Plan/Accounting of how these funds will be spent:		
Description	Budget	Explanation
Capital improvement-completion of new building	\$1,000,000.00	This funding is the final phase in the funding of the new building
Grand Total	\$1,000,000.00	

Please explain how these funds will be used to provide a public benefit:

In the last five years, Shoreline Behavioral Health Services has transformed from providing outpatient behavioral health services only, to a functioning medical practice that provides medication assisted treatment to patients with opioid use disorder at risk of accidental death due to overdose. Out of approximately 2,300 admissions, about 800 patients are in treatment for opioid use disorder and about 400 of those patients are receiving medications such as Suboxone or Vivitrol. The purpose of the building project that relates to the current funding is to provide the facilities necessary to house a fully functioning medical practice and to accommodate expanded services in order to respond to the ongoing epidemic of opioid use and the multiple harms associated with it.
