Please explain how these funds will be used to provide a public benefit:

The repairs, expansions and upgrades listed above will improve the overall effectiveness of our organization by allowing us to open our building to the people of the community. We can better assist the elderly by making our facility more accessible to those with disabilities. By improving our food service area, floors and lighting we can maintaining a safe environment for our volunteers and the people we service. The community will have a safe place to hold events and fundraisers for families in crisis. The fencing will allow us to monitor the children easier when we have back to school events and youth day. The funds will allow us to broaden our reach to CareSouth and Red Cross to come in and host health fairs and vaccinations for the community as well as food giveaways. Churches use our building for repass (especially during the COVID pandemic). We also open our building to community organizations who are serving the public or distributing goods and information. The needed security system will allow us to keep our building safe and secure as we are in a rural area. All of these activities require a safe, easily accessible, reliable environment that will be effective in reaching the maximum amount of people.
