

SOCIAL AND ENVIRONMENTAL DETERMINANTS OF HEALTH

SCIENTIFIC QUESTIONS?

- o What are we looking for?
- o Why are we looking at it?
- o How are we going to find it?
- o What do we do once we find it?

WHAT ARE WE LOOKING?

Social and environmental factors that cause Toxic stress in early childhood

Adverse Childhood Experiences(ACEs)

- o Poverty
- o Parental depression
- o Drug use
- o Physical/sexual abuse
- o Safety/ injury prevention

WHY ARE WE LOOKING AT IT?

- A. Dr. Rushton says we have to do it.
- B. We get PRESIP2 credit.
- C. We can positively affect Child/Adult health.
- D. All of the above.

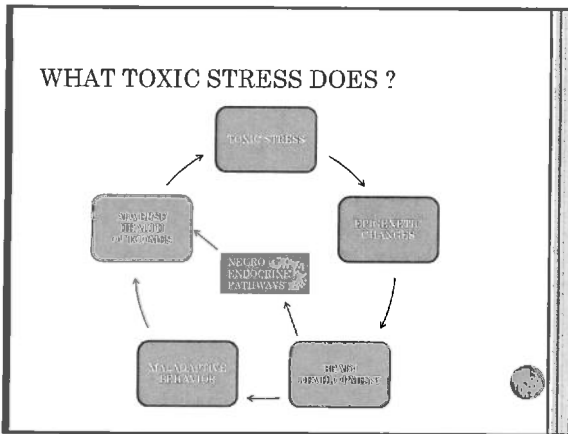

WHY ADDRESS TOXIC STRESS?

Adverse Childhood Experiences (ACE) study

- o Attention problems, oppositional behavior, emotional dysregulation, sleep problems, toileting problems, anger, anxiety and depression.
- o High risk for adverse health outcomes as an adult- cardiovascular, cancers, asthma, depression and autoimmune diseases.
- o High risk behaviors like alcohol and drug addiction.
- o Enormous financial and personal cost.

ACE PYRAMID

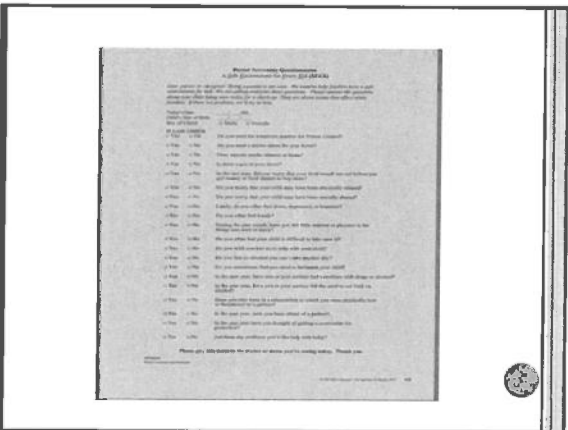

HOW DO WE FIND IT?

Using standardized screens

- o SEEK
- o SWYC
- o Other survey tools(Georgia)

Non standardized questions

Since the last time we saw your child, has anything scary or upsetting happened to him at home or school?

SAFE ENVIRONMENT FOR EVERY KID

Yea!	Nay!
Simple, quick and free	No standard screening
Initiates conversation about several important topics	Yes or No format (lot of parents just circle no all the way through)
Get reimbursed	No place to document that you addressed concerns

WHAT DO WE DO ONCE WE FIND IT?

- o Empathy
- o Anticipatory guidance
- o Resources
- o Referral
- o Might see the attachment from Georgia

HOW TO GET CREDIT FOR THE BRIGHT FUTURES LEARNING COLLABORATIVE?

- o Option 1: Documentation that I asked about social determinants of health in the note
- o Option 2: Social History that lists social determinants of health in the chart
- o Option 3: SEEK in the chart
- o Option 4: SWYC in the chart
- o Option 5: Method of practices own determination
