Agency Updates

Disability Rights SC:

Beth Franco reported:

There was proposed bill language written for the statewide Olmstead plan. Due to the pending Senate bill 915 that would reorganize agencies, the desire was not to present as a separate bill and it was added as an amendment. It passed the Senate Medical Affairs committee and will be presented to the full Senate. It includes language for a statewide ADA coordinator.

Department of Health and Human Services:

Margaret Alewine reported:

- The Department is working to implement a pilot for interagency staffing of complex cases with Prisma Health and agency partners. The intent is to provide hospitals with a framework and process to escalate cases that have multiple agency involvement.
- Wilson Dillard requested that at a future meeting, DHHS present an update and overview of Medicaid eligibility

South Carolina Department on Aging:

Brenda Stalzer Marchant reported:

- The Department will be providing Dementia 101 training for professionals on a quarterly basis for CRCFs with memory care units. She will send a flyer to partners.
