

### Parent Applying for TEFRA:

This letter is to provide you with information about the TEFRA (Katie Beckett) program in Medicaid. We hope the following information will do three things:

- 1. Help you determine whether you should apply for TEFRA coverage for your child.
- 2. Help you understand the process that is involved in determining if a child is eligible for TEFRA coverage.
- 3. Provide you with information about things you can do to complete the application process as quickly as possible.

States may call their program "Katie Beckett" or TEFRA. Congress enacted this coverage option in 1982, after a child named Katie Beckett received media attention. Normally, for the first 30 days a child is in an institution, the child remains a part of the family household and the parent's income and resources are used in the eligibility decision. After 30 days, and for as long as the child continues to live in an institution, the child is considered an individual and only the income and resources of the child are counted. Katie Beckett's parents did not want their child to live in an institution and wanted to care for their severely disabled child at home. While Medicaid would cover Katie as long as she stayed in the institution, Medicaid could not assist her if she were to move back home. President Ronald Reagan read about Katie's story and had legislation introduced to add in-home care for this coverage group. This legislation gave states the option to provide similar coverage for children like Katie Beckett. South Carolina added this optional TEFRA program in 1995.

As we have established, TEFRA is a special coverage group for children who need institutional care, but whose families can, and want to, provide care in their homes. Although administered by the state, there are certain federal rules that govern eligibility and a child must meet several criteria in order to qualify. It is important to understand that a child may have a number of medical problems and still not qualify for TEFRA. A child must meet all of the following rules in order to be eligible:

- Age must be 18 years old or younger
- Income must be below the limit per month used for Medicaid in a nursing home. This amount changes each year. Please visit our website, scdhhs.gov, for the most current income amounts.
- Resources must be at or below \$2,000
- Living at home
- Must be possible for the child to receive adequate care in the home setting
  - The cost of the child's care to the Medicaid program cannot exceed the cost that Medicaid would incur if the child were institutionalized in a nursing home
- Disability must meet the legal definition of disability for a child that is used by the Social **Security Administration**
- Need ongoing institutional care
  - This is called the Level of Care determination. This generally means nursing home care or Intermediate Care for Intellectual Disability/Related Disabilities. It can also mean longterm care in a hospital. This criterion is NOT met because a child may need to be admitted to a hospital many times a year to address health crises or corrective procedures

South Carolina is fortunate to have an organization called Family Connection of South Carolina, Inc., that is devoted to helping parents with children with chronic illnesses, disabilities, and developmental delays. This organization provides a support network for families like yours. You may contact Family Connection at 1-800-578-8750. They may also be able to help you with this application process. Most TEFRA applications take up to 90 days to process; however, many take longer. Family Connections can help you to collect and submit all required information with your application so that it may be processed more quickly and smoothly.

The South Carolina Vocational Rehabilitation Department (VR) performs the required disability determinations for SCDHHS. VR will request medical records from the physicians and healthcare providers that you identify on your application and will evaluate the information to make a disability decision. Please encourage your healthcare providers to provide the requested information quickly. Physicians and other healthcare providers frequently respond more quickly to you, the parent, than to a government agency like SCDHHS. Anything you can do to get the medical records more guickly will help us process the application. If you do obtain medical records, send them along with your application. If you receive medical records after you send in your application, you can FAX, email, or mail them to us. Please FAX these records to 888-820-1204, email them to 8032558296@fax.scdhhs.gov, or mail them to:

> South Carolina Department of Health and Human Services Central Mail – Attn: TEFRA Post Office Box 100101 Columbia, SC 29202-3101

If the medical records do not clearly indicate disability, a VR specialist will be assigned to review your child's condition to determine if there is more information that might lead to a positive determination of disability. This step lengthens the process, but is necessary to give your child every chance of meeting disability criteria.

At the same time the disability determination is in process, we review your child's condition to determine whether he or she needs institutional care. This is called Level of Care, or LOC. To meet the medical necessity criteria for institutional care, a person has to have functional deficits in daily living skills. For an adult, this means that he or she cannot bathe, dress, eat or transfer (move) without ongoing assistance. For a child, the determination is more difficult since the deficits are not simply the ageappropriate dependences of a child.

All children are dependent at birth for assistance in these areas. Therefore, the normal dependency of an infant is age appropriate. It does not mean that they need institutional care. We first look at your child's functional level compared to the functional level expected for a child of your child's age. The first review is to see whether your child's functional level is so different from the expected level that he or she would require ongoing care in a nursing home. If your child does not need to live in a nursing home, we then send the application to the South Carolina Department of Disabilities and Special Needs (DDSN) for a second review. DDSN reviews your child's condition to determine if your child has an Intellectual or Related Disability and if your child needs ongoing care in an Intermediate Care Facility for the Intellectual Disability/Related Disabilities (ICF-ID/RD). If your child does not need to live in a nursing home, and does not need ongoing care in an Intermediate Care Facility, a final review will be conducted to see if your child requires hospital level of care treatment.

As you can see, this is a lengthy process. It is lengthy because we make every effort to find your child eligible. These efforts may include finding additional specialists to review your child's condition if medical records do not support a disability determination and home visits related to Level of Care determinations.

We hope this letter provides you with a better understanding of TEFRA and the requirements to qualify. If you would like to provide us with any additional information that could be helpful, or you would like to send us a written statement about your child's condition, please do so with your application. We will include your statement and/or the additional information in the material used in both the disability determination and the Level of Care determination. Also, please encourage your child's physicians and healthcare providers to respond quickly to requests from us for medical records.

Please understand that your child may have severe medical problems and still not meet TEFRA requirements. The lack of need for continuous institutional care frequently disqualifies a child. A denial does not mean that we do not think your child has serious medical problems or is seriously ill.

## **TEFRA Application - Checklist**

	ication in a shorter tin I, call our toll-free line						re what to
	Application Form – DHHS Form 3290						
	DHHS Form 3291ME, TEFRA In-Home Care Certification. Your child's physician must complete this form.						
	DHHS 3218D-ME –Disability Report, Child Under Age 19. It is important that you fill out each blank, even to indicate not applicable (N/A).						
	DHHS Form 921 – Request for Medical Records. To save time, you may also provide one extra signed copy of Form 921 in case we need to make further requests on your behalf.						
	SC Department of Form. Sign and retu		d Special	Needs Permis	ssion to	Evaluate TEFRA	Applicant
	Proof of Citize	enship 🔲 Ide	entity (	Photocopies of	foriginal	l documents require	ed.)
	Photocopies of any recent medical records (within one year) you may have regarding your child's health. These are not mandatory but may help speed up the application process.						
	Copies of recent IEP and School Psychological Evaluation for school-age children						
	Proof of any income that your child receives, such as child support or Social Security						
	Proof of any resources available to your child such as bank accounts, savings bonds, trust accounts, life insurance policies, etc.						
	Copies of any health insurance card, front and back, showing that your child is covered. This does not affect your child's eligibility for Medicaid. We need a record of other insurance, if applicable.						
Send	d the completed, sign	ed application	and other	required forms	and info	ormation by:	
	PO Bo	IHS-Central Ma ox 100101 obia, SC 29202		OR	Fax:	1-888-820-1204	

By providing as much information as possible when you apply, SCDHHS may be able to process your

#### Why do we ask for this information?

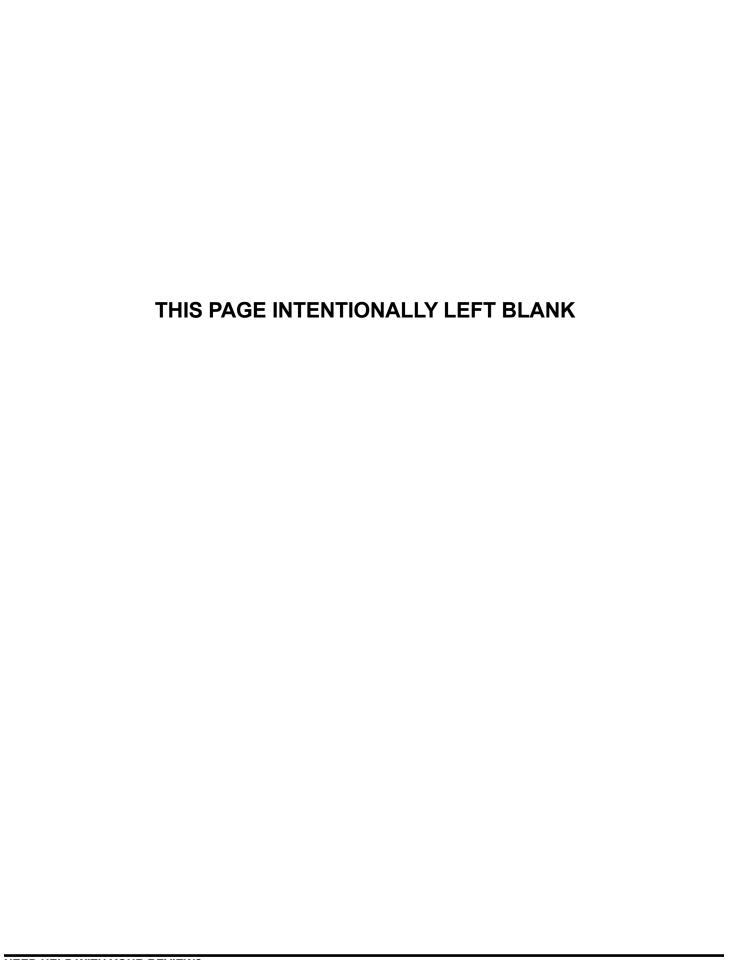

We ask about income and asset information to let you know what coverage you qualify for and how to get any help paying for it. We'll keep all the information you provide private and secure, as required by law. To view the Privacy Act Statement, please visit: www.scdhhs.gov

#### What happens next?

Send your complete application to the address at the end of the form. If you don't have all the information we ask for, submit your application anyway; we'll follow up with you. If you don't hear from us, visit SCDHHS.gov or call 1-888-549-0820.

#### Get help with this form

- Visit us online at SCDHHS.gov Call our Member Contact Center at 1-888-549-0820.
- In person: Visit an SCDHHS county eligibility office in your area.

We'll keep all the information you provide private and secure as required by law. We'll use personal information only to check eligibility for health coverage.

If NO, skip to Step 4.
<b>YES. If YES</b> , ask for and complete SCDHHS Form 3400-Appendix B

#### STEP 4 **Rights and Responsibilities**

Read and Sign. Please read the following rights and responsibilities. If you disagree with a statement, your eligibility for programs may be impacted. A signature is required to complete the application process and submit your application to the agency.

- I know that under federal law, discrimination isn't permitted on the basis of race, color, national origin, sex, age, or disability. I can file a complaint of discrimination by calling (888) 808-4238 or writing to the Civil Rights Division, SCDHHS, P.O. Box 8206, Columbia, SC 29202-8206.
- 2. I know I will be asked to cooperate with the agency that collects medical support from an absent parent. If I think that cooperating to collect medical support will harm me or my children, I can tell the agency and may not have to cooperate.
- 3. I assign and give my rights to any payments from a liable third party to the SCDHHS up to the payment amount that Healthy Connections Medicaid has made for my medical care. This assignment applies to any of my minor children who may be injured. These payments may include payments from health insurance, legal settlements, or other third parties. I also understand that I have a duty to cooperate in identifying and providing information to assist Healthy Connections in pursuing third parties who may be liable to pay for care and services.
- 4. I understand that I must cooperate fully with state and federal workers if my case is reviewed. I also understand that, as a condition of eligibility, I must apply for and take steps to obtain any other benefits, including but not limited to annuities, pensions, retirement, disability and other benefits.
- As an applicant/beneficiary for Medicaid services, I understand that there are two groups of people that are affected by estate recovery:
  - A person of any age who was a patient in a nursing facility, intermediate care facility for the intellectually disabled, or other medical institution at the time of death, and who was required to pay most of his/her income for the cost of care; or
  - A person who was 55 years of age or older when he/she received medical assistance consisting of nursing facility services, home and community based services, and hospital and prescription drug services provided to individuals in nursing facilities or receiving home community-based services. I understand that upon receiving any of these services, SCDHHS will file a claim against my estate (all personal and real property owned by me at my death) for the amount Medicaid has paid for my services.
- 6. I know that I must tell SCDHHS within 10 days if any information I listed on this application changes and is different than what I wrote on this application. I understand that a change in my information could affect the eligibility for member(s) of my household.
- 7. The information I provide on this application and in future interaction with SCDHHS will be used to check my eligibility for help paying for health coverage, if I choose to apply. If the information I provide doesn't match electronic data, I may be asked to send proof. I know that, unless I specifically ask to be excluded, information collected will be securely stored in order to be sure that services provided to my family and me are sufficient and necessary.
- 8. If I think SCDHHS, the agency that administers Healthy Connections, the state's Medicaid program, has made an error I can appeal its decision. To appeal means to tell someone at SCDHHS that I think the action is wrong, and ask for a fair hearing. I must submit a request for such a hearing to SCDHHS in writing, by phone, in person, or I may appeal online at

www.scdhhs.gov/appeals. I know that I may represent myself or be represented by someone other than

9. I know that personal health information I provide or that is later gathered by SCDHHS is covered by the cy
