things to know

General Information

DHHS FORM 181 is utilized by Nursing Facilities (NF's), Intermediate Care Facilities For Individuals with Intellectual Disability (ICF/IID's), Swing-Bed Hospitals (SB's), and/or SCDHHS Medicaid Eligibility Workers. The DHHS FORM 181 is authorization by the Department of Health and Human Services for payment and reimbursement for NF, ICF/IID, and SB services rendered to the eligible patient. A separate form must be prepared for each eligible patient receiving Provider Services. **A DHHS FORM 945 should accompany all retroactive determinations over one year old for eligibility or recurring income.**

Detailed Instructions

A. Section I – Identification of Provider and Patient:

This section is self-explanatory and will be completed in its entirety by the originating party. Please note the "HIB" suffix (Health Insurance Benefit code) of the Social Security Claim Number under item 7. This suffix (either alpha, numeric or both) relates specifically to Medicare qualifying beneficiaries, indicating benefits under Medicare, Title XVIII (Medicare Identification Card). The Provider information must be completed. **This form will not be processed without the correct Medicaid ID of the recipient and the correct provider number.**

B. Section II – Type of Coverage and Statistical Data:

The Provider of services and/or the SCDHHS Medicaid Eligibility Worker may initiate this section. This section is used to show the patient's level of care, changes in level of care changes in type of care, Medicaid or Medicare admission dates, transfers/readmissions from other facilities or hospitals, terminations and for reporting coinsurance dates. Level of care must be reported on all DHHS Form 181s.

For Authorization, send Form 181 to: SCDHHS Central Mail
PO Box 100101
Columbia, SC 29202

Fax: (888) 820-1204

If the recipient has a non-covered medical expense, complete Forms 235 and 236. Send completed forms, if applicable, to: SCDHHS Division of Policy and Planning
PO Box 8206
Columbia, SC 29202-8206.

For Complex Care Terminations fax to SCDHHS Nursing Facility Service: (803) 255-8209.

C. Section III – Authorization and Change of Status:

Only the SCDHHS Medicaid Eligibility Worker is responsible for the completion of this section. The SCDHHS Medicaid Eligibility Approval Authority/Supervisor or a SCDHHS authorized representative must sign and date each form for all new admissions, income changes, and discharges home that affect income liability.

Co-Insurance

In the case of filing for Medicare Coinsurance, a SNF Authorizing DHHS FORM 181 must be completed for each Medicare spell of illness. Coinsurance periods are billed using a copy of the initial signed authorization. Coinsurance dates must be supported by EOMBs; must not cross a calendar month; and the service dates must be consecutive.

The coinsurance authorization expires if the spell of illness is broken or after 80 days of coinsurance, whichever comes first. Coinsurance claims cannot be added to the monthly billing. **NOTE:** Effective with dates of service 12/01/01, DHHS no longer reimburses nursing facilities or ICFs/IID for Part A SNF coinsurance. Swing Bed Hospitals are paid coinsurance. **Coinsurance claims should never be sent with the monthly billing.**

Distribution, Preparation and Routing of Form

The Provider of services will normally initiate these forms. The SCDHHS Medicaid Eligibility Worker initiates them for all income changes and certain terminations. The Provider of services must forward the forms to the appropriate SCDHHS Medicaid Eligibility Worker only when signature authorization in Section III is required.

A. Copy — Submitted by Provider for claims processing at MCCS.
Copy — Retained and kept on file by SCDHHS Medicaid Eligibility.
Original — Retained and kept on file by the Provider of services.

B. The Provider of services must attach a copy of this form to the current month's billing for each change in the status of a patient. Staple all 181 forms together for each patient.

II. PSYCHIATRIC CONDITION

A. Affect. Affect is the emotion that people express when interacting with others and their environment. A normal affect is when people laugh or show sadness or pleasure or grief in a manner consistent with the topic being discussed or the event being observed. A flat affect is to express little or no affect at all; a labile affect changes frequently and is often inconsistent with the subject being discussed or the event. A euphoric affect is exceptionally high with no obvious basis for it. Affect is changeable, whereas mood is a constant or fundamental emotion underlying all interactions.

Y = Yes N = No U = Unspecified or Unknown

Normal	Y N U	Angry	Y N U	Other (Describe)_____	
Flat or blunt	Y N U	Labile or changeable	Y N U	_____	
Sad or blue	Y N U	Euphoric or elated	Y N U	_____	

B. Mood. Mood is the constant or fundamental emotion. For example, a depressed person may laugh but there is a sad or cynical quality to it. Facial expression and body language may continue to reflect a despondency. An anxious mood might be expressed as nervousness or lack of confidence in responses given. Fearfulness might be expressed as concern that responses will elicit negative consequences. Elation might be expressed as feeling "on top of the world" when circumstances should leave the person feeling otherwise. A normal mood is one that is consistent with the person's circumstances and denotes appropriate acceptance of circumstances with constructive adaptability.

C. Thinking Patterns. Thinking patterns are reflected in the patient's capacity to respond to questions and engage in conversation. If patterns are incoherent or confused, the response is illogical or unrelated. If patterns are loose or tangential that questions or conversational points result in the patient referencing something that is not connected or pertinent to the content of the conversation, then perseverance or obsessiveness is reflected by constant repetition of a point, observation or constant repetition of a point, observation or concern, and an inability to move to other topics.
