22. REMARKS

Home Based Private Duty Nursing Services:

Home Based Private Duty Nursing reimbursement rates are separately established for Registered Nurses (RN) and Licensed Practical Nurses (LPN). Salaries, fringe benefits, limited direct, and indirect costs are considered in the development of the rates. Services are billed in 6-minute increments; therefore, ten (10) units equate to an hour of care. (In the instances of private duty nursing services to Department of Disabilities and Special Needs (DDSN) clients under 21, these services are billed in fifteen (15) minute increments.) Except as otherwise noted in the plan, the state-developed fee schedule rates are the same for both governmental and private providers of home based private duty nursing services. The agency's fee schedule rate was set as of July 1, 2022 and is effective for services provided on or after that date. The hourly rate for RN and LPN nursing services are as follows:

Registered Nurse (RN) - \$39.40
Licensed Practical Nurse (LPN) - \$29.80

Effective May 1, 2009, an additional classification of home-based private nursing services is reimbursable for services provided to children who are ventilator or respirator dependent, intubated or dependent on parenteral feeding or any combination of the above. This service has been developed to recognize the skill level that nurses caring for these children must have over and above normal home-based services. An hourly rate adjustment of \$3.00 is added to the RN or LPN home based rate for services provided to those children who are defined as High Risk/High Tech. Again, services are billed in 6-minute increments; therefore, ten (10) units equate to an hour of care. Effective for services provided on or after July 1, 2022, the following enhanced rates are reflected below:

Register Nurse (RN) - \$45.00
Licensed Practical Nurse (LPN) - \$35.00

Personal Care Services:

The Personal Care service reimbursement rate (currently \$19.40/hour was initially established based upon projected service costs of providers. The payment rate is calculated for Personal Care services on an hourly basis. This rate does not cover room and board services provided to Medicaid recipients. Annual cost reports are reviewed on an as needed basis to ensure the appropriateness of the payment rates in accordance with allowable cost definitions as outlined in 45 CFR Part 75 and 42 CFR Part 413. Services are billed in six (6) minutes increments; therefore, ten (10) units equate to an hour of care. (In the instances of personal care services to DDSN clients under 21, these services are billed in fifteen (15) minute increments.) Except as otherwise noted in the plan, state-developed fee schedule rates are the same for both governmental and private providers of Personal Care services.
