MEDICAID ALERT

TO: All Providers

SUBJECT: New Medicaid Provider Manuals Provider Training

The South Carolina Department of Health and Human Services (SCDHHS) has worked with stakeholders, for the past year, to update and streamline Medicaid provider manuals.

Before transitioning to the platform and format for provider manuals, or guides, the agency will hold a series of provider trainings. These trainings will occur in three locations (Charleston, Columbia, Greenville) in June to provide an overview of the basic structure of the guides, the new approach to coding and rate information and an introduction of the new Provider Administrative and Billing Guide.

You may attend one of the three training sessions in person or join by webinar.
