

Waiver Services

Updated June 26, 2025

This chart shows services covered through Medicaid waiver programs in South Carolina. Members who are enrolled in a waiver can also get services through the traditional Medicaid program. These services are part of the Medicaid State Plan. They are called “State Plan” services. Members may be eligible for State Plan services while on a waiting list for a waiver. State Plan services include medical, dental, vision, behavioral health, durable medical equipment and therapy. Examples include in-home children’s personal care, children’s private duty nursing and incontinence supplies.

Waiver Service	CC	CS	HASCI	HIV/AIDS	ID/RD	MCC	VENT
Adult Attendant Care Services							
Adult Day Health Care Services							
Adult Companion Services							
Adult Day Health Care Nursing							
Adult Dental							
Adult Vision							
Audiology Services							
Behavior Support Services							
Career Preparation Services							
Children’s Attendant Care Services							
Community Services							

CC=Community Choices • CS=Community Supports • HASCI=Head and Spinal Cord Injury

ID/RD=Intellectual Disability/Related Disabilities • MCC=Medically Complex Children • Vent=Mechanical Ventilator

Services with a * can be provided using the self-direction service delivery option. This option gives the participant and their family the chance to choose how the needs covered by this service will be met. For more information, email MedicaidWaiver@scdhhs.gov.
