Comment: South Carolina's Part C Data system only captures the latest exit reason, regardless of IFSP status. The report originally included 15 children with IFSPs and active status, but who exited with invalid exit reasons (most of whom were children with multiple referrals to BabyNet. Invalid reasons included, "No IFSP, Screening Passed at Intake," and "No IFSP. Ineligible at Intake for Part C."). The disposition of those records for the EMAPS data is as follows: a. 5 children were removed from the BRIDGES report for the purposes of the EMAPS submission. These are children who had an IFSP in place at some point prior to FFY 2017, exited prior to FFY 2017, and had 1 or more re-referrals in FFY 2017 but no IFSP. b. 2 children were removed as duplicates of the group above. c. 7 children were included in the report had an active IFSP at some point in FFY 2017 but with multiple exits before and during FFY 2017. The records of these children were reviewed to determine the exit reason when the IFSP was in place, and the report was amended to include the correct exit reason for FFY 2017. d. 1 child was included in the report had an active IFSP with an exit reason of, "Administrative, BNSO Use Only." Upon review of the record the exit reason was revised to reflect the documentation of the service coordinator.
