Building Dreams

Share Headstart

### Palmetto Basics:

Marion Vischer from Pickens County First Steps did a presentation on the Palmetto Basics.

### BabyNet State Office Updates:

Social Communication Training: Friday, March 24 at the Mary Black Foundation Conference Center

Death: Please make sure that SC's are not billing after a child's date of death. Parents should not be contacted for a closure meeting or exit COS.

HIIRF: Send form to [ohi.priorities@scdhhs.gov](mailto:ohi.priorities@scdhhs.gov)

Natural Environment: If services are provided in the clinic, they need to come off of planned services, and add to other services. When exceptions are made for a child-centered reason, they should be time limited.

Record Retention and Destruction: This form is no longer required after intake.

Fraudulent Billing: Do not have logs deleted. Contact BabyNet and DDSN.

If you close a child after age 2, please notify the LEA.
