Mark your calendars for the 4th annual symposium!

Join fellow health care providers, hospital administrators and community leaders to learn more from national and state experts about innovative strategies to improve health outcomes for moms and babies including the reduction of non-medically necessary primary C-sections, long-acting reversible contraceptives (LARCs), maternal behavioral health issues and more. This one day event will feature a keynote speaker and workshop sessions, as well as updates on the South Carolina Birth Outcomes Initiative (SCBOI). Registration will begin in September.

The SCBOI depends largely on financial sponsorship to host the symposium. If you would like to participate as a sponsor or have questions about the symposium, please contact Monty Robertson at Montrelle.Robertson@scdhhs.gov or 803-898-3866.

SCBOI Symposium
Big ideas. Big opportunities. Big solutions.

November 10, 2015

8 a.m.—3:45 p.m.

Columbia Metropolitan Convention Center
1101 Lincoln St.
Columbia, SC 29201
