Mr. Wright advised of the huge cost to the provider network. Ms. Singleton responded

referencing physician practices and their inability to seek reimbursement on patient no shows. Physician offices usually schedule above 100% capacity to account for no shows. Mr. Wright addressed the TAC and SCDHHS and encouraged a second look at reimbursement methodology surrounding no shows in the future contract.

Ms. Bedsole advised of the new Director for the Office on Aging, Darryl Broome, and suggested the TAC ask Mr. Broome to serve on the committee.

LogistiCare presented WellRyde to TAC Members. WellRyde is an application that is free to transportation providers that allows the providers to use this as a platform to routing trips, scheduling, and billing. Mr. Wright states there are significant challenges with WellRyde for larger providers that multi-load different payor sources. The Application Programmer is meeting with other software companies that perform routing to form business relations for WellRyde to operate on all software platforms. At this time LogistiCare is not requiring providers utilize WellRyde. LogistiCare is meeting with all interested providers to discuss the advantages of the software. Updates will be provided monthly to SCDHHS regarding WellRyde utilization.

Dr. Guest addressed the TAC with concerns regarding cuts to Medicaid and the funding source moving toward block grants. Ms. Sanders stated SCDHHS is carefully monitoring the bill during the legislative session, but at this time it is just a bill. SCDHHS has not received any directive from CMS. Historically, Ms. Bedsole stated that the TAC members felt transportation wasn't as important or prioritized as other programs. The TAC members would appreciate the due diligence of SCDHHS during any funding changes in regards to transportation. Dr. Guest specifically expressed concerns for Nursing Home and Community Long Term Care population in relation to funding. Mr. Brooks, followed up on Ms. Sanders' statement, SCDHHS will follow all and any directive from CMS regarding funding.
