## **WE CARE: Implementing an Intervention to Address Social Determinants of Health in Pediatric Practices**

**WE CARE study: tests a practice-based intervention to:**

- 1) Teach practices to identify local resources and develop resource referral information on six social needs for use at their practices;
- 2) Screen for unmet social needs; and
- 3) Make referrals to the resources

## Summary of Study Design:

- National stepped wedge cluster Randomized Control Trial (RCT) design

## Participants:

- 12 national PROS practices
- PROS practices will enroll up to 180 families at each practice.

## Study Duration:

- July 2018 – April 2022

DECLINED

**WE CARE SCREENER**

We want to make sure that you know about the community resources that are available to you and your family. Many of these resources are free of charge. Please answer each question and hand it to your child's doctor at the beginning of the visit. Thank you!

	<p><b>Do you need childcare for your child?</b>                  YES  <input type="checkbox"/> If YES, would you like help finding it? </p> <p>NO  <input type="checkbox"/></p>	Yes No Maybe Later <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/>
