim to Medicaid for which you should have first billed a third-party insurer, your claim will be rejected unless 1) the policy has not yet been uploaded to the MMIS, or 2) the service is in Pay & Chase. The Eligibility section on the Web Tool will supply information you need to file with the third-party payer.

Insurance Edits

There are six edit codes indicating that a claim has not been filed to other insurers:

- 150: TPL coverage verified/filing not indicated on claim
- 151: Multiple insurance policies/not all filed – call TPL
- 155: Possible, not positive, insurance match/other errors
- 156: TPL verified/filing not indicated on claim
- 157: TPL coverage; no amount other sources on claim
- 953: Buy-in indicated – possible Medicare payer

If you receive one of these edit codes and have not filed a claim with all third parties listed under the Eligibility section on the Web Tool, you must do so. **Whenever you receive one of these edits, your subsequent attempts to obtain Medicaid payment must have at least one TPL carrier code and policy number even when there is no primary payment.** If a policy has lapsed by the time a claim is processed, SCDHHS will be unable to correctly identify the claim as TPL-related unless you enter the TPL information on a new claim.

The insurance carrier code, the policy number, and the name of the policyholder are all listed under the Eligibility section on the Web Tool, while the carrier's address and telephone number may be found in Appendix 2 of your provider manual or on the SCDHHS Web site. Because of timely filing requirements, you should file with the primary insurer as soon as possible.

If you have already filed a claim with all third parties listed on the Web Tool, check to see that all the information you entered is correct. Compare the carrier code and policy number you entered on the rejected claim and submit a new claim. You must re-enter all TPL information when filing a new claim.

Other TPL-related edit codes include:

165: TPL balance due/patient responsibility must be present and numeric

316: Third party code invalid

317: Invalid injury code

390: TPL payment amount not numeric

400: TPL carrier and policy number must both be present

THIRD-PARTY LIABILITY SUPPLEMENT

401: Amount in other sources, but no TPL carrier code

555: TPL payment is greater than payment due from Medicaid

557: Carrier payments must equal payments from other sources

565: Third-party payment, but no third-party ID

690: Amount from other sources more than Medicaid amount

732: Payer ID number not on file

733: Insurance information coded, but payment or denial indicator missing

953: Buy-in indicated on CIS – possible Medicare

Resolution instructions for these edit codes can be found in Appendix 1 of your provider manual.

CLAIM ADJUSTMENTS AND REFUNDS

If you are paid by a third-party insurer after you have been paid by Medicaid, you should initiate a claim adjustment if you wish to refund the original paid claim in full. You must use the Void/Replacement rather than the Void Only option. Unless there is a replacement claim, new TPL information will not be available to MIVS for investigation and addition to the policy file in the MMIS.

If the refund is for an amount less than the original Medicaid payment, contact MIVS for a manual TPL debit or send a refund check for the appropriate amount. Complete instructions for filing adjustments are in Section 3 of your provider manual, and sample Adjustment Form 130s appear at the end of this supplement. Please remember that hospital providers, pharmacists, and nursing facilities do not use the Form 130.

If you submit a refund to SCDHHS and subsequently discover that it was in error, SCDHHS must receive your credit adjustment request within 90 days of the refund.

Remember: you should not send a check when you make a claim-level adjustment. However, if you need to send a reimbursement check for any reason, fill out the Form for Medicaid Refunds (Form 205 – see the Forms section of your provider manual) and send it with the check to the following address:

RECOVERY

"Recovery" refers to all situations where Medicaid or the provider pursues third parties who are liable for claims that Medicaid has already paid. Recovery categories include Retro Medicare, Retro Health, and Pay & Chase.

MIVS is responsible for mailing recovery invoices and posting benefit recovery responses. If you have questions about recovery, please contact them directly. See the contact list at the end of the supplement.

THIRD-PARTY LIABILITY SUPPLEMENT

Retro Medicare

SCDHHS invoices institutional and professional medical providers at the beginning of each month for retroactive Medicare coverage (Retro Medicare). You will receive a letter indicating that your account will be debited. The letter identifies Medicare-eligible beneficiaries, claim control numbers, and dates of service, as well as the check date of the automated adjustment and an "own reference number" to identify the debit(s).

You are expected to file the affected claims to Medicare within 30 days of the invoice. After filing to Medicare, you have the option of filing a claim to Medicaid for consideration of an additional payment toward the coinsurance and deductible. Requests for reconsideration of the debit must be received within 90 days of the debit.

If Medicare has denied, you may submit a claim to Medicaid. Provider adjustments will not be submitted for payment in order to eliminate the possibility of duplicate payments. Certain claims for patients with Medicare Part B only, when it is impossible to file them within the one-year timely filing limit, may be an exception.

Despite the extended timely filing deadlines for Medicare-primary claims (six months from Medicare payment or two years from the date of service), you may encounter difficulties with timely filing when Medicare does not make a payment and a claim is in Retro Medicare. If a claim sent to Medicaid is denied with edit 510 for being more than one year after the date of service or six months after the Medicare remittance date, mail, or fax the rejected claim, with supporting documentation to MIVS. If the patient is Part B-only and a UB claim form has received edit 510, the rejected claim, with supporting documentation, should be forwarded or faxed to MIVS. If MIVS determines that the late filing is valid, they will make a credit adjustment.

Claims pulled into Retro Medicare, when filed within 30 days should meet Medicare one year timely filing rule.

Please note that the computer logic also reviews the procedures on the claims and does not pull into recovery procedure codes that are not Medicare covered.

South Carolina Healthy Connections (Medicaid) is responsible for attempting to recover all claims that can be filed within timely filing limits.

Retro Health and Pay & Chase

SCDHHS invoices institutional providers each month for Retro Health and Pay & Chase claims. Providers are expected to file the claims to the primary medical plan within the month of the invoice and to respond to the recovery letter upon receiving the primary adjudication.

One month after the first recovery letter, providers are notified of any claims for which there has been no response. Three months after the first invoice, claims for which there was no response are automatically debited. Requests for reconsideration of the debit must be received within 90 days of the debit. SCDHHS will not reconsider requests after the nine-month cycle.

THIRD-PARTY LIABILITY SUPPLEMENT

Retro Health Example

January 2018	Initial invoice
February 2018	Second letter
March 2018	Notification: Automated debit on last check date of the month

You should submit claims promptly to the primary carriers to avoid receiving timely filing denials from the primary health plans for cost avoidance and for recovery. If you fail to meet timely filing requirements and thus fail to meet a primary carrier's deadline, this is not an acceptable denial; however, when an insurer's timely filing deadline for a date of service is within approximately six weeks of an invoice in Retro Health or possibly before the Medicaid invoice, SCDHHS will accept the insurer's denial and stop a subsequent debit of the Medicaid paid claim from your account.

Insurers occasionally recoup payments made to providers who have put the insurance payment on a Medicaid secondary claim or who have refunded the Medicaid primary payment under Retro Health or Pay & Chase. When the provider submits proof of return of the primary payment, SCDHHS will consider reinstating payment by manual adjustment when the request is received within 90 days of the primary plan request to the provider.

CONCLUSION

Medicaid's ability to fund health care for low-income people relies in part on the success of its cost avoidance measures. For providers, third-party liability responsibilities can be summarized as follows:

- Bill all other liable parties before billing Medicaid.
- Make reasonable, good-faith efforts to get responses from insurers and beneficiaries.
- Code TPL information correctly on claims.
