

PRE-ADMISSION SCREENING

In addition to the home care programs, CLTC is also responsible for conducting pre-admission screening for applicants who are accessing Medicaid-sponsored nursing home care. This screening process assures applicants meet the required level of care—skilled or intermediate—for nursing home placement.

HOW TO GET SERVICES

An individual or their family member may make a referral for CLTC services by calling the toll-free **CLTC referral number, (888) 971-1637** or by using the **CLTC website, <https://phoenix.scdhhs.gov/eref/>**.

Community Long Term Care

SOUTH CAROLINA DEPARTMENT OF HEALTH AND HUMAN SERVICES
Healthy Connections
MEDICAID 

Better Care. Better Value. Better Health.

COMMUNITY LONG TERM CARE

The South Carolina Department of Health and Human Services Community Long Term Care (CLTC) offers programs to help individuals who want to live at home, need assistance with care and are financially eligible for Medicaid.

Community Choices Program

The Community Choices waiver allows individuals who require assistance with their activities of daily living to receive care in their communities or homes instead of in nursing homes. These CLTC services are available to individuals 18 years of age or older who are unable to perform activities of daily living such as bathing, dressing and toileting due to illness or disability. In order to enroll, the individual must meet the same level of care that is needed to enter a nursing home.

Services offered include:

- **Personal Care** - Help with activities such as bathing, dressing, preparing meals, general housekeeping and observing health status.
- **Attendant Care** - Personal care assistance directed by the participant or the participant's representative.
- **Companion Services** - Short-term relief for caregivers and/or needed socialization for participants.
- **Environmental Modifications** - Pest control services, ramps, fans and window air conditioners.
- **Enhanced Environmental Modifications** - Minor adaptations to non-rental property for the safety and health of the participant.
- **Home Delivered Meals** - Regular or special diet meals delivered to the participant's home.
- **Adult Day Health Care (ADHC)** - Medically supervised care and services provided at a licensed day care center.

- **ADHC Nursing** - Limited skilled nursing procedures as ordered by a physician may be provided by the ADHC nurse at the center.
- **Respite Care** - Temporary relief for the participant's caregiver by admission to an inpatient facility (nursing home or hospital) or community residential care facility (CRCF).
- **Personal Emergency Response System (PERS)** - An electronic device that enables high-risk individuals to secure help in the event of an emergency.
- **Nutritional Supplements** - A limited supply of canned supplements when medical necessity is confirmed by a physician.
- **Bath Safety Equipment** - Hand-held shower.
- **Home Again** (also known as Money Follows the Person) - Assists Medicaid individuals residing in a nursing facility to transition back into the community.
- **Telemonitoring** - Daily electronic monitoring of medical conditions for participants who meet specific criteria.
- **Case Management** - Coordination and monitoring of program services and community resources.

HIV/AIDS Program

CLTC may be able to help Medicaid-eligible individuals of any age who have HIV/AIDS and are considered to be at risk for hospitalization. Services offered include:

- **Personal Care**
- **Attendant Care**
- **Companion Services**
- **Environmental Modifications**
- **Enhanced Environmental Modifications**
- **Bath Safety Equipment** - Hand-held shower.
- **Home Delivered Meals**
 - **Nursing Services** - Skilled medical monitoring, direct care and intervention in order to maintain health care needs through home support.
 - **Nutritional Supplements**
 - **Case Management**

Mechanical Ventilator Dependent Program

This program can assist individuals 21 years of age or older who are dependent upon mechanical ventilation at least six hours daily.

Services offered include:

- **Personal Care**
- **Attendant Care**
- **Environmental Modifications**
- **Enhanced Environmental Modifications**
- **Nursing Services**
- **PERS**
- **Institutional Respite Care** - Temporary relief for the caregiver by admitting the participant to an inpatient facility (nursing home or hospital).
- **In-Home Respite Care** - Temporary relief for the primary caregiver that keeps the participant at home to avoid institutionalization.
- **Specialized Medical Equipment and Supplies**
- **Nutritional Supplements**
- **Home Delivered Meals**
- **Case Management**
