SUBJECT: Medicaid Policy Manual for Clinic Services

The enclosed revised Medicaid Clinic Services Provider Manual is effective November 1, 2005, and includes all previous HIPAA changes and Medicaid policy bulletins.

This manual is to be used for program information and requirements, billing procedures, and provider services guidelines. **Due to several substantial changes in policy, providers are urged to carefully review this revision.**

In addition to inclusion of policy changes specific to the End Stage Renal Disease, Ambulatory Surgical Center, Outpatient Pediatric AIDS Clinic, and Infusion Center program areas, the new provider manuals for all Medicaid programs have been reformatted to give them a more consistent, standardized layout and to improve navigation and readability. Headings for each subsection appear on the left side of the page, with the corresponding information on the right. "Chapters" are now called "sections," and the numbering system has been simplified.

The revised manual is organized generally as follows, with each section having its own table of contents:

Section 1, **General Information and Administration**, contains an overview of the South Carolina Medicaid program, as well as information about record retention, documentation requirements, utilization review, program integrity, and other general Medicaid policies.

Section 2, **Policies and Procedures**, describes policies and procedures specific to the End Stage Renal Disease, Ambulatory Surgical Center, Outpatient Pediatric AIDS Clinic, and Infusion Center programs.

Section 3, **Billing Procedures**, contains billing information that is common to all South Carolina Medicaid programs, as well as program-specific guidelines for claim filing and processing.

Section 4 contains procedure codes, fee schedules, injection codes, and other approval codes and modifiers.

Section 5, **Administrative Services**, contains contact information for DHHS state and county offices, examples of all forms referenced throughout the manual (as well as some generic forms), and contacts for claim form suppliers/vendors.

The **appendices** include the following:

- Appendix 1: Edit Codes, CARCs & RARCs, and Resolutions
- Appendix 2: Carrier Codes
- Appendix 3: Schedule of Copayments

The enclosed compact disk contains a copy of the manual in Portable Document Format (PDF). To access the file, you will need Adobe Acrobat Reader software, which is pre-installed on most computers and also available for free download at www.adobe.com/support.

The most current version of the provider manual is maintained on the DHHS Web site at www.dhhs.state.sc.us. [On the DHHS home page, click on the Provider Manuals link listed under the heading "Providers."] The Web site is updated on the first of every month to reflect any minor non-policy changes to provider manuals (for example, corrections to addresses, etc.). Note: DHHS policy changes continue to be conveyed to providers as they occur via Medicaid bulletins; manuals are revised to reflect those changes as they occur. Providers with access to the Internet should check the DHHS Web site monthly to access information about any updates made to the provider manuals.

Should you wish to order a printed copy of your provider manual, or an additional compact disk, please call South Carolina Medicaid Provider Outreach at (803) 264-9609. Charges for printed manuals are based on actual costs of printing and mailing.

The policy manual and fee schedule are not subject to copyright regulations and may be reproduced in their entirety.

If you have any questions regarding this provider manual and fee schedule, please contact your program coordinator in the Division of Hospitals at (803) 898-2665. Thank you for your continued support of the South Carolina Medicaid program.

SECTION 1 GENERAL INFORMATION AND ADMINISTRATION

SOUTH CAROLINA MEDICAID PROGRAM

PROGRAM DESCRIPTION

The Medicaid program, as established by Title XIX of the Social Security Act, as amended, provides quality health care to low income, disabled, and elderly individuals by utilizing state and federal funds to reimburse providers for approved medical services. This care includes the diagnosis, treatment, and management of illnesses and disabilities.

The South Carolina Department of Health and Human Services (SCDHHS) is the single state agency designated to administer the South Carolina Medicaid program in compliance with state and federal laws and regulations and the South Carolina State Plan.

SCDHHS offers two Medicaid Managed Care Programs:

- Medicaid Managed Care Organization (MCO) Program
- Primary Care Case Management/Medical Homes Networks (PCCM or PCCM/MHN)

The Medicaid Managed Care Organization (MCO) program consists of contracted MCOs that, through a developed network of providers, provide, at a minimum, all services outlined in the core benefit package described in the MCO contract, for certain eligibility categories. SCDHHS pays a capitated rate per member per month, according to age, gender, and category of eligibility to MCOs. Payments for core services provided to MCO members are the responsibility of MCOs, not the fee-for-service Medicaid program.

The Medical Homes Network (MHN) Program is a Primary Care Case Management (PCCM) program. An MHN is composed of a Care Coordination Services Organization (CSO) and the primary care providers (PCPs) enrolled in that network. The CSO supports the member physicians by providing care coordination, disease management, and data management. The PCPs manage the health care of their patient members either by directly

SECTION 1 GENERAL INFORMATION AND ADMINISTRATION**SOUTH CAROLINA MEDICAID PROGRAM****PROGRAM DESCRIPTION
(CONT'D.)**

providing medically necessary health care services or authorizing another provider to treat the beneficiary. The Network receives a per-member-per-month (PMPM) care coordination fee. Reimbursement for medical services provided is made on a fee-for-service basis.

Both MHNs and MCOs may elect to provide their members enhanced services beyond what is offered under traditional fee-for-service Medicaid.

**ELIGIBILITY
DETERMINATION**

Applications for Medicaid eligibility may be filed in person or by mail. Applications may be obtained and completed at outstationed locations such as county health departments, some federally qualified health centers, most hospitals, and SCDHHS county eligibility offices. Individuals can also visit the SCDHHS Web site at <http://www.scdhhs.gov> to download an application for Medicaid.

Individuals who apply for SSI through the Social Security Administration and are determined eligible are automatically eligible for Medicaid.

For certain programs, Medicaid eligibility may be retroactive for a maximum of three months prior to the month of application when the applicant received medical services of the type covered by Medicaid and the applicant would have met all eligibility criteria had the application been filed at the time. A child born to a woman eligible for Medicaid due to pregnancy is automatically entitled to Medicaid benefits for one year provided that the child continues to reside in South Carolina.

Not all Medicaid beneficiaries receive full coverage. Some beneficiaries may qualify under the categories of limited benefits or emergency services only. Questions regarding coverage for these categories should be directed to the SCDHHS Provider Service Center (PSC) at 1-888-289-0709. Providers can also submit an online inquiry at <http://scdhhs.gov/contact-us>. A provider service representative will then respond to you directly with additional information about these categories.

Providers may verify a beneficiary's eligibility for Medicaid benefits by utilizing a Point of Sale (POS) device, the South Carolina Medicaid Web-based Claims Submission Tool, or an eligibility verification vendor. Additional information on these options is detailed later in this section.

SECTION 1 GENERAL INFORMATION AND ADMINISTRATION**SOUTH CAROLINA MEDICAID PROGRAM****ELIGIBILITY
DETERMINATION
(CONT'D.)**

If the beneficiary is enrolled in a MCO or MHN/PCCM, certain services will require prior approval and/or coordination through the MCO or MHN/PCCM providers. For questions regarding MCO or MHN/PCCM programs, please visit the SCDHHS Web site at <http://scdhhs.gov> to view the MCO or MHN Policy and Procedure Guide.

More information about managed care can also be found in the Managed Care Supplement attached to all provider manuals.

**ENROLLMENT
COUNSELING SERVICES**

SCDHHS provides enrollment counseling services to Medicaid beneficiaries through a contract with a private vendor, Maximus, Incorporated. Services are provided under the program name “South Carolina Healthy Connections Choices.” The function of the enrollment counselor is to assist Medicaid-eligible members in the selection of the best Medicaid health plan to suit individual/family needs. For additional information, visit <http://www.SCchoices.com> or contact South Carolina Healthy Connections Choices at (877) 552-4642.

**MEDICARE / MEDICAID
ELIGIBILITY**

Medicaid beneficiaries who are also eligible for Medicare benefits are commonly referred to as “dually eligible.” Providers may bill SC Medicaid for Medicare cost sharing for Medicaid-covered services for dually eligible beneficiaries. Some dual eligibles are also Qualified Medicare Beneficiaries (QMB). If the dually eligible beneficiary is also a QMB, providers may bill SC Medicaid for Medicare cost sharing, for services that are covered by Medicare without regard to whether the service is covered by SC Medicaid. Reimbursement for these services will be consistent with the SC State Medicaid Plan.

Please refer to Section 3 of this manual for instructions regarding billing procedures for dually eligible beneficiaries. For instructions on how to access beneficiary information, including QMB status, refer to the Medicaid Web-Based Claims Submission Tool (the Web Tool), explained later in this section.

In the Web Tool, the Eligibility or Beneficiary Information section will indicate “Yes” if the beneficiary is a Qualified Medicare Beneficiary.

Note: Pharmacy providers should refer to Section 2 of the Pharmacy Services Provider Manual for more information on coverage for dually eligible beneficiaries.

SOUTH CAROLINA HEALTHY CONNECTIONS MEDICAID CARD

Medicaid beneficiaries are issued a plastic South Carolina Healthy Connections Medicaid card. Only one person's name appears on each card. If more than one family member is eligible for Medicaid, the family receives a card for each eligible member. In addition to the member's name, the front of the card includes the member's date of birth and Medicaid Member Number. Possession of the plastic card does not guarantee Medicaid coverage. Failure to verify eligibility prior to providing a service leaves the provider at risk of providing services to an ineligible individual.

The following is an example of a South Carolina Healthy Connections card:

The back of the Healthy Connections Medicaid card includes:

- A number that providers may call for prior authorization of services outside the normal practice pattern or outside a 25-mile radius of South Carolina
- A magnetic strip that may be used in POS devices to access information regarding Medicaid eligibility, third-party insurance coverage, beneficiary special programs, and service limitations 24 hours a day, seven days a week in a

real time environment. There is a fee to providers for such POS services.

- A toll-free number for the beneficiary if he or she has questions about enrollment or Medicaid-covered services
- A toll-free number for the beneficiary if he or she has questions regarding pharmacy services

Providers are urged to report inappropriate use of a Medicaid card by a beneficiary (such as abuse, card-sharing, etc.) to the Division of Program Integrity’s toll-free Fraud and Abuse Hotline at 1-888-364-3224.

Beneficiaries who choose to enroll with a Medicaid Managed Care Organization (MCO) will also be issued an identification card by the MCO. This MCO-issued card contains phone numbers for member services and provider billing issues specific to the managed care plan. Please see the Managed Care Supplement for samples of cards from the various managed care plans.

**SC HEALTHY
CONNECTIONS HEALTH
OPPORTUNITY ACCOUNT**

The South Carolina Healthy Connections Health Opportunity Account (HOA) was implemented by SCDHHS in May 2008. It is a Medicaid option that allows beneficiaries to manage their own health care spending and set aside money to be used when they no longer need Medicaid. Routine claims filing procedures apply to HOA participants.

The following is an example of a South Carolina Healthy Connections Health Opportunity Account card:

**SOUTH CAROLINA
MEDICAID WEB-BASED
CLAIMS SUBMISSION TOOL**

SCDHHS provides a free tool, accessible through an Internet browser, which allows providers to submit claims (UB and CMS-1500), query Medicaid eligibility, check claim status, offers providers electronic access to their remittance packages and the ability to change their own passwords.

Note: Dental claims can no longer be submitted on the Web Tool. Please contact the DentaQuest Call Center at 1-888-307-6553 for billing instructions.

Providers interested in using this tool must complete a SC Medicaid Trading Partner Agreement (TPA) with SCDHHS and return the signed SC Medicaid TPA Enrollment Form. Once received, the provider will be contacted with the Web site address and Web Tool User ID(s). If a provider utilizes a billing agent and elects to have the billing agent access their electronic remittance package, both the provider and the billing agent must have a TPA on file. The provider's TPA must name their billing agent. The billing agent's TPA must include the provider's name and Medicaid number. For more information regarding the TPA, refer to Section 3 of this manual.

To learn more about this tool and how to access it, visit the SC Medicaid e-Learning Web site at: <http://medicaidelearning.com/> or contact the SC Medicaid EDI Support Center via the SCDHHS Provider Service Center at 1-888-289-0709. A list of training opportunities is also located on the Web site. For Web Tool training dates, click on "Training Options."

SECTION 1 GENERAL INFORMATION AND ADMINISTRATION**SOUTH CAROLINA MEDICAID PROGRAM****PROVIDER
ENROLLMENT****PROVIDER PARTICIPATION**

The Medicaid program administered by the South Carolina Department of Health and Human Services (SCDHHS) is considered to be a covered entity under the Health Insurance Portability and Accountability Act of 1996 (HIPAA), Public Law 104-191.

Provider participation in the Medicaid program is voluntary. To participate in the Medicaid program, a provider must meet the following requirements:

- Complete an online provider enrollment application and agreement and submit any necessary supporting documentation. Certain provider types, depending on the type of service provided, are required to sign a contractual agreement in addition to the provider enrollment agreement.
- Accept the terms and conditions of the online application by electronic signature, indicating the provider's agreement to the contents of the participation agreement, the Electronic Funds Transfer Agreement, W-9 and Trading Partner Agreement.
- Be licensed by the appropriate licensing body, certified by the standard-setting agency, and/or other pre-contractual approval processes established by (SCDHHS).
- If eligible, obtain a National Provider Identifier (NPI) and share it with SCDHHS. Refer to <https://nppes.cms.hhs.gov> for additional information about obtaining an NPI.
- Be enrolled in the South Carolina Medicaid program and receive official notification of enrollment.
- Continuously meet South Carolina licensure and/or certification requirements of their respective professions or boards in order to maintain Medicaid enrollment.

SECTION 1 GENERAL INFORMATION AND ADMINISTRATION

SOUTH CAROLINA MEDICAID PROGRAM

PROVIDER PARTICIPATION (CONT'D.)

- Comply with all federal and state laws and regulations currently in effect as well as all policies, procedures, and standards required by the Medicaid program.
- Medicaid will not provide any payments for items or services provided under the State Plan or under a waiver to any financial institution or entity located outside the United States

All rendering providers must be enrolled in the Medicaid program. Enrolled providers are prohibited from allowing non-enrolled providers use of their Medicaid ID number/NPI number in order for non-participating providers to be reimbursed for services. Claims for Medicaid reimbursement submitted under a Medicaid ID number or NPI number other than that of the ordering, referring or rendering provider will be considered invalid and may result in a program integrity investigation and/or recoupment of the Medicaid payment. As required by 42 CFR 455.440, all claims submitted for payment for items and services that were ordered or referred must contain the NPI of the physician or other professional who ordered or referred such items or services.

MCO network providers/subcontractors do not have to be Medicaid-enrolled providers. Fee-for-service reimbursement from SCDHHS may only be made to Medicaid-enrolled providers.

A provider must immediately report any change in enrollment or contractual information (*e.g.*, mailing or payment address, physical location, telephone number, specialty information, change in group affiliation, ownership, etc.) to SCDHHS Provider Service Center within 30 days of the change. Failure to report this change of information promptly could result in delay of payment and/or termination of enrollment. Mailing information is located in the Correspondence and Inquiries section.

Extent of Provider Participation

Providers have the right to limit the number of Medicaid patients they are willing to treat within their practice; however, providers may not discriminate in selecting the Medicaid beneficiaries they will treat or services they will render. A provider may not refuse to furnish services covered under Medicaid to an eligible individual because

SECTION 1 GENERAL INFORMATION AND ADMINISTRATION**SOUTH CAROLINA MEDICAID PROGRAM****Extent of Provider
Participation (Cont'd.)**

of a third party's potential liability for the service(s). A provider who is not a part of a Managed Care Organization's network may refuse service to a Medicaid MCO member.

A provider and a beneficiary (or the beneficiary's guardian or representative) should determine before treatment is rendered whether the provider is willing to accept the beneficiary as a Medicaid patient. In an emergency, or if a provider cannot determine that a patient is Medicaid-eligible at the time service is rendered, the provider should meet with the beneficiary (or the beneficiary's legal guardian or representative) at the earliest possible date to determine whether the provider is willing to accept the beneficiary as a Medicaid patient for the previously rendered service. To avoid disputes or misunderstandings, providers are encouraged to document the details of their provider-patient agreement in the patient's record.

In furnishing care to beneficiaries who are participating in a Medicaid managed care option, all providers are required to comply with the benefit requirements specified by the applicable managed care program with respect to issues such as the extent of approvals for referrals, etc. Specific questions may be addressed directly to the managed care provider or the Bureau of Managed Care at (803) 898-4614.

Once a provider has accepted a beneficiary as a Medicaid patient, it is the responsibility of the provider to deliver all Medicaid-covered services throughout the course of treatment. The policy section of this manual may include clarification of specific program policies.

Non-Discrimination

All Medicaid providers are required to comply with the following laws and regulations:

- Title VI of the Civil Rights Act of 1964 that prohibits any discrimination due to race, color, or national origin (45 CFR Part 80)
- Title V, Section 504 of the Rehabilitation Act of 1973, 29 U.S.C. 794 that prohibits discrimination on the basis of handicap (45 CFR Part 84)
- The Americans with Disabilities Act of 1990 that prohibits discrimination on the basis of disability (28 CFR Parts 35 & 36)

SECTION 1 GENERAL INFORMATION AND ADMINISTRATION**SOUTH CAROLINA MEDICAID PROGRAM****Non-Discrimination
(Cont'd.)**

- The Age Discrimination Act of 1975 that prohibits discrimination on the basis of age (45 CFR Parts 90 and 91)

Service Delivery***Freedom of Choice***

Except as otherwise specified in this manual, a Medicaid beneficiary has the right to choose any provider who is both a participant in the Medicaid program and willing to accept the beneficiary as a patient.

However, once a beneficiary exercises his or her freedom of choice by enrolling in a Medicaid managed care option, the beneficiary is required to follow that plan's requirements (*e.g.*, use of designated primary and specialist providers, precertification of services, etc.) for the time period during which the beneficiary is enrolled in the managed care option.

Medical Necessity

Medicaid will pay for a service when the service is covered under the South Carolina State Plan and is medically necessary. "Medically necessary" means that the service (the provision of which may be limited by specific manual provisions, bulletins, and other directives) is directed toward the maintenance, improvement, or protection of health or toward the diagnosis and treatment of illness or disability. A provider's medical records or other appropriate documentation for each beneficiary must substantiate the need for services, must include all findings and information supporting medical necessity and justification for services, and must detail all treatment provided. Medicaid will not provide any payments for items or services provided under the State Plan or under a waiver to any financial institution or entity located outside of the United States.

SECTION 1 GENERAL INFORMATION AND ADMINISTRATION

RECORDS/ DOCUMENTATION REQUIREMENTS

GENERAL INFORMATION

As a condition of participation in the Medicaid program, providers are required to maintain and provide access to records. These records should fully disclose the medical necessity for treatment and the extent of services provided to Medicaid beneficiaries. Unless program policy otherwise allows, this documentation must be present in the beneficiaries' records before the provider files claims for reimbursement. For the purpose of reviewing and reproducing documents, providers shall grant to staff of SCDHHS, the State Auditor's Office, the South Carolina Attorney General's Office, the Government Accountability Office (GAO), and the U.S. Department of Health and Human Services (USDHHS) and/or any of their designees access to all records concerning Medicaid services and payment. These records may be reviewed during normal business hours, with or without notice.

A provider record or any part thereof will be considered illegible if at least three medical or other professional staff members who regularly perform post-payment reviews are unable to read the records or determine the extent of services provided. If this situation should occur, a written request for a translation may be made. In the event of a negative response or no response, the reimbursed amount will be subject to recoupment.

Assuming that the information is in a reasonably accessible format, the South Carolina Medicaid Program will accept records and clinical service notes in accordance with the Uniform Electronic Transactions Act (S.C. Code Ann. §26-6-10 *et seq.*). Reviewers and auditors will accept electronic documentation as long as they can access them and the integrity of the document is ensured. Furthermore, providers must comply with the provisions of the Health Insurance Portability and Accountability Act of 1996 (HIPAA), Public Law 104-191.

The minimum retention period for Medicaid records is five years. Exceptions include providers of hospital and nursing home services, who are required to maintain records

SECTION 1 GENERAL INFORMATION AND ADMINISTRATION

RECORDS / DOCUMENTATION REQUIREMENTS

GENERAL INFORMATION (CONT'D.)

pertaining to Medicaid beneficiaries for a period of six years. Other Medicaid provider agreements/contracts may require differing periods of time for records retention.

Providers should contact the PSC or submit an online inquiry at <http://scdhhs.gov/contact-us> for specific information regarding the documentation requirements for the services provided. In all cases, records must be retained until any audit, investigation, or litigation is resolved, even if the records must be maintained longer than normally required. Medicaid providers generally maintain on-site all medical and fiscal records pertaining to Medicaid beneficiaries.

Medical and fiscal records pertaining to Medicaid beneficiaries that a provider may maintain at an off-site location/storage facility are subject to the same retention policies, and the records must be made available to SCDHHS within five business days of the request. For reviews by the SCDHHS Division of Program Integrity, requested Medicaid records should be provided within two business days.

Note: These requirements pertain to retention of records for Medicaid purposes only; other state or federal rules may require longer retention periods.

DISCLOSURE OF INFORMATION BY PROVIDER

As of April 14, 2003, for most covered entities, health care providers are required to comply with privacy standards of the Health Insurance Portability and Accountability Act of 1996 (HIPAA), Public Law 104-191, which includes providing all patients and/or clients with a Notice of Privacy Practices. The Notice should include sufficient information to disclose to each Medicaid patient/client the provider's intent to release any medical information necessary for processing claims, including Medicaid claims. Providers who have not issued their patients/clients a Notice of Privacy Practices should obtain authorization to release such information to SCDHHS. The authorization must be signed and dated by the beneficiary and must be maintained in the patient's/client's record.

Once a Notice of Privacy Practices is acknowledged by the Medicaid beneficiary, or the beneficiary's authorization to release information is obtained, a provider who uses hard-copy claim forms that require the patient's signature is no

SECTION 1 GENERAL INFORMATION AND ADMINISTRATION**RECORDS / DOCUMENTATION REQUIREMENTS****DISCLOSURE OF
INFORMATION BY
PROVIDER (CONT'D.)**

longer required to have each claim form signed by the beneficiary. Providers who file claims electronically are required under their Trading Partner Agreement (TPA) to ensure ready association of electronic claims with an acknowledged Notice of Privacy Practices or a signed statement from the beneficiary consenting to the release of information necessary to process claims.

Certain medical services may be subject to more stringent rules or regulations governing the disclosure of information than others. However, if a provider is unable to release information necessary for Medicaid claims processing due to the lack of proper Notice or authorization from the beneficiary, payment may be denied and/or previous payments may be recouped. Consequently, providers who are concerned about releasing patient information to SCDHHS are advised to obtain specific written authorization from the Medicaid patient/client.

**SAFEGUARDING
BENEFICIARY
INFORMATION**

Federal regulations at 42 CFR Part 431, Subpart F, and South Carolina Regulations at Chapter 126, Article 1, Subarticle 4, require that certain information concerning Medicaid applicants and beneficiaries be protected. As a condition of participation in the Medicaid program, all providers must agree to comply with the federal laws and regulations regarding this protection, by execution of either a contract or a provider enrollment agreement. Questions regarding access to protected information should be referred to the PSC. Provider can also submit an online inquiry at <http://scdhhs.gov/contact-us> to request additional information.

Beneficiary information that must be protected includes but is not limited to the following:

- Name and address
- Medical services provided
- Social and economic circumstances
- Medical data, including diagnosis and past history of disease or disability
- Any information involving the identification of legally liable third-party resources
- Any information verifying income eligibility and the amount of medical assistance payments

SECTION 1 GENERAL INFORMATION AND ADMINISTRATION

RECORDS / DOCUMENTATION REQUIREMENTS

SAFEGUARDING BENEFICIARY INFORMATION (CONT'D.)

This information may generally be used or disclosed only for the following purposes:

- Establishing eligibility
- Determining the amount of medical assistance
- Providing services for beneficiaries
- Assisting in a Medicaid-related investigation, prosecution, or civil or criminal proceeding

Regarding the release of beneficiary information to billing/collection agencies, the Centers for Medicare and Medicaid Services (CMS) has instructed the states that the requirements for the release of beneficiary information should parallel the limitations on payments. Agents to whom payments could be made are allowed to obtain relevant beneficiary information, since the sharing of that information is for a purpose directly connected with Medicaid administration. However, if no payment could be made to the agent because the agent's compensation is tied to the amount billed or collected, or is dependent upon the collection of the payment, then Medicaid is not allowed to release beneficiary information to that agent.

Note: The manner in which the Medicaid program deals with the agent is determined primarily by the terms of the agent's compensation, not by the designation attributed to the agent by the provider. Agents or providers who furnish inaccurate, incomplete, or misleading information to SCDHHS regarding agent compensation issues may face sanctions.

Confidentiality of Alcohol and Drug Abuse Case Records

Federal law requires providers to observe more stringent rules when disclosing medical information from the records of alcohol and drug abuse patients than when disclosing information concerning other Medicaid beneficiaries. Federal regulations govern the information that must be protected in such cases and the circumstances under which this information may be disclosed. These regulations may be found at 42 CFR Part 2.

SPECIAL / PRIOR AUTHORIZATION

Certain medical services must be authorized by SCDHHS (or its designee) prior to delivery in order to be reimbursable by Medicaid. Some of the services that are

SECTION 1 GENERAL INFORMATION AND ADMINISTRATION**RECORDS / DOCUMENTATION REQUIREMENTS****SPECIAL / PRIOR
AUTHORIZATION (CONT'D.)**

specifically subject to prior authorization and approval are as follows:

- Services provided outside of the South Carolina Medicaid Service Area (SCMSA). The SCMSA is South Carolina and adjacent areas within 25 miles of its borders. Providers should contact the PSC or submit an online inquiry for prior authorization guidelines.
- Services not routinely covered by Medicaid, or other services that require prior approval before payment or before service delivery as a matter of policy. Please refer to the appropriate section of this manual, contact the PSC, or submit an online inquiry for prior authorization guidelines.
- Services for which prepayment review is required.

Refer to program-specific sections of this manual for other services that must be authorized prior to delivery.

SECTION 1 GENERAL INFORMATION AND ADMINISTRATION
RECORDS / DOCUMENTATION REQUIREMENTS

This page was intentionally left blank.

SECTION 1 GENERAL INFORMATION AND ADMINISTRATION

REIMBURSEMENT

CHARGE LIMITS

Providers may not charge Medicaid any more for services to a beneficiary than they would customarily charge the general public. Providers should bill their usual and customary charges and not the Medicaid reimbursement rate. Retroactive adjustments can only be made up to the billed amount. Medicaid will generally pay the lower of the established Medicaid reimbursement rate, determined by the program, or the provider's charges. The Medicaid program will not pay for services or items that are furnished gratuitously without regard to the beneficiary's ability to pay, or where no payment from any other source is expected, such as free x-rays or immunizations provided by health organizations.

BROKEN, MISSED, OR CANCELLED APPOINTMENTS

CMS prohibits billing Medicaid beneficiaries for broken, missed, or cancelled appointments. Medicaid programs are state-designed and administered with federal policy established by CMS. Federal requirements mandate that providers participating in the Medicaid program must accept the agency's payment as payment in full. Providers cannot bill for scheduling appointments or holding appointment blocks. According to CMS Program Issuance Transmittal Notice MCD-43-94, broken or missed appointments are considered part of the overall cost of doing business.

NATIONAL CORRECT CODING INITIATIVE (NCCI)

The South Carolina Medicaid program utilizes NCCI edits and its related coding policy to control improper coding.

The CMS developed the National Correct Coding Initiative (NCCI) to promote national correct coding methodologies and to control improper coding leading to inappropriate payment. The purpose of the NCCI edits is to prevent improper payment when incorrect code combinations or units of service are reported exceeding what is normally considered to be medically necessary. NCCI edits identify procedures/services performed by the same provider for the same beneficiary on the same date of service.

NCCI consist of two types of edits:

- 1) NCCI Procedure to Procedure (PTP) edits: These edits define pairs of HCPCS/CPT codes that should not be reported together for a variety of reasons.

SECTION 1 GENERAL INFORMATION AND ADMINISTRATION

REIMBURSEMENT

NATIONAL CORRECT CODING INITIATIVE (NCCI) (CONT'D.)

These edits consist of a column one code and a column two code. If both codes are reported, the column one code is eligible for payment and the column two code is denied. In some instances an appropriate modifier may be added to one or both codes of an edit pair to make the code combination eligible for payment.

- 2) Medically Unlikely Edits (MUE): These edits define for each HCPCS/CPT code the number of units of service that is unlikely to be correct. The units of service that exceed what is considered medically necessary will be denied.

It is important to understand, however, that the NCCI does not include all possible combinations of correct coding edits or types of unbundling that exist. Providers are obligated to code correctly even if edits do not exist to prevent use of an inappropriate code combination.

Services denied based on NCCI code pair edits or MUEs may not be billed to patients.

The CMS web page <http://www.medicaid.gov/Medicaid-CHIP-Program-Information/By-Topics/Data-and-Systems/National-Correct-Coding-Initiative.html> provides overview information to providers on Medicaid's NCCI edits and links for additional information.

MEDICAID AS PAYMENT IN FULL

Once a provider has accepted a beneficiary as a Medicaid patient, the provider must accept the amount established and paid by the Medicaid program (or paid by a third party, if equal or greater) as payment in full. Neither the beneficiary, beneficiary's family, guardian, or legal representative may be billed for any difference between the Medicaid allowable amount for a covered service and the provider's actual charge, or for any coinsurance or deductible not paid by a third party. In addition to not charging the patient for any coinsurance or deductible amounts, providers may not charge the patient for the primary insurance carrier's copayment. Only applicable Medicaid copayments and services not covered by Medicaid may be billed to the beneficiary.

For beneficiaries enrolled in a Medicaid managed care option, the managed care entity must accept SCDHHS' capitated payment as payment in full for all services

SECTION 1 GENERAL INFORMATION AND ADMINISTRATION

REIMBURSEMENT

MEDICAID AS PAYMENT IN FULL (CONT'D.)

covered by the capitation arrangement. Managed care network providers must accept their reimbursement from the managed care entity as payment in full. Only services not included in the specified benefits package or not otherwise covered by Medicaid may be billed to a beneficiary enrolled in a managed care option.

PAYMENT LIMITATION

Medicaid payments may be made only to a provider, to a provider's employer, or to an authorized billing entity. **There is no option for reimbursement to a beneficiary.** Likewise, seeking or receiving payment from a beneficiary pending receipt of payment from the Medicaid program is not allowed, except where a copayment is applicable. By virtue of submitting a claim to Medicaid, a provider is agreeing to accept Medicaid as the payer.

REASSIGNMENT OF CLAIMS

In general, Medicaid payments are to be made only to the enrolled practitioner. However, in certain circumstances payment may be made to the following:

1. The employer of the practitioner, if the practitioner is required as a condition of employment to turn over fees to the employer
2. The facility in which the service is provided, if the practitioner has a contract under which the facility submits the claim
3. A foundation, plan, or similar organization operating an organized health care delivery system, if the practitioner has a contract under which the organization submits the claim
4. A business agent. Regulations found at 42 CFR Part 447, Subpart A, allow Medicaid to make payment for services to a provider's "business agent" such as a billing service or an accounting firm, only if the agent's compensation is:
 - a) Related to the cost of processing the billing
 - b) Not related on a percentage or other basis to the amount that is billed or collected
 - c) Not dependent upon the collection of the payment

If the agent's compensation is tied to the amount billed or collected or is dependent upon the

SECTION 1 GENERAL INFORMATION AND ADMINISTRATION**REIMBURSEMENT****REASSIGNMENT OF CLAIMS (CONT'D.)**

collection of the payment, Medicaid is not allowed to make payment to the agent. Furthermore, providers are urged to seek advice regarding the HIPAA (Public Law 104-191) provisions when entering into such an agreement.

THIRD-PARTY LIABILITY

As a condition of eligibility for Medicaid, federal regulations at 42 CFR Part 433, Subpart D, require individuals to assign any rights to medical support or other third-party payment to the Medicaid agency (SCDHHS) and cooperate with the agency in obtaining such payments. The South Carolina Code §43-7-420 makes this assignment effective automatically upon application for Medicaid.

Medicaid providers may obtain information regarding third-party resources that are known to SCDHHS by utilizing the South Carolina Healthy Connections Medicaid Insurance card with a Point of Sale (POS) device or by using the South Carolina Medicaid Web-based Claims Submission Tool. Third-party resources include but are not limited to health benefits under commercial health insurance plans, indemnity contracts, school insurance, Workers' Compensation, and other casualty plans that may provide health insurance benefits under automobile or homeowner's coverages.

For Medicaid purposes, third-party resources are divided into two general categories: Health Insurance and Casualty Insurance.

Health Insurance

In general, health insurance may include any individual accident and health policy or group policy that provides payment for health care costs. Unless otherwise permitted, a provider who accepts a Medicaid beneficiary as a patient is required to request payment from all available third-party resources prior to billing Medicaid. All third-party claims filed must be assigned to the provider.

Should the third-party carrier deny payment or reduce payment to less than the Medicaid approved amount, the provider may then submit the claim to Medicaid. The claim filed to Medicaid must be properly completed with all applicable third-party information entered in the appropriate fields (see Section 3 or other appropriate materials for billing instructions). Under the federally mandated Cost Avoidance program, 42 CFR §433.139,

SECTION 1 GENERAL INFORMATION AND ADMINISTRATION

REIMBURSEMENT

Health Insurance (Cont'd.)

claims for certain services to beneficiaries who have health insurance coverage may automatically reject if the third-party carrier has not been billed first. If a claim is rejected for failure to bill third-party coverage, the resulting Edit Correction Form (ECF) for the rejected claim will contain the carrier code, policy number, and name of the policyholder for each third-party carrier. SCDHHS will not reprocess the claim unless the provider returns a correctly coded ECF that documents payment or denial of payment by the third-party carrier.

While most claims are subject to coordination of benefits to ensure Medicaid is the payer of last resort, federal regulations exempt claims submitted for physicians' services under the Early & Periodic Screening, Diagnosis, and Treatment (EPSDT) program, Maternal Health, Title IV – Child Support Enforcement, and certain Department of Health and Environmental Control (DHEC) services under Title V. While providers are encouraged to file with any liable third party for these claim types, if they choose not to do so, SCDHHS will pay the claims and bill liable third parties directly through the Benefit Recovery program.

Premium Payment Project

Through the Premium Payment Project, SCDHHS is able to pay private health insurance premiums for Medicaid beneficiaries who are subject to losing coverage due to non-payment. SCDHHS will pay these premiums when said payment is determined to be cost effective.

Premium payment is usually cost effective for Medicaid beneficiaries with chronic medical conditions requiring long-term treatment such as cancer, end stage renal disease, chronic heart problems, congenital birth defects, and AIDS. Depending on the amount of the premium, the program may also be appropriate for beneficiaries with short-term costly health needs, such as pregnancy.

Providers of services to participating beneficiaries should consider Medicaid the payer of last resort and bill any liable third-party insurance plan prior to billing Medicaid.

Questions regarding the Premium Payment Project or referrals for beneficiary participation in this project should be directed to the Third Party Liability- Medicaid Insurance Verification Services (MIVS) department by calling (803) 264-6847.

SECTION 1 GENERAL INFORMATION AND ADMINISTRATION

REIMBURSEMENT

Casualty Insurance

Casualty insurance includes policies that provide payment for treatment related to an accident or injury. This type of coverage is most commonly related to incidents such as auto accidents, and in these cases the injured party is frequently represented by an attorney.

Unlike health insurance claims, claims involving casualty insurance are not subject to review under the Cost Avoidance program. The accident questionnaire is the primary referral source and is generated by the Medicaid claims processing system. At times, it is the provider who identifies a potentially liable third party. If there is casualty insurance coverage, the provider may pursue the claim directly with either the beneficiary's attorney or the casualty insurance carrier, or file a claim with Medicaid (provided that the one-year time limit for submission of claims has not been exceeded).

If the provider files a claim with Medicaid and the claim is paid, then SCDHHS will pursue reimbursement from any liable third party.

Provider Responsibilities – TPL

A provider who has been paid by Medicaid and **subsequently** receives reimbursement from a third party must repay to SCDHHS either the full amount paid by Medicaid or the full amount paid by the third party, whichever is less. Some providers may choose to submit a repayment check accompanied by a completed Form for Medicaid Refunds (DHHS Form 205) identifying the third-party payer. Others providers may decide to submit a Claim Adjustment Form 130, which will allow them to void and/or replace a claim that resulted in under or overpayment. Examples of these forms can be found in the Forms section of this manual. For detailed information regarding both of these adjustment processes, please refer to Section 3 of this manual.

The Medicaid program makes payments to providers on behalf of beneficiaries for medical services rendered, but only to the extent that the beneficiary has a legal obligation to pay. If the beneficiary does not have a legal obligation to pay, then Medicaid will not make a payment. This means that if a beneficiary has third party insurance, including Medicare, SCDHHS's payment will be limited to the patient's responsibility (usually the deductible, co-pay

SECTION 1 GENERAL INFORMATION AND ADMINISTRATION

REIMBURSEMENT

Provider Responsibilities – TPL (Cont'd.)

and/or co-insurance.) The Medicaid reimbursement and third party payment cannot exceed the amount the provider has agreed to accept as payment in full from the third party payer. A provider must not bill Medicaid for the difference between the payment received from a third party and the actual charges if the provider's third-party payment was determined under a "preferred provider" agreement. A "preferred provider" agreement is an agreement between the provider and the third party payer that establishes an amount that the provider is agreeing to accept as payment in full on its claims. Where such an agreement exists, Medicaid may only coordinate payment up to the lesser of the Medicaid allowed amount or the amount the provider has agreed to accept as payment in full from the third party payer.

The South Carolina Code §43-7-440(B) requires Medicaid providers to cooperate with SCDHHS in the identification of any third-party resource that may be responsible for payment of all or part of the cost of medical services provided to a Medicaid beneficiary. Upon receiving knowledge of third-party coverage that is not verified via a POS system or SCDHHS Web Tool, a provider is encouraged to notify SCDHHS's Division of Third-Party Liability of said coverage. The Health Insurance Information Referral Form may be used for this purpose. This form can be found in the Forms section of this manual.

The Division of Third-Party Liability must also be notified in writing if copies of claims submitted to Medicaid are released to anyone, including the beneficiary or the beneficiary's attorney. Before being released, the documents must clearly indicate that third-party benefits are assigned to SCDHHS pursuant to state law.

Providers should be aware that in no instance will SCDHHS pay any amount that is the responsibility of a third-party resource. If a provider releases copies of claims submitted to Medicaid and the release of those documents results in third-party payment being made to the beneficiary rather than to the provider, SCDHHS will not reimburse the provider for the amount of the third-party payment made to the beneficiary.

SECTION 1 GENERAL INFORMATION AND ADMINISTRATION**REIMBURSEMENT****TIME LIMIT FOR
SUBMITTING CLAIMS**

SCDHHS requires that only “clean” claims and related ECFs received and entered into the claims processing system within one year from the date of service (or date of discharge for hospital claims) be considered for payment. A “clean” claim is error-free and can be processed without obtaining additional information from the provider or from another third party. This time limit will not be extended on the basis of third-party liability requirements. However, the one-year time limit does not apply to Medicare cost sharing claims or to claims involving retroactive eligibility.

**Medicare Cost Sharing
Claims**

Claims for payment of Medicare cost sharing amounts must be received and entered into the claims processing system within two years from the date of service or date of discharge, or up to six months following the date of Medicare payment, whichever is later.

Retroactive Eligibility

Effective December 1, 2009, claims and related ECFs involving retroactive eligibility must meet both of the following criteria to be considered for payment:

- Be received and entered into the claims processing system within **six months** of the beneficiary’s eligibility being added to the Medicaid eligibility system **AND**
- Be received within **three years** from the date of service or date of discharge (for hospital claims). Claims for dates of service that are more than three years old will not be considered for payment.

To document retroactive eligibility, the provider is responsible for submitting one of the following documents with each claim or ECF within the above time frames:

- DHHS Form 945, which is a statement verifying the retroactive determination furnished by the eligibility worker, or
- The computer-generated Medicaid eligibility approval letter notifying the beneficiary that Medicaid benefits have been approved. This can be furnished by the beneficiary or the eligibility worker. (This is different from the Certificate of Creditable Coverage.)

SECTION 1 GENERAL INFORMATION AND ADMINISTRATION**REIMBURSEMENT****Retroactive Eligibility
(Cont'd.)**

SCDHHS will no longer consider claims that exceed the timely filing limits due to the provider being unaware of the beneficiary's coverage.

Payment Information

SCDHHS establishes reimbursement rates for each Medicaid-covered service. Specific service rates for covered services can be found in the appropriate section of this provider manual. Providers should contact the PSC or submit an online inquiry for additional information.

SECTION 1 GENERAL INFORMATION AND ADMINISTRATION

MEDICAID PROGRAM INTEGRITY

The South Carolina Department of Health and Human Services ensures the integrity of the Medicaid Program and seeks to identify and reduce waste, fraud, and abuse in the use of Medicaid funds through the activities carried out by the Division of Program Integrity and the Division of Audits. The purposes of program oversight are to safeguard against unnecessary, inappropriate, and/or fraudulent use of Medicaid services, identify excessive or inaccurate payments to providers, and ensure compliance with the applicable Medicaid laws, regulations, and policies.

PROGRAM INTEGRITY

The Division of Program Integrity conducts post-payment reviews of all health care provider types including but not limited to hospitals (inpatient and outpatient) rural health clinics, Federally-qualified health clinics, pharmacies, ASCs, ESRD clinics, physicians, dentists, other health care professionals, speech, PT and OT therapists, CLTC providers, durable medical equipment providers, transportation providers, and behavioral and mental health care providers. Program Integrity uses several methods to identify areas for review:

- The toll-free Fraud and Abuse Hotline for complaints of provider and beneficiary abuse. The number is 1-888-364-3224.
- Complaints of provider or beneficiary abuse reported using the Fraud and Abuse email address: fraudres@scdhhs.gov. Each complaint received from the hotline or email is reviewed, and if the complaint is determined to involve either a Medicaid beneficiary or provider, a preliminary investigation is conducted to identify any indications of fraud and abuse.
- Referrals from other sources as well as ongoing provider monitoring that identify aberrant or excessive billing practices.
- The automated Surveillance and Utilization Review System (SURS) to create provider profiles and

SECTION 1 GENERAL INFORMATION AND ADMINISTRATION

MEDICAID PROGRAM INTEGRITY

PROGRAM INTEGRITY (CONT'D.)

exception reports that identify excessive or aberrant billing practices.

A Program Integrity review can cover several years' worth of paid claims data. (See "Records/Documentation Requirements" in this section for the policy on Medicaid record retention.) The Division conducts payment reviews, analysis of provider payments, and review of provider records, using statistical sampling and overpayment estimation when feasible, to determine the following:

- Medical reasonableness and necessity of the service provided
- Compliance with Medicaid program coverage and payment policies
- Compliance with state and federal Medicaid laws and regulations
- Compliance with accepted medical coding conventions, procedures, and standards
- Whether the amount, scope, and duration of the services billed to Medicaid are fully documented in the provider's records

Most Program Integrity on-site reviews are unannounced. The medical records and all other necessary documents obtained/received from the provider must contain documentation sufficient to disclose the extent of services delivered, medical necessity, appropriateness of treatment, and quality of care. Program Integrity staff thoroughly review all the documentation and notify the provider of the post-payment review results.

If the Program Integrity review finds that excessive, improper, or unnecessary payments have been made to a provider, the provider will be required to refund the overpayment or have it taken from subsequent Medicaid reimbursement. Failure to provide sufficient medical records within the timeframe allowed, or refusal to allow access to records, will also result in denial of the claim(s) involved, and Medicaid reimbursement for these claims must be refunded. Even if a provider terminates his or her agreement with Medicaid, the provider is still liable for any penalties or refunds identified by a Program Integrity review or audit. Failure to repay an identified overpayment may result in termination or exclusion from the Medicaid

program and other sanctions, which will be reported to the Federal Office of Inspector General (OIG).

For claims selected for a Program Integrity review, the provider cannot void, replace, or tamper with any claim records and documentation until the review is finalized.

Providers who disagree with the review findings are instructed to follow the process outlined in the certified letter of notification. The process affords providers the opportunity to discuss and/or present evidence to support their Medicaid claims.

**RECOVERY AUDIT
CONTRACTOR**

The South Carolina Department of Health and Human Services, Division of Program Integrity, has contracted with a Recovery Audit Contractor to assist in identifying and collecting improper payments paid to providers as a result of billing errors as referenced in 42 CFR 476.71. Section 6411(a) of the Affordable Care Act, Expansion of the Recovery Audit Contractor (RAC) Program amends section 1902(a) (42) of the Social Security Act and requires States to establish a RAC program to enable the auditing of claims for services furnished by Medicaid providers. Pursuant to the statute, these Medicaid RACs must: (1) identify overpayments; (2) recoup overpayments; and (3) identify underpayments. The Centers for Medicare & Medicaid Services (CMS) published the final rule implementing this provision, with an effective date of January 1, 2012. States are required to contract with Medicaid RACs “in the same manner as the Secretary enters into contracts” with the Medicare Recovery Auditors. For example, the contingency fee paid to the Medicaid RAC may not exceed that of the highest fee paid to a Medicare Recovery Auditor.

Under this rule, State contracts with Medicaid Recovery Audit Contractors must include the following requirements (or the State must obtain an exemption from CMS for the requirement):

- That each Medicaid RAC hires a minimum of 1.0 FTE Contractor Medical Director who is a Doctor of Medicine or Doctor of Osteopathy licensed to practice in that State.
- That each Medicaid RAC also hires certified coders (unless the State determines that certified coders are

not required for the effective review of Medicaid claims)

- An education and outreach program for providers, including notification of audit policies and protocols
- Minimum customer service measures such as a toll-free telephone number for providers and mandatory acceptance of provider submissions of electronic medical records on CD/DVD or via facsimile at the providers' request
- Notifying providers of overpayment findings within 60 calendar days
- A 3 year maximum claims look-back period and
- A State-established limit on the number and frequency of medical records requested by a RAC.

HMS (Health Management Systems, Inc.) is the current Recovery Audit Contractor for the SCDHHS Division of Program Integrity.

BENEFICIARY EXPLANATION OF MEDICAL BENEFITS PROGRAM

The Beneficiary Explanation of Medical Benefits Program allows Medicaid beneficiaries the opportunity to participate in the detection of fraud and abuse. Each month the Division of Program Integrity randomly selects four hundred beneficiaries for whom claims for services were paid. These beneficiaries are provided with an Explanation of Medical Benefits that lists all non-confidential services that were billed as having been delivered to them and which were paid during the previous 45-day period. Beneficiaries are requested to verify that they received the services listed. The Division of Program Integrity investigates any provider when the beneficiary denies having received the services.

BENEFICIARY OVERSIGHT

The Division of Program Integrity identifies beneficiaries who may be misusing or overusing Medicaid services. Claims for services provided to identified persons are analyzed for patterns of possible fraudulent or abusive use of services. Referral to the State Attorney General's Office or other law enforcement agencies for investigation will be made based on the severity of the misuse. When a referral is not warranted, an educational letter may be sent to the beneficiary encouraging them to select a primary care

physician and one pharmacy to ensure they receive quality care from a health care provider of their choice.

Complaints pertaining to beneficiaries' misuse of Medicaid services can be reported using the Fraud and Abuse Hotline (1-888-364-3224) or fraud email at fraudres@scdhhs.gov.

**MEDICAID BENEFICIARY
LOCK-IN PROGRAM**

SCDHHS implemented a Medicaid Beneficiary Lock-In Program in December 2008. The purpose of the Beneficiary Lock-In Program is to address issues such as coordination of care, patient safety, quality of care, improper or excessive utilization of benefits, and potential fraud and abuse associated with the use of multiple pharmacies and prescribers. The policy implements SC Code of Regulations R 126-425. The Division of Program Integrity reviews beneficiary profiles in order to identify patterns of inappropriate, excessive, or duplicative use of pharmacy services, such as using four or more pharmacies in a six-month period. If beneficiaries meet the lock-in criteria established by SCDHHS, they will be placed in the Medicaid Lock-In Program for one year to monitor their drug utilization and to require them to utilize one designated pharmacy. The beneficiary has the opportunity to select a pharmacy and has the right to appeal. The pharmacy provider selected is also notified of the lock-in, so that adequate time is allowed for selection of another provider should the first provider find he or she cannot provide the needed services.

DIVISION OF AUDITS

Medicaid providers, who contract with SCDHHS for services, including state agencies, may be audited by the SCDHHS Division of Audits. The SCDHHS Division of Audits was formed to assist the agency in the management, assessment, and improvement of agency programs, services, and operations. The Division of Audits accomplishes these goals by continuously reviewing and evaluating programs administered by SCDHHS to determine the extent to which fiscal, administrative, and programmatic objectives are met in a cost-effective manner.

In performing its audits, the Division of Audits follows generally accepted auditing standards (GAGAS). The Division of Audits performs different types of audits of Medicaid providers and programs, including:

SECTION 1 GENERAL INFORMATION AND ADMINISTRATION**MEDICAID PROGRAM INTEGRITY****DIVISION OF AUDITS
(CONT'D.)**

- Performance audits that provide an independent assessment of the program outcomes and the management of resources. These audits address the effectiveness, efficiency, and adequacy of program results.
- Audits of contracts with health care providers and other state agencies to ensure compliance with contract terms and conditions for Medicaid service delivery and administration
- Audits to confirm the accuracy and allowability of costs and other financial information reported to SCDHHS.

**PAYMENT ERROR RATE
MEASUREMENT**

The South Carolina Medicaid program, along with the Medicaid programs in other states, is required to comply with the CMS Payment Error Rate Measurement (PERM) program, which was implemented in federal fiscal year 2007. Each state will be reviewed every three years. PERM requires states to submit a statistically valid sample of paid Medicaid claims to a federal contractor, which will review for compliance with payment rates and state Medicaid policies, and will determine whether medical necessity for the service is adequately documented in the medical record. Providers who are chosen for the sample will be required to submit all applicable medical records for review; however, for most providers only one claim will be chosen for the sample. Providers who fail to send in the requested documentation will face recoupment of the Medicaid payment for the claim in question. In addition, if the CMS PERM contractor determines that a Medicaid claim was paid in error, SCDHHS will be required to recoup the payment for that claim. PERM will combine the errors found in each state in order to establish a national Medicaid error rate.

SECTION 1 GENERAL INFORMATION AND ADMINISTRATION

MEDICAID ANTI- FRAUD PROVISIONS / PAYMENT SUSPENSION / PROVIDER EXCLUSIONS / TERMINATIONS

FRAUD

The South Carolina Medicaid program operates under the anti-fraud provisions of 42 US Code §1320a-7b. This federal law relates to both fraud and abuse of the program and identifies illegal acts, penalties for violations, and the individuals and/or entities liable under this section.

The Division of Program Integrity carries out SCDHHS responsibilities concerning suspected Medicaid fraud as required by 42 CFR Part 455, Subpart A. Program Integrity must conduct a preliminary investigation and cooperate with the state and federal authorities in the referral, investigation, and prosecution of suspected fraud in the Medicaid program. SCDHHS refers suspected cases of Medicaid fraud by health care providers to the Medicaid Fraud Control Unit of the State Attorney General's Office for investigation and possible prosecution. SCDHHS also makes referrals to the Bureau of Drug Control for suspected misuse or overprescribing of prescription drugs, especially controlled substances. If a provider suspected of fraud or abuse is also enrolled in a Medicaid Managed Care Organization (MCO), Program Integrity will coordinate the investigation with the MCO(s) involved. Suspected Medicaid fraud on the part of a beneficiary is referred to a Medicaid Recipient Fraud Unit in the State Attorney General's Office for investigation.

PAYMENT SUSPENSION

Medicaid payments to a provider may be withheld upon credible allegation of fraud, in accordance with the requirements in 42 CFR §455.23.

Suspension of Provider Payments for Credible Allegation of Fraud

SCDHHS will suspend payments in cases of a credible allegation of fraud. A "credible allegation of fraud" is an allegation that has been verified by SCDHHS and that comes from any source, including but not limited to the following:

SECTION 1 GENERAL INFORMATION AND ADMINISTRATION

MEDICAID ANTI-FRAUD PROVISIONS / PAYMENT SUSPENSION / PROVIDER EXCLUSIONS / TERMINATIONS

Suspension of Provider Payments for Credible Allegation of Fraud (Cont'd.)

- Fraud hotline complaints
- Claims data mining
- Patterns identified through provider audits, civil false claims cases, and law enforcement investigations

SCDHHS has flexibility in determining what constitutes a “credible allegation of fraud.” Allegations are considered to be credible when they have indications of reliability based upon SCDHHS’ review of the allegations, facts, and evidence on a case-by-case basis.

Notice of Suspension

SCDHHS will suspend all Medicaid payments to a provider after the agency determines there is a credible allegation of fraud for which an investigation is pending under the Medicaid program against an individual or entity. Payments may be suspended without first notifying the provider of the intention to suspend payments. SCDHHS will send notice of its suspension of program payments within the following timeframes:

- Within five business days of suspending the payment, unless requested in writing by a law enforcement agency to temporarily withhold such notice
- Within 30 calendar days of suspending the payment, if requested by law enforcement in writing to delay sending such notice

The Notice of Payment Suspension will include all information required to be provided in accordance with 42 CFR §455.23.

All suspension of payment actions will be temporary and will not continue after either of the following:

- SCDHHS or the prosecuting authorities determine that there is insufficient evidence of fraud by the provider
- Legal proceedings related to the provider’s alleged fraud are completed

Referrals to the Medicaid Fraud Control Unit

Whenever an investigation leads to the initiation of a payment suspension in whole or part, SCDHHS will make a fraud referral to the South Carolina Medicaid Fraud Control Unit (“MFCU”).

SECTION 1 GENERAL INFORMATION AND ADMINISTRATION**MEDICAID ANTI-FRAUD PROVISIONS / PAYMENT SUSPENSION / PROVIDER EXCLUSIONS / TERMINATIONS****Good Cause not to Suspend Payments or to Suspend Only in Part**

SCDHHS may find that good cause exists not to suspend payments, or not to continue a payment suspension previously imposed on an individual or entity regarding a credible allegation of fraud, if any of the following are applicable:

- Law enforcement officials have specifically requested that a payment suspension not be imposed because such a payment suspension may compromise or jeopardize an investigation;
- Other available remedies implemented by SCDHHS will more effectively or quickly protect Medicaid funds;
- SCDHHS determines, based upon the submission of written evidence by the individual or entity that is the subject of the payment suspension, that the suspension should be removed;
- SCDHHS determines that beneficiary access to items or services would be jeopardized by a payment suspension for either of the following reasons:
 - An individual or entity is the sole community physician or the sole source of essential specialized services in a community;
 - The individual or entity serves a large number of beneficiary's within a medically underserved area, as designated by the Health Resources and Services Administration of the U.S. Department of Health and Human Services.
- Law enforcement declines to certify that a matter continues to be under investigation;
- SCDHHS determines that payment suspension is not in the best interests of the Medicaid program.

SCDHHS may also find that good cause exists to suspend payments in part, or to convert a payment suspension previously imposed in whole to one only in part, on any individual or entity regarding a credible allegation of fraud, if any of the following are applicable:

- SCDHHS determines that beneficiary access to items or services would be jeopardized by a payment suspension for either of the following reasons:

SECTION 1 GENERAL INFORMATION AND ADMINISTRATION

MEDICAID ANTI-FRAUD PROVISIONS / PAYMENT SUSPENSION / PROVIDER EXCLUSIONS / TERMINATIONS

Good Cause not to Suspend Payments or to Suspend Only in Part (Cont'd.)

- o An individual or entity is the sole community physician or the sole source of essential specialized services in a community;
- o The individual or entity serves beneficiaries within a medically underserved area, as designated by the Health Resources and Services Administration of the U.S. Department of Health and Human Services.
- SCDHHS determines, based upon the submission of written evidence by the individual or entity that is the subject of a whole payment suspension, that such suspension should be imposed only in part.
- SCDHHS determines the following:
 - o The credible allegation focuses solely and definitively on only a specific type of claim or arises from only a specific business unit of a provider; and
 - o A payment suspension in part would effectively ensure that potentially fraudulent claims were not continuing to be paid. If this determination is made by SCDHHS, it will be documented in writing.
- Law enforcement declines to certify that a matter continues to be under investigation.
- SCDHHS determines that payment suspension is not in the best interest of the Medicaid program.

Even if SCDHHS exercises the good cause exceptions set forth above, this does not relieve the agency of its obligation to refer a credible allegation of fraud to the Medicaid Fraud Control Unit.

PROVIDER EXCLUSIONS

Federal regulations that give States the authority to exclude providers for fraud and abuse in the Medicaid program are found at 42 CFR Part 1002, Subparts A and B. Exclusion means that a health care provider, either an individual practitioner or facility, organization, institution, business, or other type of entity, cannot receive Medicaid payment for any health care services rendered. Exclusions from Medicaid, as well as the State Children's Health Insurance Program (SCHIP), may be the result of:

SECTION 1 GENERAL INFORMATION AND ADMINISTRATION**MEDICAID ANTI-FRAUD PROVISIONS / PAYMENT SUSPENSION / PROVIDER EXCLUSIONS / TERMINATIONS****PROVIDER EXCLUSIONS
(CONT'D.)**

- Conviction of a criminal offense related to delivery of services in a health care program
- Conviction of health care fraud under either Federal or State laws
- Conviction of the patient neglect or abuse in connection with delivery of health care
- Excessive claims or furnishing of unnecessary or substandard items and services
- Failure to comply with financial responsibilities and obligations
- Adverse action by a licensing board

Exclusions can be initiated by either federal authorities such as the US Department of Health and Human Services, Office of Inspector General (OIG) or by the State Medicaid agency. An excluded individual may be a licensed medical professional, such as a physician, dentist, or nurse, but exclusion is not limited to these types of individuals. The ban on Medicaid funding can extend to any individual or entity providing services that are related to and reimbursed, directly or indirectly, by a Medicaid program.

In addition, the OIG and/or SCDHHS may exclude an entity, including managed care organizations, if someone who is an owner, an officer, an agent, a director, a partner, or a managing employee of the entity has been excluded.

Any medical provider, organization, or entity that accepts Medicaid funding, or that is involved in administering the Medicaid program, should screen all employees and contractors to determine whether any of them have been excluded. Any individual or entity which employs or contracts with an excluded provider cannot claim Medicaid reimbursement for any items or services furnished, authorized, or prescribed by the excluded provider.

Federal regulations further require that any party who is excluded from participation in Medicare under 42 CFR Part 1001 must also be excluded from the Medicaid program. Medicaid payment is not available for services furnished directly by, or under the supervision of, an excluded party.

The OIG maintains the LEIE (List of Excluded Individuals and Entities), a database accessible to the general public that

SECTION 1 GENERAL INFORMATION AND ADMINISTRATION**MEDICAID ANTI-FRAUD PROVISIONS / PAYMENT SUSPENSION / PROVIDER EXCLUSIONS / TERMINATIONS****PROVIDER EXCLUSIONS
(CONT'D.)**

provides information about parties excluded from participation in Medicare, Medicaid, and all other Federal health care programs. Visit the OIG Web site at <http://www.oig.hhs.gov/fraud/exclusions.asp> to search and/or download the LEIE.

SCDHHS also maintains its own list of excluded, South Carolina-only Medicaid providers (or those with a South Carolina connection) on our Web site. Visit the Provider Information page at <http://provider.scdhhs.gov> for the most current list of individuals or entities excluded from South Carolina Medicaid.

PROVIDER TERMINATIONS

“Termination” means that the SCDHHS has taken an action to revoke a provider’s Medicaid billing privileges, the provider has exhausted all applicable appeal rights or the timeline for appeal has expired, and there is no expectation on the part of the provider or SCDHHS that the revocation is temporary. Under Federal regulations established by the Affordable Care Act, SCDHHS has established the reasons under which a provider can be terminated from the Medicaid program “for cause”; see SCDHHS PE Policy-03, Terminations.

**ADMINISTRATIVE
SANCTIONS**

State regulations concerning administrative sanctions in the Medicaid program are found in South Carolina Regulations at Chapter 126, Article 4, Subarticle 1. SCDHHS may impose one or more of the following sanctions against a provider who has been determined to have abused the program:

- Educational intervention
- Post payment review
- Prepayment review
- Peer review
- Financial sanctions, including recoupment of overpayment or inappropriate payment
- Termination or exclusion
- Referral to licensing/certifying boards or agencies

SECTION 1 GENERAL INFORMATION AND ADMINISTRATION**MEDICAID ANTI-FRAUD PROVISIONS / PAYMENT SUSPENSION / PROVIDER EXCLUSIONS / TERMINATIONS****OTHER FINANCIAL PENALTIES**

The State Attorney General's Office may also impose financial penalties and damages against a provider who has been determined to be guilty of fraud or convicted of a crime related to participation in the Medicaid or Medicare programs.

The United States Department of Health and Human Services (USDHHS), Office of Inspector General (OIG), may also impose civil money penalties and assessments under the provisions of 42 CFR Part 1003

FAIR HEARINGS

Proposed South Carolina initiated exclusion or termination from the Medicaid program, as well as recoupment of an overpayment identified by Program Integrity, may be appealed within 30 days of imposition of the sanction. (See "Appeals Procedures" elsewhere in this section.)

Any party who has been excluded or terminated from the Medicaid program as a result of a similar action by Medicare may exercise appeal rights as set forth in the written notice from the USDHHS OIG. Appeals to the OIG shall be processed in accordance with 42 CFR 1001.2007. A party so excluded shall have no right to separate appeal before SCDHHS.

REINSTATEMENT

Re-enrollment in Medicaid by formerly excluded providers is not automatic. The CFR [42 CFR 1002.215(a)] gives states the right to review requests for reinstatement and to grant or deny the requests.

Before a request for re-enrollment in Medicaid will be considered, the provider must have an active, valid license to practice and must not be excluded from Medicaid or Medicare by the federal government (USDHHS OIG). It is the provider's responsibility to satisfy these requirements. If the individual was excluded by the Office of Inspector General (HHS-OIG), then the individual must first apply to HHS-OIG for reinstatement and follow any federal requirements.

SCDHHS may deny reinstatement to the Medicaid program based on, but not limited to, any one or a combination of the following:

1. The likelihood that the events that led to exclusion will re-occur.

SECTION 1 GENERAL INFORMATION AND ADMINISTRATION**MEDICAID ANTI-FRAUD PROVISIONS / PAYMENT SUSPENSION / PROVIDER EXCLUSIONS / TERMINATIONS****REINSTATEMENT (CONT'D.)**

2. If, since the date of the original exclusion, the provider has been convicted of fraud related to the delivery of services in a healthcare program, or has been convicted or had his license suspended or revoked due to failure to follow standards of care and/or patient harm or abuse.
3. If new information is provided that such conduct (as described above) occurred prior to the date of the exclusion but was not known to SCDHHS at the time.
4. If the provider has been excluded or had billing privileges terminated from Medicaid and/or Medicare by any state or by the US DHHS OIG.
5. Any terms or conditions associated with reinstatement by the appropriate licensing board or regulatory agency, or by the HHS-OIG.
6. Whether all fines, overpayments, or any other debts owed to the Medicaid program have been paid or arrangements have been made to fulfill these obligations.

All requests for re-enrollment in Medicaid will be considered by SCDHHS on an individual basis and on their own merit.

Any appeal of a denial of reinstatement will be in accordance with SCDHHS appeals policies and procedures as provided by South Carolina Code of Laws R. 126-150.

A terminated provider will also be required to reapply and be reenrolled with the Medicaid program if they wish billing privileges to be reinstated.

SECTION 1 GENERAL INFORMATION AND ADMINISTRATION

APPEALS

SCDHHS maintains procedures ensuring that all Medicaid providers will be granted an opportunity for a fair hearing. These procedures may be found in South Carolina Regulations at Chapter 126, Article 1, Subarticle 3. An appeal hearing may be requested by a provider when a request for payment for services is denied or when the amount of such payment is in controversy.

The South Carolina Medicaid appeals process is not a reconsideration or claims review process. It is a formal process that should be considered as an avenue of last resort to be used in attempting to resolve or settle a dispute(s). Providers should contact the PSC or submit an online inquiry for assistance to resolve or settle a dispute(s) before requesting an administrative hearing.

In accordance with regulations of SCDHHS, a provider wishing to file an appeal must send a letter requesting a hearing along with a copy of the notice of adverse action or the remittance advice reflecting the denial in question. Letters requesting an appeal hearing should be sent to the following address:

Division of Appeals and Hearings
Department of Health and Human Services
PO Box 8206
Columbia, SC 29202-8206

The request for an appeal hearing must be made within 30 days of the date of receipt of the notice of adverse action or 30 days from receipt of the remittance advice reflecting the denial, whichever is later. Hearings will be held in Columbia unless otherwise arranged. The appellant or appellant's representative must be present at the appeal hearing.

SECTION 2 POLICIES AND PROCEDURES

PROGRAM REQUIREMENTS

The South Carolina Medicaid Program recognizes all medical services that are medically necessary, unless limitations are noted within the policy restrictions of this manual. The South Carolina Medicaid Program is restricted to services for eligible beneficiaries provided by enrolled or contracted providers and rendered within the South Carolina service area. The South Carolina service area is usually defined as within 25 miles of the state line. Services rendered outside the service area are subject to the outlined prior approval guidelines. All services are subject to the guidelines and limitations established in this manual. The South Carolina Medicaid Program recognizes the services outlined in this manual and will reimburse providers according to the following definitions of appropriate Medicaid providers. All other services are considered non-covered within the South Carolina Medicaid Program.

REQUIREMENTS FOR PARTICIPATION

Clinic services are described as preventive, rehabilitative, or palliative services that are furnished by a facility that is not part of a hospital, but is organized and operated to provide medical care to outpatients. If a facility is owned by or affiliated with a hospital, it must work independently from the hospital. Clinic services include those services furnished at the clinic by or under the direction of a physician or dentist.

The South Carolina Medicaid Program will reimburse for services that are medically necessary and provided in a clinic that is certified by the Centers for Medicare and Medicaid Services (CMS) and licensed by the state licensing authority. Clinics are required to contract with the South Carolina Department of Health and Human Services (SCDHHS) and must be enrolled as Medicaid providers in order to receive reimbursement for services, unless otherwise specified (see Infusion Centers).

The South Carolina Medicaid Program will reimburse for services provided in the following clinics/centers: End Stage Renal Disease (ESRD) Clinics, Ambulatory Surgery Centers (ASC), Outpatient Pediatric AIDS Clinics

SECTION 2 POLICIES AND PROCEDURES

PROGRAM REQUIREMENTS

REQUIREMENTS FOR PARTICIPATION (CONT'D.)

(OPAC), and Infusion Centers. Policies and procedures that govern reimbursement for services provided in these facilities are outlined in this section.

PRE- AND POST-PAYMENT REVIEW

All Medicaid claims are paid through an automated claims processing system. These claims are subject to pre-payment edits that may require documentation. Additionally, post-payment reviews are conducted regarding utilization, appropriateness, medical necessity, and other factors. All claims and reimbursements are subject to post-payment monitoring and recoupment if review indicates the claim was paid inappropriately or incorrectly. Providers are required to maintain and disclose their records in a manner consistent with Section 1 of this manual. SCDHHS reserves the right to request medical records at any time for purposes of medical justification and/or review of billing practices.

MEDICAL RECORDS

Patient records must indicate medical necessity. Documentation in the record must indicate the treatment process, which includes the service(s) to be provided, diagnostic procedures, and treatment goals. Goals should be specific according to patient needs and services to be rendered.

Medicaid requires providers to obtain authorization from each patient to release to SCDHHS any medical information necessary for processing Medicaid claims. Compliance with this requirement is part of the enrollment process.

TREATMENT RENDERED OUTSIDE THE SCMSA

The term “South Carolina Medical Service Area” (SCMSA) refers to the state of South Carolina and areas in North Carolina and Georgia within 25 miles of the South Carolina state border. Clinics in Charlotte, Augusta, and Savannah are also considered within the service area and would not require prior authorization.

The South Carolina Medicaid Program will compensate medical providers outside the SCMSA in the following situations:

- A beneficiary traveling outside the SCMSA needs emergency medical services, and the beneficiary’s health would be endangered if necessary care were postponed until his or her return to South Carolina.

SECTION 2 POLICIES AND PROCEDURES

PROGRAM REQUIREMENTS

TREATMENT RENDERED OUTSIDE THE SCMSA (CONT'D.)

- A physician makes an out-of-state referral because needed services are not available within the SCMSA.

Out-of-state providers must be licensed by their state's licensing authority and must sign an agreement to accept Medicaid's reimbursement as payment in full.

INJECTIONS

Injectable drugs are covered if the following criteria are met:

- They are of the type that cannot be self-administered. The usual method of administration and the form of the drug given to the patient are two factors in determining whether a drug should be considered self-administered. If a form of the drug given to the patient is usually self-injected (e.g., insulin), the drug is excluded from coverage unless administered to the patient in an emergency situation (e.g., diabetic coma).
- The medical record must substantiate medical necessity. When both an acceptable oral and parenteral preparation exist for necessary treatment, the oral preparation should be used. If parenteral administration is necessary, the record should document the reason.
- Use of the drug or biological must be safe and effective and otherwise reasonable and necessary. Drugs or biologicals approved for marketing by the Food and Drug Administration (FDA) are considered safe and effective for purposes of this requirement when used for indications specified on the labeling. FDA-approved drugs are, on occasion, used for indications other than those specified on the labeling. Provided the FDA has not specified such drug use as non-approved, coverage is determined by considering the generally accepted medical practice in the community.

Drugs and biologicals that have not received final marketing approval by the FDA are not covered unless CMS advises otherwise. For a list of injectable drugs, see the procedure code list in Section 4.

SECTION 2 POLICIES AND PROCEDURES

PROGRAM REQUIREMENTS

ORPHAN DRUGS

An orphan drug is a drug or biological product used for the treatment or prevention of a rare disease or condition. Prior approval is required for orphan drugs that are not listed on the injection code list.

Unlisted Injections

If an injection is not listed, procedure code J9999 for chemo drugs or J3490 for other drugs should be used. The name of the drug (including the dosage given and the NDC number) must be attached to the claim with an invoice indicating the cost of the drug. Medical necessity must also be documented; the provider should attach a copy of the physician's order and the flow sheet to the claim or the Edit Correction Form.

Claims billed using J9999 or J3490 without documentation will be rejected. Procedure code 90772 is billed per injection for administration.

A list of injection codes for each program is provided in Section 4. Separate reimbursement for supplies is not allowed.

SPECIAL COVERAGE GROUPS

Family Planning Waiver

The Family Planning Waiver (FPW) provides coverage to women for services directly related to family planning. This waiver targets Optional Coverage for Women and Infants (OCWI) eligible women who normally lose their Medicaid coverage 60 days after delivery of a baby or conclusion of the pregnancy, and women of child-bearing age (typically ages 10 through 55) who have gross income up to 185% of the federal poverty level.

OCWI women will automatically be transitioned into the FPW program following the 60-day postpartum OCWI coverage period. No separate application process is necessary. Applications for women who do not qualify through OCWI will be processed at the county Department of Health and Environmental Control (DHEC) clinics. The waiver provides coverage for 22 months for services directly related to family planning. If the card is lost or stolen, beneficiaries may request a replacement card by calling 1-888-549-0820 and asking for their assigned caseworker.

SECTION 2 POLICIES AND PROCEDURES

PROGRAM REQUIREMENTS

Family Planning Waiver (Cont'd.)

Covered services include preventive contraceptive methods such as IUDs, sterilizations, diaphragms, condoms, sponges, Depo-Provera® injections, etc.

In addition, family planning prescriptions, lab work, counseling, office visits, exams, and other services related to family planning are covered under this waiver. The FPW does not cover treatment for routine side effects or complications associated with the various types of family planning methods. Treatment costs in such situations are the responsibility of the patient. Pregnancy services are non-covered under the FPW. If a woman becomes pregnant while she is covered under the FPW she must reapply with SCDHHS for full Medicaid benefits.

Family Planning services provided to women under the FPW category are billed using the appropriate CPT or HCPCS code with an FP modifier and approved Family Planning diagnosis code.

Covered Services Under the FPW

Section 4 contains a list of procedure and diagnosis codes that are currently approved for use under the FPW. While there are codes that may be considered Family Planning services other than the ones listed, they are not covered for this eligibility group of women. This list will be updated periodically as codes are approved or deleted.

Breast and Cervical Cancer Early Detection Program (Best Chance Network)

The South Carolina Breast and Cervical Cancer Early Detection Program (Best Chance Network) provides coverage for women under the age of 65 who have been diagnosed and found to be in need of treatment for either breast or cervical cancer or pre-cancerous lesions (CIN 2/3 or atypical hyperplasia). For further information, providers or beneficiaries may call toll free (888) 549-0820.

Department of Health and Environmental Control

SCDHEC provides outreach and direct FP services as part of the waiver and will assist women in finding a primary care physician or clinic to provide Family Planning services. Participants in the FPW can call toll free (800) 868-0404 for more information about covered services, and health department clinic locations. Also, SCDHEC contracts with private physicians who will offer FP waiver services to participants.

SECTION 2 POLICIES AND PROCEDURES

PROGRAM REQUIREMENTS

Hospice

Hospice services provide palliative care (relief of pain and uncomfortable symptoms) as opposed to curative care for terminally ill individuals. In addition to meeting the patient's medical needs, hospice care addresses the physical and psychosocial needs of the patient's family and caregiver.

Hospice services are available to Medicaid beneficiaries who choose to elect the benefit and who have been certified to be terminally ill with a life expectancy of six months or less by their attending physician and the medical director of hospice.

Hospice services are provided to the beneficiary according to a plan of care developed by an interdisciplinary staff of the hospice. The services below are covered hospice services:

- Nursing care provided by or under the supervision of a registered nurse
- Medical social services provided by a social worker who has at least a bachelor's degree and is working under the direction of a physician
- Physicians' services provided by the hospice medical director or physician member of the interdisciplinary group
- Short-term inpatient care provided in either a participating hospice inpatient unit or a participating hospital or nursing home that additionally meets the special hospice standards regarding staffing and patient care
- Medical appliances and supplies, including drugs and biologicals. Only those supplies used for the relief of pain and symptom control related to the terminal illness are covered.
- Home health aide services and homemaker services
- Physical therapy, occupational therapy, and speech-language pathology services
- Counseling services provided to the terminally ill individual and the family members or other persons caring for the individual at home

A beneficiary who elects the hospice benefit must waive all rights to other Medicaid benefits for services related to

PROGRAM REQUIREMENTS

Hospice (Cont'd.)

treatment of the terminal condition for the duration of the election of hospice care. Specific services that must be waived include:

- Hospice care provided by a hospice other than the hospice designated by the individual (unless provided under arrangements made by the designated hospice)
- Any Medicaid services that are related to the treatment of the terminal condition for which hospice care was elected or a related condition, or services that are equivalent to hospice care, except for services:
 - Provided (either directly or under arrangement) by the designated hospice
 - Provided by another hospice under arrangements made by the designated hospice
 - Provided by the individual's attending physician if that physician is not an employee of the designated hospice or receiving compensation from the hospice for the services

Effective with dates of service on or after October 1, 2012, SCDHHS will require prior authorization for hospice services to Medicaid-only beneficiaries. The hospice provider must submit requests for prior authorization along with medical documentation to KePRO. All hospice services except General Inpatient (GIP) care will be pre-authorized for up to six (6) months. If a beneficiary is in need of hospice services beyond the initial six (6) months, the hospice provider must submit a new request to KePRO.

Services Not Related to the Terminal Illness

Services provided for care not related to the terminal illness must be pre-approved by the hospice provider. The hospice provider must be contacted for confirmation that the service does not relate to the terminal illness, and for a prior authorization number to be included on the claim form. The hospice prior authorization number on the claim certifies that the services provided are not related to the terminal illness or are not included in the hospice plan of care. If the authorization number is not included on the claim form, the claim will be rejected and returned to the provider.

Services that require prior authorization are:

Medicaid Managed Care

SCDHHS offers two managed care options to Medicaid beneficiaries. The purpose of these options is to link the Medicaid member to a medical home and manage the member's health care service from the primary care level. For detailed information concerning Medicaid Managed Care, please review the information contained in the Managed Care Supplement (in this manual), or the MCO and MHN Policy and Procedure Guides. This information is located in the Managed Care section on the SCDHHS Web site: <http://www.scdhhs.gov>.

PROGRAM REQUIREMENTS

QUALIFIED MEDICARE BENEFICIARY (QMB)

Medicaid beneficiaries who are also Qualified Medicare beneficiaries (QMBs) are eligible for payment of the Medicare cost sharing for services that are covered by Medicare without regard to whether the service is covered by SC Medicaid. Reimbursement for these services will be consistent with the SC State Medicaid Plan.

Please refer to Section 3 of this manual for instructions regarding billing procedures for dually eligible beneficiaries.

Please refer to the Medicaid Web-Based Claims Submission Tool, in Section 1, for instructions on how to access beneficiary information, including QMB status.

SECTION 2 POLICIES AND PROCEDURES

SECTION 2 POLICIES AND PROCEDURES

END STAGE RENAL DISEASE PROGRAM

The End Stage Renal Disease (ESRD) program provides dialysis (removal of toxic wastes from the blood) to sustain life for patients who are in renal failure. There are two reimbursable elements of this program:

Technical Component — Policies and procedures are outlined in this section.

Professional Services (Nephrology) — Policies and procedures can be found in the *Physicians, Laboratories, and Other Medical Professionals Medicaid Provider Manual*.

Procedure codes for ESRD services can be found in Section 4 of this manual.

COVERAGE GUIDELINES

Medicaid will reimburse as primary sponsor of ESRD services during the 90-day waiting period required by Medicare for eligibility determinations and when an individual has been denied Medicare coverage. ESRD services include hemodialysis, intermittent peritoneal dialysis (IPD), continuous cycling peritoneal dialysis (CCPD), and continuous ambulatory positioned dialysis (CAPD).

Medicaid will not reimburse as primary sponsor for any Medicare-covered services once a determination of eligibility is received from the Social Security Administration. This would include any services provided after the 90-day waiting period even if the Medicare determination is pending.

The ESRD facility, as primary provider, is responsible for ensuring that a Medicare application is made on behalf of the beneficiary. If an individual is denied Medicare coverage, a copy of the Medicare denial letter must be sent to the ESRD program manager at the Department of Health and Human Services immediately.

SECTION 2 POLICIES AND PROCEDURES

END STAGE RENAL DISEASE PROGRAM

PATIENT ENROLLMENT

Each patient must be enrolled in the ESRD program. This includes those patients who have Medicaid only as well as those patients who have Medicare as their primary payer. The enrollment form (DHHS Form 218) must be completed for each patient and submitted along with the first claim form. See the Forms section for a copy of Form 218.

The completed enrollment form, along with the first claim form, should be sent to:

Medicaid Claims Receipt
Post Office Box 1412
Columbia, SC 29202-1412

This will expedite the processing of claims and ensure that SCDHHS has enrolled all eligible ESRD beneficiaries.

REIMBURSEMENT POLICY

South Carolina requires ESRD services for beneficiaries covered by Medicaid to be submitted only on a CMS-1500 claim form. For dually eligible (Medicare/Medicaid) beneficiaries, vitamins and supplements that are not covered by Medicare but are covered by Medicaid must also be billed on the CMS-1500 claim form.

THE COMPOSITE RATE – MEDICAID ONLY

The composite rate is used to reimburse for dialysis services provided in centers, as well as for persons receiving treatments at home. Items and services included in the composite rate are identified below. Services that are not listed in the composite rate are eligible for separate reimbursement as long as the service is medically necessary and is a covered Medicaid service.

- All equipment, items, and services necessary to provide a dialysis treatment
- Laboratory tests (see Laboratory Services)
- Oral vitamins
- Antacids/phosphate binders
- Oral iron supplements
- Nutritional supplements
- Staff time required to provide treatment

The facility receiving the composite rate is responsible for ensuring that all component services included in the

SECTION 2 POLICIES AND PROCEDURES

END STAGE RENAL DISEASE PROGRAM

THE COMPOSITE RATE – MEDICAID ONLY (CONT'D.)

composite rate are delivered without additional claims being submitted to the Medicaid agency or billed to the beneficiary. Medicaid-only patients who receive dialysis treatments at home must contract with an ESRD clinic for supplies. These supplies will be reimbursed at the same rate paid for in-center dialysis.

When an unusual circumstance exists and uncommon supplies are deemed medically necessary, a request for prior approval, along with documentation to support medical necessity, must accompany the claim before payment is made.

Laboratory Services Included Under Composite Rate

ESRD laboratory services performed by either clinic staff or an independent laboratory are included in the composite rate calculations. Therefore, payment for all tests is included in the composite rate and **may not be billed separately to the Medicaid program.** These tests may be performed either by the provider, in which case payment is included in the composite rate, or by an outside laboratory for the provider, in which case **the laboratory bills the provider who then bills Medicaid and receives the composite rate for these lab charges.**

1. **Laboratory Tests for Hemodialysis, Intermittent Peritoneal Dialysis (IPD), and Continuous Cycling Peritoneal Dialysis (CCPD)**

The tests listed below are usually performed for dialysis patients and are routinely covered, i.e., no additional documentation of medical necessity is required, at the frequency specified. When any of these tests are performed at a frequency greater than what is specified, the additional tests are separately billable and are covered only if they are medically justified by accompanying diagnosis and support documentation. A diagnosis of ESRD alone is not sufficient medical evidence to warrant coverage of the additional tests. The nature of the illness or injury (diagnosis, complaint, or symptom) requiring the performance of the test(s) must be present on the claim.

Included in the composite rate:

- **Per treatment:** All hematocrit, hemoglobin, and clotting time tests furnished incident to dialysis treatments;
- **Weekly:** (1) Prothrombin time for patients on

anticoagulant therapy, and (2) Serum Creatinine;

- **Weekly or Thirteen Per Quarter:** BUN;
- **Monthly:** Serum Calcium, Serum Potassium, Serum Chloride, CBC, Serum Bicarbonate, Serum Phosphorous, Total Protein, Serum Albumin, Alkaline Phosphatase, aspartate amino transferase (AST) (SGOT) and LDH; and
- **Automated battery of tests:** If an automated battery of tests such as the SMA-12 is performed, and contains most of the tests listed in monthly category, it is not necessary to separately identify any tests in the battery that are not listed above.

The following identifies certain separately billable laboratory tests that are covered routinely (i.e., without additional documentation of medical necessity) when furnished at the specified frequencies.

- **Separately billable laboratory tests:**
 - o Serum Aluminum and Serum Ferritin once every three months
 - o Hepatitis B Surface Antibody or Hepatitis B Core Antibody once every year, but not both per year

If these tests are performed at a frequency greater than what is specified, they are covered only if they are medically justified by accompanying diagnosis and support documentation. A diagnosis of ESRD alone is not sufficient to justify additional payment. The nature of the illness or injury (diagnosis, complaint, or symptom) requiring the performance of the test(s) must be present on the claim.

2. Laboratory Tests for CAPD

The following lab tests are covered routinely at the frequencies specified below if furnished to a CAPD patient in a certified setting. Any tests furnished in excess of this frequency or any tests furnished that are not listed here are covered only if there is a diagnosis code on the claim that supports a medical justification for the service. A diagnosis of ESRD alone is not sufficient to justify payments for the service outside of the composite rate. The nature of the illness or injury (diagnosis, complaint, or symptom)

SECTION 2 POLICIES AND PROCEDURES

requiring performance of any other tests not listed here must also be present on the form.

- **Monthly:** Potassium, CO₂, Calcium, Chloride, Total Protein, Albumin, Alkaline Phosphatase, Phosphorus, LDH, AST (SGOT), Creatinine, Sodium, and Urea Nitrogen (BUN)
- **Separately billable laboratory tests:**
 - o WBC, RBC, and Platelet Count every three months
 - o Residual Renal Function and 24-hour Urine Volume every six months

Hospital Outpatient Dialysis

Medicaid will sponsor outpatient services related to ESRD treatment under the same guidelines outlined for ESRD clinics and if the hospital is certified as a hospital-based ESRD clinic. Hospitals presently certified are Palmetto Richland Memorial Hospital, St. Francis Hospital, the Medical University of South Carolina, Hampton Regional Medical Center, Charlotte Memorial Hospital, Medical College of Georgia, and Carolinas Hospital System. Hospital outpatient dialysis services are billed on the UB claim form and reimbursed under the OP fee schedule.

Hospital Inpatient Dialysis

Medicaid will sponsor all medically necessary services related to renal disease care according to the regular hospital billing guidelines on the UB form.

Guidelines for Hepatitis B Vaccine

Hepatitis B vaccine may be administered upon the order of a doctor of medicine or osteopathy, three doses of 2 milliliters each. The physician will determine the actual schedules based on medical necessity. Below is a standard schedule for the vaccine:

First dose

Second dose — One month after first dose

Third dose — Six months after first dose

One month after the third dose the patient should be tested for Hepatitis B Surface Antibody to determine whether he or she has responded to the vaccine. If the vaccine was successful, the patient should be tested annually for Hepatitis B Surface Antibody to confirm immunity.

SECTION 2 POLICIES AND PROCEDURES**END STAGE RENAL DISEASE PROGRAM****Guidelines for Hepatitis B Vaccine (Cont'd.)**

Patients who received the Hepatitis B vaccine but did not develop an immunity to Hepatitis B should be tested (Hepatitis B Surface Antigen Test) once a month.

Blood Products and Transfusion

The South Carolina Medicaid Program will only reimburse the actual supplier of packed cells. If blood is supplied by the local Red Cross, then the provider who prepares and washes the packed cells may bill for the unit of blood.

ESRD clinics may bill for the blood transfusion only. The type and cross match should be performed by the provider supplying the blood plasma. If the ESRD clinic is performing this service, documentation must be submitted with the claim.

Vitamins and Supplements

For dually eligible beneficiaries, the Medicaid program is the primary sponsor for payment of the following list of vitamins and supplements. ESRD clinics may be reimbursed for the actual cost of distributing these vitamins and supplements by using the codes identified.

X6661 Multivitamins

X6711 Vitamin D

SECTION 2 POLICIES AND PROCEDURES

AMBULATORY SURGICAL CENTERS

INTRODUCTION

An Ambulatory Surgery Center (ASC) is a distinct entity that operates exclusively for the purpose of providing surgical services to patients who are scheduled to arrive, receive surgery, and be discharged on the same day. There are two reimbursable elements of this program:

Facility Services — Policies and procedures are outlined in this section.

Physician's Professional Fee — Reimbursement for professional services can be found in the Physicians, Laboratories, and Other Medical Professionals Medicaid Provider Manual.

In order to participate in the South Carolina Medicaid Program, the ASC must have met all conditions prescribed in the Medicare guidelines for reimbursement and be licensed by the South Carolina Department of Health and Environmental Control (DHEC) or, if out of state, a comparable health department or other state/city licensing agency in that state. Once these conditions are met, the ASC may submit a written request to the SCDHHS program manager with copies of the CMS certification and DHEC license. The request must include the date on which services are to be effective (usually the same date as the CMS certification).

The program manager will review this documentation to verify that appropriate information was received and will then forward it to the Division of Contracts. The Division of Contracts will send the provider the appropriate enrollment forms and two copies of the contract. The provider will sign the contracts, complete the enrollment forms, and return all documents to the Division of Contracts. The contracts will then be signed by the director of SCDHHS, and one copy will be returned to the provider along with a unique six-character provider number. The provider number should be used on all claim forms, inquiries, and adjustment requests.

SECTION 2 POLICIES AND PROCEDURES

AMBULATORY SURGICAL CENTERS

COVERAGE GUIDELINES

South Carolina Medicaid has adopted Medicare's guidelines to determine which surgical procedures are covered and at which level they will be assigned. Accordingly, Medicaid will update the list of covered procedures as Medicare updates its list.

Surgical procedures that are not routinely covered by Medicare in an ASC may be considered for reimbursement by Medicaid pending review. Dental procedures, for example, some of which are not covered by Medicare, are included on the Medicaid list of covered services in the ASC setting. Also included are procedures that are not routinely performed for Medicare patients, e.g., pediatric and gynecological procedures. These exceptions are reviewed on a case-by-case basis and must meet the Code of Federal Regulations standards at 416.65 and 416.75 and Medicaid's criteria of medical necessity. These requests must be submitted to SCDHHS before services are rendered. **Requests submitted after the surgery has been performed will be denied.**

If a procedure is not on the list of approved ASC services and prior approval has not been received to perform the service in an ASC, it is the responsibility of the facility to inform the beneficiary that the surgery is not reimbursable by Medicaid. Beneficiaries should be informed that if they choose to have the surgery performed at the ASC, they are responsible for all charges.

A complete list of approved procedure codes, including supplemental codes for dental services, appears in Section 4 of this manual.

REIMBURSEMENT POLICY

ASCs are reimbursed an all-inclusive facility fee based on payment groups. There are nine payment groups categorized according to the surgical procedure performed. Following are the payment groups with current rates:

Group 1	\$218.40	Group 6	\$549.50
Group 2	\$293.30	Group 7	\$654.50
Group 3	\$335.30	Group 8	\$646.10
Group 4	\$413.70	Group 9	\$937.30
Group 5	\$471.80		

SECTION 2 POLICIES AND PROCEDURES

AMBULATORY SURGICAL CENTERS

REIMBURSEMENT POLICY (CONT'D.)

Claims for facility fees will be paid at 100% of the established Medicaid rate for the primary surgical procedure or the charged rate, whichever is lower, and the second surgical procedure will be paid at 50% of the established Medicaid rate (per operative session). See Section 3 for complete billing instructions for multiple surgeries.

Certain codes covered in the ASC are considered medical and will pay at 100% of the allowed rate or the charged rate, whichever is lower. The codes that are considered medical are 64410, 64415, 64417, 64420, 64430, 64470-64476, 64479-64484, 64510, 64520, 64530, 92018, 99322, 99323, G0105, and G0121.

FACILITY SERVICES

ASC facility services include those services that would otherwise be covered under South Carolina Medicaid if furnished in an inpatient or outpatient hospital in connection with a surgical procedure. The ASC facility services include, but are not limited to:

- Nursing services, services of technical personnel, and related services
- The use by the patient of the ASC facility
- Drugs, biologicals, surgical dressings, supplies, splints, casts, appliances, and equipment directly related to the provision of surgical procedures
- Blood and blood products
- Diagnostic or therapeutic services or items directly related to the provision of a surgical procedure (e.g., Hematocrit, Hemoglobin)
- Administrative, recordkeeping, and housekeeping items and services
- Materials for anesthesia
- Intraocular lenses (IOLs)
- Cornea for transplant (reimbursement included under procedure code 65730)

These items are considered an integral part of the facility fee connected with the performance of a surgical procedure, and may not be billed separately.

SECTION 2 POLICIES AND PROCEDURES

AMBULATORY SURGICAL CENTERS

Nursing Services, Services of Technical Personnel, and Other Related Services

These include all services in connection with covered procedures furnished by nurses and technical personnel who are employees of the ASC. In addition to the nursing staff, this category includes orderlies, technical personnel, and others involved in patient care.

Use by the Patient of the ASC's Facilities

This category includes operating and recovery rooms, patient preparation areas, waiting rooms, and other areas used by the patient or offered for use by the patient's relatives in connection with surgical services.

Drugs, Biologicals, Surgical Dressings, Supplies, Casts, Appliances, and Equipment

This category includes all supplies and equipment commonly furnished by the ASC in connection with surgical procedures. Drugs and biologicals are limited to those that cannot be self-administered.

The term "supplies" includes those items required for both the patient and ASC personnel in connection with the performance of a surgical procedure, i.e., gowns, masks, gloves, instruments, etc., whether disposable or reusable. Surgical dressings include those dressings that are considered primary dressings, i.e., therapeutic and protective coverings applied directly to the wound as a result of a surgical procedure.

Similarly, the phrase "other supplies, splints, and casts" includes only those furnished by the ASC at the time of the surgery.

Blood and Blood Products

While covered procedures are limited to those not expected to result in extensive loss of blood, in some cases blood or blood products are required and are considered ASC facility services; in such cases, no separate charge is permitted to the program.

Diagnostic or Therapeutic Items and Services

These are items and services furnished by ASC staff in connection with covered surgical procedures. With respect to diagnostic tests, many ASCs perform simple tests just before surgery, primarily urinalysis and blood hemoglobin or hematocrit, which are generally included in their facility charges.

SECTION 2 POLICIES AND PROCEDURES

AMBULATORY SURGICAL CENTERS

Administrative, Record Keeping, and Housekeeping Items and Services

These include the general administrative functions necessary to run the facility, such as scheduling, cleaning, utilities, and rent.

Material for Anesthesia

These include the anesthetic itself and any materials, whether disposable or reusable, necessary for its administration.

Intraocular Lenses (IOLs)

ASC facility services include intraocular lenses approved by the Food and Drug Administration (FDA) for insertion during or subsequent to cataract surgery.

FDA has classified IOLs into the following four categories, any of which are included:

1. Anterior chamber angle fixation lenses
2. Iris fixation lenses
3. Irido-capsular fixation lenses
4. Posterior chamber lenses

LABORATORY AND X-RAY SERVICES

All diagnostic tests related to the surgical procedure to be performed in the ASC are considered an integral part of the facility charge and may not be billed separately. The ASC may make arrangements with an independent laboratory or other laboratory (such as a hospital laboratory) to perform diagnostic tests it requires prior to surgery. In general, however, the necessary laboratory tests are done outside the ASC prior to scheduling of surgery, since the test results often determine whether the beneficiary should have the surgery done in the first place.

If a laboratory is within the ASC, the lab may choose to enroll as an independent provider, as long as it meets the regulatory conditions and requirements to participate in the South Carolina Medicaid Program. The clinic or lab must have its own provider number in order to receive reimbursement for services not related to the surgical procedure performed.

The South Carolina Medicaid Program requires that all independent laboratories meet Clinical Laboratory Improvement Amendments (CLIA) regulations and enroll

with SCDHHS. For enrollment information, providers should write to Medicaid Provider Enrollment, Post Office Box 8809, Columbia, SC, 29202, or contact Medicaid Provider Enrollment via the SCDHHS Provider Service Center at 1-888-289-0709.

EXCLUDED SERVICES

Facility services do not include items and services for which payment may be made under other provisions in the Medicaid program. These services include but are not limited to:

- Professional services provided by a physician (surgical procedure, preoperative and postoperative, administration of anesthesia)
- Laboratory and x-ray services which are not directly related to the performance of a surgical procedure
- Ambulance services
- Durable medical equipment for use in the patient's home
- Leg, arm, artificial limb, back, and neck braces
- Prosthetic devices (except IOLs)

These items and services should be billed to SCDHHS by the participating provider. The ASC will not receive separate reimbursement for these services. For example, items such as ace bandages, elastic stockings, and pressure garments are generally used as secondary coverings and would not be considered "primary" surgical dressings. Reimbursement for these items is available through the Medicaid Durable Medical Equipment program (DME) and should be obtained from a DME provider enrolled in the South Carolina Medicaid Program.

PROSTHETICS

Certain implantable prosthetic devices (e.g., orthopedic joints, ocular prosthesis) that the ASC must obtain from an outside source in order to have available at the time of surgery may be covered and should be billed separately from the facility charge. Intraocular lenses (IOLs) are included in the facility group rate.

Reimbursement for these items will be determined on a case-by-case basis. Payment will be based on either the allowable Medicaid amount for the prosthesis or the

SECTION 2 POLICIES AND PROCEDURES

AMBULATORY SURGICAL CENTERS

PROSTHETICS (CONT'D.)

invoice cost, whichever is lower. To avoid delay in payment of the facility fees, charges for prosthetic devices should be reported on a separate claim form.

The ASC must provide sufficient documentation to justify reimbursement for the item, as well as the charged rate for the item (i.e., the invoice). If Medicaid has knowledge that the device could have been purchased from another source at a more reasonable rate, then reimbursement may be considered on the basis of reasonable charge rather than actual cost.

MULTIPLE SURGERY GUIDELINES

South Carolina Medicaid will allow for the reimbursement of two surgical procedures performed on the same date of service. These multiple surgeries include separate procedures performed through a single incision, or separate procedures performed through second and subsequent incisions or approaches.

When more than two surgical procedures are performed at the same operative session, the 51 modifier must accompany the second procedure and any subsequent procedure(s). If the 51 modifier is not used in this fashion, the claim will be rejected.

The operative report must provide sufficient evidence that the additional surgical procedure resulted in additional cost to the facility (i.e., an increase of operating room time and supplies). If documentation does not support justification to bill for the additional procedures, monies may be recouped in a post-payment audit of paid claims.

Examples of situations when it may be appropriate to bill two surgical facility fees on the same date of service are:

- Surgical procedure on two different anatomical sites
- Diagnostic laparoscopy followed by an open abdominal procedure
- Repair of multiple injuries of different anatomical sites (i.e., repair of fracture of right leg and tendon repair of left leg)

Examples of situations when it may not be appropriate to bill for two surgical facility fees are:

- Tonsillectomy and adenoidectomy

SECTION 2 POLICIES AND PROCEDURES

AMBULATORY SURGICAL CENTERS

MULTIPLE SURGERY GUIDELINES (CONT'D.)

- Two endoscopic surgical procedures on the same anatomical site, or two like procedures through the same incision. When a surgical procedure is performed through an endoscope, the diagnostic endoscopy is inclusive in the reimbursement. The facility may be reimbursed either for the endoscopic procedure or the diagnostic endoscopy, but not for both.
- Incidental procedures (i.e., appendectomy, lysis of adhesions during other abdominal procedure). If a procedure is carried out through the laparotomy incision, the facility may choose to bill for the laparotomy or the actual procedure performed during the surgery. Most likely, it will be the code that reimburses the higher rate. In any case, Medicaid will sponsor payment for one or the other, but never for both.
- Bilateral procedures (through same incision)
- Application of a splint or cast following surgical fracture repair

Payment Guidelines

When multiple surgeries are performed at the same operative session, the procedure that reimburses the highest established rate will be considered the primary procedure and will be reimbursed at 100%. All second and subsequent surgeries performed at the same operative setting will be reimbursed at 50% of the established rate.

No reimbursement will be made for subsequent procedures which do not add significantly to the complexity of the major surgery or are rendered incidentally and performed at the same time as the major surgery (i.e., laparoscopy with lysis of adhesions and laparoscopy with fulguration of oviducts [with or without transection] or laparoscopy with occlusion of oviducts by device).

Modifiers

Listed services and procedures may be modified under certain circumstances. When applicable, the modifying circumstance must be identified by the addition of the appropriate modifier code which must be reported by adding a two-digit number (modifier) after the procedure number. Modifiers commonly used in surgery are listed in

SECTION 2 POLICIES AND PROCEDURES

AMBULATORY SURGICAL CENTERS

Modifiers (Cont'd.)

the surgery section of the CPT-4 Coding Manual and in Section 3 of this manual. Only the first modifier indicated will be used to process the claim. (Medicaid will key the first modifier indicated for each procedure only.)

Billing Guidelines

Claims for surgery must be filed using the CPT code that most closely describes the surgical procedure that was performed.

Claims for more than one surgical procedure performed at the same time must be billed in the following manner:

- On a single CMS claim form

Note: If more than one surgical procedure is billed for the same date of service on different claims, the second claim that processes will reject. To avoid this rejection, **file all surgical procedures for the same date of service on one claim form.**
- Only subsequent procedures that add significantly to the major surgery (not services incidental to the major surgery, e.g., incidental appendectomy, incidental scar excision, puncture of ovarian cyst, simple lysis of adhesions, simple repair of hiatal hernia)
- In order of complexity with the most complex procedure first
- Using the appropriate modifier (Medicaid will key the first modifier indicated for each procedure only.)
- With charges listed separately for each procedure
- With appropriate number of units, if applicable, according to procedure code description

When identical procedures (not bilateral) are billed for the same day, the first should be billed without a modifier, and the second with modifier LT or RT. If the same procedure is billed a third time, the claim must be filed hard copy with supporting documentation. Failure to include documentation will result in an 892 edit. The provider may resubmit an ECF with appropriate documentation indicating a repeat service; or, if there is no ECF but the line rejected, the provider may rebill for the procedure that did not pay with a copy of the original remittance advice.

SECTION 2 POLICIES AND PROCEDURES

AMBULATORY SURGICAL CENTERS

Separate Procedures Performed on the Same Date of Service

When two surgical procedures are performed on the same date of service at different operative sessions, both procedures will be allowed 100% of the Medicaid established rate. To report, submit the second procedure with the 78 or 79 modifier. This will assure that both procedures will be paid at 100% of the established rate. If not reported in this manner, the lower priced of the two procedures will be reimbursed at 50%. All surgical procedures performed on the same date of service should be filed on the same claim form whenever possible.

78 — When a procedure related to the initial procedure requires a return to the operating room during the postoperative period of that initial procedure

79 — When a procedure unrelated to the initial procedure is performed during the postoperative period by the same physician as the initial procedure

BILATERAL SURGERY

Bilateral surgeries are performed on both sides of the body during the same operative session or on the same day. The description for some procedure codes notes that the service is a “bilateral” or “unilateral or bilateral” procedure. Bill bilateral procedures as two line items.

If the description for a procedure notes the service is a “bilateral” or “unilateral or bilateral” procedure, do not report modifier 50 with the procedure code. Examples of bilateral procedures include CPT codes 27395 (Lengthening of hamstring tendon; multiple, bilateral) and 52290 (Cystourethroscopy; with ureteral meatotomy, unilateral or bilateral).

Bilateral procedures will be reimbursed at 100% for the first procedure, and 50% for the second procedure (same as multiple procedures). If the bilateral procedure is billed in conjunction with another procedure that is normally reimbursed at a higher rate than the bilateral procedure, then each of the bilateral procedures will be reimbursed at 50%.

ELECTIVE STERILIZATION

SCDHHS is required to have a completed DHHS Form 1723 (Consent for Sterilization) for all elective sterilizations. Sterilization claims and consent forms are reviewed for compliance with Federal Regulation 441.250 – 441.259. It is the physician’s responsibility to obtain the

AMBULATORY SURGICAL CENTERS

ELECTIVE STERILIZATION (CONT'D.)

consent and submit this form to SCDHHS. Photocopies are accepted if legible.

Definitions

The following definitions are from the Code of Federal Regulations, Section 441.250-441.259:

1. Sterilization means any medical procedure, treatment, or operation performed for the purpose of rendering an individual, male or female, permanently incapable of reproducing.
2. Institutionalized individual means an individual who is (a) involuntarily confined or detained, under a civil or criminal statute, in a correctional or rehabilitative facility, including a mental hospital or other facility for the care and treatment of mental illness, or (b) confined, under a voluntary commitment, in a mental hospital or other facility for the care and treatment of mental illness.
3. Mentally incompetent individual means an individual who has been declared mentally incompetent by a federal, state, or local court of competent jurisdiction for any purpose, unless the individual has been declared competent for purposes which include the ability to consent to sterilization.

Sterilization Requirements

For Medicaid financial coverage of an elective sterilization for male or female, the following requirements must be met:

1. The individual must be 21 years old at the time the consent form is signed.
2. The individual cannot be institutionalized or mentally incompetent. If the physician questions the mental competency of the individual, please call the PSC at 1-888-289-0709 or submit an online inquiry at <http://www.scdhhs.gov>.
3. The individual must voluntarily give consent. All questions must be answered and all topics in the consent form discussed. A witness of the patient's choice may be present during the consent interview.
4. A copy of the consent form must be given to the patient after Parts I, II, and III are completed.

SECTION 2 POLICIES AND PROCEDURES

AMBULATORY SURGICAL CENTERS

Sterilization Requirements (Cont'd.)

5. At least 30 days, but no more than 180 days, must have passed between the signing of the consent form and the date of the sterilization procedure. The date of the beneficiary's signature is not included in the 30 days (e.g., day one begins the day after the signature). Only the beneficiary may sign Part I (Consent to Sterilization) of the consent form.
6. Exceptions to the 30-day waiting period are:
 - a) Emergency abdominal surgery. The emergency does not include an operation to sterilize the patient. At least 72 hours must have elapsed since the informed consent to sterilize was given. An explanation must accompany the claim.
 - b) Premature delivery. The sterilization consent must have been signed at least 30 days before the expected date of delivery. In cases involving a Cesarean section, the scheduled date of the Cesarean is considered the expected date of delivery. For premature deliveries, at least 72 hours must have elapsed since the informed consent to sterilize was given.

Informed consent may not be obtained while the individual to be sterilized is:

- In labor or childbirth
- Seeking or obtaining an abortion
- Under the influence of alcohol or other substances which may affect the patient's judgment

Although surgery centers are not required to submit a sterilization consent form with their claim, payment will be recouped if no such documentation is present in SCDHHS records or if the documentation is inaccurate.

Sterilization Consent Form Requirements

All sections of the Consent for Sterilization form (DHHS Form 1723) must be completed. Consent forms are correctable, except for the beneficiary's signature and date and the signature and date in Part III (Statement of Person Obtaining Consent) of the person obtaining consent.

A consent form, along with instructions for its completion, can be found in the Forms section of this manual.

OUTPATIENT PEDIATRIC AIDS CLINICS

INTRODUCTION

An Outpatient Pediatric AIDS Clinic (OPAC) operates exclusively for the purpose of providing specialty care, consultation, and counseling services for HIV-infected and exposed Medicaid-eligible children and their families. The mission of the OPAC is to follow children who have been exposed to HIV perinatally as children born to women infected with HIV.

The clinic utilizes a multidisciplinary staff and clinical practices. Clinic personnel provide services that are medical, behavioral, psychological, and psychosocial in nature. All exposed children must be followed with frequent clinical and laboratory evaluations to allow early identification of infection.

COVERAGE GUIDELINES

Children born to HIV-positive mothers but who do not test positive receive services every three months in the clinic until they are two years old. Children who test positive are seen twice a week for eight weeks and then once a month until they are two years old.

Clinics must ensure that, at a minimum, the following services are provided:

- Clinics must provide proper care for infected infants and children, i.e., pneumocystis carinii prophylaxis or specific treatment for HIV infection.
- Clinic personnel must coordinate primary care services with the family's primary care provider (when one is available and identified).
- Clinics must coordinate required laboratory evaluations when clinical evaluations are not needed. Laboratory evaluations may be arranged at local facilities if this is more convenient for the patient/family and if the tests are available locally. These evaluations may be coordinated with the primary care provider and often with the assistance of local health department personnel.

SECTION 2 POLICIES AND PROCEDURES

OUTPATIENT PEDIATRIC AIDS CLINICS

COVERAGE GUIDELINES (CONT'D.)

- Clinic personnel must provide management decisions and regularly see the children and parents when HIV-infected children are hospitalized at a Level III hospital. When HIV-infected children are hospitalized at regional or local hospitals with less severe illnesses, staff must provide consultation to assist in the management of their care.
- Clinic personnel must provide case coordination and social work services to the families to assure specialty and primary care follow-up and to assist in obtaining needed services for the child and family.

REIMBURSEMENT POLICY

OPACs are reimbursed two all-inclusive procedure codes whose rates are established in the contract. They are the Multidisciplinary Clinic Visit with Physician (T1025), which must include each member of the multidisciplinary team, and Lab Only Clinic Visit (T1015), which does not require the services of the pediatric infectious disease specialist and nutritionist. Each clinic must identify in its contract the role of each staff member required for the specified clinic visits. OPAC services must be submitted on the CMS-1500 claim form. Please see Section 3 for complete billing instructions.

Note: Services rendered and paid through grants to the provider should not be billed to Medicaid.

PROVISION OF PERSONNEL

Each OPAC must be staffed with personnel who would be responsible for each task outlined below. Specific personnel assigned to tasks may vary by titles and must be approved by SCDHHS. Responsibilities outlined are core requirements for participation.

Pediatric Infectious Disease Specialist

The pediatric infectious disease specialist will see all patients. His or her role is to perform a medical assessment by history and physical examination and to assess the results of all laboratory studies. The physician makes all decisions regarding therapeutic intervention and communicates results of the clinic assessments and therapeutic plan to the primary care physician. The pediatric infectious disease specialist consults with clinic staff regarding appropriate interval follow-up care, consults with the primary care provider regarding both the

Pediatric Infectious Disease Specialist (Cont'd.)	ongoing care of the children and management of acute problems, and maintains current knowledge related to HIV care through medical literature and continuing medical education.
Case Coordinator	The case coordinator is responsible for scheduling the patient for clinic appointments, taking into account both the medical needs of the patient and the scheduling concerns of the parents. The case coordinator coordinates and facilitates patient flow among various providers, meets individually with each family to provide counseling and education regarding HIV infection and the health and social issues related to the infection, follows up all laboratory studies performed during the clinic visits, conducts and chairs staff meetings for the multidisciplinary clinic providers, serves as liaison to all community-based services involved in the care of the patient/family, and assesses the ability of the family to meet the health care needs of the child and to comply with the recommended treatment plan.
Nutritionist	The nutritionist reviews the chart of each child who has enrolled in the clinic, specifically assessing the results of a formal nutritional questionnaire and the growth of the child. The nutritionist must meet with the parents of children who have been identified by the nutritional assessment as being nutritionally high-risk patients to establish a nutritional care plan and make recommendations for nutritional supplementation to the medical care team when appropriate.
Social Worker	The social worker meets with all families during the multidisciplinary clinic visit to identify non-medical problems such as financial and housing concerns associated with the care of the child, and to arrange appropriate intervention or support for these problems. The social worker seeks to identify all family- and patient-related psychosocial needs, provides counseling or arranges intervention to meet these needs, conducts parent support groups for all interested parents in the clinic on each clinic day, and is involved in responding to both emergent and ongoing medical and psychosocial problems.

SECTION 2 POLICIES AND PROCEDURES**OUTPATIENT PEDIATRIC AIDS CLINICS****Child Life Specialist**

The child life specialist is available to assist with child care for all parents during the parents' support group. The child life specialist involves the child in therapeutic play and reports any unfavorable observations to the clinic staff. This is predominantly individualized play therapy and attempts to address the child's perception of his or her illness, that of the parents, and grieving issues.

In addition to the above key personnel requirements, optional staff may include but are not limited to a child psychologist, registered nurse, and others as approved by SCDHHS to carry out the required services to the patient.

ZIDOVUDINE (AZT)

Any newborn who is at risk of perinatal transmission of HIV/AIDS may receive a six-week supply of AZT syrup. SCDHHS will allow the pharmacy or outpatient hospital provider to bill Medicaid for the six-week AZT syrup home supply under the mother's Medicaid ID number. Only the AZT syrup should be billed under the mother's number when the newborn does not have an assigned Medicaid number at the time of discharge.

SECTION 2 POLICIES AND PROCEDURES

INFUSION CENTERS

INTRODUCTION AND QUALIFICATIONS

Infusion centers were developed by the Department of Health and Human Services (SCDHHS) to allow Medicaid beneficiaries to receive various types of infusion therapy in a facility setting other than a physician's office or outpatient hospital. The following criteria qualify participants to become infusion centers:

- Centers must be enrolled by SCDHHS and provide cost report information upon request.
- Centers must be freestanding and have a non-physician-type office setting.
- Centers owned by or affiliated with a hospital must work independently from the hospital, and costs associated with the center must not be included in the hospital's inpatient or outpatient cost reporting.
- Professional staff must be licensed and meet South Carolina state laws governing the practice for the services they provide.
- Centers must have the ability to perform the following therapy services:
 - Chemotherapy
 - Hydration
 - IGIV
 - Blood and blood products
 - Antibiotics
 - Intrathecal/lumbar puncture
 - Inhalation
 - Therapeutic phlebotomy

A physician must be on the premises and available to provide services in the event of an adverse reaction or other medical emergency.

SECTION 2 POLICIES AND PROCEDURES

INFUSION CENTERS

GENERAL GUIDELINES

All medical activities provided by an infusion center must be directed by a qualified physician. Infusion center services are only considered reimbursable when performed under the specific order of a physician. Professional staff must be licensed and meet South Carolina state laws governing the practice of the services they provide. Since federal, state, and local laws and regulations require licensing of physicians, pharmacists, and nurses, it is the center's responsibility to keep a copy of a current license for professional staff members on file and available to SCDHHS. In addition, infusion centers must have protocols for a medical emergency and management of complications. These must include, at a minimum, a crash cart, emergency drugs, and access to nursing/ physician services. Cost reports must be submitted to SCDHHS annually at the end of the provider's fiscal year. This will enable SCDHHS to review the services provided and rates in order to update pricing information, when necessary.

Medical Record Documentation Requirements

Medical documentation must clearly substantiate the need for services, must include all findings and information supporting medical necessity, and must detail all treatment provided. Each description of treatment in the medical record must include the beneficiary's name, diagnosis, date of treatment, and amount given. A standardized flow sheet to record infusion services is recommended.

Drugs and/or Blood Service Sponsored or Donated

The use of a drug or biological must be safe and effective and otherwise reasonable and necessary. Drugs and biologicals that have not received final marketing approval by the FDA are not covered unless CMS advises otherwise. The use of experimental drugs at any stage is not covered.

Drugs and services sponsored, donated, or otherwise paid for by outside sources are not reimbursed by Medicaid and should not be billed. Billing these services to SCDHHS will result in recoupment. It is recommended that the infusion center have internal measures to identify which services are provided at no expense to the center. This information must be available to SCDHHS upon request.

SECTION 2 POLICIES AND PROCEDURES

INFUSION CENTERS

COVERAGE/ REIMBURSEMENT GUIDELINES

Infusion therapies must be ordered by a physician and administered by a licensed physician or licensed nurse acting within the scope of laws governing his or her professional practice limits. Each infusion therapy code is reimbursed at an all-inclusive rate that includes but is not limited to:

- All items and services necessary to provide therapy treatment
- Supplies
- Equipment
- Professional and ancillary personnel

Injectable drugs may be billed in addition to the therapy codes. A complete list of these drug codes can be found in Section 4.

Additional services that may also be billed along with the therapy codes are identified under Therapy Administration Guidelines.

THERAPY ADMINISTRATION GUIDELINES

Chemotherapy Infusion Therapy

Chemotherapy infusion refers to the administration and management of a patient who is receiving a regimen of chemotherapy agents. Regardless of the number of agents and/or medications administered either simultaneously or sequentially, only charges for one method of chemotherapy infusion (regardless if more than one method is administered) should be billed per session.

The appropriate codes to bill are CPT codes 96413, 96422, and 96415 for the intravenous chemotherapy administration, codes 96423 and 96425 for the intra-arterial chemotherapy administration, and codes 96416, 96417, and 96425 for chemotherapy administration requiring use of a portable or implantable pump.

Routine maintenance of an access device is considered part of the service and is not to be billed separately.

1. **Chemotherapy Administration IV Push Technique (CPT 96409 and 96411) and Chemotherapy Administration Intra-Arterial**

SECTION 2 POLICIES AND PROCEDURES

INFUSION CENTERS

Chemotherapy Infusion Therapy (Cont'd.)

Push Technique (CPT 96420) — An IV push is defined as the administration of a chemotherapy agent via the port nearest to the point of vascular or arterial access. This technique is performed by a provider using a syringe.

Regardless of the number of chemotherapy agents administered by the IV push technique, only one IV push technique code will be allowed per day. **The IV push technique code may not be billed when a code for chemotherapy administration has been billed.** Any volume of IV fluids under 250 milliliters used in conjunction with IV push technique is considered part of the service and is not a separate billable item.

2. **Pump Refills/Maintenance (CPT 96521 and CPT 96522)** — These codes should be used when refilling portable and implanted pumps or reservoirs with chemotherapy agents. They are not to be used for the routine maintenance of an access device.

Inhalation Therapy (94640)

Inhalation therapy services include the administration of gases or drugs in gaseous, vapor, or aerosol form by drawing them into the lungs along with inhaled air for local or systemic effect. The cost of the inhalation agent is included in the 94640 reimbursement. No additional “J” code should be billed.

Antibiotic Infusion Therapy (96365, 96366, 96367, and 96368)

Antibiotic infusion therapy services include the intravenous administration of antibiotics for systemic effect. It is correct to bill the appropriate drug “J” code in addition to this administration code. **Codes 96365, 96366, 96367, and 96368 are to be billed for antibiotics administered via the infusion method only.** This code may also be billed for infusions of Amphotericin B.

Antibiotics administered via an IV push technique **when infusion services are not rendered** should be billed using the appropriate drug “J” code only.

SECTION 2 POLICIES AND PROCEDURES

INFUSION CENTERS

Blood/Blood Products Infusion Therapy (36430)

Blood and blood product infusion therapies include the cost of the type and antibody and A, B, O, or Rh typing tests that **are inclusive** charges per patient per blood transfusion **treatment session. Code 36430 may be billed one time per session regardless of the number of blood products infused. The appropriate blood product code and number of units should be billed with the infusion therapy code.**

Code P9010 is used to bill for whole blood. For each unit of whole blood transfused, the appropriate unit(s) should be placed in the column for units. Other blood products should be billed accordingly: P9012 — Cryoprecipitate, each unit; P9016 — Red blood cells, leukocytes reduced, each unit; P9019 — Platelets, each unit; P9021 — Red blood cells, each unit; P9034 — Platelets, pheresis, each unit; P9035 — Platelets, pheresis, leukocytes reduced, each unit; P9036 — Platelets, pheresis, irradiated, each unit; P9037 — Platelets, pheresis, leukocytes reduced, irradiated, each unit; P9045 — Infusion, Albumin (Human), 5%, 250 ml; P9046 — Infusion, Albumin (Human), 25%, 20 ml and P9047 — Infusion, Albumin (Human), 25%, 50 ml. Code 36430 may also be used when therapeutic phlebotomy is performed in the course of exchange transfusions.

Note: Medicaid does not reimburse for certain factor products (Factor VIII and IX) supplied by DHEC. Medicaid beneficiaries with hemophilia must be enrolled in the state's hemophilia program, which is administered by DHEC. The hemophilia program furnishes clotting factor to enrolled Medicaid beneficiaries. If a Medicaid beneficiary chooses to have this factor product administered by an infusion center, the infusion center may bill Medicaid for the infusion using 36430. It is incorrect to bill for the factor drug using any code.

Hydration Therapy (96360 and 96361)

Hydration therapy is the administration of replacement solutions alone or in conjunction with other drugs to maintain fluid and electrolyte balance in a patient. Hydration therapy is only allowed when the services are administered as a separate procedure. The medical record should clearly indicate the medical necessity for hydration therapy. The appropriate drug "J" code should also be billed.

SECTION 2 POLICIES AND PROCEDURES

INFUSION CENTERS

Hydration Therapy (96360 and 96361) (Cont'd.)

Payment of hydration therapy is considered bundled into the payment for Chemotherapy Infusion Therapy (96413, 96415, 96416, 96417, 96422, 96423, and 96425) when administered simultaneously as part of the chemotherapy treatment regimen and cannot be separately billed.

IGIV Infusion Therapy (96365, 96366, 96367, and 96368)

IGIV infusion refers to the administration of antibodies that are responsible for the humoral aspects of immunity. It is correct to bill the appropriate drug "J" code in addition to this administration code. However, when administering Synagis® no administration code is billed, as Synagis® is given intramuscularly.

ADDITIONAL CODES THAT MAY BE BILLED AS INFUSION CENTER SERVICES

Therapeutic Phlebotomy (99195)

Therapeutic phlebotomy is the removal of blood for purposes of treating certain diseases such as polycythemia and disorders of iron metabolism, etc. Code 99195 may be billed with code 36430 when therapeutic phlebotomy is performed in the course of an exchange transfusion. Code 99195 should not be billed for phlebotomies when blood is withdrawn and a reciprocal replacement blood transfusion exchange does not occur during the session.

Routine venipuncture is not a covered infusion center service and should not be billed using code 99195.

Routine Maintenance/Dec clotting

Routine maintenance (flushing with heparin or saline) of an access device is included in the infusion therapy service and cannot be billed separately. If this is the only service rendered, CPT code J1642 (Heparin Sodium, Heparin Lock Flush) may be billed. When dec clotting an access device with Urokinase and this is the only service provided, bill J3364.

Unclassified/Unlisted Drug Injections (J9990, J3490)

For any unclassified chemotherapy drug, use procedure code J9999. For any other unlisted drug, use procedure code J3490. In both cases, indicate the name of the drug along with a description, the NDC number, and total dosage given on the claim form (field 24D). Also, attach a

Synagis® (90378)

Palivizumab (trade name Synagis®) or respiratory syncytial virus immune globulin intravenous (RSV-IGIV) prophylaxis is indicated for the prevention of serious lower respiratory tract infection caused by RSV in children under 24 months of age with chronic lung disease (CLD) or a history of premature birth (<35 weeks gestation).

RSV prophylaxis should be initiated at the onset of the RSV season and terminated at the end of the RSV season. Payment for Synagis® administration will be limited to five doses per season given on or after October 15th and no later than March 31st. Prior approval will not be required for up to six doses as long as they are given at least 30 days apart and meet the guidelines of the American Academy of Pediatrics (AAP) for Synagis® administration. Any dose over the limit of six or administered after the RSV season (October–March) will require prior approval.

Providers must dose appropriately for each child according to his or her weight. Payment for doses in infants six months to two years of age must be in accordance with AAP guidelines. Providers using more than 50 mg of Synagis® must bill multiple units of the 50 mg vial, not to exceed four units.

SCDHHS will continue to conduct post-payment reviews of medical records relating to Synagis® administration and will recover funds for doses given outside the guidelines noted above.

PHYSICIANS BILLING FOR ADDITIONAL SERVICES

When it is necessary for a physician to render services in an infusion center, e.g., in the event of an adverse reaction or other medical emergency, the physician may bill for the appropriate evaluation and management service using his or her individual provider number. Documentation should reflect the nature of the emergency and necessity for physician intervention. The medical record must also describe the services rendered by the physician and the time spent in treating the patient.

SECTION 2 POLICIES AND PROCEDURES

INFUSION CENTERS

**Prolonged Services (CPT
99354 – 99356)**

These codes may be used in addition to the E/M visit code when there is more than 30 minutes of actual face-to-face physician time required beyond the usual service for the level of the E/M code billed. This code should only be used when the physician's expertise is medically necessary in evaluating and managing the patient over a prolonged period and specific documentation describes the content and duration of the service.

**Critical Care Services (CPT
99291 – 99292)**

These codes should only be used in situations requiring constant physician attendance of critically ill or unstable patients for a total of 30 minutes to one hour on a given day. These codes should only be used in situations significantly more complex than other chemotherapy situations.

SECTION 3 BILLING PROCEDURES

GENERAL INFORMATION

The South Carolina Department of Health and Human Services (SCDHHS) strives to make billing as simple for providers as possible. This section is a “how-to” manual on billing procedures with information on how to file a claim, what to do with a rejected claim, etc. Also included is information concerning administrative procedures such as adjustments and refunds. This section will help with these issues, but may not answer all of your questions. You should direct any questions to the SCDHHS Provider Service Center (PSC) at 1-888-289-0709. Providers can also submit an online inquiry at <http://www.scdhhs.gov/contact-us> and a provider service representative will then respond to you directly.

USUAL AND CUSTOMARY RATES

Providers are required to bill their usual and customary rate when filing Medicaid claims. Charges to Medicaid cannot exceed charges to private patients, whether they are self-pay or covered by another carrier. Billing of covered procedures prior to the date of service is prohibited.

CLAIM FILING TIMELINESS

Medicaid policy requires that only “clean” claims and related Edit Correction Forms (ECFs) received and entered into the claims processing system within one year from the date of service be considered for payment. A “clean” claim is free of errors and can be processed without obtaining additional information from the provider or another third party. Claims with an edit code of 509 or 510 on remittances, or CARC 29 on an electronic Remittance Advice, have not met these criteria. It is the provider’s responsibility to follow up on claims in a timely manner to ensure that all claims and ECFs are filed and corrected within Medicaid policy limits.

DUAL ELIGIBILITY

When a beneficiary has both Medicare and Medicaid, Medicare is considered to be the primary payer. Services rendered to persons who are certified dually eligible for Medicare/Medicaid must be billed to Medicare first.

SECTION 3 BILLING PROCEDURES

GENERAL INFORMATION

MEDICARE CROSSOVER CLAIMS FOR COINSURANCE AND DEDUCTIBLE

All claims not paid in full by Medicare must be filed directly to Medicaid as claims no longer cross over for automatic payment review.

MEDICARE PRIMARY CLAIM

Claims for payment when Medicare is primary must be received and entered into the claims processing system within two years from the date of service or discharge, or within six months following the date of Medicare payment, whichever is later.

RETROACTIVE ELIGIBILITY

Effective December 1, 2009, claims and related ECFs involving retroactive eligibility must meet both of the following criteria to be considered for payment:

- Be received and entered into the claims processing system within **six months** of the beneficiary's eligibility being added to the Medicaid eligibility system **AND**
- Be received within **three years** from the date of service. Claims for dates of service that are more than three years old will not be considered for payment.

To document retroactive eligibility, the provider is responsible for submitting one of the following documents with each claim or ECF within the above time frames:

- DHHS Form 945, which is a statement verifying the retroactive determination furnished by the eligibility worker, or
- The computer-generated Medicaid eligibility approval letter notifying the beneficiary that Medicaid benefits have been approved. This can be furnished by the beneficiary or the eligibility worker. (This is different from the Certificate of Creditable Coverage.)

Claims and related ECFs involving retroactive eligibility that are received more than three years from the date of service will be rejected with edit code 533 (date of service more than three years old) and CARC 29 (the time limit for filing has expired).

SECTION 3 BILLING PROCEDURES

GENERAL INFORMATION

RETROACTIVE ELIGIBILITY (CONT'D.)

SCDHHS will no longer consider claims that exceed the timely filing limits due to the provider being unaware of the beneficiary's coverage.

MEDICAID COPAYMENTS

Section 1902(a)(14) of the Social Security Act permits states to require certain beneficiaries to share some of the costs of Medicaid by imposing copayments upon them. A copayment is the amount of money the beneficiary is expected to pay to the provider at the time services are received.

SC Medicaid has required a copayment from beneficiaries toward the cost of their care since March 2004. The copayment amounts for Medicaid services can be found in Appendix 3 of this manual and on the SCDHHS Web site.

Pursuant to federal regulations, the following beneficiaries are excluded from copayment requirements: children under the age of 19, pregnant women, institutionalized individuals (such as persons in a nursing facility or ICF/IID), members of a Federally Recognized Indian Tribe (for services rendered by the Catawbas Service Unit in Rock Hill, SC and when referred to a specialist or other medical provider by the Catawbas Service Unit) and members of the Health Opportunity Account (HOA) program. **Additionally, the following services are not subject to a copayment:** Medical equipment and supplies provided by DHEC; Orthodontic services provided by DHEC; Family Planning services, End Stage Renal Disease (ESRD) services, Infusion Center services, Emergency services in the hospital emergency room, Hospice benefits and Waiver services.

It is important to note that:

Medicaid beneficiaries may not be denied services if they are unable to pay the copayment at the time the service is rendered; however, this does not relieve the beneficiary of the responsibility for the copayment.

It is the provider's responsibility to collect the copayment from the beneficiary to receive full reimbursement for a service. The amount of the copayment will be deducted from the Medicaid payment for all claims involving copayments.

SECTION 3 BILLING PROCEDURES

GENERAL INFORMATION

Medicaid Copayments (Cont'd.)

Eligibility verification systems will indicate when the beneficiary is exempt from copayment. For those beneficiaries who are not exempt from copayment, it is the provider's responsibility to ascertain if the service is exempt from copayment.

When a beneficiary has Medicare or private insurance, the copayment still applies. However, the amount of the Medicaid copayment plus the Medicare/third-party payment cannot exceed what Medicaid would pay for the service. Providers are reminded that claims involving Medicare and Medicaid will pay the lower of (1) the difference between the Medicaid-allowed amount and the Medicare payment, or (2) the sum of the Medicare coinsurance and deductible.

Effective, July 2011, persons ages 19 and older who are enrolled in a Medical Homes Network or participate in waiver programs through Community Long Term Care or the SC Department of Disabilities and Special Needs must make a copayment for their State Plan services according to established policy.

Claim Filing Information

The collection of copayment should not be entered in the Amount from Other Sources field on the CMS-1500 claim form; this would result in an additional reduction in payment.

Billing Instructions for Service Provided as the Result of an Emergency

If the service was provided as the result of an emergency, providers should utilize the following billing instructions to exempt co-payment:

CMS-1500

The indicator "Y" must be present in field 24C (unshaded), Emergency Indicator, or the corresponding field on the electronic claim record.

CLAIM FILING OPTIONS

Providers may choose one or more of the following options for filing claims:

- Paper Claims
- Electronic Claims
 - SC Medicaid Web-based Claims Submission Tool
 - Tapes, Diskettes, CDs, and Zip Files
 - File Transfer Protocol (FTP)

PAPER CLAIMS SUBMISSIONS

Paper claims are mailed to Medicaid Claims Receipt at the following address:

Medicaid Claims Receipt
Post Office Box 1412
Columbia, SC 29202-1412

CMS-1500 Claim Form

Professional Medicaid claims must be filed on the CMS-1500 claim form (08/05 version). Alternate forms are not acceptable. “Super Bills” and Continuous Claims are not acceptable and will be returned to the provider for correction. Use only black or blue ink on the CMS-1500.

Each CMS-1500 submitted to SC Medicaid must show charges totaled. ONLY six lines can be processed on a hard copy CMS-1500 claim form. If more than six lines are submitted, only the first six lines will be processed for payment or the claim may be returned for corrective action.

SCDHHS does not supply the CMS-1500 (08/05 version) to providers. Providers should purchase the form in its approved format from the private vendor of their choice. A list of vendors who supply the form can be found in Section 5 of this manual. Examples of the CMS-1500 claim form can be found in the Forms section of this manual.

Providers using computer-generated forms are not exempt from Medicaid claims filing requirements. The SCDHHS data processing personnel should review your proposed format before it is finalized to ensure that it can be processed.

SECTION 3 BILLING PROCEDURES

CLAIM FILING OPTIONS

Procedural Coding

SC Medicaid requires that claims be submitted using codes from the current editions of the Healthcare Common Procedure Coding System (HCPCS) and the Current Procedural Terminology (CPT). Providers may also use supplemental codes as outlined in the various sections of this manual.

The Centers for Medicare and Medicaid Services revises the nomenclature within the HCPCS/CPT each quarter. When a HCPCS/CPT code is deleted, the SC Medicaid program discontinues coverage of the deleted code. SC Medicaid will not accept billing of discontinued codes for dates of service after the date on which the code is discontinued. When new codes are added, SCDHHS reviews the new codes to determine if the SC Medicaid program will cover them. Until the results of the review are published, SCDHHS does not guarantee coverage of the new codes.

Providers must adopt the new codes in their billing processes effective January 1 of each year and begin using them for services rendered on or after that time to assure prompt and accurate payment of claims.

The current editions of HCPCS/CPT may be ordered from:

Order Department
American Medical Association
PO Box 930876
Atlanta, GA 31193-0876

You may order online at
<http://www.amabookstore.com/> or call toll free 1-800-621-8335.

Code Limitations

Certain procedures within the HCPCS/CPT may not be covered or may require additional documentation to establish their medical necessity or meet federal guidelines.

Diagnostic Codes

SC Medicaid requires that claims be submitted using the current edition of the *International Classification of Diseases, Ninth Edition, Clinical Modification* (ICD-9-CM). Only Volumes I and II are necessary to determine diagnosis codes.

SC Medicaid will not accept billing of discontinued codes for dates of service after the date on which the code is discontinued. Physicians, practitioners, and

Diagnostic Codes (Cont'd.)

suppliers must bill using the diagnosis code that is valid for that date of service. Providers must adopt the new codes for billing processes effective October 1 of each year and use for services rendered on or after that time to assure prompt and accurate payment of claims.

Medicaid requires the addition of a fourth or fifth digit, if applicable, to an ICD-9 code. Valid diagnosis coding can only be obtained from the most current edition of ICD-9-CM, Volume I. "E" codes are sub-classification codes of external causes of injury and poisoning and are not valid as diagnosis codes.

A current edition of the ICD-9-CM may be ordered from:

Los Angeles, CA 90010

You may order online at

Modifiers

Certain circumstances must be identified by the use of a two-character modifier that follows the procedure code. Failure to use these modifiers according to policy will slow turnaround time and may result in a rejected claim.

Only the first modifier entered is used to process the claim. Failure to use modifiers in the correct combination with the procedure code, or invalid use of modifiers, will result in a rejected claim.

The following modifiers may be used:

National Provider Identifier and Medicaid Provider Number

Providers who are covered entities under HIPAA are required to obtain a National Provider Identifier (NPI). These “typical” providers must apply for an NPI and share it with SC Medicaid. to obtain an NPI and taxonomy code, please visit <http://www1.scdhhs.gov/openpublic/serviceproviders/npi%info.asp> for more information on the application process.

When submitting claims to SC Medicaid, typical providers must use the NPI of the ordering/referring provider and the NPI and taxonomy code for each rendering, pay-to, and billing provider.

Atypical providers (non-covered entities under HIPAA) identify themselves on claims submitted to SC Medicaid by using their six-character legacy Medicaid provider number.

ELECTRONIC CLAIMS SUBMISSIONS

Trading Partner Agreement

SCDHHS encourages electronic claims submissions. All Medicaid providers who elect to submit or receive electronic transactions are required to complete a SC Medicaid Trading Partner Agreement (TPA) with SCDHHS. The TPA outlines the basic requirements for receiving and sending electronic transactions with

SCDHHS. For specifications and instructions on electronic claims submission or to obtain a TPA, visit <http://www1.scdhhs.gov/openpublic/hipaa/Trading%20Partner%20Enrollment.asp> or contact the EDI Support Center via the SCDHHS Medicaid Provider Service Center at 1-888-289-0709.

Providers should return the completed and signed SC Medicaid TPA Enrollment Form by mail or fax to:

SC Medicaid TPA
Post Office Box 17
Columbia, SC 29202
Fax: (803) 870-9021

If a provider utilizes a billing agent and elects to have the billing agent access their electronic remittance package, both the provider and the billing agent must have a TPA on file.

Note: SCDHHS only distributes remittance advices and associated ECFs electronically through the Web Tool. **All**

providers must complete a TPA in order to receive these transactions electronically. Providers that currently use the Web Tool do not need to complete another TPA. Providers who have previously completed a TPA, but are not current users of the Web Tool, must register for a Web Tool User ID by contacting the EDI Support Center via the SCDHHS Medicaid Provider Service Center at 1-888-289-0709.

Companion Guides

Providers submitting electronic transactions must comply with all federal guidelines as contained in the HIPAA-required ANSI X-12 Implementation Guide, and with SCDHHS guidelines as contained in the SC Medicaid Companion Guides. The Companion Guides explain the situational and optional data required by SC Medicaid. Please visit the SC Medicaid Companion Guides webpage at <http://www.scdhhs.gov/resource/sc-medicaid-companion-guides> to download the Companion Guides. Information regarding placement of NPIs, taxonomy codes, and six-character legacy Medicaid provider numbers on electronic claims can also be found here

Companion Guides are available for the following transactions:

- 837P Professional Health Care Claim
- 837I Institutional Health Care Claim
- 835 Claim Payment/Advice
- 276/277 Claim Status Inquiry/Response
- 270/271 Eligibility Verification Request/Response
- 278 Prior Authorization

Transmission Methods

An Electronic Data Interchange (EDI) transaction is the movement of data between two entities. EDI software enables providers to submit claims directly to SC Medicaid.

The following options may be used to submit claims electronically:

Tapes, Diskettes, CDs, and Zip Files Tapes,

A biller using this option records transactions on the specified media and mails them to:

***SC Medicaid Web-based
Claims Submission Tool***

The SC Medicaid Web-based Claims Submission Tool is a free, online Web-based application for submitting HIPAA-compliant professional claims, institutional claims, and associated adjustments to SC Medicaid. The Web Tool offers the following features:

- Providers can submit online CMS-1500 and UB claims.
- List Management allows users to develop their own list of frequently used information (*e.g.*, beneficiaries, procedure codes, diagnosis codes, etc.). During claims entry the user has the ability to select information from lists rather than repetitively keying, thus saving valuable time and increasing accuracy.
- Providers can check claims status using either of two options. Claims Status displays status for claims regardless of the submission method. Web Submitted Claims displays status for claims submitted via the Web Tool.
- No additional software is required to use this application.
- Data is automatically archived.
- Providers can verify beneficiary eligibility online by entering Medicaid ID, Social Security Number, or a combination of name and date of birth.
- Providers can view, save and print their own remittance advices and associated ECFs.
- Providers can change their own passwords.

The minimum requirements necessary for using the Web Tool are:

- Signed SC Medicaid Trading Partner Agreement (TPA) Enrollment Form

CLAIM PROCESSING

REMITTANCE PACKAGE

Each week, SCDHHS generates electronic remittance packages for all providers who have had claims processed during the previous week. This package contains any or all of the following:

- A Remittance Advice which lists all claims processed during that week and the status of each claim. (See “Remittance Advice” information on the following page.)
- For every claim with status R (rejected), an edit correction form (ECF) will be included in the remittance package.

Note: Claims with line item rejects resulting in partially paid claims will not generate an ECF. To be considered for payment, the rejected lines must be filed back to Medicaid.

- Unless an adjustment has been made, a reimbursement payment equaling the sum total of all claims on the Remittance Advice with status P (paid) will be deposited by electronic funds transfer (EFT) into the provider’s account. (See “Electronic Funds Transfer (EFT)” later in this section.

Providers must access their remittance packages electronically through the SC Medicaid Web-Based Claims Submission Tool (Web Tool). Providers can view, save, and print their remittance advice(s), but not a Remittance Advice belonging to another provider. Electronic remittance packages are available on Friday for claims processed during the previous week. Remittance advices and associated ECFs for the most recent 25 weeks will be accessible.

SCDHHS only distributes remittance advices and associated ECFs electronically through the Web Tool.

Duplicate Remittance Package

Effective December 2010, SCDHHS will charge for requests of duplicate Remittance Advice(s) including ECFs. Providers must use the Remittance Advice Request Form located in the Forms Section of this provider manual.

SECTION 3 BILLING PROCEDURES

CLAIM PROCESSING

Duplicate Remittance Package (Cont'd.)

Providers will have the option of requesting the complete remittance package, the remittance pages only, or the ECF pages only. The charges associated with the request will be deducted from a future Remittance Advice and will appear as a debit adjustment.

Remittance Advice

The Remittance Advice is an explanation of payments and action taken on all processed claim forms and adjustments. The information on the Remittance Advice is drawn from the original claim submitted by the provider. (See the Forms section of this manual for a sample Remittance Advice.) If a claim is rejected or suspended, the Remittance Advice will display the claim without payment. For a claim that is rejected, edit codes will be listed on the Remittance Advice (under “Recipient Name”) and an Edit Correction Form (ECF) will be attached. If some lines on the claim have paid and others are rejected, an ECF will not be generated for the rejected lines. *Evaluate the reason for the rejection and refile the rejected lines only, if appropriate. Corrections cannot be processed from the Remittance Advice.*

Remittance Advice Items

Listed below is an explanation of each item on the remittance advice. Sample pages of a remittance advice appear in the Forms section of this manual. Pages of the remittance advice that show adjustments are discussed under “Claim Adjustments” later in this section.

EDI Remittance Advice – 835 Transaction

Providers who file electronically using EDI Software can elect to receive their Remittance Advice via the ASC X12 835 (005010X221A1) transaction set or a subsequent version. These electronic 835 EDI Remittance Advices contain Claim Adjustment Reason Codes (CARCs), broad definitions of why claims did not pay as billed, and Remittance Advice Remark Codes (RARCs), more detailed reasons for why claims did not pay as billed. (See Appendix 1 for a listing of CARCs and RARCs.) The electronic 835 EDI Remittance Advice will only report items that are returned with P (paid) or R (rejected) statuses.

Providers interested in utilizing this electronic transaction should contact the EDI Support Center via the SCDHHS Medicaid Provider Service Center at 1-888-289-0709.

Reimbursement Payment

SCDHHS no longer issues paper checks for Medicaid payments. Providers receive reimbursement from SC Medicaid via electronic funds transfer.

The reimbursement payment is the sum total of all claims on the Remittance Advice with status P. If an adjustment request has been completed, it will appear on the Remittance Advice. (See “Claim Adjustments” later in this section.)

Note: Newly enrolled providers will receive a hard copy check until the Electronic Funds Transfer (EFT) process is successfully completed.

SECTION 3 BILLING PROCEDURES

CLAIM PROCESSING

Electronic Funds Transfer (EFT)

Upon enrollment, SC Medicaid providers must register for Electronic Funds Transfer (EFT) in order to receive reimbursement. SCDHHS will not provide any payments for items or services provided under the State Plan or under a waiver to any financial institution or entity located outside the United States.

Prior to revoking or revising the EFT authorization agreement, the provider must provide 30 days written notice to:

Medicaid Provider Enrollment
PO Box 8809
Columbia, SC 29202-8809

The provider is required to submit a completed and signed EFT Authorization Agreement Form to confirm new and/or updated banking information. Refer to the Forms section for a copy of the EFT Authorization form.

All EFT requests are subject to a 15-day pre-certification period in which all accounts are verified by the qualifying financial institution before any SC Medicaid direct deposits are made.

During the pre-certification period, the provider will receive reimbursement via hard copy checks.

If the bank account cannot be verified during the pre-certification period, the provider will be notified and will be required to submit an EFT form and bank account verification from their financial institution.

Upon completion of the pre-certification period, reimbursement payment will be deposited directly into the provider's bank account.

Providers may view their Remittance Advice (RA) on the Web Tool for payment information. The last four digits of the bank account are reflected on the RA.

When SCDHHS is notified that the provider's bank account is closed or the routing and/or bank account number is no longer valid, the provider will be notified and will be required to submit an EFT form and bank account verification from their financial institution.

Each time banking information changes, the 15-day pre-certification period will occur and the provider will receive reimbursement via copy checks.

SECTION 3 BILLING PROCEDURES

CLAIM PROCESSING

Uncashed Medicaid Checks

SCDHHS may, under special circumstances, issue a paper reimbursement check. In instances where Medicaid checks to providers remain outstanding 180 days or longer from the date of check issue, SCDHHS is required by federal regulations to refund to the federal government the federal share of those Medicaid checks. Therefore, SCDHHS will have the bank return (or not honor) Medicaid checks presented for payment that are 180 days old or older.

Edit Correction Form (ECF)

When an entire claim rejects (status “R”) the Remittance Advice will be accompanied by an Edit Correction Form (ECF). (See the Forms section of this manual for a sample ECF.)

The ECF is generated for the purpose of making corrections to the original claim. Except for possible data entry error, information on the ECF reflects the information submitted on the claim form.

Rejected claims may be resolved in either of two ways. An entirely new corrected CMS-1500 claim form may be submitted, or the appropriate corrections may be made to a hard copy of the ECF. Corrections must be made using **RED** ink and resubmitted for payment. **Do not circle any item.**

It is possible for some lines on a claim to be paid while other lines on the same claim are rejected. Due to the fact that some payment was made on the claim, an ECF will not be provided in these cases. When part of a claim is paid and part is rejected, the unpaid line items must be corrected and resubmitted on a new claim form.

Example: A claim is submitted for dialysis treatments and EPO, but the code for the EPO was submitted incorrectly (J0886 was coded instead of J0886). The treatments will pay and the incorrect procedure code will reject with a 709 edit. You must submit a new claim with the correct code (J0886).

If you do not understand a claim or line item rejection, please call your program manager for assistance.

As stated earlier, SCDHHS only distributes ECFs electronically through the Web Tool.

Note: Medicaid will pay claims that are up to one year old. If the date of service is greater than one year old, Medicaid

SECTION 3 BILLING PROCEDURES

will not make payment. The one-year time limit does not apply to **retroactive eligibility** for beneficiaries. Refer to “Retroactive Eligibility” earlier in this section for more information. Timeliness standards for the submission and resubmission of claims are also found in Section 1 of this manual.

Edit Identification

The upper right section of the ECF contains a field entitled EDITS; this is the edit identification section. Underneath that title, one or more three-digit edit codes will be listed to indicate all edits detected by the MMIS claims processing system. Except for possible data entry errors, all information on the ECF is taken from the claim form. A list of edit codes, along with CARCs, RARCs, and resolutions, can be found in Appendix 1.

Edit Types

Insurance Edits

These edit codes apply to third-party carrier coverage. They can stand alone or be prefaced by a number (00, 01, etc.). Always review these insurance edit codes first.

Claim Edits

These edit codes apply to the body of the claim (not the line items) and have rejected the entire claim from payment. Such edits either stand alone or are prefaced by “00.”

Line Edits

These edit codes are line specific and are always prefaced by a number (“01,” “02,” etc.). They apply to only the line indicated by the number.

Description of Fields

Claim Control

A 16-digit number followed by an alpha suffix is assigned to each original invoice (upper right corner of ECF). This is the Claim Control Number (CCN).

Doc Ind

The Document Indicator field will indicate “Y” when documentation was attached to the hard copy claim, and will contain an “N” or be blank when documentation was not attached. Documentation is anything attached to the claim when originally received for processing (*i.e.*, medical records, insurance explanation of benefits, copy of a Medicaid card, letter, etc.).

Agency Use Only

Approved Edits: These are edits that have been approved by agency staff and no longer need correcting by the provider.

Rejected Line Edits: These are edits that still need correcting by the provider.

Rejections for Duplicate Billing

The original claim payment information is provided when a claim is rejected for duplicate billing. This eliminates the need for contacting SCDHHS program staff for the original reimbursement date.

When a claim is rejected for duplicate billing, the payment date of the original claim appears beside the duplicate edit code within a block named Claims/Line Payment Information. This block is located on the ECF on the upper right side above all other edit information.

Follow these instructions for resolving each edit on an ECF:

1. Match and compare the ECF with a copy of the original claim.

6. If necessary, staple applicable attachments to the ECF.
7. Resubmit the ECF to the return address shown on the lower portion of the ECF.

Note: All corrections and additions to the ECF must be made in RED. Do not circle any item. In addition, ECFs must be resolved before resubmitting. Writing a note and/or signing an ECF and submitting to Medicaid Claims Receipt will not resolve the ECF. Any ECF returned to Medicaid Claims Receipt with no corrective action taken or critical information from the printed ECF is missing, illegible or incomplete will be returned to the provider and not processed. If you are unable to resolve an ECF, contact the PSC or submit an online inquiry at <http://scdhhs.gov/contact-us> for assistance before resubmitting your claim. Except for possible data entry error, information on the ECF reflects the information submitted on the claim form.

THIRD-PARTY LIABILITY (TPL)

The SCDHHS Health Insurance Information Referral Form is used to document third-party insurance coverage, policy changes, beneficiary coverage changes, carrier changes, and policy lapse information. A copy of this form is included in the Forms section of this manual. Completed forms should be mailed or faxed directly to Medicaid Insurance Verification Services at the following address:

SECTION 3 BILLING PROCEDURES

CLAIM PROCESSING

Cost Avoidance

Under the cost avoidance program, claims billed primary to Medicaid for many providers will automatically be rejected for those beneficiaries who have other resources available for payment that are responsible as the primary payer.

Providers should not submit claims to Medicaid until payment or notice of denial has been received from any liable third party. However, the time limit for filing claims cannot be extended on the basis of third-party liability requirements.

If a claim is rejected for primary payer(s), the Edit Correction Form will supply all information necessary for the provider to file with the third-party payer. This information is listed to the right of the Medicaid claims receipt address on the ECF under the heading “INSURANCE POLICY INFORMATION” and includes the insurance carrier code, the policy number, and the name of the policyholder. Information about the carrier address and telephone number may be found in Appendix 2 of this manual. Providers can also view carrier codes on the Provider Information page at <http://provider.scdhhs.gov>. More specific policy information such as the group number can be provided by your program representative.

Reporting Third-Party Insurance On a CMS-1500 Claim Form

After the claim has been submitted to the third-party payer, and the third-party payer denies payment or the third-party payment is less than the Medicaid allowed amount, the provider may submit the claim to Medicaid. To indicate that a claim has been submitted to a third-party insurance carrier, include the carrier code, the policy number, and the amount paid. Instructions are provided earlier in this section on coding the CMS-1500 claim for third-party insurance information.

If the third party denies payment, the TPL indicator for “insurance denied” should be entered in the appropriate field on the CMS-1500 claim form. For the CMS-1500 (version 08/05) the appropriate field for TPL coding is field 10d. The TPL indicators accepted are:

Code	Description
1	Insurance denied
6	Crime victim
8	Uncooperative beneficiary

SECTION 3 BILLING PROCEDURES

CLAIM PROCESSING

Reporting Third-Party Insurance On a CMS-1500 Claim Form (Cont'd.)

If the third-party payment is equal to or greater than the SC Medicaid established rate, Medicaid will not reimburse the balance. The Medicaid beneficiary **is not liable** for the balance.

Third-Party Liability Exceptions

Providers may occasionally encounter difficulties in obtaining documentation and payment from third parties and beneficiaries. For example, the third-party insurer may refuse to send a written denial or explanation of benefits, or a beneficiary may be missing or uncooperative. In such cases it is the provider's responsibility to seek a solution to the problem.

Providers have many resources available to them for pursuing third party payments. Program areas will work with providers to explore these options.

As a final measure, providers may submit a reasonable effort document along with a claim filed as a denial. This form can be found in the Forms section of this manual. The reasonable effort document must demonstrate sustained efforts of claim submission and/or adequate follow-up to obtain the needed action from the insurance company or beneficiary. This document should be used only as a last resort, when all other attempts at contact and payment collection have failed.

The reasonable effort documentation process does not exempt providers from timely filing requirements for claims. Please refer to "Time Limit for Submitting Claims" in Section 1.

If the provider received an ECF or is filing a hard copy claim, the reasonable effort document should be attached to the claim form or ECF and returned to Medicaid Claims Receipt

Dually Eligible Beneficiaries

When a dually eligible beneficiary also has a commercial payer, the provider should file to all payers before filing to Medicaid. If the provider chooses to submit a CMS-1500 claim form for consideration of payment, he or she must declare all payments and denials. If the combined payments of Medicare and the other payer add up to less than Medicaid's allowable, Medicaid will make an additional payment up to that allowable not to exceed the remaining patient responsibility. If the sum of Medicare and other payers is greater than Medicaid's allowable, the

claim will reject with the 690 edit (payment from other sources is more than Medicaid allowable).

TPL Refunds

When reimbursed by both Medicaid and third-party insurance, the provider must refund the lesser of either the amount paid by Medicaid or the full amount paid by the insurance company. See “Claim Adjustments” and “Refunds” later in this section.

Medicaid Recovery Initiatives

Retro-Health Insurance

Where SCDHHS discovers a primary payer for a claim Medicaid has already paid, SCDHHS will pursue recovery. Once an insurance policy is added to the TPL policy file, claims that have services in the current and prior calendar years are invoiced directly to the third party.

Retro-Medicare

Every quarter, providers are notified by letter of claims Medicaid paid primary for beneficiaries with Medicare coverage. The letter provides the beneficiary’s Medicare number to file the claim with Medicare. The Medicaid payments will be recouped within 30 days of the date of the letter. Please retain the letter for accurate accounting of the recoupment. Questions about this letter may be referred to Medicaid Insurance Verification Services (MIVS) at 1-888-289-0709 option 5.

Where claims have been pulled into retro Medicare and retro health for institutional providers, the provider should not attempt to refund the claim with a void or void/replacement claim. Should they do so, they will incur edits 561, 562, and 563.

Carrier Codes

All third-party payers are assigned a three-digit code referred to as a carrier code. The appropriate carrier code must be entered on the CMS-1500 form when reporting third-party liability.

The list of carrier codes (Appendix 2) contained in this manual is categorized both alphabetically by the names of the insurance companies and numerically by the carrier code assigned to each company. These codes are current at the time of publication of this manual; however, they are subject to change.

SECTION 3 BILLING PROCEDURES

CLAIM PROCESSING

Carrier Codes (Cont'd.)

If a particular carrier or carrier code cannot be found in this manual, providers should visit the Provider Information page on the SCDHHS Web site at <http://provider.scdhhs.gov> to view and/or download the most current carrier codes. Carrier codes are updated each quarter on the Web site.

If a particular carrier code is neither listed in the manual nor on the SCDHHS Web site, providers may use the generic carrier code 199 for billing purposes. Contact the PSC or submit an online for assistance should an ECF list a numerical code that cannot be located in the carrier codes either in this manual or online.

CLAIM ADJUSTMENTS

Adjustments can be made to paid claims only. A request may be initiated by the provider or SCDHHS. SCDHHS-initiated adjustments are used when the agency determines that an overpayment or underpayment has been made to a provider; SCDHHS will notify the provider when this occurs. Questions regarding an adjustment should be directed the PSC or submit an online inquiry for assistance. It is important to note that discontinuation of participation in Medicaid will **NOT** eliminate an existing overpayment debt.

A **claim-level adjustment** is a **detail-level** Void (debit) or Void/Replacement that is used to correct both the payment history **and** the actual claim record. It is limited to one claim per adjustment request. A Void claim will always result in an account debit for the total amount of the original claim. A Void/Replacement claim will generate an account debit for the original claim and re-file the claim with the corrected information.

A **gross-level adjustment** is defined as a **provider-level** adjustment that is a debit or credit that will affect the financial account history for the provider; however, the patient claim history in the Medicaid Management Information System (MMIS) will not be altered, and the Remittance Advice will not be able to provide claim-specific information.

Claim-Level Adjustments

All Medicaid providers are able to initiate claim-level adjustments. Please note: gross-level adjustments may still be used as discussed in "Gross-Level Adjustments." The process for claim-level adjustments gives providers the

SECTION 3 BILLING PROCEDURES

CLAIM PROCESSING

Claim-Level Adjustments (Cont'd.)

option of initiating their own corrections to individual claim records. This process allows providers to submit adjustments directly to SC Medicaid. Claim-level adjustments should only be submitted for claims that have been paid (status “P”).

Claim-level adjustments should be initiated when:

- The provider has identified the need for a **Void/Replacement** of an original claim. This process should be used when the information reported on the original claim needs to be amended. **The original claim must have a date of service that is less than 12 months old.** (See “Claim Filing Timeliness” in this section for more information.)
- The provider has identified the need for a **Void Only** of a claim that was paid within the last 18 months. This process should be used when the provider wishes to withdraw the original claim entirely.

Claim-level adjustments can be submitted in several ways:

- Providers who submit claims using a HIPAA-compliant electronic claims submission format must use the void or replacement option provided by their system. (See “Void and Replacement Claims for HIPAA-Compliant Electronic Submissions” below.)
- Providers who submit claims on paper using CMS-1500, or Transportation forms can use the Claim Adjustment Form 130 (DHHS Form 130, revised 03-13-2007). They can also use the Web Tool to initiate claim-level adjustments in a HIPAA-compliant electronic format, even if they continue using paper forms for regular billing. See “Electronic Claims Submissions” in this section for more information about the Web Tool.

Providers who use an electronic format that is not compliant with HIPAA standards to submit CMS-1500 or Transportation claims can use DHHS Form 130; they may also use the Web Tool to submit adjustments.

SECTION 3 BILLING PROCEDURES

CLAIM PROCESSING

Void and Replacement Claims (HIPAA-Compliant Electronic Submissions)

Providers may use a HIPAA-compliant electronic format to void a claim that has been filed in error, processed, and for which payment has been received. Submitting a **Void claim** with the original Claim Control Number will alert SCDHHS that claim payment has been made in error. The amount paid for the original claim will be deducted from the next Remittance Advice.

Alternatively, these providers may submit a **Replacement claim** to change information on a claim that has been filed, processed, and for which payment has been received. Submitting a Replacement claim automatically voids the original claim and processes the Replacement claim. The Void and Replacement claims must have the same beneficiary and provider numbers.

Void Only and Void/Replacement Claims

Providers who file claims on paper or who submit electronic claims that are not in a HIPAA-compliant electronic format may use DHHS Form 130 to submit claim-level adjustments. (A sample DHHS Form 130 can be found in the Forms section of this manual.) Once a provider has determined that a claim-level adjustment is warranted, there are two options:

- Submitting a **Void Only** claim will generate an account debit for the amount that was reimbursed. A Void Only claim should be used to retract a claim that was paid in error. To initiate a Void Only claim, complete DHHS Form 130 and attach a copy of the original Remittance Advice.
- Submitting a **Void/Replacement** claim will generate an account debit for the original claim and re-file the claim with the corrected information. A Void/Replacement claim should be used to:
 - Correct a keying or billing error on a paid claim
 - Add new or additional information to a claim
 - Add information about a third party insurer or payment

To initiate a Void/Replacement claim, complete DHHS Form 130 and attach a copy of the original Remittance Advice, as well as the new Replacement claim. Also attach any documentation relevant to the claim.

Gross-Level Adjustments

Gross-level adjustments will be initiated when:

- A claim is no longer in Medicaid’s active history file (the claim payment date is more than 18 months old.)
- The adjustment request is not “claim-specific” (cost settlements, disproportionate share, etc.). SCDHHS will initiate this type of gross adjustment.
- A claim in TPL Recovery will not be taken back in full.

Provider requests for credit adjustments (where the provider can substantiate that additional reimbursement is

appropriate) or debit adjustments (where the provider wishes to make a voluntary refund of an overpayment) should be directed to the Medicaid program manager within 90 days of receipt of payment. Requests for gross-level **credit** adjustments for dates of service that are more than one year old typically cannot be processed by SCDHHS without documentation justifying an exception. Providers may send TPL-related adjustments directly to Medicaid Insurance Verification Services (MIVS) at the following address:

South Carolina Healthy Connections
Post Office Box 101110
Columbia, SC 29211-9804

Fax: (803) 462-2582

Phone: 1-888-289-0709 option 5

In the event of a debit adjustment, the provider should not send a check. Appropriate deductions will be made from the provider's account, if necessary. Providers may inquire directly to Medicaid Insurance Verification Services about debit or credit adjustments resulting from private health insurance or retroactive Medicare coverage.

To request a gross-level adjustment, the provider should submit a letter on letterhead stationery to the Medicaid program manager providing a brief description of the problem, the action that the provider wishes SCDHHS to take on the claim, and the amount of the adjustment, if known. If the problem involves an individual claim, the letter should also provide the beneficiary's name and Medicaid number, the date of service involved, and the procedure code for the service to be adjusted. The provider's authorized representative must sign the letter. For problems involving individual claims, copies of the pertinent Medicaid Remittance Advices with the beneficiary's name and Medicaid number, date of service, procedure code, and payment amount **highlighted** should also be included.

The provider will be notified of the adjustment via a letter or a copy of an Adjustment/Alternate Claim Form (DHHS Form 115). After it is processed by SCDHHS, the gross-level adjustment will appear on the last page of the provider's next Remittance Advice. Each adjustment will be assigned a unique identification number ("Own

CLAIM PROCESSING

Reference Number” on the adjustment form), which will appear in the first column of the Remittance Advice. The identification number will be up to nine alphanumeric characters in length. A sample Remittance Advice can be found in the Forms section of this manual. Gross-level adjustments are shown on page 3 of the sample.

Adjustments on the Remittance Advice

If a Void claim and its Replacement process in the same payment cycle, they are reported together on the Remittance Advice along with other paid claims. The original Claim Control Number (CCN) and other claim details will appear on both the Void and the Replacement lines.

Void Only claim adjustments are reported on a separate page of the Remittance Advice; they will also show the original CCN and other claim details. If the Replacement claim for a Void/Replacement processes in a subsequent payment cycle, it will appear with other paid claims.

Gross-level adjustments are reported on the last page of the Remittance Advice, and show only a reference number and debit/credit information.

A sample Remittance Advice that shows Void Only, Void/Replacement, and gross-level adjustments can be found in the Forms section of this manual.

Refund Checks

Providers who are instructed to send a refund check should complete the Form for Medicaid Refunds (DHHS Form 205) and send it along with the check to the following address:

South Carolina Healthy Connections
Cash Receipts
Post Office Box 8355
Columbia, SC 29202-8355

All refund checks should be made payable to the SC Department of Health and Human Services. A sample of the Form for Medicaid Refunds, along with instructions for its completion, can be found in the Forms section of this manual. SCDHHS must be able to identify the reason for the refund, the beneficiary’s name and Medicaid number, the provider’s number, and the date of service in order to post the refund correctly.

GENERAL INFORMATION

ADMINISTRATION

The Department of Health and Human Services (SCDHHS) administers the South Carolina Medicaid Program. This section outlines the available resources for Medicaid providers, with telephone numbers and addresses for county SCDHHS offices.

CORRESPONDENCE AND INQUIRIES

All correspondence to South Carolina Medicaid should be directed to the SCDHHS Provider Service Center (PSC) at 1-888-289-0709. In addition, provider may submit an online inquiry at <http://www.scdhhs.gov/contact-us>. Inquiries concerning specific claims should also be directed to the PSC, but only after corrections have been made on rejected claims and all claims filing requirements have been met. Medicaid Provider Inquiry (DHHS Form 140) may be used to check the status on outstanding claims. (See the blank form in the Forms section.) Always include the provider's Medicaid number, the resident's Medicaid number, and the date of service when requesting the status of outstanding claims. **Allow 45 days from the submission date before requesting the status of the claim.**

Questions concerning beneficiary eligibility or identification numbers should be directed to the SCDHHS county office in the beneficiary's county of residence. Beneficiaries who have questions regarding specific coverage issues should be referred to the appropriate staff of their county SCDHHS office for assistance. To verify eligibility status, please use the South Carolina Medicaid Web-based Claims Submission Tool (Web Tool). For information on the Web Tool, please contact the PSC at 1-888-289-0709.

CONSENT FOR STERILIZATION

NOTICE: YOUR DECISION AT ANY TIME NOT TO BE STERILIZED WILL NOT RESULT IN THE WITHDRAWAL OR WITHHOLDING OF ANY BENEFITS PROVIDED BY PROGRAMS OR PROJECTS RECEIVING FEDERAL FUNDS.

CONSENT TO STERILIZATION

I have asked for and received information about sterilization from [Name] When I first asked [Doctor or Clinic] for the information, I was told that the decision to be sterilized is completely up to me. I was told that I could decide not to be sterilized. If I decide not to be sterilized, my decision will not affect my right to future care or treatment. I will not lose any help or benefits from programs receiving Federal funds, such as Temporary Assistance for Needy Families (TANF) or Medicaid that I am now getting or for which I may become eligible.

I UNDERSTAND THAT THE STERILIZATION MUST BE CONSIDERED PERMANENT AND NOT REVERSIBLE. I HAVE DECIDED THAT I DO NOT WANT TO BECOME PREGNANT, BEAR CHILDREN OR FATHER CHILDREN.

I was told about those temporary methods of birth control that are available and could be provided to me which will allow me to bear or father a child in the future. I have rejected these alternatives and chosen to be sterilized.

I understand that I will be sterilized by an operation known as a [Specify Type of Operation]. The discomforts, risks and benefits associated with the operation have been explained to me. All my questions have been answered to my satisfaction.

I understand that the operation will not be done until at least thirty days after I sign this form. I understand that I can change my mind at any time and that my decision at any time not to be sterilized will not result in the withholding of any benefits or medical services provided by federally funded programs.

I am at least 21 years of age and was born on: [Date]

I, [Name], hereby consent of my own free will to be sterilized by [Doctor or Clinic]

by a method called [Specify Type of Operation]. My consent expires 180 days from the date of my signature below.

I also consent to the release of this form and other medical records about the operation to:

Representatives of the Department of Health and Human Services, or Employees of programs or projects funded by the Department but only for determining if Federal laws were observed.

I have received a copy of this form.

MANAGED CARE SUPPLEMENT

MANAGED CARE OVERVIEW

Managed Care is a health care delivery model implemented by the South Carolina Department of Health and Human Services (SCDHHS) to establish a medical home for all Medicaid Managed Care eligible beneficiaries. The goals of a medical home include:

- Provide accessible, comprehensive, family-centered coordinated care
- Manage the beneficiary's health care, perform primary and preventive care services, and arrange for any additional needed care
- Provide beneficiaries access to a "live voice" 24 hours a day, 7 days a week, to ensure access to appropriate care
- Provide beneficiary education about preventive and primary health care, utilization of the medical home, and the appropriate use of the emergency room

Enrolling in a managed care plan does not limit benefits. Benefits offered under fee for service (FFS) Medicaid, as well as additional or enhanced benefits are provided by all health plans. These additional benefits vary from plan to plan according to the contracted terms and conditions between SCDHHS and the managed care entity. Beneficiaries and providers should contact the health plan with questions concerning additional benefits.

Examples of additional benefits include:

- 24-hour nurse advice line
- Care coordination
- Health management programs (asthma, diabetes, pregnancy, etc.)
- Unlimited office visits
- Adult dental services

The Bureau of Managed Care administers the program for Medicaid-eligible beneficiaries by contracting with Managed Care Organizations (MCOs) and Care Services Organizations (CSOs) to offer health care services (*CSOs support the Medical Homes Network (MHN) managed care health delivery model*). An MCO must receive a Certificate of Authority from the SC Department of Insurance and must be licensed as a domestic insurer by the State to render Medicaid managed care services. MCO model contracts are approved by the Centers for Medicare and Medicaid Services (CMS) and Medicaid.

This Managed Care supplement is intended to provide an overview of the Managed Care program. Providers should review the MCO and MHN Policy and Procedure Guides for detailed program-specific requirements. Both guides are located on the SCDHHS Web site (www.scdhhs.gov) within the Managed Care section.

The Exhibits section of this supplement provides contact information for MCOs and MHNs currently participating in the Medicaid Managed Care program as MCOs and MHNs are subject to change at any time. Providers are encouraged to visit the SCDHHS website

PROGRAM DESCRIPTIONS

Managed Care Organizations (MCOs)

A Managed Care Organization (MCO) is commonly referred to as an HMO (Health Maintenance Organization) in the private sector. MCOs are required to operate under a contract with SCDHHS to provide healthcare services to beneficiaries through a network of healthcare professionals, both primary and specialty care, as well as hospitals, pharmacies, etc. This network is developed by contracting with the various healthcare professionals.

Primary care providers (PCP) must be accessible within a 30-mile radius, while specialty care providers, to include hospitals, must be accessible within a 50-mile radius. While MCOs will contract with providers within a specific county, enrolled members may seek treatment, or be referred to in-network providers in neighboring counties.

MCOs are responsible for providing core services to Medicaid-eligible individuals as specified in their contract with SCDHHS. The health care providers within the MCO network are not required to accept FFS Medicaid as most claims are filed to and processed by the MCO. Only services rendered on a fee-for-service (FFS) basis require providers be enrolled in SC Medicaid, as those claims are paid by SCDHHS. (Core services are discussed further in the **Core Benefits** section of this supplement.)

Core Benefits

Managed Care Organizations are fully capitated plans that provide a core benefits package similar to the current FFS Medicaid plan. MCO plans are required to provide beneficiaries with “medically necessary” care at current limitations for all contracted services. Unless otherwise specified, service limitations are based on the State fiscal year (July 1 through June 30). While appropriate and necessary care must be provided, MCOs are not bound by the current variety of service settings. For example, a service may only be covered FFS when performed in an inpatient hospital setting, while the MCO may authorize the same service to be performed both in an inpatient and an outpatient hospital setting.

MANAGED CARE SUPPLEMENT

MANAGED CARE OVERVIEW

MCOs may offer SCDHHS-approved additional benefits. These are benefits that go beyond the core package. Additions, deletions, or modifications to additional benefits made during the contract year must be approved by SCDHHS. These benefits may include medical services which are currently non-covered by FFS and/or which are above current Medicaid limitations.

Providers should refer to the **Core Benefits** section of the MCO Policy and Procedures Guide on the SCDHHS website (www.scdhhs.gov) for a detailed explanation of core benefits and service limitations.

Services Outside of the Core Benefits

The South Carolina Healthy Connections (Medicaid) program continues to provide and/or reimburse certain FFS benefits. Providers rendering services that are not included in the MCO's benefits package, but are covered under FFS Medicaid receive payment in accordance with the current Medicaid fee schedule. These services are filed to SC Medicaid for processing and payment. MCOs are responsible for the beneficiaries' continuity of care by ensuring appropriate referrals and linkages to the Medicaid FFS providers. For specifics concerning services outside of the core benefits, please see the MCO Policy and Procedures Guide on www.scdhhs.gov.

MCO Program Identification (ID) Card

Managed Care Organizations issue an identification card to beneficiaries within 14 calendar days of the selection of a primary care provider, or the date of receipt of the beneficiary's enrollment data from SCDHHS, whichever is later.

To ensure immediate access to services, the provider should verify eligibility and enrollment regardless of a beneficiary's ability to supply a SC Medicaid or MCO card. The MCO ID card must include at least the following information:

- The MCO name
- The 24-hour telephone number for the beneficiary to use in urgent or emergency situations and to obtain any additional information
- The name of the primary care physician
- The beneficiary's name and Medicaid ID number
- The MCO's plan expiration date (optional)
- The Member Services toll-free telephone number
- The MCO and SC Medicaid logos

Claims Filing

Providers should file claims with the MCO for beneficiaries participating in a managed care program, unless the service rendered is not covered by the MCO and is, instead, paid on a FFS basis by SC Medicaid. Providers should contact the MCO for managed care billing requirements. Non-contracted providers should contact the MCO for billing and prior authorization requirements prior to rendering services to MCO enrolled beneficiaries. An exception is services

MANAGED CARE SUPPLEMENT

MANAGED CARE OVERVIEW

rendered in an emergency room. Even if the physician is not in-network with the MCO, the MCO cannot refuse to reimburse for covered emergency services. Specifics concerning emergency coverage are contained in Section 4, **Emergency Medical Services**, of the MCO contract.

Prior Authorizations and Referrals

Providers, both in and out of network, should contact the beneficiary's MCO for assistance with prior authorization (PA) requirements before administering services. Each MCO may have different prior authorization requirements and services requiring PA may differ according to the terms of a provider's contract with an MCO.

Admission to a hospital through the emergency department **may** require authorization. Hospitals should always check with the beneficiary's MCO plan for their requirements. The physician component for inpatient services **always** requires prior authorization. Specialist referrals for follow-up care after a hospital discharge also require prior authorization.

Medical Homes Networks (MHNs)

Medical Homes Networks (MHNs) are Medicaid's Primary Care Case Management (PCCM) programs that link beneficiaries with a primary care provider (PCP). An MHN is a group of physicians who have agreed to serve as PCCM providers. They work in partnership with the beneficiary to provide and arrange for most of the beneficiary's health care needs, including authorizing services provided by other health care providers. They also partner with a Care Coordination Services Organization (CSO) to accept the responsibility for providing medical homes for beneficiaries and for managing beneficiaries' care. The CSO supports the physicians and enrolled beneficiaries by providing care coordination, disease management, and data management. All providers participating in an MHN must be enrolled SC Medicaid providers, as all services are paid on a fee-for-service (FFS) basis.

The outcomes of the medical home initiative are a healthier, better educated Medicaid beneficiary, and cost savings for South Carolina through a reduction of acute medical care and disease-related conditions. The MHN provides case managers, who assist in developing, implementing, and evaluating the predetermined care management strategies of the network.

MHNs are under contract with the CSO, who, in turn, contracts with SCDHHS. Providers must be in good financial standing with SCDHHS. MHN contracts with SCDHHS must receive CMS approval. A sample of an MHN contract can be reviewed on the SCDHHS website.

MHN Program Identification (ID) Card

Medicaid Homes Networks do not issue a separate identification card. Beneficiaries enrolled in an MHN will have only one identification card, the one issued by SC Medicaid. This card does not contain the name or phone number of the assigned PCP. Such information can only be obtained by checking eligibility.

MANAGED CARE SUPPLEMENT

MANAGED CARE OVERVIEW

Core Benefits

Services provided under the MHN program are all paid on a FFS basis. As such, all claims are submitted to and processed by SCDHHS. Benefits offered in the MHN program mirror those offered in FFS with the following exceptions:

- All beneficiaries, regardless of age, receive unlimited ambulatory visits

For additional information concerning core services and limitations, please refer to the MHN Policy and Procedures manual, or program specific provider manuals for the applicable area (Physicians, Hospitals, etc.). Manuals are located on the agency website at www.scdhhs.gov

Prior Authorizations and Referrals

The PCP is contractually required to either provide medically necessary services or authorize another provider to treat the beneficiary via a referral. Even if a physician in the same practice, but at a different practice location with a different Medicaid “pay-to or group” provider ID, treats a beneficiary, the services rendered still need a referral from the PCP. If a beneficiary has failed to establish a medical record with the PCP, the CSO, in conjunction with the PCP, shall arrange for the prior authorization (PA) on any existing referral. For a list of services that do not require authorization, refer to the **Exempt Services** section later in this supplement.

In some cases, the PCP may choose to authorize a service retroactively. All authorizations and consultations, including services authorized retroactively, are at the discretion of the PCP. The process for referring a beneficiary to a specialist can be made by telephone or in writing. The referral should include the number of visits being authorized and the extent of the diagnostic evaluation.

A PCP may authorize multiple visits for a specific course of treatment or a particular diagnosis. This prevents a provider to whom the beneficiary was referred from having to obtain a referral number for each visit so long as the course of treatment or diagnosis has not changed. The provider simply files the claims referencing the same referral number. It is the PCP’s responsibility to authorize additional referrals for any further diagnosis, evaluation, or treatment not identified in the scope of the original referral. If a specialist needs to refer the beneficiary to a second specialist for the same diagnosis, the beneficiary’s PCP must be contacted for a referral number.

A referral number is not required for services provided in a hospital emergency department or for an admission to a hospital through the emergency department. However, the physician component for inpatient hospital services does require a referral number. The hospital should contact the PCP for a referral number within 48 hours of the beneficiary’s admission. Specialist referrals for follow-up care after discharge from a hospital also require a referral from the PCP. In addition to the MHN’s authorization, prior approval may be required by SCDHHS to verify medical necessity before rendering some services. Prior authorizations are for medical approval only. Obtaining a prior authorization does not guarantee payment or ensure the beneficiary’s eligibility on the date of service.

MANAGED CARE SUPPLEMENT

MANAGED CARE OVERVIEW

For a list of services requiring a referral number from the PCP, along with noted exceptions, please refer to the MHN Policy and Procedures Guide. Claims submitted for reimbursement must include the PCP's referral number.

Specific services sponsored by state agencies require a referral from that agency's case manager. The state agency's case manager should coordinate with the PCP and the MHN Care Coordinator to ensure the continuity of care. These services include, but are not limited to, the following:

- Audiologist Services
- High/Moderate Management Group Homes Services
- Occupational Therapist Services
- Physical Therapist Services
- Psychologist Services
- Speech Therapist Services
- Therapeutic Foster Care Services

Referrals for a Second Opinion

PCPs are required to refer a beneficiary for a second opinion at his or her request when surgery is recommended.

Referral Documentation

All referrals must be documented in the beneficiary's medical record. The CSO and the PCP shall review the monthly referral data to ensure that services rendered to the beneficiary were authorized and recorded accurately in the medical record. It is the PCP's responsibility to review the referral data for validity and accuracy, and to report inappropriate and/or unauthorized referrals to the CSO. The CSO is responsible for investigating these incidents and notifying SCDHHS if Medicaid fraud or abuse is suspected.

Exempt Services

Beneficiaries can obtain the following services from Medicaid providers without obtaining a prior authorization from their PCP:

- Ambulance Services
- Dental Services
- Dialysis/End Stage Renal Disease Services
- Emergency Room Services (billed by the hospital)
- Family Planning Services
- Home- and Community-Based Waiver Services
- Independent Laboratory and X-ray ¹ Services

MANAGED CARE SUPPLEMENT

MANAGED CARE OVERVIEW

- Medical Transportation Services
- Nursing Home Services
- Obstetrician and Gynecologist Services
- Optician Services
- Optometrist Services
- Pharmacy Services
- State Agency Services²

¹ FQHCs/RHCs that provide laboratory and x-ray services under a separate provider number (not the FQHC/RHC number) must enter a prior authorization number on the claim form or the claim will be rejected.

² Agencies exempt from prior authorization are the Department of Mental Health, the Continuum of Care, the Department of Alcohol and Other Drug Abuse, the Department of Disabilities and Special Needs, the Department of Juvenile Justice, and the Department of Social Services.

The above list is not all-inclusive. For a complete list of exempt services, refer to the MHN Policy and Procedures Guide on the SCDHHS website (www.scdhhs.gov). Some services still require a prescription or a physician's order. Physicians should refer to the appropriate Medicaid Provider Manual for more detailed information and/or requirements, or contact the SCDHHS Provider Service Center (PSC) by calling 888-289-0709. Providers can also submit an online inquiry at <http://scdhhs.gov/contact-us> and a provider service representative will respond to you directly.

Primary Care Provider Requirements

The primary care provider is required to either provide services or authorize another provider to treat the beneficiary. The following Medicaid provider types may enroll as a primary care provider:

- Family Medicine
- General Practitioners
- Pediatricians
- Internal Medicine
- Obstetrics and Gynecology
- Federally Qualified Health Centers (FQHCs)
- Rural Health Clinics (RHCs)
- Nurse Practitioners (see the MHN Policy and Procedure Guide on the SCDHHS Web site (www.scdhhs.gov) for guidelines)

MANAGED CARE SUPPLEMENT**MANAGED CARE OVERVIEW****24-Hour Coverage Requirements**

The MHN requires PCPs to provide access to medical advice and care for enrolled beneficiaries 24 hours per day, 7 days per week. A qualified medical practitioner must provide medical advice, consultation, and/or authorization or referral for services when appropriate within one hour of the beneficiary's presentation or notification. PCPs must have at least one telephone line that is answered by office staff during regular office hours.

Women, Infants, and Children (WIC) Program Referrals

Federal law mandates coordination between Medicaid Managed Care programs and the WIC program. PCPs are required to refer potentially eligible beneficiaries to the local WIC program agency. The beneficiary must sign a WIC Referral Form and a Medical Records Release Form. Both forms are submitted to the local WIC agency for follow up.

For more information, providers should contact the local WIC agency at their county health department.

MANAGED CARE SUPPLEMENT

MANAGED CARE ELIGIBILITY

MANAGED CARE SUPPLEMENT

MANAGED CARE ENROLLMENT

OVERVIEW

All managed care enrollment and disenrollment activities are handled through one single point of contact, South Carolina Healthy Connections Choices (SCHCC). SCHCC is responsible for processing the enrollment and disenrollment of Medicaid-eligible beneficiaries into a managed care plan. Beneficiaries may enroll online, by telephone, by mail, or by fax. Managed Care eligible Medicaid beneficiaries are encouraged to actively enroll with a managed care plan. Medicaid beneficiaries may currently select among the following Medicaid service delivery options:

- Managed Care Organization
- Medical Homes Network

SCHCC may be reached by calling (877) 552-4642, or via the SCHCC website: www.SCchoices.com. SCHCC should be contacted for assistance with enrollment, as well as transferring to, or disenrolling from, a health plan regardless of how long a beneficiary has been enrolled in their current health plan.

Not all Medicaid beneficiaries are eligible to participate in managed care. Beneficiaries who are eligible for participation are made aware of their eligibility via an outreach or enrollment mailing from SCHCC.

An **enrollment packet** is mailed to beneficiaries who are required to make a managed care plan choice. Failure to do so will result in managed care plan assignment by SCHCC.

An **outreach packet** is mailed to beneficiaries who are eligible, but not required, to participate in a managed care plan. Managed care participation is on a voluntary basis for this population. (See **Enrollment Counselor Services** later in this supplement.)

Outreach and assignment is based on the beneficiary's payment category or Recipient Special Program (RSP) indicator, and is effective according to the published cut-off schedule.

If a Medicaid beneficiary enrolled in a managed care plan loses Medicaid eligibility, but regains it within 60-days, he or she will be automatically reassigned to the same plan and will forego a new 90-day choice period.

Beneficiaries cannot enroll directly with the MCO or the MHN. Beneficiaries must contact SCHCC to enroll in a managed care plan, or to change or discontinue their plan. A member can only change or disenroll without cause within the first 90 days of enrollment. If the beneficiary is approved to enroll in a managed care plan, or changes his or her plan, and is entered into the system before the established cut-off date, the beneficiary appears on the plan's member listing for the next month. If the beneficiary is approved, and entered into the system after the established cut-off date, the beneficiary will appear on the plan's member listing for the following month.

MANAGED CARE SUPPLEMENT

MANAGED CARE ENROLLMENT

ENROLLMENT PROCESS

Medicaid beneficiaries receive a managed care enrollment packet or an outreach packet by mail within two days of first becoming eligible for Medicaid, or 30 to 60 days prior to their annual Medicaid review. Beneficiaries enrolled in a managed care plan will also receive a reminder letter from their health plan prior to their annual review date.

Beneficiaries are always encouraged to open, read, and respond to the enrollment packets to avoid plan assignment. While managed care enrollment is encouraged during annual review, FFS Medicaid beneficiaries may contact SCHCC to enroll at anytime. They do not need to wait to receive enrollment information. Beneficiaries enrolled in a managed care plan at the time of their annual review will remain in their health plan unless they contact SCHCC during their open enrollment (90-day choice period) to request a change.

When enrollment packets are mailed, beneficiaries have at least 30 days from the mail date to choose a health plan. If a beneficiary fails to act on the initial enrollment packet, outbound calls are placed in an effort to encourage plan selection. If, after the multiple outreach efforts, a beneficiary still fails to respond, he or she will be assigned to a managed care plan.

The assignment process places beneficiaries into health plans available in the county where the beneficiary resides based on the following criteria:

- The health plan, if any, in which the beneficiary was previously enrolled
- The health plan, if any, in which family members are enrolled
- The health plan selected by a random assignment process if no health plan was identified

There are three easy ways for beneficiaries to enroll:

- Call SCHCC at (877) 552-4642
- Mail or fax the completed enrollment form contained in the enrollment packet
- Online at www.SCchoices.com

A beneficiary is enrolled in a Managed Care plan for a period of 12 months. The beneficiary shall remain enrolled in the plan unless one of the following occurs:

- The beneficiary becomes ineligible for Medicaid and/or Managed Care enrollment
- The beneficiary forwards a written request to transfer plans for cause
- The beneficiary initiates the transfer process during the annual re-enrollment period
- The beneficiary requests transfer within the first 90 days of enrollment

Enrollment of Newborns

Babies born to Medicaid-eligible mothers are automatically deemed Medicaid eligible. As such, they are subject to being enrolled into a managed care plan. If, at the time of delivery, the mother is enrolled with an MCO, the baby will be automatically enrolled into the same MCO. If, however, the mother is enrolled with an MHN, or is FFS, the baby will revert to FFS Medicaid

MANAGED CARE SUPPLEMENT

MANAGED CARE ENROLLMENT

for the first year of life. If the mother was enrolled in an MHN at the time of delivery, the CSO overseeing the MHN will outreach to encourage enrollment into the MHN. Newborns in FFS are still eligible to enroll in managed care and may be enrolled at anytime by contacting SCHCC.

Babies automatically enrolled into the mother's MCO have a 90-day choice period following birth during which a change to their health plan may be made. Following the 90-day choice period, the newborn enters into his or her lock-in period and may not change health plans for the first year of life without "just cause." The newborn's effective date of enrollment into a managed care plan is the first day of the month of birth.

Providers should refer to the appropriate Medicaid provider manual for additional limitations when providing services to newborns.

Primary Care Provider Selection and Assignment

Upon enrolling into a managed care plan, all beneficiaries are "assigned" to a primary care provider (PCP). If the beneficiary calls SCHCC and chooses a health plan, he or she is asked to select a PCP at that time. If, however, SCHCC assigns the beneficiary to a health plan, the PCP "selection" is handled differently.

For beneficiaries assigned to an MCO, the MCO is responsible for assigning the PCP. For beneficiaries assigned to an MHN, SCHCC is responsible for assigning the PCP. After assignment, beneficiaries may elect to change their PCP. **There is no lock-in period with respect to changing PCPs.** Enrolled beneficiaries may change their PCP at any time and as often as necessary.

MCO members must call their designated Member Services area to change their PCP. MHN members may call either their Member Services area or speak with their current PCP to enact a change.

The name of the designated PCP will appear on all MCO cards. Should an MCO member change his PCP, he will be issued a new health plan card from the MCO reflecting the new PCP.

MANAGED CARE SUPPLEMENT

MANAGED CARE DISENROLLMENT PROCESS

OVERVIEW

Beneficiaries not required to participate in managed care may request to disenroll and return to fee-for-service Medicaid. Beneficiaries required to participate in managed care may only request to transfer to another health plan as fee-for-service Medicaid is no longer an option for this population.

Disenrollment/transfer requests are processed through the enrollment counselor, SCHCC. The beneficiary, the MCO, the MHN, or SCDHHS may initiate the process. During the 90 days following the date of initial enrollment with the managed care plan, beneficiaries may change plans without cause. Only one change may be requested during this period. Once a change has been requested, or the 90 days following the date of initial enrollment has expired, beneficiaries move into their “lock-in” period. Requests to change health plans made during the lock-in period are processed only for “just cause.” Please refer to the MCO or MHN Policy and Procedures Guide for additional information concerning just cause.

Transfer requests made during the lock-in period require the completion of a Health Plan Change form, which may only be obtained by contacting SCHCC. The form requires the beneficiary to provide information confirming his or her attempt to resolve any issues necessitating disenrollment. That information includes documenting the date and time of the call to the health plan to discuss his or her issues, as well as the person with whom the beneficiary spoke. Failure to provide all required information results in denial of the disenrollment request as all such requests must be reviewed by the SCDHHS Managed Care staff.

Upon review by Managed Care staff, the managed care plan is notified of the request to disenroll so that a plan representative may follow up with the beneficiary in an effort to address the concerns raised. Managed care plans are required to notify SCDHHS within 10 days of the follow-up results for all complaints or disenrollment requests forwarded to the plan. If just cause is not validated, disenrollment is denied and the beneficiary remains in the managed care plan. A beneficiary’s request to transfer is honored if a decision has not been reached within 60 days of the initial request. The final decision to accept the beneficiary’s request is made by SCDHHS.

If the beneficiary believes he or she was disenrolled/transferred in error, it is the beneficiary’s responsibility to contact SCHCC or the managed care plan for resolution. The beneficiary may be required to complete and submit a new enrollment form to SCHCC.

INVOLUNTARY BENEFICIARY DISENROLLMENT

A beneficiary may be involuntarily disenrolled from a managed care plan at any time deemed necessary by SCDHHS or the plan, with SCDHHS approval.

The plan’s request for beneficiary disenrollment must be made in writing to SCHCC using the applicable form, and the request must state in detail the reason for the disenrollment. The request must also include documentation verifying any change in the beneficiary’s status. SCDHHS determines if the plan has shown good cause to disenroll the beneficiary and informs SCHCC of

MANAGED CARE SUPPLEMENT**MANAGED CARE DISENROLLMENT PROCESS**

their decision. SCHCC notifies both the plan and the beneficiary of the decision in writing. The plan and the beneficiary have the right to appeal any adverse decision. Managed care plans are required to inform providers of those beneficiaries disenrolling from their programs. Providers should always check the Medicaid eligibility status of beneficiaries before rendering service.

The plan may not terminate a beneficiary's enrollment because of any adverse change in the beneficiary's health. An exception would be when the beneficiary's continued enrollment in the plan would seriously impair the plan's ability to furnish services to either this particular beneficiary or other beneficiaries.

THIRD-PARTY LIABILITY SUPPLEMENT

INTRODUCTION

“Third-party liability” (TPL) refers to the responsibility of parties other than Medicaid to pay for health insurance costs. Medicaid is always the payer of last resort, which means that Medicaid will not pay a claim for which someone else may be responsible until the party liable before Medicaid has been billed. For the most part, this means providers are responsible for billing third parties before billing Medicaid.

Third parties can include:

- Private health insurance
- Medicare
- Employment-related health insurance
- Medical support from non-custodial parents
- Long-term care insurance
- Other federal programs
- Court judgments or settlements from a liability insurer
- State workers’ compensation
- First party probate-estate recoveries

Private health insurers and Medicare are the most common types of third party that providers are required to bill. For information on casualty cases and estate recovery, see Section 1 of your provider manual.

HEALTH INSURANCE RECORDS

Medicaid Insurance Verification Services (MIVS), Medicaid’s TPL contractor, researches third-party insurance information. Sources of information include providers, eligibility offices, long-term care workers, private insurers, other government agencies, and beneficiaries themselves.

It can take up to 25 days for a new policy record to be added to a beneficiary’s eligibility file and five days for corrections and updates of an existing record. New policy information and updates are added to the Medicaid Management Information System (MMIS) every working day.

ACCESS TO CARE

As a provider, your role in the TPL process begins as soon as you agree to treat a Medicaid-eligible patient. You should ask every patient and/or the patient’s responsible party about other insurance coverage.

According to 42 CFR 447.20(b), **you cannot refuse to treat a Medicaid patient simply because he or she has other health insurance.** You and the patient should work together to decide whether you will consider the individual a Medicaid patient or a private-pay patient. If you accept the individual as a Medicaid patient, you are obligated to follow Medicaid’s third-party liability guidelines and other policies. Remember, you agree to treat a patient as a Medicaid

THIRD-PARTY LIABILITY SUPPLEMENT

patient for an entire spell of illness; you cannot change a beneficiary's status in the midst of a course of treatment.

When you first accept a Medicaid beneficiary, and at every service encounter thereafter, you will check to see whether the patient is eligible for Medicaid. At the same time, you will check for any other insurers you may need to bill. You should also perform a Medicaid eligibility check again when entering a claim, as eligibility and TPL information are constantly being updated.

South Carolina Healthy Connections (Medicaid) does not require you to obtain copies of other insurance cards from the beneficiary. You can obtain from South Carolina Healthy Connections (Medicaid) all the information you need to file with another insurer or to code TPL information on a Medicaid claim, including policy numbers, policy types, and contact information for the insurer, as long as Medicaid has that information on file.

Health Insurance Premium Payment Project

The Health Insurance Premium Payment (HIPP) project allows SCDHHS to pay private health insurance premiums for Medicaid beneficiaries who may be at risk of losing the private insurance coverage. SCDHHS will pay such premiums if the payment is deemed cost effective; see Section 1 of your provider manual for more information on qualifying situations. Maintaining good communication with your patients will help you identify candidates for referral to the HIPP program.

Eligibility Verification

- **Medicaid Card:** Possession of a Medicaid card means only that a beneficiary was eligible for Medicaid when the card was issued. You must use other eligibility resources for up-to-date eligibility and TPL information.
- **Point-of-Sale Devices and Eligibility Verification Vendors:** Check with your vendor to see how TPL information is reported.
- **Web Tool:** The Eligibility Verification function of the South Carolina Healthy Connections (Medicaid) Web-based Claims Submission Tool provides information about third-party coverage. See the Web Tool User Guide for instructions on checking eligibility.

REPORTING TPL INFORMATION TO MEDICAID

Providers are an important source of information from beneficiaries about third-party insurers. You can report this information to Medicaid in two ways: enter the information on claims submitted to Medicaid, or submit Health Insurance Information Referral Forms to Medicaid. When primary health insurance information appears on a claim form, the insurance information is passed to MIVS electronically for verification. This referral process is conducted weekly and contributes to timely additions and updates to the policy file.

THIRD-PARTY LIABILITY SUPPLEMENT

Health Insurance Information Referral Forms

The SCDHHS Health Insurance Information Referral Form is used to document third-party insurance coverage, policy changes, beneficiary coverage changes, carrier changes, and policy lapse information. You should fill out this form when you discover third-party coverage information that Medicaid does not know about, or when you have insurance documentation that indicates the TPL health insurance record needs an update.

A copy of the form is included in the Forms section of your provider manual, and samples appear at the end of this supplement. Send or fax the completed forms to:

South Carolina Healthy Connections
PO Box 101110
Columbia, SC 29211-9804
Fax: (803) 252-0870

COORDINATION OF BENEFITS

Health insurers adhere to “coordination of benefits” provisions to avoid duplicating payments. The health plan or payer obligated to pay a claim first is called the “primary” payer, the next is termed “secondary,” and the third is called “tertiary.” Together, the payers coordinate payments for services up to 100% of the covered charges at a rate consistent with the benefits.

Medicaid does not participate in coordination of benefits in the same way as other insurers. Medicaid is never primary, and it will only make payments up to the Medicaid allowable. However, you should understand how other companies coordinate payments.

COST AVOIDANCE VS. PAY & CHASE

South Carolina Healthy Connections (Medicaid) is required by the federal government to reject claims for which another party might be liable; this policy is known as “cost avoidance.” Providers must report primary payments and denials to Medicaid to avoid rejected claims. The majority of services covered by Medicaid are subject to cost avoidance.

For certain services, Medicaid does not cost-avoid claims and will pursue recovery under a policy known as “Pay & Chase.” Medicaid remains the payer of last resort in all cases; however, under Pay & Chase it temporarily behaves like a primary payer.

Services that fall under Pay & Chase are:

- Preventive pediatric services
- Dental EPSDT services
- Maternal health services
- Title IV – Child Support Enforcement insurance records
- Certain Department of Health and Environmental Control (DHEC) services under Title V

While providers of such services are encouraged to file with any liable third party before Medicaid, if they choose not to do so, SCDHHS will pay the claims and bill liable third parties directly through the Benefit Recovery program. More information on recovery appears later in

THIRD-PARTY LIABILITY SUPPLEMENT

this supplement. If you choose to bill both a third party and Medicaid, you must enter the TPL filing information on your Medicaid claim as outlined in this supplement – rendering Pay & Chase-eligible services does not exempt you from the requirement to correctly code for TPL.

Resources Secondary to Medicaid

Certain programs funded only by the state of South Carolina (*i.e.*, without matching federal funds) should be billed secondary to Medicaid. The TPL claim processing subsystem does not reject claims for resources that may pay after Medicaid. These resources are:

- BabyNet
- Best Chance Network
- Black Lung
- Commission for the Blind
- Community Health
- Crime Victims Compensation Fund
- CRS (Children’s Rehabilitative Services)
- Department of Corrections
- DHEC Cancer
- DHEC Family Planning (DHEC Maternal Child Health)
- DHEC Heart
- DHEC Hemophilia
- DHEC Migrant Health
- DHEC Sickle Cell
- DHEC TB
- Indian Health
- Other Indigent (hospital charity)
- Other Sponsor
- Ryan White Program
- State Aid Cancer Program
- Vaccine Injury Compensation
- Veterans Administration
- Vocational Rehabilitation Services

COPAYMENTS AND TPL

For certain services, Medicaid beneficiaries must make a Medicaid copayment. SCDHHS deducts this amount from what Medicaid pays the provider. Copayments are described in detail in Section 3 of your provider manual (if they apply to the services you provide).

Remember, as a Medicaid provider you have agreed to accept Medicaid’s payment as payment in full. You can never balance bill a beneficiary receiving Medicaid-covered services for anything other than the Medicaid copayment. (You may, however, bill a beneficiary for services that Medicaid does not cover.)

When a beneficiary has Medicare or private insurance, he or she is still responsible for the Medicaid copayment. However, if the sum of the copayment and the Medicare/third-party payment would exceed the Medicaid-allowed amount, you must adjust or eliminate the copayment. In other words, though you may accept a primary insurance payment higher than what Medicaid would pay, the beneficiary’s copayment cannot contribute to the excess revenue.

Medicaid beneficiaries with private insurance are **not** charged the copayment amount of the primary plan(s). When you accept a patient as a Medicaid patient, all Medicaid rules, including the Medicaid copayment rules, apply to that individual. These rules are federal law; they protect the Medicaid beneficiary by limiting his or her liability for payment for medical services.

THIRD-PARTY LIABILITY SUPPLEMENT

Medicaid determines payment in full and the patient's liability. Therefore, when you file a secondary claim with Medicaid, you can only apply the Medicaid copayment and cannot require the primary plan copayment as you would for a private pay patient.

DENIALS AND EOBs

When you bill a primary health insurer, you should obtain either a payment or a denial. You should also receive an Explanation of Benefits (EOB) that explains how the payment was calculated and any reasons for non-payment. Once you have received a reply from all potentially liable parties, if there are still charges that are not paid in full that might be covered by Medicaid, you may then bill Medicaid. This process is known as sequential billing.

Note that you must receive a *valid* denial before billing Medicaid. A request for more information or corrected information does not count as a valid denial.

POLICY TYPES

Each private policy listed in a patient's insurance record has an entry for "policy type," the most common of which is Health No Restrictions (HN). Another policy type you may encounter is HI, Health Indemnity; such policies pay per diem for hospital stays, surgeries, anesthesia, etc. HS, Health Supplemental, refers to policies that cover Medicare coinsurance and deductibles. Other policy types include Accident (HA) and Cancer (HC).

The policy type HN may be applied to a pharmacy carve-out, a mental health claim administrator, or a dental policy. The policy type does not provide specific information about the types of services covered, so you may have to take extra steps to determine whether to bill a particular carrier:

1. Ask the beneficiary. He or she should be able to tell you what kind of policy it is.
2. Look at the name of the carrier in the full list of carrier codes. The name may help you figure out the type of coverage (*e.g.*, ABC Dental Insurers).
3. Call SCDHHS Provider Service Center (PSC). Providers can also submit an online inquiry at <http://scdhhs.gov/contact-us> and a provider support representative will respond to you directly. He or she can look up more details of the plan in the TPL policy file.

TIMELY FILING REQUIREMENTS

Providers must file claims with Medicaid within a year of the date of service. If a claim is rejected, you must resubmit the Edit Correction Form (ECF) within that year, and Void/Replacement adjustments must be made within that year as well – all activity related to the claim must occur within a year of the date of service in order for you to be paid.

Because of this timely filing requirement, you should bill third parties as soon as possible after service delivery. SCDHHS recommends that you file a claim with the primary insurer within 30 days of the date of service.

THIRD-PARTY LIABILITY SUPPLEMENT

Regardless of how long the third party takes to reply, providers must still meet Medicaid's timeliness requirements. Delays by other insurers are not a sufficient excuse for timeliness extensions.

Timely Filing	
Medicaid claims	One year
Medicare-primary claims to Medicaid	Two years or within six months from Medicare adjudication
Primary health insurance	30 days recommended

Late claim filing to the primary insurer and gaps in activity related to obtaining payment from a primary carrier are not reasonable practices. SCDHHS will not consider payment if a claim is not successfully adjudicated by the MMIS within the time frames above.

REASONABLE EFFORT

Providers occasionally encounter difficulties in obtaining documentation and payment from third parties and beneficiaries. For example, the third-party insurer may refuse to send a written denial or explanation of benefits, or a beneficiary may be missing or uncooperative. It is your responsibility as a provider to seek a solution to such problems.

“Reasonable effort” consists of taking logical, timely steps at each stage of the billing process. Such steps may include resubmitting claims, making follow-up phone calls, and sending additional requested information. Many resources are available to help you pursue third-party payments. The PSC can work with you to explore these options.

Reasonable Effort and Insurance Companies

Below is a suggested process for filing to insurance companies. A flowchart based on this process can be found at the end of this supplement.

A. Send a claim to the insurance company.

If after **thirty days** you have received no response:

B. Call the company's customer service department to determine the status of the claim.

- **If the company has not received the claim:**
 1. Refile the claim. Stamp the claim as a repeat submission or send a cover note.
 2. Repeat follow-up steps as needed.
- **If the company has received the claim but considers the billing insufficient:**
 1. Supply all additional information requested by the company.

THIRD-PARTY LIABILITY SUPPLEMENT

2. Confirm that all requested information has been submitted.
 3. Allow thirty more days for the claim to be processed.
 4. If there is no response within thirty days and all information has been supplied as requested, proceed as instructed below.
- **If the company has received the claim, considers the billing valid, and has not suspended the claim:**
 1. Make a note in your files.
 2. Follow up with a written request for a response.

C. If after two more weeks you have still received no response:

1. Write to the company citing this history of difficulties. Copy the South Carolina Department of Insurance Consumer Division on your letter.

Remember, difficulties with insurance companies do not exempt you from timely filing requirements. It is important that you file a claim as soon as possible after providing a service so that, should you encounter any difficulty, you have time to pursue the steps described above.

Once the Department of Insurance has resolved an issue (which usually takes about 90 days), you should have adequate information to bill Medicaid correctly. Following all the steps above should take no more than 180 days, well within the Medicaid timely filing limit of one year.

Reasonable Effort and Beneficiaries

Difficulties can arise when a beneficiary does not cooperate with an insurer's request for information. For example, U.S. military beneficiaries must report changes in their status and eligibility to the Defense Eligibility and Enrollment Reporting System (DEERS); a delay by a beneficiary may delay a provider's response from the insurer. An insurer may also need a beneficiary to send in subrogation forms related to a hospitalization.

It is in your interest to contact the beneficiary, whether by phone, certified letter, or otherwise. You may offer to help the beneficiary understand and fill out forms. Be sure to document all your attempts at contact and inform the insurer of such actions.

Occasionally insurers will pay a beneficiary instead of a provider. If you know an insurance payment will be made to a patient, you should consider having the patient sign an agreement indicating that the total payment will be turned over to the provider, and that failure to cooperate with the agreement will result in the beneficiary no longer being accepted as a Medicaid patient.

Reasonable Effort Documentation Form

In cases where you have made all reasonable efforts to resolve a situation, you can submit a Reasonable Effort Documentation form. The form must demonstrate that you have made sustained efforts to contact the insurance company or beneficiary. This document is used only as a last resort, when all other attempts at contact and payment collection have failed.

THIRD-PARTY LIABILITY SUPPLEMENT

Attach the form either to a claim filed as a denial or to an ECF. Attach copies of all documents that demonstrate your efforts (correspondence with the insurer and the Department of Insurance, notes from your files, etc.). If you are filing electronically, you must keep the Reasonable Effort Documentation form and all supporting documentation on file. A blank Reasonable Effort Documentation form can be found in the Forms section of your provider manual, and examples appear at the end of this supplement.

REPORTING TPL INFORMATION ON CLAIMS

When you file a claim that includes TPL information, you will report up to five pieces of TPL information, depending on the type of claim:

For each insurer:

1. The carrier code
2. The insured's policy number
3. A payment amount or "0.00"

For the whole claim:

4. A denial indicator when at least one payer has not made payment
5. The total of all payments by other insurers

Carrier Codes

Medicaid, in conjunction with the South Carolina Hospital Association (SCHA), assigns every third-party insurer a unique three-digit alphanumeric code. Among the SCHA carrier codes are a few five-digit codes created by SCDHHS to satisfy carrier-specific claim filing requirements; these are identified by the suffix RX (pharmacy plans). SCHA carrier codes are used to identify insurers and other payers (including the Medicare Advantage plans) on dental, professional, and institutional claims. A complete list of carrier codes can be found in Appendix 2 of those provider manuals.

SCDHHS maintains an entirely separate list of five-digit carrier codes for pharmacy claims submission. Providers should visit <http://southcarolina.fhsc.com> or the SCDHHS Provider Information page at <http://provider.scdhhs.gov/> to view the pharmacy carrier codes list.

With very few exceptions, the alphanumeric carrier codes assigned by the SCHA are three digits, alpha-numeric-alpha. However, if you file hard copy, you may want to indicate a zero as Ø to ensure it is keyed correctly.

If you cannot find a particular carrier or carrier code in your manual, please visit the SCDHHS Provider Information page at <http://provider.scdhhs.gov/> to view the most current carrier codes list.

If you are billing a company for which you cannot find a code, you may use 199, the generic carrier code. MIVS will then call you to ask about the new insurer. You may prefer to submit a Health Insurance Information Referral Form to MIVS while you have the carrier information easily accessible, as MIVS may call you up to one month after the claim has been processed.

THIRD-PARTY LIABILITY SUPPLEMENT

You may encounter the “CAS” carrier code when checking a beneficiary’s eligibility. This code represents an open casualty case. Medicaid does not cost avoid claims with casualty coverage. You may decide to bill Medicaid directly and forgo participation in the case, or you may take action with the liable party and not bill Medicaid. Timely filing requirements still apply even where there is a possible casualty settlement, so you must make your decision prior to the one-year Medicaid timely filing deadline.

Policy Numbers

Many insurance companies use Social Security numbers (SSNs) as policy numbers, but some are transitioning to policy numbers that do not rely on confidential information. You should use the number that appears on the beneficiary’s health insurance card.

SCDHHS has begun adding these new policy numbers to beneficiary records. If one of your claims is rejected for failure to file to a private insurer (edit 150) and you have already filed to that insurer, there may be a policy number discrepancy; you should code the claim with the beneficiary’s SSN. Edit codes and rejected claims are discussed in more detail below.

PHARMACY CLAIMS

TPL policies apply to all Medicaid services. Like other providers, pharmacists must bill all other potentially liable parties, including Medicare, before billing Medicaid. However, pharmacists’ billing procedures differ from those of other providers. Pharmacists do not use the carrier codes assigned by the SCHA; South Carolina Healthy Connections (Medicaid) maintains separate carrier codes for pharmacy claims submission. Providers should visit the SCDHHS Provider Information page at <http://provider.scdhhs.gov> for pharmacy carrier codes. These unique codes may also be found at <http://southcarolina.fhsc.com>.

Pharmacists receive two-character NCPDP edit codes rather than South Carolina Healthy Connections (Medicaid) edit codes. Code 41 indicates that you need to file to a third-party payer, to include Medicare Parts B and D, if applicable.

Pharmacy services are generally cost-avoided; however, SCDHHS performs Pay & Chase billing for insurance resources that are Child Support Enforcement-ordered and in situations where the insurance company will not pay the Medicaid-assigned claim and instead makes payment to the subscriber. Pharmacists who file to primary plans but do not receive the insurance payment should report that fact to MIVS or SCDHHS so that Pay & Chase may be implemented instead of cost avoidance.

The point-of-sale contractor’s Pharmacy Provider Manual contains complete instructions on how to submit TPL information on Medicaid claims.

NURSING FACILITY CLAIMS

Nursing facilities are required to follow Medicaid’s TPL policies by billing other liable parties before billing Medicaid. The nursing facility claim form, the Turn Around Document, does not provide fields for coding TPL information. In order to have TPL payments calculated, you will report TPL payments and denials on a Health Insurance Information Referral Form and/or send the insurance EOB with an ECF.

THIRD-PARTY LIABILITY SUPPLEMENT

If you discover third-party coverage that Medicaid does not yet have on file, bill the third party and send a Health Insurance Information Referral Form to MIVS so that the insurance record may be put online. If Medicaid has already paid, you are responsible for refunding the insurance payment. Failure to report insurance that will likely be subsequently discovered may result in the claim being put into benefit recovery and recouped in a recovery cycle (see the section on recovery for more information).

To initiate Medicaid billing for a resident also covered by a third party payer, submit a claim to Medicaid and receive a rejection (edit code 156 for commercial insurance) for having failed to file with the other liable third parties. This establishes your willingness to accept a resident as a Medicaid beneficiary. It also shows that you intend to adhere to Medicaid's timely filing requirements.

When you receive an ECF for the claim, attach all EOBs and return the ECF to the Medicaid Claims Control System (MCCS); they will route it to the Medicaid TPL department for processing. If you are subsequently paid by a third party, use Form 205 to refund part or all of your Medicaid payment. Mark "health insurance" as the reason for the refund, supply the insurance information, and attach a check for the amount being refunded.

Remember that claims in recovery have timely filing requirements. SCDHHS suggests that as soon as you receive a 156 edit and/or discover that a resident has third-party coverage, you check your records and bill the third party for previous claims for the current calendar year and for one year prior for which Medicaid should not have paid primary. If you wait for the next recovery cycle, you may run into timely filing deadlines. All previously paid claims that were not filed with the insurance company or third parties are subject to recovery by Medicaid.

Should MIVS mail you a letter of recovery, make sure you follow all procedures and timelines as required. The PSC will be able to assist you in completing all requirements from MIVS in order to avoid a take-back or to reverse a previous take-back.

If you have any other questions or concerns about third-party liability issues, call the PSC. Because nursing home billing cycles are often longer than those of other providers, it is essential that you contact SCDHHS early in the TPL billing process, before timely filing requirements become a concern.

The Nursing Facility Services Provider Manual contains complete billing instructions for nursing facilities. Please see also the following sections of this supplement: Eligibility Verification, Reporting TPL Information to Medicaid, Cost Avoidance vs. Pay & Chase, Timely Filing Requirements, and Reasonable Effort.

PROFESSIONAL, INSTITUTIONAL, AND DENTAL CLAIMS

The CMS-1500 and UB-04 claim forms have space to report two payers other than Medicaid. If there are three or more insurers, you will need to code your claim with the payers listed that pay primary and secondary. When your claim receives edit 151, you may write in the carrier code, policy number, and amount paid in the third occurrences of fields 24, 25, and 26 of the CMS-1500 ECF, and submit the ECF to MCCS. Claims submitted electronically will be processed automatically with up to ten primary payers. You may also submit the ECF and all the EOBs to

THIRD-PARTY LIABILITY SUPPLEMENT

the Division of Third-Party Liability; however, that is no longer required and may slightly delay claim payment.

Professional Paper Claims

The CMS-1500 has two areas for entering other insurers: block 9 (fields 9a, 9c, and 9d) and block 11 (fields 11, 11b, and 11c). If there is only one primary insurer, you can use either block. If there are two insurers, use both blocks.

The valid TPL indicators are:

Enter the total amount paid from all insurance sources.
This amount is the sum of 9c and 11b.

Complete instructions for filling out CMS-1500 claim forms can be found in Section 3 of provider manuals for professional services. Sample CMS-1500s with TPL information appear at the end of this supplement.

THIRD-PARTY LIABILITY SUPPLEMENT

Institutional Paper Claims

Unlike other claim types, the UB claim form has a section for listing all parties being billed, **including Medicaid**. Medicaid's carrier code, 619, must be entered on all UB claims submitted to Medicaid.

Fields 50, 54, and 60 are the main fields for coding TPL information.

- Identify all other payers, with the primary payer on line A.
- For each payer other than Medicaid, enter the three-digit carrier code in field 50 and the corresponding payment in field 54.
- For denials, enter the carrier code in field 50 and "0.00" in field 54. Then, enter occurrence code 24 and the date of denial in item 31, 32, 33, or 34.
- You are not required to enter a provider number for payers other than Medicaid, though doing so will not affect your claim.
- Enter Medicaid (619) on line B or C. Leave field 54 of the Medicaid line blank; there will never be a prior payment.
- Enter the patient's 10-digit Medicaid ID number on the lettered line (A, B, or C) that corresponds to the Medicaid line in fields 50 – 54. Enter the other policy numbers on the same lettered line as the code and payment for that carrier.

UB-04 TPL Fields

Complete instructions for filling out UB claim forms can be found in the Hospital Services and Psychiatric Hospital Services provider manuals, and a sample UB-04 with TPL information appears at the end of this supplement.

THIRD-PARTY LIABILITY SUPPLEMENT

Web-Submitted Claims

The Web Tool User Guide contains instructions for entering TPL information for all claim types except Dental using the Web Tool. The basic steps are the same as for paper claims.

REJECTED CLAIMS

If you file a claim to Medicaid for which you should have first billed a third-party insurer, your claim will be rejected unless 1) the policy has not yet been uploaded to the MMIS, or 2) the service is in Pay & Chase. The Edit Correction Form will supply information you need to file with the third-party payer.

Insurance Edits

There are six edit codes indicating that a claim has not been filed to other insurers:

- 150: TPL coverage verified/filing not indicated on claim
- 151: Multiple insurance policies/not all filed – call TPL
- 155: Possible, not positive, insurance match/other errors
- 156: TPL verified/filing not indicated on claim
- 157: TPL coverage; no amount other sources on claim
- 953: Buy-in indicated – possible Medicare payer

If you receive one of these edit codes and have not filed a claim with all third parties listed on the ECF, you must do so. **Whenever you receive one of these edits, your subsequent attempts to obtain Medicaid payment must have at least one TPL carrier code and policy number even when there is no primary payment.** If a policy has lapsed by the time a claim is processed, SCDHHS will be unable to correctly identify the claim as TPL-related unless you enter the TPL information.

TPL information appears on the ECF to the right of the Medicaid claims receipt address under the heading “INSURANCE POLICY INFORMATION.” The insurance carrier code, the policy number, and the name of the policyholder are all listed on the ECF, while the carrier’s address and telephone number may be found in Appendix 2 of your provider manual or on the SCDHHS Web site.

Because of timely filing requirements, you should file with the primary insurer as soon as possible.

If you have already filed a claim with all third parties listed on the ECF, check to see that all the information you entered is correct. Compare the carrier code and policy number you entered on the claim to what appears on the ECF. Enter the correct information on the ECF.

You can also refile a claim instead of returning an ECF. If you choose to refile a claim that was rejected for any reason, you must re-enter all TPL information.

Other TPL-related edit codes include:

- **165:** TPL balance due/patient responsibility must be present and numeric

THIRD-PARTY LIABILITY SUPPLEMENT

- 316:** Third party code invalid
- 317:** Invalid injury code
- 390:** TPL payment amount not numeric
- 400:** TPL carrier and policy number must both be present
- 401:** Amount in other sources, but no TPL carrier code
- 555:** TPL payment is greater than payment due from Medicaid
- 557:** Carrier payments must equal payments from other sources
- 565:** Third-party payment, but no third-party ID
- 690:** Amount from other sources more than Medicaid amount
- 732:** Payer ID number not on file
- 733:** Insurance information coded, but payment or denial indicator missing
- 953:** Buy-in indicated on CIS – possible Medicare

Resolution instructions for these edit codes can be found in Appendix 1 of your provider manual. Sample corrected ECFs appear at the end of this supplement.

CLAIM ADJUSTMENTS AND REFUNDS

If you are paid by a third-party insurer after you have been paid by Medicaid, you should initiate a claim adjustment if you wish to refund the original paid claim in full. You must use the Void/Replacement rather than the Void Only option. Unless there is a replacement claim, new TPL information will not be available to MIVS for investigation and addition to the policy file in the MMIS.

If the refund is for an amount less than the original Medicaid payment, contact MIVS for a manual TPL debit or send a refund check for the appropriate amount. Complete instructions for filing adjustments are in Section 3 of your provider manual, and sample Adjustment Form 130s appear at the end of this supplement. Please remember that hospital providers, pharmacists, and nursing facilities do not use the Form 130.

If you submit a refund to SCDHHS and subsequently discover that it was in error, SCDHHS must receive your credit adjustment request within 90 days of the refund.

Remember: you should not send a check when you make a claim-level adjustment. However, if you need to send a reimbursement check for any reason, fill out the Form for Medicaid Refunds (Form 205 – see the Forms section of your provider manual) and send it with the check to the following address:

THIRD-PARTY LIABILITY SUPPLEMENT

RECOVERY

“Recovery” refers to all situations where Medicaid or the provider pursues third parties who are liable for claims that Medicaid has already paid. Recovery categories include Retro Medicare, Retro Health, and Pay & Chase.

MIVS is responsible for mailing recovery invoices and posting benefit recovery responses. If you have questions about recovery, please contact them directly. See the contact list at the end of the supplement.

Retro Medicare

SCDHHS invoices institutional and professional medical providers at the beginning of each month for retroactive Medicare coverage (Retro Medicare). You will receive a letter indicating that your account will be debited. The letter identifies Medicare-eligible beneficiaries, claim control numbers, and dates of service, as well as the check date of the automated adjustment and an “own reference number” to identify the debit(s).

You are expected to file the affected claims to Medicare within 30 days of the invoice. After filing to Medicare, you have the option of filing a claim to Medicaid for consideration of an additional payment toward the coinsurance and deductible. Requests for reconsideration of the debit must be received within 90 days of the debit.

If Medicare has denied, you may submit a claim to Medicaid. Provider adjustments will not be submitted for payment in order to eliminate the possibility of duplicate payments. Certain claims for patients with Medicare Part B only, when it is impossible to file them within the one-year timely filing limit, may be an exception.

Despite the extended timely filing deadlines for Medicare-primary claims (six months from Medicare payment or two years from the date of service), you may encounter difficulties with timely filing when Medicare does not make a payment and a claim is in Retro Medicare. If a claim sent to Medicaid is denied with edit 510 for being more than one year after the date of service or six months after the Medicare remittance date, mail, or fax the ECF to MIVS. If the patient is Part B-only and a UB claim form has received edit 510, the ECF should be forwarded or faxed to MIVS. If MIVS determines that the late filing is valid, they will make a credit adjustment.

Claims pulled into Retro Medicare, when filed within 30 days should meet Medicare one year timely filing rule.

Please note that the computer logic also reviews the procedures on the claims and does not pull into recovery procedure codes that are not Medicare covered.

South Carolina Healthy Connections (Medicaid) is responsible for attempting to recover all claims that can be filed within timely filing limits.

Retro Health and Pay & Chase

SCDHHS invoices institutional providers each quarter for Retro Health and Pay & Chase claims. Providers are expected to file the claims to the primary medical plan within the quarter of the invoice and to respond to the recovery letter upon receiving the primary adjudication.

THIRD-PARTY LIABILITY SUPPLEMENT

Approximately four months after the recovery letter, providers are notified of any claims for which there has been no response. Six months after the initial invoice, claims for which there was no response are automatically debited. Requests for reconsideration of the debit must be received within 90 days of the debit. SCDHHS will not reconsider requests after the nine-month cycle.

Retro Health Example

January 2011	Initial invoice
May 2011	Second letter
June 2011	Notification: Automated debit on last check date of the month
September 2011	Deadline for reconsideration

You should submit claims promptly to the primary carriers to avoid receiving timely filing denials from the primary health plans for cost avoidance and for recovery. If you fail to meet timely filing requirements and thus fail to meet a primary carrier's deadline, this is not an acceptable denial; however, when an insurer's timely filing deadline for a date of service is within approximately six weeks of an invoice in Retro Health or possibly before the Medicaid invoice, SCDHHS will accept the insurer's denial and stop a subsequent debit of the Medicaid paid claim from your account.

Insurers occasionally recoup payments made to providers who have put the insurance payment on a Medicaid secondary claim or who have refunded the Medicaid primary payment under Retro Health or Pay & Chase. When the provider submits proof of return of the primary payment, SCDHHS will consider reinstating payment by manual adjustment when the request is received within 90 days of the primary plan request to the provider.

CONCLUSION

Medicaid's ability to fund health care for low-income people relies in part on the success of its cost avoidance measures. For providers, third-party liability responsibilities can be summarized as follows:

- Bill all other liable parties before billing Medicaid.
- Make reasonable, good-faith efforts to get responses from insurers and beneficiaries.
- Code TPL information correctly on claims and ECFs.
