The list above only reflects changes to the PDL. To view the complete PDL, please refer to our website <http://southcarolina.fhsc.com>.

Prescribers are strongly encouraged to write prescriptions for "preferred" products. However, if a prescriber deems that a patient's clinical status requires therapy with a PA-required drug, the prescriber (or his/her designated office personnel) is responsible for initiating the PA request. A prospective, approved PA request will prevent rejection of prescription claims at the pharmacy due to the PA requirement.

All PA requests should be submitted via WebPA, telephone, or fax to the Magellan Medicaid Administration Clinical Call Center by the prescriber or the prescriber's designated office personnel. To access the WebPA tool, visit <http://southcarolina.fhsc.com>, click on "Prescribers", then "WebPA". New users will need to click on "UAC" in the right hand corner to request a user ID and password. The toll-free telephone and fax numbers for the Clinical Call Center are 866-247-1181 and 888-603-7696, respectively. The Magellan Medicaid Administration Clinical Call Center telephone number is reserved for use by healthcare professionals and should not be provided to beneficiaries. (Magellan Medicaid Administration's SC Medicaid beneficiary call center telephone number for Pharmacy Services is 800-834-2680. Providers may furnish the beneficiary call center telephone number to Medicaid beneficiaries *for Pharmacy Services-related issues only*.)

A pharmacy claim submitted for a PA-required product that has not been approved for Medicaid reimbursement will reject. If this occurs, the pharmacist should contact the prescriber so that a determination can be made regarding whether a drug *not* requiring PA is clinically appropriate for the patient.

Questions regarding this bulletin should be directed to Magellan Medicaid Administration's Call Center at 866-254-1669. This bulletin affects the policy for fee-for-service Medicaid and Medical Home Networks (MHN). please contact the appropriate Managed Care Organization (MCO) for their coverage policy. Thank you for your continued support of the South Carolina Medicaid program.
